

A close-up, slightly low-angle shot of a man and a woman sitting in the front seats of a black convertible sports car. The man, on the right, is smiling broadly and looking towards the camera. He has short dark hair and is wearing a light-colored polo shirt. The woman, on the left, is also smiling and looking towards the camera. She has short blonde hair and is wearing a red sleeveless top. The car's interior is black leather, and the word "SPORTS" is visible on the back of the passenger seat. The background is blurred, showing green foliage.

PORSCHE

EXPERIENCE

New destinations. Extraordinary routes. Exceptional stays.

PORSCHE TRAVEL EXPERIENCE 2027.

The road opens up ahead. The everyday recedes in the rear-view mirror, and every turn brings a new perspective into view. In a Porsche, travel becomes more than a way of reaching a destination. It becomes something you feel – in the rhythm of the road, the changing landscape and every moment in between.

The Porsche Travel Experience 2027 marks the beginning of a new chapter. Alongside a selection of returning favourites, 5 new journeys invite you to cross the Pyrenees, experience Portugal with every sense, discover the elemental landscapes of Lofoten and Iceland, and follow the celebrated roads of Champagne and Burgundy. Each one different in character. Each one shaped by the same idea: the most memorable way to discover the world starts when you get in the sports car.

Where will curiosity take you?

EXCLUSIVE TRAVEL EXPERIENCES.

The Alps.

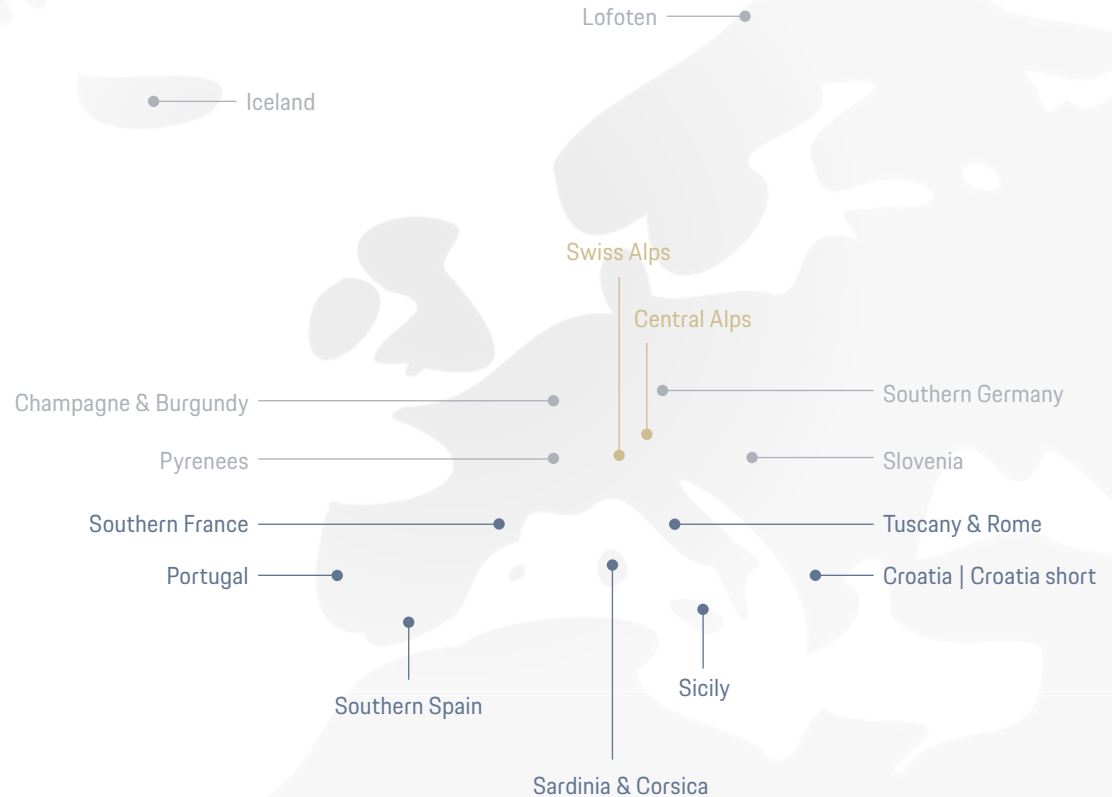

Few things are more captivating than exploring the Alps: endless curves, demanding mountain passes and legendary routes. Both exhilarating and relaxing – pure driving pleasure.

The Mediterranean.

Scenic dream routes, Mediterranean flair and culinary treasures turn these journeys into something truly special – filled with enjoyment and ease.

The Explorer.

Extraordinary routes lead to fascinating places and unexpected discoveries – for driving experiences that stay with you.

The Alps.

A TREAT FOR AMBITIOUS PORSCHE ENTHUSIASTS.

The Alps are more than just mountains full of majestic peaks covered in snow – they are also the perfect terrain for mountain sports behind the wheel of a Porsche 911.

On legendary stages through Austria and Switzerland, you will master phenomenal mountain passes and their sweeping serpentine. Breathe in the clear mountain air. And with it, countless impressions. The joy of driving. The breathtaking views. The quiet valleys and glistening lakes. Both exhilarating and relaxing.

Central Alps.

MOUNTAIN PASSES, ALPINE SCENERY AND PORSCHE MOMENTS.

Overnight stays in Munich, St. Moritz and Telfs provide the perfect setting to unwind and enjoy exceptional hospitality after each day's drive. Together, they create a journey that blends spectacular roads, Alpine charm and memorable culinary experiences.

All new vehicles offered by Porsche are type-approved according to WLTP. Official NEDC values derived from the WLTP values will no longer be available for new vehicles after 1 January 2023 and can therefore no longer be specified. If the values are given as ranges, these do not relate to a single, individual car and do not constitute part of the offer. They are intended solely as a means of comparing different types of vehicle. Extra features and accessories (attachments, tyre formats, etc.) can change relevant vehicle parameters such as weight, rolling resistance and aerodynamics and, in addition to weather and traffic conditions and individual handling, can also affect the fuel consumption / energy consumption, the CO₂ emissions, the range and performance values of a car. You can find more information on the difference between WLTP and NEDC at www.porsche.com/wltp. Further information on the official fuel consumption and the official specific CO₂ emissions of new cars can be found in the 'Guide to the fuel consumption, CO₂ emissions and energy consumption of new cars', which is available at all points of sale and from DAT (Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Str. 1, D-73760 Ostfildern) or at www.dat.de/co2.
