

Palestine Impact Report

IDEA™

Food Emergency

Nearly a year after the Gaza ceasefire was announced in October 2025, Palestinians continue to face a major humanitarian crisis and are in need of emergency assistance. Since October 2023, IDEA has committed \$82.3M towards Gaza and \$89.6M towards all of Palestine. Thanks to support from donors like you, IDEA is providing vital food aid to families in need.

Past Work

4,220,307

Interventions provided through hot meals and food parcels in the last three years

Qurbani/Udhiyah 2026

Project cost: \$1M	Timeline: May 2026 to June 2026	People supported: 79,963
------------------------------	---	------------------------------------

- Distributed 44,351 hot meals to internally displaced people
- Distributed 34,440 cans of meat to internally displaced families
- Distributed 8,809 meat parcels to internally displaced families.

Food Boxes and Hot Meals with World Food Program

Timeline: Sept. 2025 to Dec. 2026	Proposed people supported: 200,093
---	--

In 2025, IDEA announced a \$25M commitment over five years to support global efforts to reduce hunger and transform lives with the World Food Programme and World Food Program USA with the first \$5M for Gaza. The goal is to distribute 1,708 tons of food via food boxes and hot meals.

Ramadan 2026

Project cost: \$1M	Timeline: Feb. to March 2026	People supported: 78,719
------------------------------	--	------------------------------------

- Distributed 27,248 hot family-style meals to 68,120 internally displaced people in Gaza
- Distributed 2,520 food vouchers to families in the West Bank

Health Emergency

Gaza's health system has been steadily unraveling before our eyes, deteriorating with each passing year – half of hospitals and less than half of the primary health care centers are partially functional and face shortages of essential medical equipment and supplies. Doctors are overwhelmed, patients go untreated, and entire communities lack access to the most basic medical care. Thanks to support from donors like you, IDEA is providing lifesaving healthcare to people in need.

Past Work

2,734,203

Interventions provided through access to primary healthcare services and psychosocial support in the last three years

Sustaining and Expanding Lifesaving Maternal Health Services and Youth-led Action in Palestine

Project cost: \$4M	Timeline: Oct. 2026 to July 2028	Proposed people supported: 21,000
------------------------------	--	---

Planned Activities:

- Ensure continued access to life-saving reproductive health services by providing critical supplies and reinforcing the capacity of frontline maternal and newborn health providers
- Invest in the development of a stronger and more resilient midwifery workforce and education system to improve the quality and continuity of care over the long term
- Empower adolescents and youth through leadership opportunities, safe spaces, and integrated mental health and psychosocial support services

The Gaza Cochlear Implant Program

Project cost: \$2.1M	Timeline: July 2026 to Oct. 2027	Proposed people supported: 150
--------------------------------	--	--

Planned Activities:

- Provide 150 children with severe to profound hearing loss with access to comprehensive cochlear implant services including surgery.

 Emergency Support for Lifesaving ICU and Laboratory Services in Gaza

Project cost: \$1.6M	Timeline: April 2026 to Dec. 2026	Proposed people supported: 35,472
--------------------------------	--------------------------------------	--------------------------------------

Planned Activities:

- Strengthen ICU services
- Enhance laboratory services
- Improve capacity building for healthcare staff

 Enhancing Healthcare Services in Gaza through Medical Missions II

Project cost: \$1.5M	Timeline: April 2026 to June 2027	Proposed people supported: 10,000
--------------------------------	--------------------------------------	--------------------------------------

Planned Activities:

- Increase access to emergency and specialty medical care, including sending U.S.-based doctors to serve medical facilities in Gaza.
- Support three medical centers with supplies, medication, and equipment

 Hope, Healing, and Resilience-Building for Gaza

Project cost: \$3.5M	Timeline: Jan. 2026 to Sept. 2027	Proposed people supported: 134,533
--------------------------------	--------------------------------------	---------------------------------------

Planned Activities:

- Conduct 6,000 Mind-Body Self-Care Workshops for 120,000 children, adolescents, and adults
- Form 560 Mind-Body Skills Groups for 5,600 people
- Provide case management support for 600 children with child protection concerns
- Plan 40 recreational days, reaching 20,000 people children and adults
- Distribute 1,700 food parcels and/or hygiene kits to 8,500 people
- Provide mental health and psychosocial support training for 80 professionals
- Conduct three-day Mind-Body Medicine for Self-Care Training for 150 frontline service providers

 Mother and Family Empowerment Program (MFEP) in the West Bank

Project cost: \$1M	Timeline: Jan. 2026 to March 2028	Proposed people supported: 2,510
------------------------------	--------------------------------------	-------------------------------------

Planned Activities:

- Provide educational workshops to parents on supporting children with disabilities
- Provide telemedicine interventions, including psychosocial support and individualized advice, to parents in hard-to-reach remote villages

 Strengthening Critical Care Services in Palestine

Project cost: \$1.3M	Timeline: Oct. 2025 to June 2027	Proposed people supported: 631 (Direct), 14,000 (Indirect)
--------------------------------	-------------------------------------	--

Progress:

- Local trainers trained (ToT)
- Physicians and nurses trained in FCCS
- ICU nurses trained in CRRT
- Physicians enrolled in and completing one year of the fellowship
- ICU medical missions deployed
- ICU equipment received
- Hospitals receiving new ICU equipment

 Lifeline for Gaza's Children

Project cost: \$3.5M	Timeline: Oct. 2025 to April 2027	Proposed people supported: 14,386
--------------------------------	--------------------------------------	--------------------------------------

Progress:

- Provided 10,839 medical consultations
- Provided 38,290 medical services
- Provided 102,545 Laboratory & Radiology services.
- Conducted 90 capacity building sessions covering a wide variety of topics including Acute Respiratory Distress Syndrome, Severe Acute Malnutrition Management, and Quality in Nursing Practices
- Provided 226 consultations and 1,057 services for breastfeeding support to caregivers
- Provided one-on-one mental health and psychosocial support to 274 caregivers

Enhancing Rehabilitation Services for Children with Disabilities in the West Bank and Gaza

Project cost: \$505K	Timeline: Jan. 2025 to March 2027	Proposed people supported: 720
--------------------------------	---	--

Progress:

- Conducted 16 trainings focused on improving clinical practices
- Conducted 238 clinical assessments and referrals for children across four centers
- Expanded autism services by equipping and training staff in two centers
- Established a satellite rehabilitation unit at Al-Ahli Hospital staffed by four local professionals (physiotherapist, occupational therapist, pediatric doctor, and social worker), benefitting 286 children with disabilities and 322 parents/caregivers
- Deliver tele-medicine follow-up for 50 children

Agents of Hope: Gaza Youth Resilience Project

Project cost: \$999K	Timeline: Nov. 2024 to Jan. 2027	Proposed people supported: 610 (Direct), 75,000 (Indirect)
--------------------------------	--	--

Progress:

- Graduated 85 students from rehabilitation training in Gaza City
- Graduated 78 students from first aid training in Gaza City
- Graduated 84 students from first aid training in central Gaza

Fortifying the Palestinian Medical Sector Phase III

Project cost: \$8.6M	Timeline: Oct. 2024 to Dec. 2026	Proposed people supported: 603,564
--------------------------------	--	--

Progress:

- Established two mobile medical teams and provided primary health care, women's health services, and psychosocial support across nine Bedouin communities
- Installed Uninterruptible Power Supply systems for the operating rooms in Al Ahli Arab Hospital to ensure functionality during power outages and a full IT and communications network with routers, switches, laptops, and cables to allow timely access to critical patient data for accurate and quick diagnosis, treatment, and follow-up
- Provided for essential medical equipment, devices, and tools urgently needed for the surgical department, operating room, and emergency rooms at Al Ahli Arab Hospital and Al Awdah Hospital
- Provided medical supplies to four hospitals in the West Bank including a 3D surgical microscope
- Trained 251 community members across 15 communities in emergency preparedness through first aid training
- Provided pharmaceuticals, medical supplies, and lab reagents to six hospitals in the West Bank
- Established three mobile medical teams to ensure that injured and/or sick internally displaced people living in shelters receive urgent health care
- Improved overall wellbeing among internally displaced people living in shelters, host communities, and health workers working through psychosocial sessions focused on social connectedness, self-care, and positive coping strategies; 99 groups were formed, each with an average of 15 participants who completed four full sessions
- Arranged recreational group psychological interventions for children including clown shows, face painting, sports competitions, and more; 37 sessions were conducted across 31 shelters, helping children manage stress, express emotions, and build resilience

More Work

According to experts, 3.6 million people require urgent humanitarian assistance. In Gaza specifically, nearly 80% of housing units have been destroyed and more than 90% of commercial infrastructure has been damaged or destroyed. In addition, some 1.8 million people, nearly all of Gaza's population, have been internally displaced, many multiple times, and roughly 850k people require emergency shelter supplies. Thanks to support from donors like you, IDEA is providing access to basic needs to families in need.

Past Work

Since October 2023, IDEA has implemented 32 emergency projects in Palestine, primarily Gaza, with a total of 2,855,612 proposed direct beneficiaries.

Interventions provided through food aid, access to proper healthcare, winter aid, and more in the last three years

Gaza Integrated Community Shelter Program

Project cost: \$6.3M	Timeline: Jan. 2025 to Jan. 2027	Proposed people supported: 9,900
--------------------------------	-------------------------------------	--

Progress:

- Distributed 1,262 tents
- Provided ready-to-eat hot meals twice weekly to 8,500 people
- Distributed 1,826 fresh produce baskets
- Distributed 11,000 gallons of potable water daily, serving 8,407 people
- Selected two community-based volunteers to support health promoters, forming gender-balanced teams to ensure cultural appropriateness, accessibility, and effective community engagement.
- Registered 1,249 children from kindergarten through Grade 6 and appointed 19 teachers and five administrative staff

Development

Scholarships for Students in Palestine

Project cost: \$500K	Timeline: Dec. 2025 to Jan. 2027	Proposed people supported: 500
--------------------------------	-------------------------------------	--

Progress:

- Awarded 225 scholarships to eligible university students

WeCan

Project cost: \$2.4M	Timeline: Sept. 2024 to Nov. 2028	Proposed people supported: 440
--------------------------------	--------------------------------------	--

Progress:

- Provided technical, social, and business training to 52 people

Gaza Orphan Sponsorship Program

IDEA donors are sponsoring 3,000 orphan children in Gaza. Through IDEA's Orphan Sponsorship Program, a sponsor can support essential needs, including healthcare, nutrition, education, and overall well-being for an orphaned child.
