Quality office furniture for any kind of workspace.

Officeworks

make bigger things happen

Furniture you can rely on.

Workspace furniture is an investment in your business, so it pays to have a brand you can trust to provide all your workspace needs.

Highest quality, guaranteed.
All our furniture comes with warranties of up to 15 years, from best-in-class manufacturers and suppliers. We also source furniture that meets rigorous manufacturing standards, such as AFRDI certification, and furniture with environmental certification for best practice.

Wide range of business furniture.
We sell everything from ergonomic chairs and height-adjustable desks to boardroom and breakout area furniture.

Creating the ideal workspace for your business.
With expert advice and tailored solutions, our Workspace Solutions Specialists can showcase products or provide advice for a complete office refresh or fit-out (see page 56).

Browse and order easily.
With 165 stores nationwide and simple online ordering, we make purchasing easy. Our Click & Collect service allows you to order furniture online and pick it up from your nearest store.

Receive and set up your furniture quickly.
Take advantage of our next-day delivery service and furniture assembly service, so your new furniture is ready to use sooner.^

Low prices guaranteed.
Remember, all our furniture is backed by the Officeworks 5% Price Beat Guarantee,* so you know you're getting the best value for money.

Furniture solutions for inspiring workspaces.

Officeworks has all the furniture you need to create a collaborative, inspiring and functional workspace. Whatever you need for your business workspace – whether you're fitting out a new office or upgrading your current furniture – we're here to help you make bigger things happen.

Set up your ergonomic workspace.

Our ergonomic seating, adjustable workstations, desks and foot supports create the healthiest possible set-up for a productive and safe work environment. Our business furniture range is designed to optimise each person's specific workspace.

Contact **officefitout@officeworks.com.au** to find out how to properly set up an ergonomic workspace.

Here are a few tips for setting up your ergonomic workspace.

Head
Directly over shoulder, without straining forward or backward, about an arm's length from screen.

Neck
Elongated and relaxed.

Shoulders
Kept down, with the chest open and wide.

Back
Upright or inclined slightly forward from the hips. Maintain the slight natural curve of the lower back.

Elbows
Relaxed, at about a right angle.

Screen
At eye level or slightly lower.

Wrists
Relaxed and in a neutral position without flexing up or down.

Fingers
Gently curved.

Keyboard
Best when kept flat (for proper wrist positioning) and at or just below elbow level.

Knees
Relaxed and in a neutral position without flexing up or down.

Chair
Sloped slightly forward to facilitate proper knee position.

Feet
Firmly planted on the floor. Shorter people may need a footrest.

Seating.

Our wide selection of business-grade seating includes ergonomic task chairs, stylish executive chairs and occasional chairs for reception and breakout areas. There are also drafting chairs, sit stand stools and ergonomic seating accessories to help you work comfortably.
