VINYL RAILING

MAKE SPACE FOR FAMILY

Create a beautiful outdoor space for your friends and family with Superior's vinyl railing. This low-maintenance vinyl requires little upkeep and lets you devote your time to the people and things you love instead. Superior railing is code compliant and built for safety, with aluminum channels in both the top and bottom rail for strength.

Superior is a vinyl manufacturer, which means we start with resin, extrude it into profiles, fabricate the railing, and package and ship each boxed section. We control the process from start to finish to make sure all of the items we manufacture are made to our high-quality specifications, and we back our products with one of the strongest warranties in the industry.

You can relax and enjoy your space, knowing that the railing surrounding you is built for long-lasting security and style.

Manufactured in the USA
Superior products are proudly designed and manufactured in the USA to ensure a quality fit and finish.

BRING YOUR SPACE TO LIGHT

Create stunning focal points and add atmosphere and safety to your outdoor living space with lighting. Our lighting is designed to pair with railing for a beautiful, seamless look. Post cap and accent lights are made from diecast aluminum and powder-coated to match our vinyl railing and posts exactly. The high-quality coating means that the lights will retain their good looks for years.

Superior's electrical engineers and experts have refined our lights for a long-lasting and easy-to-use system that brings exceptional outdoor lighting to your deck or porch.

STRUCTURAL PORCH POSTS

ENDURING DESIGN

Choose from a variety of porch post styles to match your home's aesthetic. Vinyl is the perfect choice for posts and columns because it requires no painting and doesn't deteriorate like wood.

STRUCTURAL COLUMNS

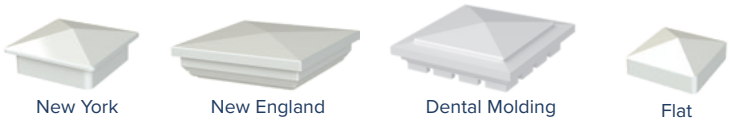

DEPENDABLE STRENGTH

Superior's beautiful vinyl columns give your home a refined look while requiring little effort to maintain. Each structural post and column contains an aluminum insert that provides support for a roof.

Load Rating: With full length extruded aluminum inserts.
