WELCOME TO THE GOLD COAST

The Gold Coast is a place where stories – no matter how big or small – become reality.

We are a global city where screen production has a starring role in our economy, with some of the world's most ambitious blockbuster movies filmed right here.

From miles of unspoiled beaches to lush mountain rainforests, our spectacular and biodiverse geography is home to an impressive range of unique shooting locations.

Combine that with a sunny, temperate climate and a highly experienced film production workforce and you'll see why the Gold Coast has developed its reputation as a world-class filming location.

With everything you need right on your doorstep, the Gold Coast has all the makings of a great story.

Make Believe It Here.

Tom Tate

TOM TATE
MAYOR
CITY OF GOLD COAST

GOLD COAST, AUSTRALIA

The Gold Coast is the ultimate location for any production company.

Our renowned Village Roadshow Studios and numerous breathtaking locations have everything you need to bring your story to life on the screen.

Rest assured you're in the safe hands of our accomplished film production crew, who have the years of experience needed to produce your feature and television series to the highest possible standards.

If you can make believe it... the Gold Coast can make it happen.

Easily accessible

Situated just 45 minutes from Queensland's capital Brisbane, and one hour flight north of Sydney, the Gold Coast provides a rich array of accessible big screen locations.

Diverse locations

The Gold Coast is the sixth largest city in Australia and home to one of the most biodiverse regions in the entire country, comprising fast-paced cityscapes, dreamy countryside locations, miles of sparkling coastlines, lush mountainous aspects and subtropical rainforests teeming with wildlife.

Our unique city blend of old and new combines the most forward-thinking architecture with the quaintness of old-world charm. Scenic, tree-lined roads give way to some of the world's tallest skyscrapers, and busy highways meander into endlessly winding country lanes.

Throw in our centrally located studios and the possibilities are endless. The Gold Coast has doubled for such iconic locations as Miami, Los Angeles, Hawaii, France, England,

Thailand and the Colombian jungle. Just dream it, and we will help you bring it to life.

World Class Studios and Facilities

The City is home to Village Roadshow Studios, one of the largest studio complexes in the Southern Hemisphere, offering premier film and television production facilities. Full details of the Village Roadshow facilities can be found under the Studios section, along with information on Pinnacle Film Studios.

Experienced Crew

Thanks to our 30+ years of successful storytelling, the Gold Coast is home to a large but close-knit film industry community. Our crew are multi-skilled, versatile and recognised both nationally and internationally for their cheerful, 'can-do' attitude.

We are deeply proud of the high calibre of film production crew on the Gold Coast. Their hard work and expertise have seen many of them critically acclaimed, receiving both nominations and awards for their craft.

Whether you're looking for production designers, cinematographers, location managers, costume designers, special effects supervisors, art directors, stunt coordinators, unit production managers, key gaffers, key grips, construction managers, transport captains, makeup and hair or more, we believe our Gold Coast crew will deliver you the highest possible standards of service, while remaining affordable and efficient.

Let our world-renowned crew help you bring your vision to the screen.

Celebrating 30+ Years of the Screen Industry

Our unique offerings have enabled Gold Coast to tell the great stories of such large-scale productions as *Godzilla x Kong: The New Empire*, *Mortal Kombat 2*, *Land of Bad*, *Elvis*, *Spiderhead*, *Thirteen Lives*, *Ticket to Paradise*, *The Portable Door*, *Thor: Ragnarok*, *Aquaman*, *Dora and the Lost City of Gold*, *Fool's Gold*, *Godzilla vs Kong*, *Kong: Skull Island*, *Nim's Island*, *Pirates of the Caribbean: Dead Men Tell No Tales*, *San Andreas*, *The Chronicles of Narnia: The Voyage of the Dawn Treader*, *The House of Wax*, *True Spirit*, *Unbroken*, and television series *Apples Never Fall*, *Rock Island Mysteries* (seasons 1 & 2), *Boy Swallows Universe*, *Darby and Joan*, *Nautilus*, *La Brea* (season 3), *Tropo* (season 1 & 2), *Irreverent*, *The Wilds*, *Bureau of Magical Things* 1 & 2, *H2O: Just Add Water* (seasons 1, 2 and 3), *Mako: Island of Secrets* (seasons 1 and 2), *Reef Break*, *Terra Nova*, *The End*, *Upright* (season 2).

Australian productions filmed on the Gold Coast include Baz Luhrmann's *Elvis* feature film.

The Gold Coast remains relatively untapped with a large majority of accessible locations, both publicly and privately owned, still undiscovered by the filming industry. Be the first to find that perfect, picturesque location that will get everyone talking.

This book provides a snapshot of locations on the Gold Coast. For access to Screen Queensland's online location library visit screenqld.reel-scout.com

LIFESTYLE LOCATIONS

If you thought our professional screen offerings were impressive, wait until you see what the Gold Coast lifestyle has to offer. From restaurants and nightlife that rival any major metropolitan city to our stunning world heritage surfing reserves, the only problem is you'll wish you had more downtime to spend here.

Accommodation

Where to start? With over 450 providers and more than 21,000 rooms, you'll never be short of somewhere to stay on the Gold Coast. From your standard hotel rooms to family suites, apartment living and 6-star international hotels, there is something to suit every production and every budget.

Dining

Gold Coast is a foodie's paradise. From our profusion of modern Asian cuisine to award-winning Italian fare, delicious vegan cafés, modern Australian offerings and the spicy delights of Brazil, there aren't many types of cuisine that our city doesn't serve up on a delectable platter. And if you're after the freshest Australian seafood straight from our pristine oceans, we've definitely got you covered.

Culture

The Gold Coast has a vibrant outdoors culture, with markets, festivals, music and other activations hosted year-round. We are the home of boundary-pushing festival Bleach, massive outdoor sculpture festival SWELL, international sporting events and a range of exciting festivals and music celebrations. Our temperate climate means there will always be something for you to check out.

Outdoors

Surfing mad? Why not grab a board and catch some

breaks on our 70kms (44 miles) of azure coastline, recently designated as a World Heritage Surfing Reserve? Perhaps a day lounging on our golden sands is more your style. And let's not forget the hinterland. With some of the world's most beautiful nature reserves, waterfalls, parks, bike trails, camping spots and hikes, a day outdoors on the Gold Coast is a day spent well. You might even get inspired.

Arts

The Gold Coast plays host to a stunning cultural precinct by the name of Home of the Arts (HOTA), where you can while away the day browsing the colourful and exciting five-floor contemporary gallery, checking out a play or musical, catching a film, listening to live tunes on the outdoor stage, enjoying a drink at the bar and a swim in the lake. Being a young and vibrant city, a range of innovative world leaders in dance, art, and modern theatre also call our sunny shores home.

Thrills

Take advantage of the "theme park capital" of Australia and get your adrenaline on at Movie World (conveniently located next to Village Roadshow Studios), Dreamworld, SeaWorld, Wet & Wild, Paradise Country, and Australian Outback Spectacular. Some may wish to test their fear of heights and step outside at the top of Q1, the tallest building in Australia.

Nightlife

The Gold Coast's club scene is famous, and a destination of choice for holidaying Australians and tourists. Hit the clubs of Surfers Paradise until the wee hours and enjoy the renowned Aussie hospitality at one of our many busy clubs, hole-in-the-wall whiskey joints, dive bars and rocking live music venues up and down the coast.

Getting Around

The easy freeway access and long beach-adjacent Gold Coast Highway make travelling by car a breeze on the Gold Coast. The city is also home to buses that run the length of the Gold Coast, a heavy rail system, and a new light rail system called the G:Link, which runs through the major city stops every fifteen minutes or less. The Gold Coast also has its own airport at Coolangatta, making domestic flying even more convenient. Wherever you stay, you're likely to be a 20-30 minute drive to Village Roadshow Studios and our stunning locations.

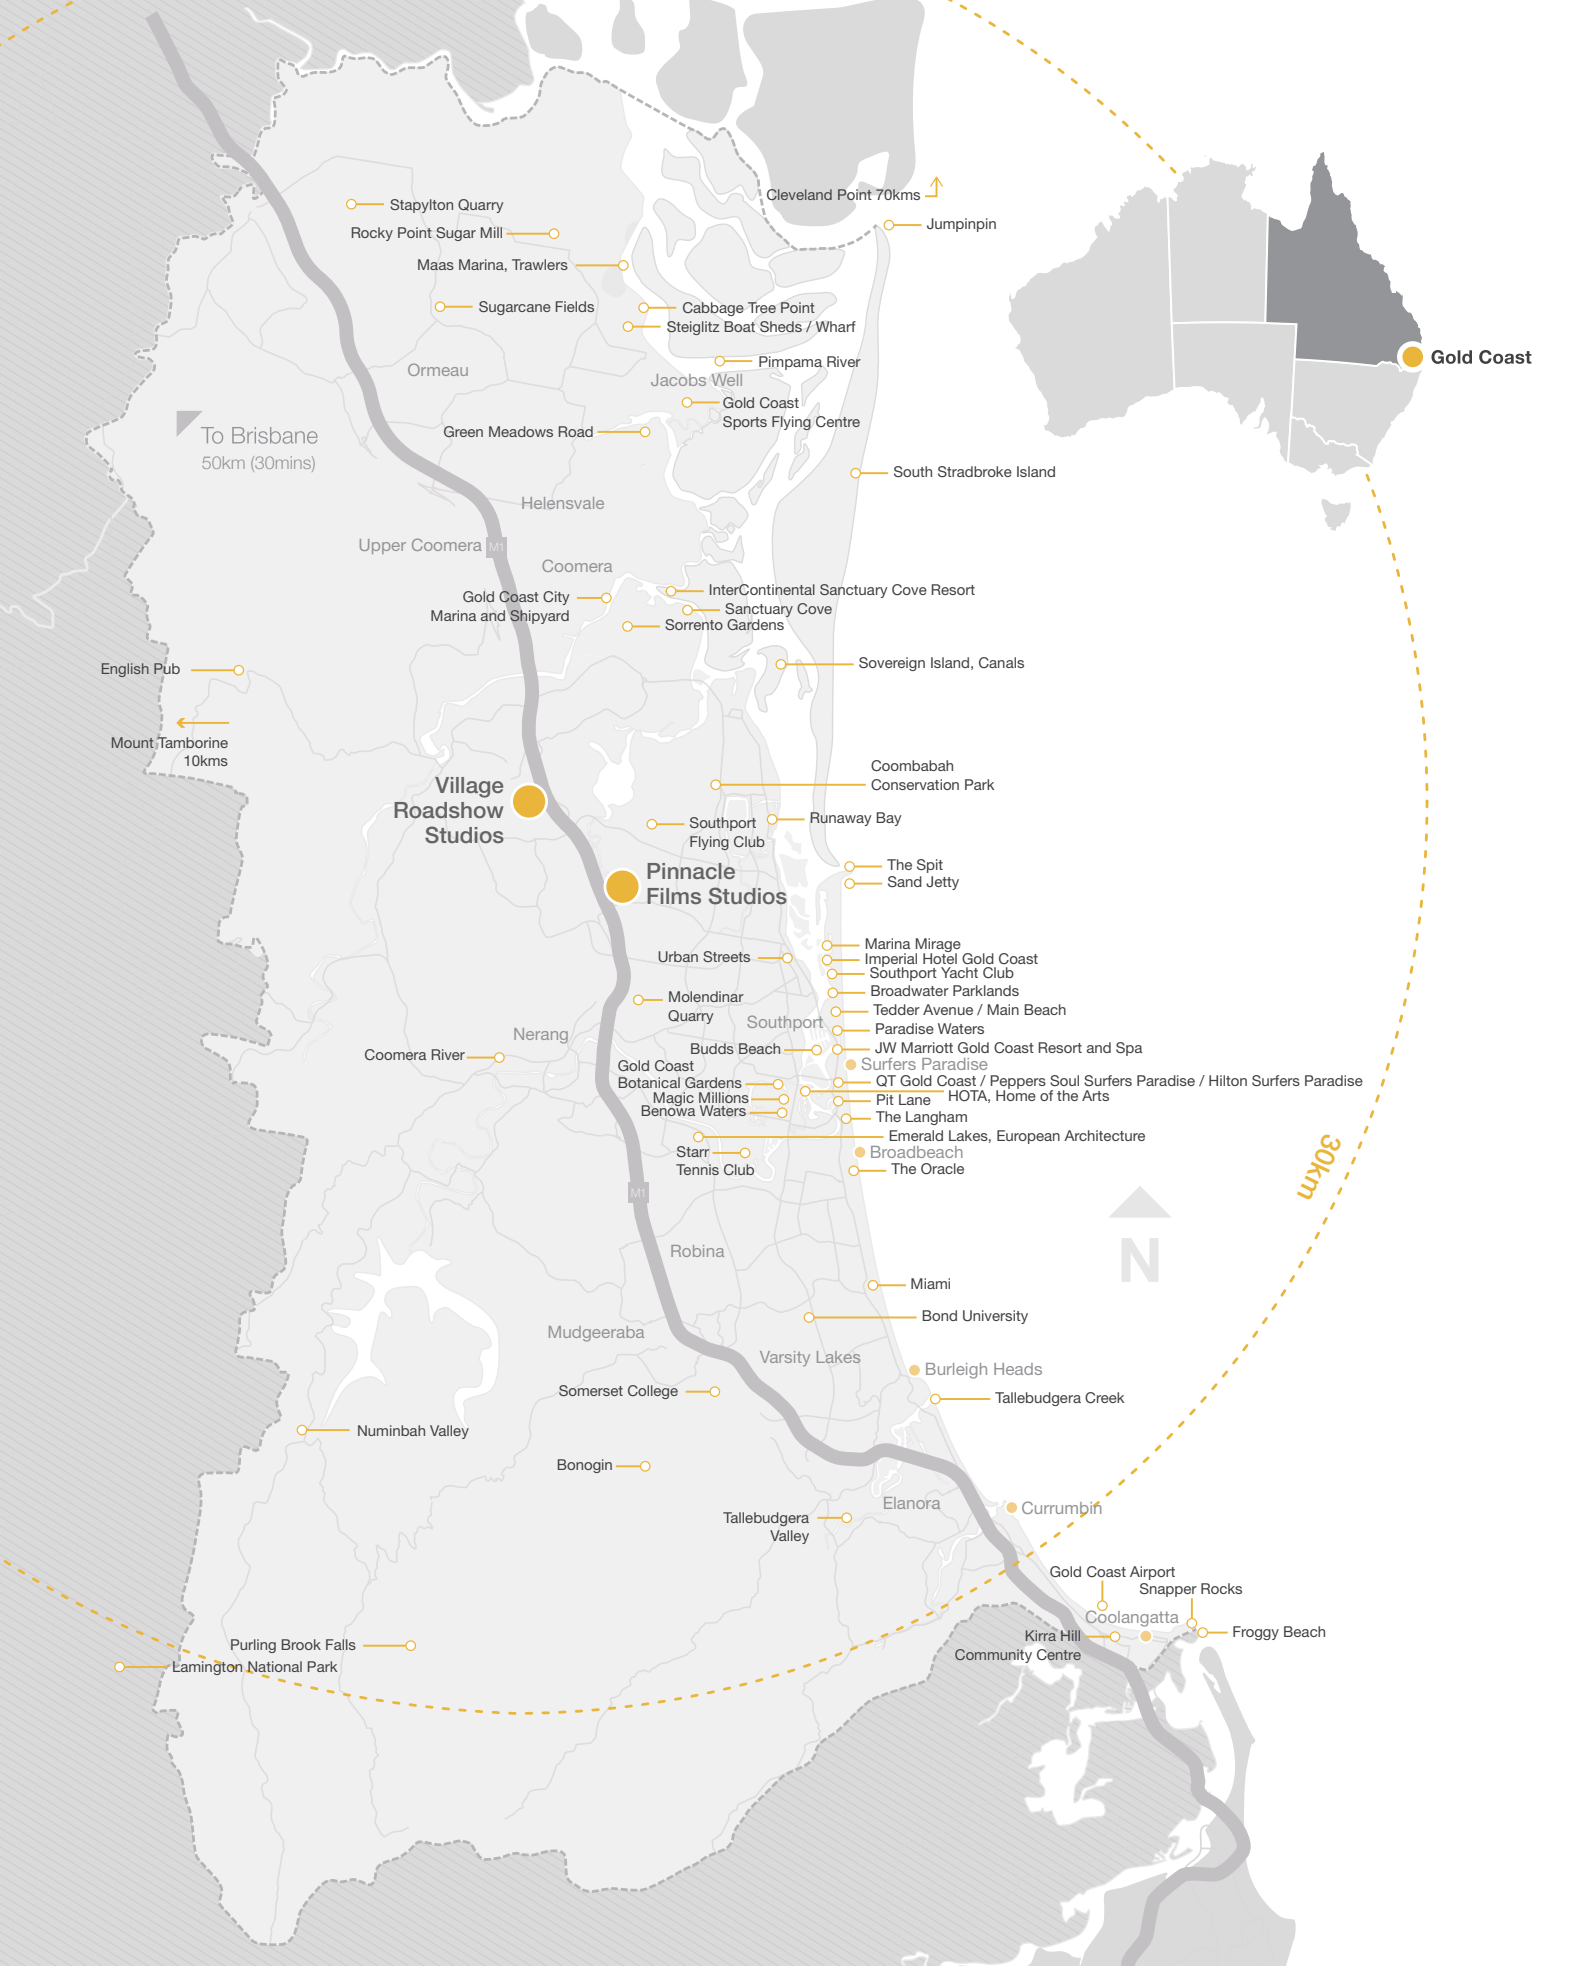

Medical

The Gold Coast has been recognised as a centre of excellence for world-class healthcare with the Gold Coast University Hospital and Robina Hospital being named among the world's best hospitals by Newsweek. Our state-of-the-art Gold Coast University Hospital is conveniently located next to light rail and has 2,200 carparks, and a level-one trauma service, ranking it as one of the best trauma centres in the country. The Gold Coast is fortunate to have some of the world's best doctors, nurses and allied health professionals both in its hospital and working in medical centres across the city.

GOLD COAST FILM COMMISSION

The Gold Coast has all the makings of a great story.

Established as part of the City of Gold Coast, the Gold Coast Film Commission provides expert industry advice on financial incentives, introductions to our internationally recognised crew and a pathway to essential government agencies. We offer a diverse range of spectacular locations, state-of-the-art facilities and fast-tracked permit approvals to help your project run smoothly. Home to some of the most renowned filming locations on the Gold Coast, we are now one of the most sought-after destinations for local, interstate and international screen productions. The Gold Coast Film Commission joins over 140 countries around the world that are a part of the Association of Film Commissioners International (AFCI), a global non-profit organisation that provides advocacy, connectivity and education for film commissions and screen businesses. We are your one stop shop for screen production on the Gold Coast – make believe it here.

The launch of the Gold Coast Film Commission signifies the City's commitment to the screen industry.

We are Australia's first local government to be included in the Association of Film Commissions International (AFCI) providing a dedicated team to support and assist the industry with financial incentives and advice for production on the Gold Coast.

SCREEN ATTRACTION PROGRAM

The Gold Coast is Australia's premiere filming destination, and as such, the City's Gold Coast Film Commission is committed to helping filmmakers from all over the world bring their stories to life on our vibrant golden shores. That's why ours is the first local government in Australia to provide incentives to attract film and television productions to our city.

Our attraction program incorporates a suite of services including two days of location scouting for specific productions in the final financing stage, and a generous financial assistance package that will be assessed on a variety of factors including the value, duration and economic impact of the production and post production expenditure in the City.

You can apply if you are an international, national or Gold Coast production, post production company or a games, animation and visual effects studio. Screen productions can be feature films, television programs (including drama, documentaries, factual, reality, entertainment series), games, animation, SVOD and online content.

We understand film and television production can be incredibly stressful. Let the City of Gold Coast support you in your financial journey so you can get on with the business of creating something spectacular. Dream. Believe. And we'll take care of the rest.

See the table below for the funding details. And remember: This is in addition to incentives available through our Federal and State Governments.

Value of Gold Coast Expenditure (AUD)	Funding Amount (AUD)	Minimum ROI
\$750,000 to \$2 million	Up to \$50,000	15:1
\$2 – 5 million	Up to \$60,000	33:1
\$5 – 10 million	Up to \$75,000	66:1
\$10 – 20 million	Up to \$100,000	100:1
\$20 – 30 million	Up to \$150,000	133:1
\$30 – 50 million	Up to \$200,000	150:1
Over \$50 million	Up to \$250,000	200:1

OBTAINING LICENCES AND PERMITS

We want you to have every possible opportunity to tell your great stories on the Gold Coast. But first, you'll need to organise a film production licence from us.

Like everything to do with filming here, it's a pretty simple process. The City Laws Approvals Unit is a 'one stop shop' for filming and still photography applicants. They will take the hassle out of the job for you, by liaising with City stakeholders on your behalf, and will support you throughout the entire application and filming process.

The team will be the point of contact for the production to obtain any necessary permits and approvals to access City controlled locations, Council facilities, road closures and other location requirements.

Most licence applications take seven business days to assess but may need more time for shoots that could impact the public, for example, those needing exclusive use of an area, secured parking, road closures or set construction.

The team will always let you know if they need more time.

LOCATION AND LICENCE FEES

More good news...

Location fees are not required to film on most Council-managed open areas, e.g. roads, parks, and beaches.

If you need to use a Council-managed facility, for example, aquatic and community centres, a fee may apply.

Understandably, bond payments are sometimes required, for example, when there is a risk of damage to public infrastructure. We will tell you if a bond is required and how much it will be once we've assessed your application.

Licence fees may apply for filming on any Council-managed areas, unless you own, rent or lease a rateable property within the City of Gold Coast, or are a registered charity, voluntary sporting, community, religious or incorporated not-for-profit organisation.

If you have any questions, you can contact City Laws Approvals Unit on +617 5581 6631.

You can apply for a licence online, via email, in person or by mail. Visit goldcoast.qld.gov.au/Services/Report-pay-apply/Permits-licensing/Filming-photography for more information.

VILLAGE ROADSHOW STUDIOS

Gold Coast's Village Roadshow Studios is one of the largest studio lots in the Southern Hemisphere, with an overall floor area of 14,564m² (156,731 sq ft).

If you're looking for a one-stop production shop housed within a world-class facility, then Village Roadshow Studios is the ideal place for you to build your world.

The sound stages vary in size. The largest – which is also the largest in Australia – covers a whopping 3716m² (40,000 sq ft). So don't let space limit you when it comes to dreaming big.

Of course, all sound stages are equipped with current industry standard facilities including air conditioning, extraction fans, steel grids and catwalks.

Your team can work in comfort in the ten modern production offices and three fully-equipped editing suites, with specialist areas for wardrobe, makeup, construction and painting.

Village Roadshow Studios is the only facility in Australia that has three water tank facilities; one of them the biggest in

the Southern Hemisphere. The tank is 40m x 30m (131.24 x 98.43 ft) providing a surface area of 1200m² (12,915 sq ft) with a depth of 7m (23 ft) and a 5m deep (16.4 ft) outer shelf with two viewing ports.

Holding seven million litres of water, the tank has a state-of-the-art filtration system and a heating system that allows the tank to be heated to 32° Celsius (89.6° Fahrenheit).

Conveniently located on the lot is a comprehensive support network of experienced film service companies, providing you with exceptional equipment and expertise across a range of services including camera, lighting, rigging, post production, travel, freight, drones, lidar scanning, pre and post accounting. There are also other support companies located close to the studios offering comprehensive services for all your production needs.

Not only is Village Roadshow a renowned world-class facility that has helped facilitate the stories of some of the world's most impressive productions, it is located conveniently next to the M1 Highway, making travelling to off-site locations a breeze.

Nine sound stages
Three water tanks
Onsite tenants

PINNACLE FILMS STUDIOS

The centrally located Pinnacle Films Studios offer three soundstages equipped to modern industry standards and ranging in size from 753m² (8105 sq ft) to 1,593m² (17,146 sq ft).

The stages include state-of-the-art office space, onsite parking, cafés and amenities set within a modern office complex.

At 753m² (8105 sq ft), Stage 1 is suited for small-to-mid sized productions and includes a toilet and shower, six parking bays for cars and trucks, 125amp power.

Stage 2 is the largest studio space at Pinnacle Films at 1,640m² (17,652 sq ft) and includes 126m² (1,356 sq ft) of office space, 14 parking bays for cars and trucks, and 275 amp power.

Stage 3 is only slightly smaller than 2, with 1,548m² (16,662 sq ft) of sound studio space, 234m² (2518 sq ft) of office space, plus 14 parking bays and 275amp power.

Offices are available from 273m² – 404m² which are located right next door to the stages, perfect for costumes departments and all air conditioned.

Conveniently located on site is the distribution team for Pinnacle Films, as well as major retailer Tradezone, for all your electrical requirements.

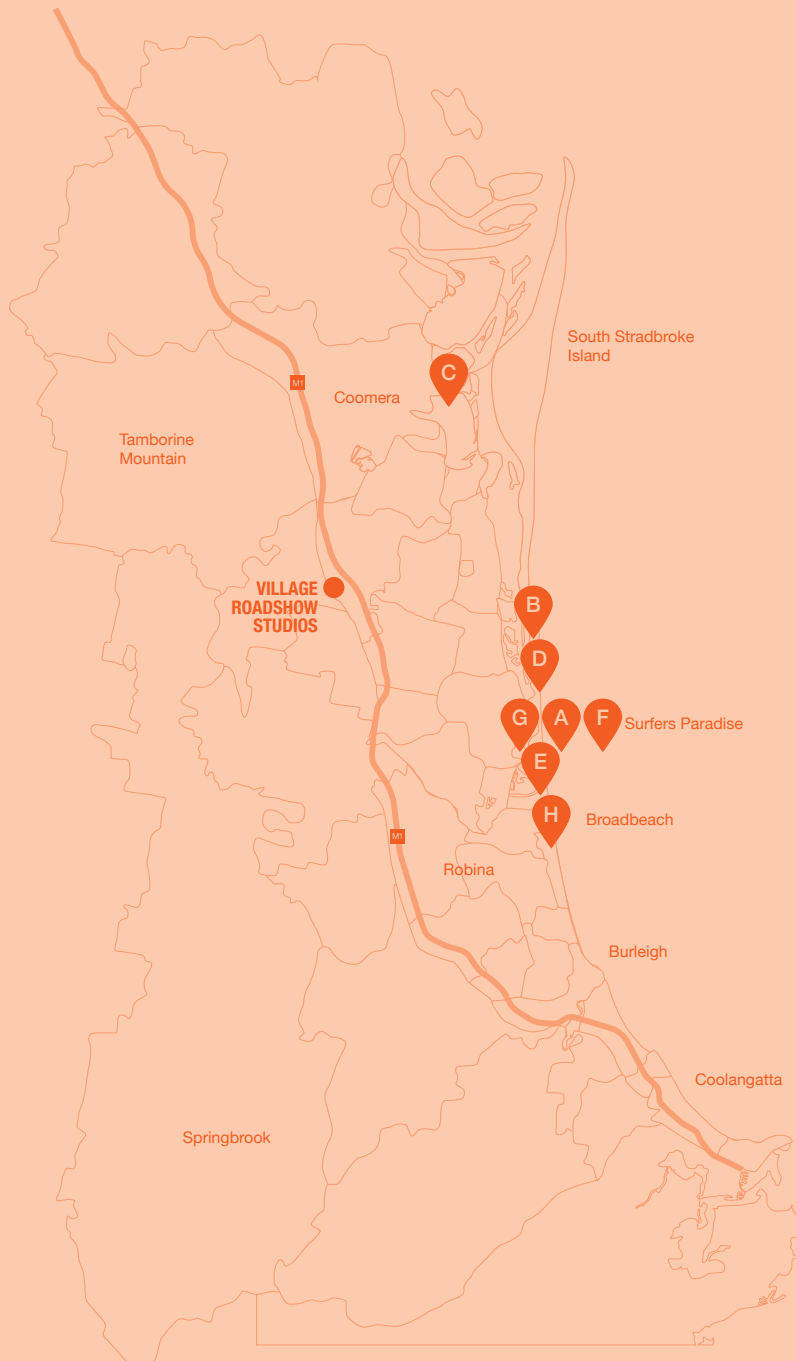

The Pinnacle Films Studios lot is securely protected by secure fencing, electric gates and on-site caretakers. All studios are a short walk to the on-site café, with multiple public transport links, highway and major shopping centre within a stone's throw of the location.
