4. Savings

Cut your expenses, constantly.

Unlike other cards that entice you to spend with "points", Ramp is the only card built around keeping money in your bank. Cut wasteful spending before it undermines your goals.

- Get 1.5% cashback on everything your company spends on. No exceptions. No useless “points”. Just money in your account, every month.
- Trim wasteful spending. Ramp analyses every transaction and identifies ways your company can cut expenses. It’s like a full-time controller helping you keep spending down – in card form.

★★★★★

Ramp found over \$250,000 in savings right out of the gate. That, plus Ramp's 1.5% cashback is far more valuable than any points program.
