## ENTER STATEMENT BELOW

This is a true and correct statement given by me to Officer Rule, #1441. I am 78 years old and a retired schoolteacher.

On 9/3/20XX at about 8:00 p.m., I had dropped into the neighborhood bar, The Garage, which is just around the block from the Stillwater Retirement Home.

I was sitting on a stool near the pool tables near the front of the Garage when a man walked from the bar area towards the men's room. I would describe this man as about 30 years old, 5'7" tall, and wearing a shiny black jacket. A couple minutes later, I heard a noise and looked up and saw this same man, who I'd seen earlier, facing another taller man, about 6'4". When I looked up, I heard the shorter man in the black jacket say, "It's about time." They were about 15 feet apart. Right after the short man spoke, he quickly took a gun out of his jacket pocket, and pointed it at the taller man. Then I heard a gunshot and saw the tall man fall down. I did not see the taller man move or do anything to provoke the man with the gun.

The man with the gun ran right out of the Garage very fast. The man who was shot lay on the floor moaning. A young woman who had been at the front part of the Garage started screaming, "He murdered my husband! He murdered my husband!" Then the aid people and police came and worked on the man, and they took him away.

I think I could identify the man with the gun who shot the other man if I saw him again.

I declare, under penalty of perjury under the laws of the State of Major, that the statement above is true and correct to the best of my knowledge.
