

LOTUS®

Lotus is the premium small kitchen appliance brand for home cooks with big culinary ambition. At the heart of each chef-inspired, meticulously crafted Lotus design is a passion for unlocking culinary confidence and delivering consistently delicious results. Experience function, flavor, and finesse – all in harmony, all in balance.

The Lotus Professional Multi-Function Cooker

Experience the pinnacle of precision and versatility with The Lotus Professional Multi-Function Cooker, designed for those who appreciate the art of home cooking.

Six Precision Cooking Modes

Slow Cook Mode - Manually adjust the heat to Warm, Low, Medium, or High, ensuring the perfect simmer for soups, stews, braised dishes and more.

Program Mode - Customize up to two different heat and time cycles in a single cooking session or use the temperature probe to achieve exact internal temperature control.

Meal Timer Mode - Set the number of hours you want to cook, and this intelligent function automatically determines and adjusts the temperature to prevent overcooking. Simply add your ingredients, set your preferred cook time, and let the Multi-Function Cooker do the rest.

Sous Vide Mode - maintains precise water temperature for restaurant-quality sous vide dishes. Includes a sous vide rack for even circulation.

Rice Mode - Effortlessly prepare up to 20 cups of perfectly fluffy grains from white and brown rice to quinoa and more.

Sauté/Sear Mode - Select Low, Medium, or High heat settings for precise browning, searing, caramelization, and enhanced flavor development without using the stovetop.

Premium Stainless-Steel Cookware – a 7-quart tri-ply stainless steel Dutch oven ensures superior heat retention and even cooking. Designed for maximum versatility, it works seamlessly on gas, electric, and induction cooktops. Plus, it is dishwasher and oven safe, allowing for effortless cleanup and smooth transitions from cooktop to oven. The over-molded handles reduce surface heat retention, and the tempered glass lid locks in moisture and flavor, making it easy to monitor your cooking.
