

Pumpkin Carving

tutorial and templates

How to

Tools

Pumpkin

Scoop

Knife

Felt pen

Plastic wrap

Step 1: Carve the lid

Use the felt pen to draw a circular lid on top of the pumpkin. Angle the knife inward slightly to prevent it from falling in and cut out the lid.

Step 2: Scoop and clean

Remove the seeds and strings from inside the pumpkin using the scoop.

Step 3: Soak the stencil

Soak the stencil in water to make it more pliable.

Step 4: Apply stencil

Place the wet stencil on the pumpkin.

Step 5: Secure the stencil

Cover stencil with plastic wrap to hold it in place.

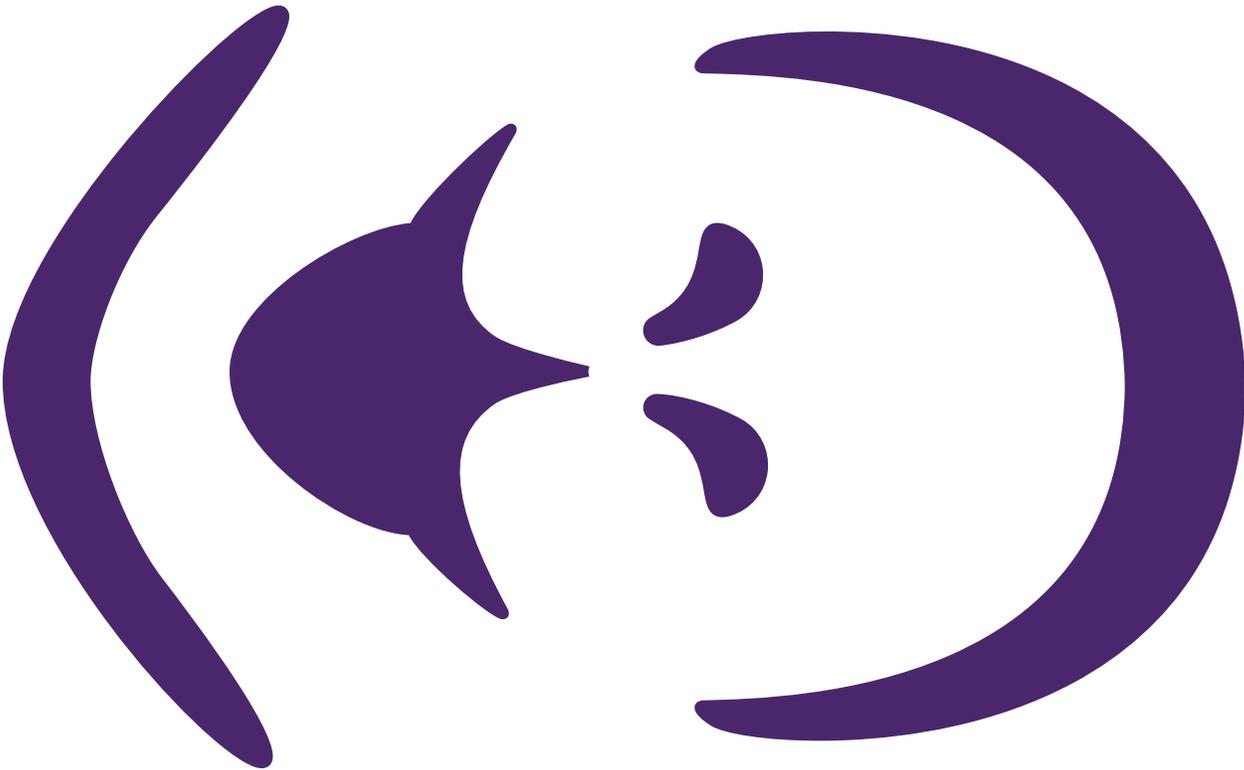

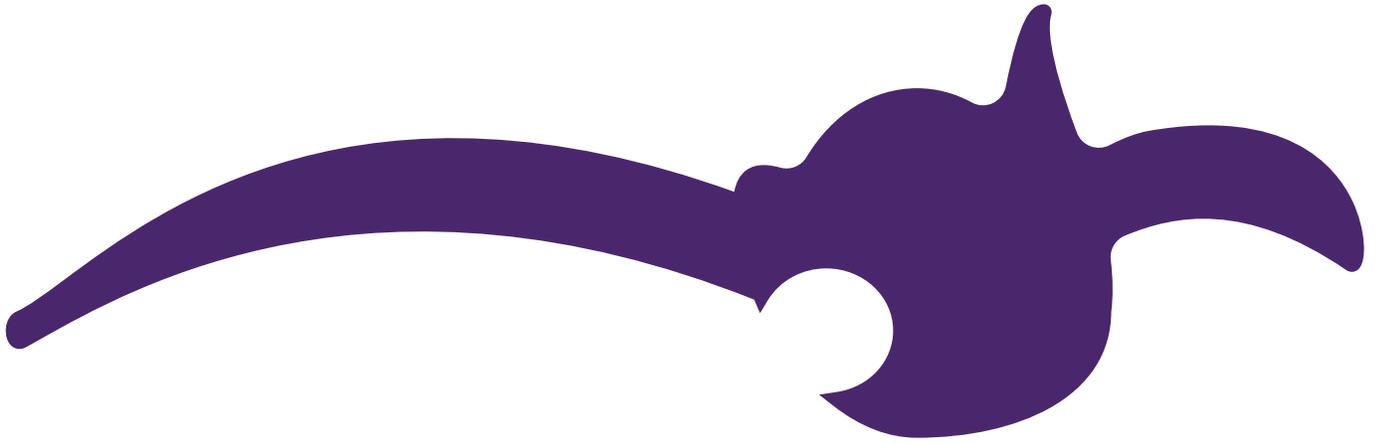

Step 6: Carve your design

Carefully carve along the stencil lines to create your pumpkin design. Enjoy your artistic creation.
