

About Curve

Curve is an over-the-top banking platform, consolidating multiple cards and accounts into one smart card and app. The unique Curve card allows customers to supercharge their legacy banks to the 21st century without leaving their bank or topping-up. Curve is live in 31 markets across the European Economic Area (EEA).

Curve offers a host of benefits to its customers; you get instant notifications and categorisation of spend, you can earn instant 1% cashback at the likes of Amazon, Uber, Netflix and Sainsbury's and Time Travel enables customers to swap spend to a different card in the app for up to two weeks after the purchase was made.
