VIESSMANN

We support winter sports. Both now and in the future.

At Viessmann, we have been committed to winter sports for generations. For over 25 years, we have supported many sports, international federations and athletes.

And it is precisely because of future generations that the environment is also very close to our hearts: our sustainable Viessmann climate solutions save 500,000 tonnes of CO_2 worldwide every year.

Join us in our efforts.

WC 2021/2022, Oslo-Holmenkollen - NOR: Lisa Theresa HAUSER - AUT

Dear Biathlon Friends,

Living and working through the past three years (and seasons), full of turmoil, has shown us that despite all the uncertainty, biathlon never ceases to amaze us.

Last season was the Olympic one. It saw the return of the fans at the beginning and the end of the season and a bleak period of no fans for otherwise Blockbuster January program: Oberhof, Ruhpolding. Antholz-Anterselva. With Zero-COVID 19 policy in place in China, everybody had to take extreme care of their surroundings to travel to the Olympic Winter Games Beijing 2022. World-class facilities, severe cold, and volatile swings of wind welcomed the athletes, and what a spectacle the games turned out to be for biathlon! Marte Olsbu Roeiseland, Quentin Fillon Maillet, and JT Boe each won five medals, setting a new bar for themselves and the future generations of biathletes.

And just when the curtain fell over the Olympics, Russia invaded Ukraine and turned the world upside down more than we could have ever imagined. The IBU moved swiftly. After the first discipline measures, we suspended the Russian Biathlon Union and Biathlon Federation of Belarus after the end of the season. We also launched the Solidarity Programme to help the Ukrainian biathlon.

Despite all challenges, the IBU kept progressing on other fronts. We launched Biathlon Climate Challenge. We published the first IBU Sustainability Report. We initiated the Athlete Ambassador Programme for Gender Equality, Integrity, and Sustainability and forged ahead with 52 different projects focused on the development of our NFs. We created a digital ecosystem with the first-ever IBU App and refreshed the website at its heart. Under the watchful eye of the BIU, we made sure that we lived up in sync with our vision of a global biathlon family, of a sustainable and innovative sport with integrity.

I am looking forward to the 2022/2023 season with cautious optimism. COVID-19 situation permitting, we are hoping for fans to return in great numbers. With most of the women superstars continuing their careers after Beijing 2022 and many contenders trying to take the Crystal globe from Fillon Maillet's hands, the drama is guaranteed.

All eyes will, of course, be on Oberhof and the IBU World Championships on 08-19 February 2023, where the biathlon's history will get rewritten. Again.

With warm and kind regards,

Olle Dahlin
IBU President

INSTITUTIONAL 2022 | 2023

1.1 INTRODUCTION

The International Biathlon Union (IBU) is recognized by the International Olympic Committee (IOC), as the international governing body for the Olympic sport of biathlon. Headquartered in Anif bei Salzburg, the IBU is a non-profit organization registered in Austria that regulates the sport and oversees the competition organization world-wide. In cooperation with its 61 member national federations (NFs), the IBU uses competitions, events, programs and other activities to promote and develop participation in Biathlon throughout the world. The IBU was founded in 1993 as independent association under the umbrella of the UIPMB alongside the UIPM (Union Internationale de Pentathlon Moderne). The IBU separated from UIPMB in 1998.

The IBU holds all rights pertaining to Biathlon World Championships (senior, junior, and youth), Biathlon World Cups, Biathlon Continental Championships, IBU Cups, IBU Junior Cups, Biathlon Continental Cups and Summer Biathlon World Championships. In exercising these rights, the IBU has marketing and sponsor partnerships, and cooperates with the European Broadcasting Union. Furthermore the IBU is responsible for promoting the sport of biathlon by supporting and developing it in both competitive sports and popular recreational sports, with special emphasis on the development of youth.

The IBU aims to combine development of the techniques and materials for practicing biathlon with respect for the health of the athletes, the integrity of nature, and human surroundings. The IBU attempts to achieve harmony through the IBU Constitution and Rules and their respective practice, as well as through licenses and inspections of biathlon event sites. The IBU proudly offers a dynamic and evermore attractive sport, which combines total physical exertion over an extended period of time when running or skiing with the extremely fine control and calm necessary when shooting.

1.2 HISTORY

Biathlon developed from the everyday needs of a life in nature and still is done in that way. Cave drawings found in Norway, dating back some 5000 years, give us the earliest record of skiing and carrying a weapon for hunting or fighting. Historical records from Asia also tell of 'winged horses' on the feet of hunters pursuing animals over snow. The first historically recorded biathlon competition took place near the Swedish-Norwegian border in 1767, between companies of border guards from the two countries. Generally, the development of biathlon continued through hunting and warfare until it became a demonstration sport in the first Olympic Winter Games in 1924 in Chamonix, FRA under the name of Military Patrol. Since then, biathlon has undergone many dramatic changes, including admission into the Olympic Games as biathlon in 1960 in Squaw Valley, USA and a change from large-caliber to small-bore rifles (.22 in) in 1978. International biathlon competitions for women have been organised since the beginning of the 1980s. Women's competitions finally became part of the Olympic Winter Games in 1992 in Albertville, FRA.

HIGHLIGHTS OF MODERN-DAY BIATHLON HISTORY

1948	Foundation of the Union Internationale de Pentathlon Moderne (UIPM)
1953	Biathlon becomes a sport under the auspices of the UIPM
1954	The IOC admits biathlon as a Winter Olympic sport
1958	First Biathlon World Championships in Saalfelden, AUT (men only)
1960	Men's 20 km individual competition held at Olympic Winter Games in Squaw Valley, USA
1966	Introduction of relay competition at World Championships
1967	First Junior Men's World Championships in Altenberg, GDR (individual, relay)
1968	Relay competition at Olympic Winter Games in Grenoble, FRA; the letter B is added to UIPMB
1974	Sprint included in World Championships
1977	Last large-bore World Championships
1978	Change to small-bore (.22-inch caliber) rifles and first mechanical targets in Hochfilzen, AUT
1980	Sprint competition at Olympic Winter Games in Lake Placid, USA
1984	First women's World Championships in Chamonix, FRA
1989	First joint World Championships (WCH) for men and women in Feistritz, AUT, and separate WCH for junior men and junior women in Voss, NOR
1992	First women's competitions at Olympic Winter Games in Albertville, FRA
1993	International Biathlon Union (IBU) founded in London, GBR

HIGHLIGHTS OF MODERN-DAY BIATHLON HISTORY

1996	First Summer Biathlon World Championships in Hochfilzen, AUT (cross-country running and shooting)
1997	Pursuit competition at the World Championships and World Cup events
1998	IBU separates from UIPMB in Salzburg, AUT; recognition of the IBU as an international federation by the IOC; mass start becomes an official competition
1999	Pursuit competition accepted onto the Olympic programme; team competition removed from World Championships; mass start competition in the program of the World Championships
2000	IBU Congress decides to hold Youth World Championships annually in conjunction with Junior World Championships
2002	Pursuit competition held at the OWG in Salt Lake City, USA
2005	First mixed relay held at World Championships in Khanty-Mansiysk, RUS
2006	Mass start competition admitted onto the programme of the 2006 Olympic Winter Games in Torino, ITA. First Roller-Ski Summer Biathlon World Championships in Ufa, RUS
2008	50-year-anniversary of biathlon celebrated at World Championships in Östersund, SWE
2010	Two separate summer biathlon highlights: roller-ski biathlon at IBU Summer Biathlon WCH and cross biathlon at IBU Summer Biathlon European Championships
2011	Admission of mixed relay onto Olympic programme from 2014 Winter Olympics onward
2013	20-year anniversary of the IBU
2014	The IBU Congress introduces IBU Junior Cup series starting from 2015-2016 season onward
2015	First single mixed relay event at World Cup in Nove Mesto, CZE
2016	Adoption of single mixed relay from 2019 WCHs onward.
2018	25-year anniversary of the IBU
2019	IBU Congress approved new IBU Constitution, Target26, BIU, Integrity Code
2020	Due to COVID-19 related health concerns and based on the expert advice from the specially formed Medical Advisory Group, the IBU decided to stage the season without spectators for the first and only time in its history.
2022	As a consequence of the unprovoked Russian invasion of Ukraine, the IBU Executive Board on 29 March 2022 unanimously decided to suspend the National Federations of Russia (RBU) and Belarus (BiFB) with immediate effect. Both federations have violated the humanitarian obligations for member federations under the IBU Constitution.

Building big moments in sport

The passionate team at Infront understands the needs of our partners and offers them tailor-made solutions to create the greatest moments in sport.

With more than 30 years of experience, Infront is one of the few companies that offers everything an event or commercial partner needs. Be it the sale of media rights, TV production, digital content, events, sponsorship, hospitality and consultancy, Infront has developed innovative solutions to ensure the success of almost 200 rights holders around the world.

Since 1992, Infront has supported the International Biathlon Union (IBU) and the national federations in hosting IBU events at various competition levels. As marketing partner, Infront has helped develop biathlon from a niche sport into one of the most popular winter sports and will further enhance its premium value and commercial strength in the future.

All about sports

infront.sport
@infrontsports

1.3 BIATHLON COMPETITIONS

Biathlon is a sport that combines the endurance of free-technique cross-country skiing with precision small-bore rifle marksmanship. The combination of two very contradictory disciplines – skiing and shooting – in the same competition poses a very demanding challenge for any athlete. Cross-country ski racing requires intense, full-on physical exertion over an extended period of time, whereas shooting demands extreme control, stability and focus. When athletes arrive at the shooting range, they have to shoot at very small targets, with a racing heartbeat and heaving chest because the clock is running even while they are shooting, and a missed target results in a penalty. The shooting distance is always 50 m. Athletes fire five rounds at five targets in each shooting bout, except in the relay competitions, where the competitor has three spare rounds for each bout. There are two shooting positions, prone and standing, which are done either alternately or consecutively, depending on the competition. The target diameters are very small and depend on the shooting position. The targets are 115 mm in diameter for the standing, and even smaller for the prone (45 mm). Penalties are imposed for missed targets. Throughout the competition, the biathletes must always obey the IBU Event and Competition Rules.

The **Individual** is the longest and the oldest competition in biathlon, with women skiing 15 km and men 20 km. The start interval is generally 30 second. There is no penalty loop: each missed target in the individual adds a minute to the final time. Athletes shoot first in prone position, then standing, then prone again and finally standing again. The **Short Individual** differs only by length and penalty time: in the men's competition the distance is shortened to 15 km and in the women's to 12.5 km. Penalty time is reduced to 45 seconds for both men and women.

The **Sprint** format is a time-trial competition with two shooting stages, 1 prone and 1 standing. Women ski 7.5 km and men 10 km. Competitors start at 30-second intervals; each missed target results in a penalty loop

WC 2021/2022, Oestersund - SWE: Benedikt DOLL - GER

of 150 m. The **Super Sprint** is halved in two brackets, the qualification and the final. The course length is 1.5 km. The qualification is run off as a time trial with single starts. The total qualification competition length is 4.5 km (three times 1.5 km, with two shooting stages, prone and standing). The best 30 athletes from the qualification then start simultaneously in the final and compete over 7.5 km (5 loops of 1.5 km and 4 shooting stages - prone-prone-standing-standing). In both the qualification and the final, no spared can be used and the penalty loop is shortened to 75 m.

The **Pursuit** allows the top 60 athletes from the sprint competition to compete over 10 km for women and 12.5 km for men. There are four stops at the shooting range: the first two in the prone position and the last two in standing. The start interval is determined by the results of the sprint competition so that the winner starts first, the second follows by the time back from the sprint results and so on until 60th. Just as in the sprint, each missed target corresponds to a penalty loop of 150 m.

In the **Mass Start** 30 athletes start simultaneously and compete over a course of 12.5 km for women, 15 km for men. There are four shooting stages: the first two in the prone position and the last two in standing. Each missed target corresponds to a penalty loop of 150 m. The winner of the mass start is whoever crosses the finish line first. In the **Mass Start 60** athletes start simultaneously, covering the distance of 15 km for men and 12 km for women. After the first loop, 30 first athletes (bibs 1-30) proceed to the range for their first shooting, while bibs 31-60 continue for a second loop without shooting. After the second loop, the second 30 athletes (bibs 31-60) proceed to the first shooting bout, while bibs 1-30 continue skiing without shooting. After two groups conducted their first prone shooting, the competition is organised as in a pursuit. The order of athletes (with bibs 1-30) ski up to the range first and bibs 31-60 continue skiing after the first loop) can be alternated.

In the women (4x6 km) and men (4x7.5 km) **Relay** competitions, the first members of all teams start simultaneously and after completing their part, tag the next member in the hand-over zone to start them on their way. Athletes have three spares to load manually in case of missed shots. If a target(s) remain standing after the three spares, the athlete goes to the 150 m penalty loop. The **Mixed Relay** is a mixed-gender competition, formed with teams of two women and two men from the same country. The competition specifics are, in principle the same as in the regular relays. All starters competes either over 6km course or over 7,5km course. The Technical Committee decides in advance who begins the race: the two male athletes or the two female athletes, indicated by (M-W) or (W-M). In the **Single Mixed Relay** teams have one woman and one man per country competing over a total distance of 6 km for the first starter and 7.5 km for the second with four shooting stages each. The lap is 1.5 km for both women and men, while the penalty loop is 75 m long. Just as in the regular relays, athletes have three spares to load manually in case of missed shots. The first athlete starts the competition and tags the other athlete after the first two shooting stages (prone and standing). The handover is done directly after the range/penalty loop exit. The IBU Technical Committee decides whether the men or the women begin the competition.

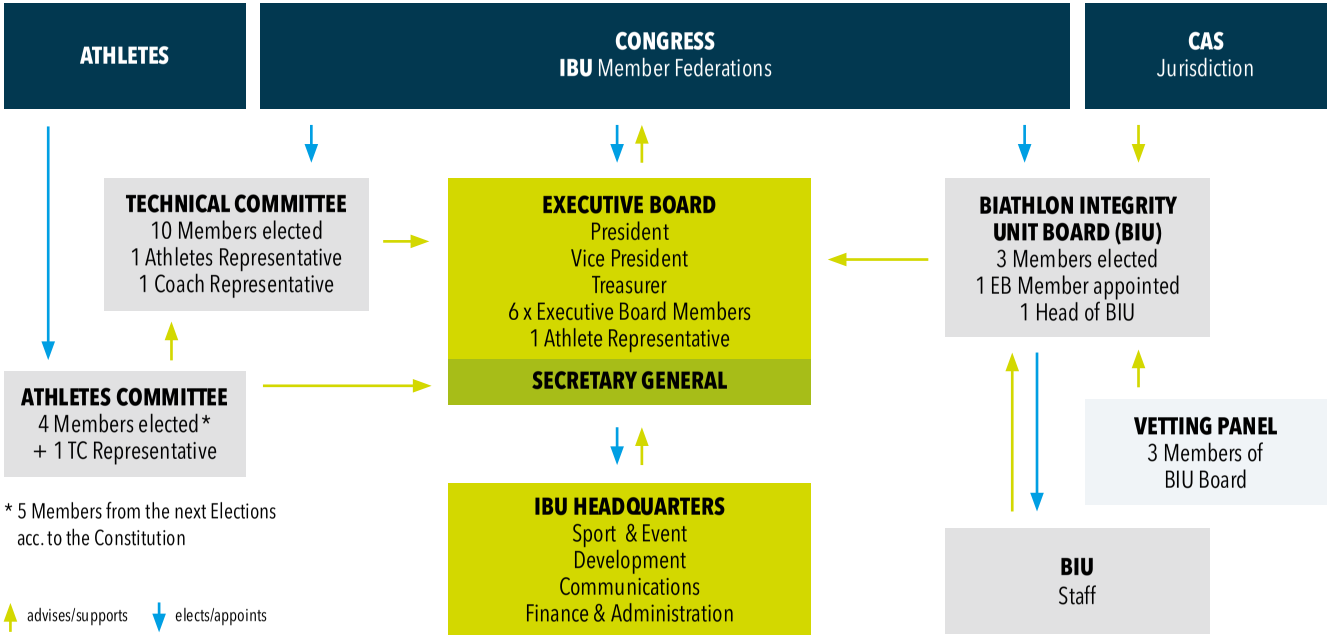

1.3.1 COMPETITION EQUIPMENT

In a competition, biathletes wear a one or two-piece ski suit. Skis, poles and boots are standard competition type and are very light in weight. The rifle is designed for biathlon, with an action that is a variation of bolt or lever action, .22 inch in calibre, with a minimum weight of 3.5 kg. The magazines for the rifle may only hold five rounds of ammunition and the maximum muzzle velocity for a bullet is 360 m/s. The rifle is carried on the back with a carrying harness, and the barrel has to point upwards. Advertising on clothing and equipment is strictly controlled to prevent excess commercialism within the sport. Because biathlon also includes shooting, safety is of the highest priority before, during and after a competition. Stringent regulations govern all the competitors' actions. Even the smallest violation of a safety regulation results in a disqualification. As a consequence of these very strictly enforced safety rules, biathlon has an excellent safety record.

1.3.2 COMPETITION FACILITIES

Biathlon competitions are held at a facility that has a central stadium area surrounded by a ski course network. The stadium area consists of the shooting range (which usually has 30 targets), the start and finish zones (including a mass start area), the 150-meter penalty loop, the technical building, the ski testing slope, team ski waxing facilities, spectator areas and other necessary infrastructure. The shooting range is divided into lanes of 2.75 to 3 m in width, with the targets placed at a 50 m distance from the shooting ramp. The lanes and targets are numbered from right to left starting with number 1 on the extreme right. In the individual and sprint competitions, the range is divided into two parts, with prone shooting on the right and standing on the left.

The different types of competitions each have standardized course specifications, especially concerning height difference, maximum climb and total climb. Efforts are always made to protect the natural environment when developing courses. The targets are made of a white metal face plate with five holes in a horizontal row. Behind the holes in the face plate are the black hit plates which fall backward or send an electronic signal when hit by a bullet. At the same time a white flap is raised up in front of the hole, thus causing the colour to change from black to white. When the target is scored, the black spots are counted to determine the number of penalties the competitor has. The targets may be mechanical or electronic in operation, but in both cases the fallen plates can be reset from the firing line either by a rope or electronic signal.

3.1 IBU CONGRESS

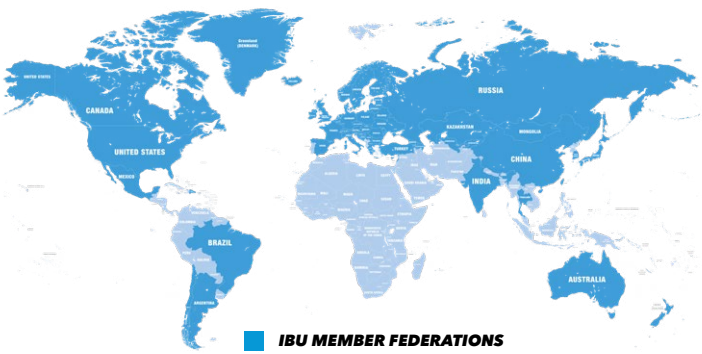

The Congress is the supreme and legislative organ of the IBU. It consists of the representatives of the full members, of the non-voting representatives of the provisional and associate members, of the non-voting Executive Board and of the non-voting chairpersons of the IBU Committees and the Auditors. As the supreme organ, the Congress holds jurisdiction in all IBU affairs that have not expressly been delegated to other organs or bodies.

3.2 IBU MEMBER FEDERATIONS

The Members of the IBU are the National Federations for the sport of biathlon. These Federations may become members of the IBU by means of application; however, they must declare that they accept the purpose and the objectives of the IBU, obey its Constitution and Rules, and that they are officially recognised in their country by the national Olympic committee or by the national sports federation. Prior to becoming a regular member, National Federations must pass a period of provisional membership which lasts at least two years.

Each Member Federation has the right i.a. to participate in Congress, to file motions to the Executive Board and the Congress and to exercise the right to vote. IBU members have the right to be heard in all matters that concern the member federation, to nominate representatives from their federation to officiate in the IBU, to enter athletes for all competitions organised by the IBU, to help in organising international biathlon competitions by the IBU and to receive information about all IBU activities. The right to host an event or competition is awarded to NFs as hosts of the event. The NF must establish an organising committee (OC) to organise and conduct the event or competition by the IBU rules and the applicable event rules, and it will follow the directives provided in the OC Guidelines about all aspects of hosting an event. In order to be eligible to host an IBU event or competition, NFs must present a valid IBU site license for the facility for the appropriate event.

For a full list of all OCs please visit our website

IBU SUPPLYING SILVER PARTNER

HOLMENKOL LICENSE TO WIN

www.holmenkol.com

3.3 CAS ANTI-DOPING DIVISION

Following the IBU's Extraordinary Congress in October 2019, the IBU has agreed to delegate its adjudication of any anti-doping rule violations and sanctions to the CAS ADD. With this agreement, the CAS ADD will now be responsible for first-instance adjudication of alleged anti-dopingrule violations, including any sanctions, arising under the IBU's anti-doping rules.

The CAS ADD, a separate Division of the CAS, began operating in January 2019. It has been established to hear and decide anti-doping cases as a first-instance authority upon written delegation of powers from the IOC, International Federations, International Testing Agency and any other signatories to the World Anti-Doping Code (WADC). The CAS ADD conducts its procedures in accordance with the applicable anti-doping rules of the international sports entities concerned and is tasked to decide whether or not there has been a violation of the anti-doping rules, as well as to decide any sanction, if applicable, in accordance with the WADC.

15TH Ordinary IBU Congress in Salzburg - AUT

3.4 CAS ORDINARY DIVISION

The CAS Ordinary Division will handle any allegations by the new Integrity Unit of non-doping violations.

3.5 IBU EXECUTIVE BOARD

The Executive Board is elected by the Congress and is responsible for the IBU between Congress sittings. The Executive Board acts on the basis of, and in accordance with the Constitution of the IBU, and also pursuant to the decisions made by the Congress.

3.5 IBU EXECUTIVE BOARD

3.6 BIATHLON INTEGRITY UNIT

The Biathlon Integrity Unit (BIU) has been established at the IBU Extraordinary Congress in Munich in October 2019. Over the season 2019/2020 the IBU took first steps to implement the Congress' resolution on building this independent unit, which is centrally managing all integrity related issues concerning biathlon. It is a new specialised unit that is responsible for investigating and prosecuting violations of the Integrity Code, and for ensuring that the IBU complies with its obligations under the World Anti-Doping Code and with its other governance and ethical compliance obligations set out in the Constitution and the Rules.

The new IBU Constitution also provides for a new IBU Integrity Code, which incorporates and strengthens the current ethics code (including, for example, in dealing with conflicts of interest) and adds new safeguarding rules, rules against competition manipulation, and rules for candidates for IBU office and for bidders for IBU events and rights. The new IBU Integrity Code also incorporates and strengthens the current IBU Anti-Doping Rules and adds important new powers to investigate, prosecute and sanction suspected violations of the Integrity Code.

The new IBU Constitution requires all persons elected or appointed or nominated for election or appointment as IBU staff or as members of the IBU Executive Board or an IBU Committee to be vetted to ensure they meet specified eligibility criteria. The vetting will be carried out by the independent members of the BIU Board in accordance with new Vetting Rules.

The new Constitution provides that allegations by the BIU of anti-doping rule violations will be adjudicated by the new Anti-Doping Division of the Court of Arbitration for Sport (CAS) (replacing the current IBU Anti-Doping Hearing Panel) and that allegations by the BIU of non-doping violations will be adjudicated by the CAS Ordinary Division. The agreement between CAS and BIU has been signed in October 2019.

The BIU operates independently of the IBU Executive Board and IBU staff. It has its own board to oversee its operations, made up of three independent experts with experience in sports governance/integrity matters, as well as two non-voting members (a nominated Executive Board member and the head of the BIU). The inaugural meeting of the BIU board took place on 20 October 2019 right after the conclusion of the Extraordinary IBU Congress in Munich (GER).

For more information please go on: **www.biathlonintegrity.com**

If you would like to report a suspected breach of any governance, ethics or integrity regulations or provisions of the IBU you can email **reporting@integrityunit.com** or call **+43 662 85 50 5016** to leave a confidential message.

Any material reported will be treated in strict confidence and processed by the Biathlon Integrity Unit only (and not by the IBU unless with your express consent) and will be used solely for the investigation and follow-up related to any integrity issues reported.

Louise REILLY — CHAIR

Louise Reilly (chair) is an Irish barrister specialising in sports law and international arbitration, with extensive experience in relation to sports integrity matters (including anti-doping and other disciplinary matters) and governance.

Alex MARSHALL

Alex Marshall is the head of the Anti-Corruption Unit of the International Cricket Council (ICC), which focuses on preventing corruption in world cricket through education, intelligence, investigation, prosecution, and disruption.

Markus HAUPTMANN

Markus Hauptmann is a German lawyer and partner (since 2000) at leading international law firm White & Case in Frankfurt. Mr Hauptmann's main practice areas are corporate, mergers & acquisitions, compliance, and sports law.

Franz STEINLE — NOMINATED MEMBER OF EB NON-VOTING MEMBER

Franz Steinle is member of the IBU Executive Board, President of the German Ski Federation DSV and used to work as judge of the high state court in Stuttgart (GER). He serves as link between IBU EB and Biathlon Integrity Unit Board to communicate updates and working processes between the two boards.

Greg McKENNA — HEAD OF THE UNIT NON-VOTING MEMBER

Greg McKenna is a former United Kingdom Senior Law Enforcement Officer, with significant experience leading major investigations into serious and organised crime. He will use this experience build a highly effective Unit, capable of protecting Athletes, Support Staff and the sport of Biathlon.

3.7 IBU COMMITTEES

IBU TECHNICAL COMITTEE

The IBU Technical Committee consists of eleven members. Ten are elected for a period of four years by the Congress after having been nominated by NF full members (1 candidate per NF) and one is appointed by the Athletes' Committee. The Technical Committee is led by a chairman elected from among its members. It mainly acts in areas closely linked to the technical aspects of the sport of biathlon. Event & Competition rules, equipment, biathlon venue licensing, referees, liaising with coaches and athletes, and drafting the competition calendars are the main areas of responsibility.

IBU ATHLETES COMMITTEE

The Athletes' Committee is composed of five mebers. Four - two female and two male athletes - are elected by the IBU WC athletes in Olympic years and confirmed by the EB. The fifth member is appointed by the AC and sits also in the Technical Committee. The AC is intended to act as a link between the active athletes and the IBU bodies, and acts in full autonomy.

3.8 IBU TECHNICAL DELEGATES & REFEREES

The IBU Technical Delegates´ Group is under the jurisdiction of the IBU Technical Committee and is comprised of experienced international biathlon technical experts.

Assigned by the IBU Technical Committee those persons serve as Technical Delegates (TDs) or IBU Referees (IBU Rs) at IBU Events to ensure that the Event is conducted according to the IBU Event and Competition Rules and with other pertinent IBU regulations. The TD is the chairman of the Competition Juries (both men and women), and one of the IBU Rs is a member as well.

TDs and IBU Rs work closely with the respective IBU Race Director by assisting him in technical matters and by supporting/advising the respective Organising Committees to ensure that the competitions are held as well as possible.

The King of Ski Waxes

Rex

THE WAY FORWARD:
REX N-KINETIC

N-KINETIC | The era of fluor-free is now!

Rex N-KINETIC™ is the name of our fluorocarbon free dirt-repelling and glide-enhancing additive technology. Rex offers a complete N-KINETIC™ product line-up with four different performance levels, ranging from training waxes all the way to 100% N-KINETIC™ top coatings that offer performance similar to fluorocarbon coatings. The technology behind Rex N-KINETIC™ is non-toxic and biodegradeable.

IBU JOECH 2021/2022, Pokljuka - SLO: Jeanne RICHARD - FRA

PistenBully®

FUTURE IS NOW

GREEN STATEMENT

Move together. Start now.

- PistenBully 600 E+ – 20 % of fuel saved
- HVO fuel – 90 % fewer CO_2 emissions
- Biodegradable hydraulic oil – 25 % longer service life
- SNOWsat LiDAR, the new era of snow depth measurement

The most sustainable and cleanest series solution for slope grooming. Start now.

GENERAL — MEN & WOMEN

- **Until 1967** 4 nations dominated the podiums (USSR*, SWE, NOR, FIN)
- In the first **WOMEN WCH 1984** all gold medals and all IND medals were taken by the USSR. It was also the first time the USA took a medal (Bronze)
- **1974 was the first time** USSR did not score IND podium
- Ever since Germany was established they had a **podium in WCH**
- Under the **TOP 5** of the Men/Women most medal winners are 6 from Germany, 2 from Norway and 2 from France
- Ole Einar Björndalen, Martin Fourcade and Magdalena Neuner each hold **a record in 2 individual disciplines** (by 2017)
- Defending a **mass start title** was only done by Raphaël Poirée (FRA)
- In **8 women relays** the french women had to be happy with silver
- Since 1997 Ole Einar Björndalen has stood **every WCH on a podium** - suprisingly he only holds one gold medal in IND (2009)
- When **Austrians** win they like to take 2 places on the podium it happened 2000 (IND), 2009 (MS) and 2016 (IND)
- Martin Fourcade is the first athlete who became World Champion in **individual 3 times in a row** (2013-2016)
- At the IBU World Championships 2019 in Oestersund, Hanna Oeberg of Sweden became the first woman ever to **win back-to-back Olympic and World Championship Gold medals** in the 15 km Individual.
- Marta Olsbu Roeiseland of Norway won **seven out of seven available medals at the IBU World Championships 2020 Antholz - Anterselva**, Italy, the first ever achievement of this magnitude.

SNOWFEEL XC NANOCARBON AIRCELL CORE

Smooth As Snow

The XC Snowfeel frame provides improved and outstanding vibration damping properties utilizing racing level cross-country ski technology

Roller skis for Pro training and racing

Marwe produces high quality composite and aluminium roller skis for cross-country ski training and roller ski racing.

Our composite roller skis are handmade in Finland using the same advanced construction as top cross-country race skis, thus providing a very natural ski feel combined with excellent vibration damping and noise reduction properties.

Marwe roller ski wheels are made using exclusive in-house developed materials, which provide outstanding wet grip and durability.

10.3 IBU SUPPLYING PARTNER

In the autumn of 2001, the IBU developed the idea of the IBU Equipment Pool. The purpose of this project was to help develop the sport of biathlon by providing product s and services to both the IBU and its National Federations. This project allows the IBU Partners to support the sport while demonstrating both the capabilities and quality of their products and services both within the sport and to the general public.

In this system, the only companies who can become a part of the IBU Equipment Pool are those whose products and services are used daily in the sport. Thus the program uses the slogan: »Top Sport uses Top Products and Top Services«. The products are held to the highest standards and are tested under the harshest of conditions.

The secondary goal of this project allows the National Federations and the IBU to conserve their resources and invest them in the development of the sport at all levels, but especially in the Youth and Junior levels, through this support provided by the Partners. Thus, each Partner's investment is an investment in the future of Biathlon.

THE BIATHLON FAMILY

#bornelectric

THE NEW

iX1

100% ELECTRIC

BMW iX1 xDrive30: Power consumption weighted combined in kWh/100: - (NEDC) / Power consumption weighted combined in kWh/100: 18,1–16,8 (WLTP); Electric range (WLTP) in km: 417–440. Official data on power consumption and electric range were determined in accordance with the mandatory measurement procedure and comply with Regulation (EU) 715/2007 valid at the time of type approval. In case of a range, figures in the NEDC take into account differences in the selected wheel and tire size; figures in the WLTP take into account any optional equipment. Where applicable, the NEDC values listed were calculated based on the new WLTP measurement procedure and then converted back to the NEDC measurement procedure for comparability reasons. For more information on the WLTP and NEDC measurement procedures, see www.bmw.de/wltp
