WHAT'S THE DIFFERENCE BETWEEN WATERCOLOR AND GOUACHE?

Watercolor is transparent and gouache is opaque. Gouache can be applied in solid colors, allowing an artist to paint in layers from dark to light. Like watercolor, gouache can be rehydrated and reworked.

Speedball® Ceramic Underglazes Class Packs
Cone 06–10 (1855°–2381°F)
Bright, intense colors that are highly saturated for spectacular results, these underglazes are compatible with Speedball Earthenware Glazes, and can be used for a variety of decorating techniques. They may be applied to greenware or bisque and can be blended. The liquid, opaque colors will not move or bleed, making them perfect for detailed painting, design work, and sgraffito. Because they're lead-free and clean up easily with water, they're ideal for classroom use. These underglazes are dinnerware safe when used as directed. However, tableware producers should have finished ware lab tested to determine dinnerware suitability due to firing variances and contamination.

Amaco® Teacher's Palette® Glazes
Cone 05 (1911°F)
Economical gloss glazes that fire true to their color in the jar, these colors intermix with each other to create an infinite palette. The colors can be layered without bleeding, and they won't flow when fired, so they're great for details. One coat results in a translucent look; use three coats for an opaque look. Choose Teacher's Palette in gallons for larger projects and greater savings. Available in a wider range of colors, Teacher's Palette glazes may appear brighter and more intense, depending on the number of layers applied. All food safe.

Items shipped using FedEx Fast2Day service will be received by the customer within two business days, and will be shipped via air or ground. Please note that hazardous items cannot be shipped to destinations outside the continental U.S. Schools should allow two to three weeks delivery time for orders placed from July 1 through September 30.

TRUCK SHIPMENT — Delivers your order to your curb or dock. The charge varies based on distance, weight, bulk, and other factors. While all carriers establish their own rates for delivery, our shipping department selects the best carrier based on service, price, and availability. A physical address and phone number are required for delivery. The minimum charge to a commercial address is approximately \$200. For an additional \$45 charge, a smaller truck with a lift gate will lower your merchandise from the truck to the ground. **For certain zip codes in NY and NJ, the lift gate fee is \$75.** For an additional \$30 charge, your order can be moved from the curb to a ground-level location just inside your door. SCHOLASTIC PAINT CARE & STORAGE TIPS — Tempera paints and poster paints intended for children and classroom use often contain organic binders and are subject to spoilage and degradation if not used or stored properly, or used within the recommended period of time. While a slight odor is natural, a strong, very unpleasant odor indicates the paint has spoiled. It should be discarded.

- Proper Storage:**
- Store paint in a cool, dry place.
 - Extreme temperatures (above 90°F or below 32°F) can harm the paint.
 - Remove the cardboard piece from the lid when storing, especially in hot or humid conditions.
 - Date and rotate paint stock, using the oldest first.
 - Open paint containers should be used within six months. Use unopened paint containers within two years.
 - If paint is near its shelf life when opened, use it promptly.
- Prevent Contamination:**
- Portion paint into smaller, resealable containers as needed.
 - Avoid working directly from the original product container. Do not place brushes, hands, used pumps, used paint, or different types of paint in the original container.
 - Do not dilute paint in the original container.
 - Use clean utensils when handling paint.
 - Tightly seal the cap between uses.

For any questions regarding the safety, quality, or best use of our Tempera Paints or other Blick products, please contact our Product Information Team at 800-933-2542 or email info@dickblick.com.
