

LOTUS®

Lotus is the premium small kitchen appliance brand for home cooks with big culinary ambition. At the heart of each chef-inspired, meticulously crafted Lotus design is a passion for unlocking culinary confidence and delivering consistently delicious results. Experience function, flavor, and finesse – all in harmony, all in balance.

The Lotus Professional Blender

Experience the pinnacle of culinary craftsmanship with the Lotus Professional Blender — meticulously engineered for home chefs who demand nothing less than excellence. Powered by a commanding 2.4 peak horsepower motor and equipped with precision-ground stainless steel blades, this elite blender reaches speeds exceeding 210 mph, effortlessly transforming the toughest ingredients into silky smooth purées, velvety soups, and flawlessly crushed ice.

Unrivalled in versatility, the Lotus Professional Blender offers infinitely variable speed control and a responsive pulse function. Choose from four pre-programmed settings—Smoothie, Purée, Soup, and Ice Crush—each designed to deliver consistently luxurious results with effortless precision.

Add performance and control to your daily culinary rituals. An integrated digital timer adds another layer of consistency, counting up in manual mode for tailored blending and down in program mode for flawless, automated performance. Crafted with both durability and elegance in mind, the 64-ounce Tritan™ jar is shatterproof, crystal-clear, and BPA-free—and a soft-touch handle for a comfortable, controlled pour.

Subtle ounce and metric markings offer easy measuring, while the spill-proof, vented lid with a removable measuring cap allows for effortless ingredient additions. A two-piece emulsion cup enables slow, drizzling of oils and liquids—ideal for emulsions and sauces. For dense or frozen mixtures, the included tamper ensures smooth, uninterrupted blending.

Despite its powerhouse performance, the Lotus Professional Blender is designed to fit beneath standard kitchen cabinetry, making it as practical as it is beautiful.
