THE WALPOLE DIFFERENCE

An evolving legacy of craftsmanship and innovation

Timeless Craftsmanship. For almost a century, Walpole Outdoors has been creating beautifully crafted fences, gates, pergolas, arbors, and more in our North American workshop. Whether you prefer low-maintenance solid cellular vinyl or wood, every product is shaped, mitered, and routed using the same methods that we have employed for generations.

We combine these timeless traditional methods with cutting-edge engineering in our state-of-the-art New England facilities, where we produce our wide range of classical and contemporary designs. Because we design, engineer, and craft the majority of our products in-house, we control the level of quality that our customers experience.

Inventive Solutions. Walpole Outdoors has a proud legacy of innovation, beginning with our first wood designs and dependable structures in the 1930s. As solid cellular vinyl became known as a wood alternative for planks and trim, Walpole Outdoors was the first to engineer a full line of structural outdoor products crafted out of this durable material.

And because it is meant to look and feel like wood, we spent two years collaborating with a leading coatings manufacturer to develop a unique high-performance coating recognized for its aesthetic value and natural resemblance to wood.

This spirit of innovation lives on in everything we do. Our design consultants and project engineers approach each project with this same curiosity and inventiveness, dedicated to finding the best solution to the most complex of situations.

Custom Design Solutions. The complimentary service of our design consultants and engineers is part of every Walpole Outdoors experience, ensuring that each customer's vision for outdoor living is brought to life with our incredible catalog of styles and infinite customization options. Our expert staff can work from your professional drawings, simple sketches, photographs, or ideas, to create the one-of-a-kind outdoor structures that perfectly complement your taste, needs, and the architecture of your home or business.

We're proud to make
100%
of our products in our own
North American workshop.

TURNKEY SOLUTIONS

From start to finish, the Walpole Outdoors team works closely with our customers to ensure that projects are designed and executed flawlessly. Our design consultants meet with you on site to discuss your style preferences, identify operator system requirements, and review existing site conditions. We offer a wide assortment of standard driveway gate options, always with the option for a more customized design.

Once the gate is fabricated in our New England workshop and delivered on site, an experienced team ensures that the gate is installed properly, including the operator system. An annual maintenance contract is also offered to provide regular service throughout the year.

Gate Styles

Whether it's a classic Chestnut Hill or a more contemporary Horizontal Board gate, our dedicated team will make sure your project is completed with the attention to detail for which Walpole Outdoors is known. We have included on the following pages descriptions of our standard gate styles, as well as available design options.

CHESTNUT HILL PICKET

A classic gate style that beautifully combines practicality with charm and grace.

HEIGHT 4'H to 8'H

WIDTH 12'W to 18'W

SHOWN Above: straight top with masonry columns; Right: scalloped top with Wenham pillars

CHESTNUT HILL PICKET

WESTCHESTER PICKET

With its strong vertical lines, there's an orderly stateliness to this popular and enduring style.

HEIGHT 4'H to 8'H

WIDTH 12'W to 18'W

SHOWN Above: arched top with Darien pillars; Right: scalloped top with Wenham pillars

CAPPED PICKET

This gate style adds a contemporary note to our classic picket with its orderly top cap.

HEIGHT 4'H to 8'H

WIDTH 12'W to 18'W

SHOWN Above: straight top with Wenham pillars; Top right: scalloped top with masonry columns; Bottom right: arched top with Wenham pillars

UNIVERSAL BOARD

A dignified and practical gate that delivers privacy and security.

HEIGHT 4'H to 8'H

WIDTH 12'W to 18'W

SHOWN Above: scalloped top with masonry columns; Top right: arched top with masonry columns; Bottom right: straight top with masonry columns

HORIZONTAL BOARD

A superb combination of security and contemporary elegance.

HEIGHT 4'H to 8'H

WIDTH 12'W to 18'W

SHOWN Above: straight top with masonry columns; Right: straight top with Darien pillars and copper caps

CHIPPENDALE

This distinctive gate adds architectural interest with a unique pattern.

HEIGHT 4'H to 8'H

WIDTH 12'W to 18'W

SHOWN Lattice bottom grid with masonry columns

SINGLE ARM BARRIER

A simple yet elegant solution to announce a property border.

HEIGHT 3'H to 3.5'H

WIDTH 12'W to 20'W

SHOWN Embedded steel core in masonry columns

UNIVERSAL BOARD WITH LATTICE TOPPER

A Lattice Topper adds style to a stately board fence, creating privacy with a light and airy style.

HEIGHT 4'H to 8'H

WIDTH 12'W to 18'W

SHOWN Above: arched top with Wenham pillars; Right: straight top with Wenham pillars

UNIVERSAL BOARD WITH LATTICE TOPPER

PANELED BOTTOM WITH PICKET TOP

A paneled bottom adds privacy and elegance to this classic gate style.

HEIGHT 4'H to 8'H

WIDTH 12'W to 18'W

SHOWN Above: straight top with Darien pillars; Right: scalloped top with Bostonian pillars

PANELED BOTTOM WITH PICKET TOP

POST & RAIL

A sturdy, orderly gate that protects your driveway with authority.

HEIGHT 3'H to 5'H

WIDTH 12'W to 20'W

SHOWN 3-rail with Bostonian pillars

FARM STYLE POST & RAIL

With its unpretentious lines, this three-rail farm gate is functional as well as delightful.

HEIGHT 3'H to 5'H

WIDTH 12'W to 24'W

SHOWN 3-rail with Darien pillars and custom caps

METAL

Neat, trim lines make these steel or aluminum gates an ideal border for any property, combining security and elegance.

HEIGHT 4'H to 8'H

WIDTH 12'W to 28'W

SHOWN Arched steel with masonry columns

CUSTOM DESIGN

Walpole Outdoors also offers a wide variety of custom design options for you to choose from as you consider your home's architecture, landscape, and your need for privacy. Our choices include everything from formal, square-edged and rustic, to antique reproduction and contemporary in a choice of wood, solid cellular vinyl—or a hybrid of the two—as well as in ornamental steel. A free fence consultation with a Walpole Outdoors expert is invaluable as you review styles and options.
