30 YEARS PORSCHE TRAVEL EXPERIENCE
DETAILS AND PRICES 2026

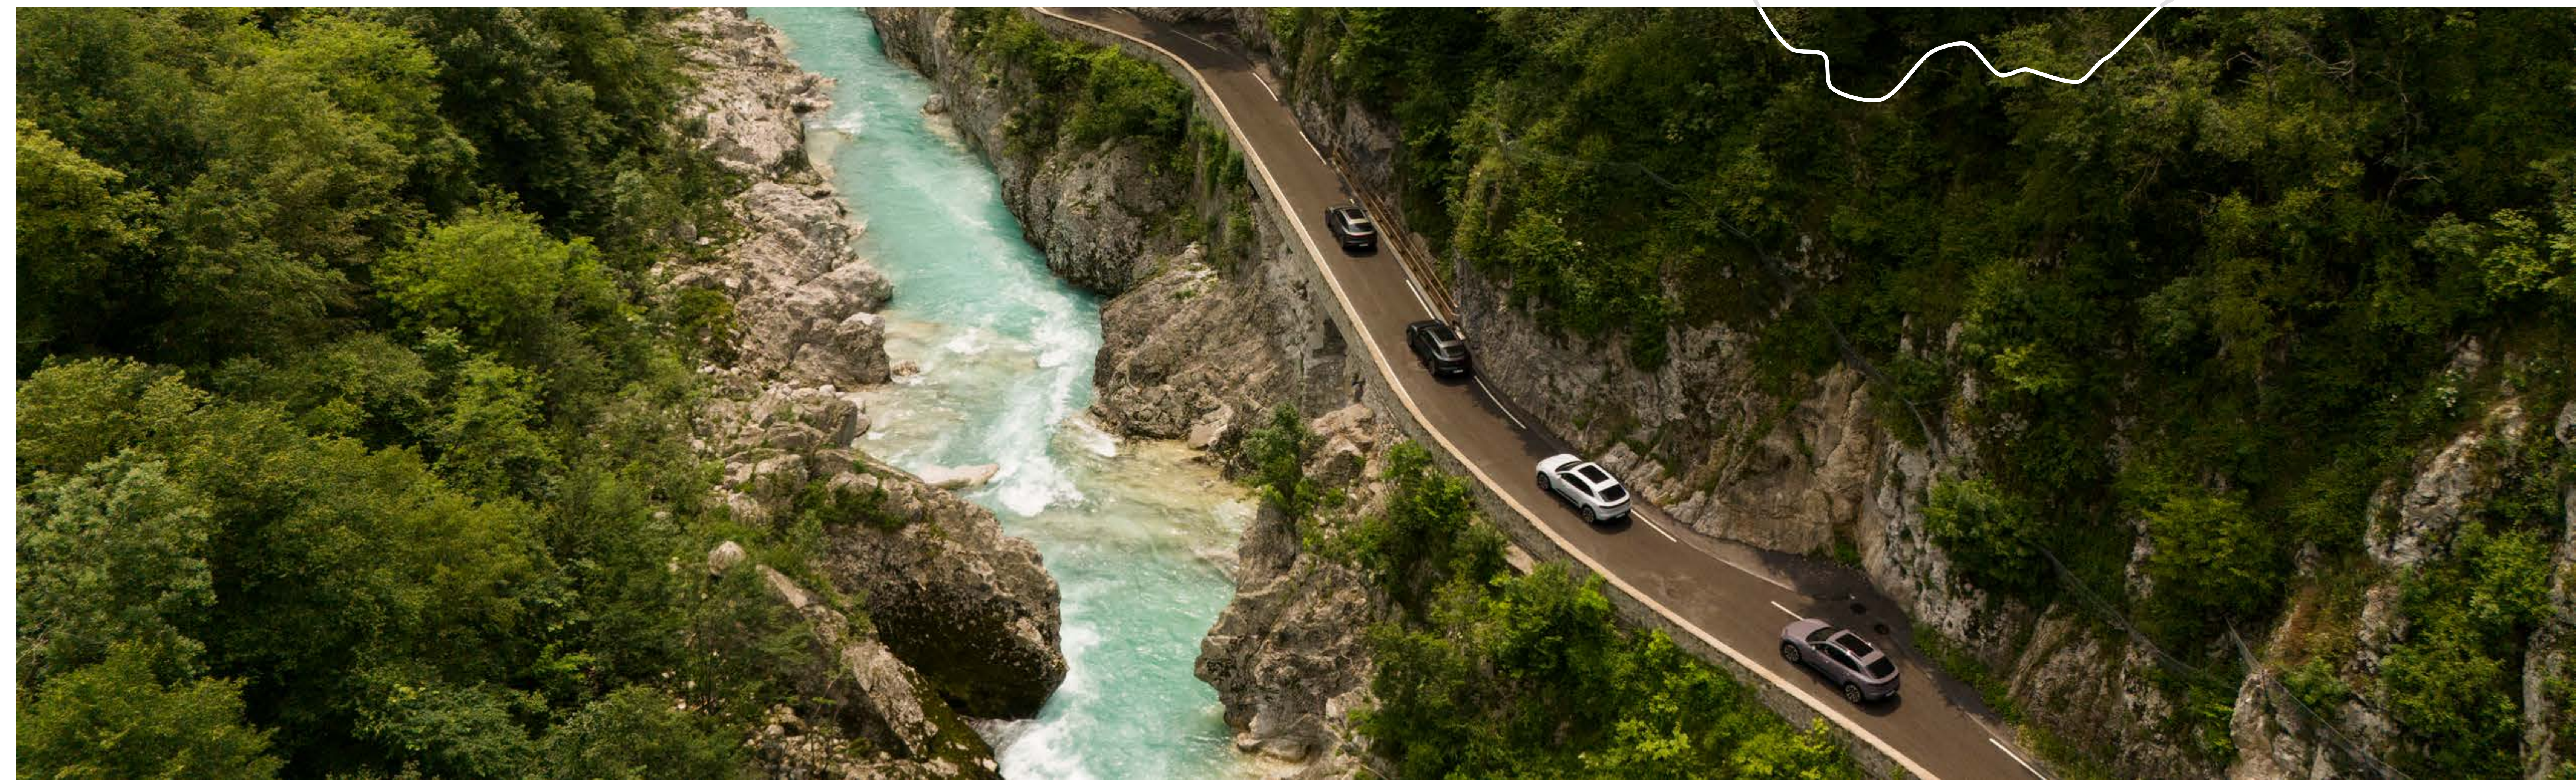

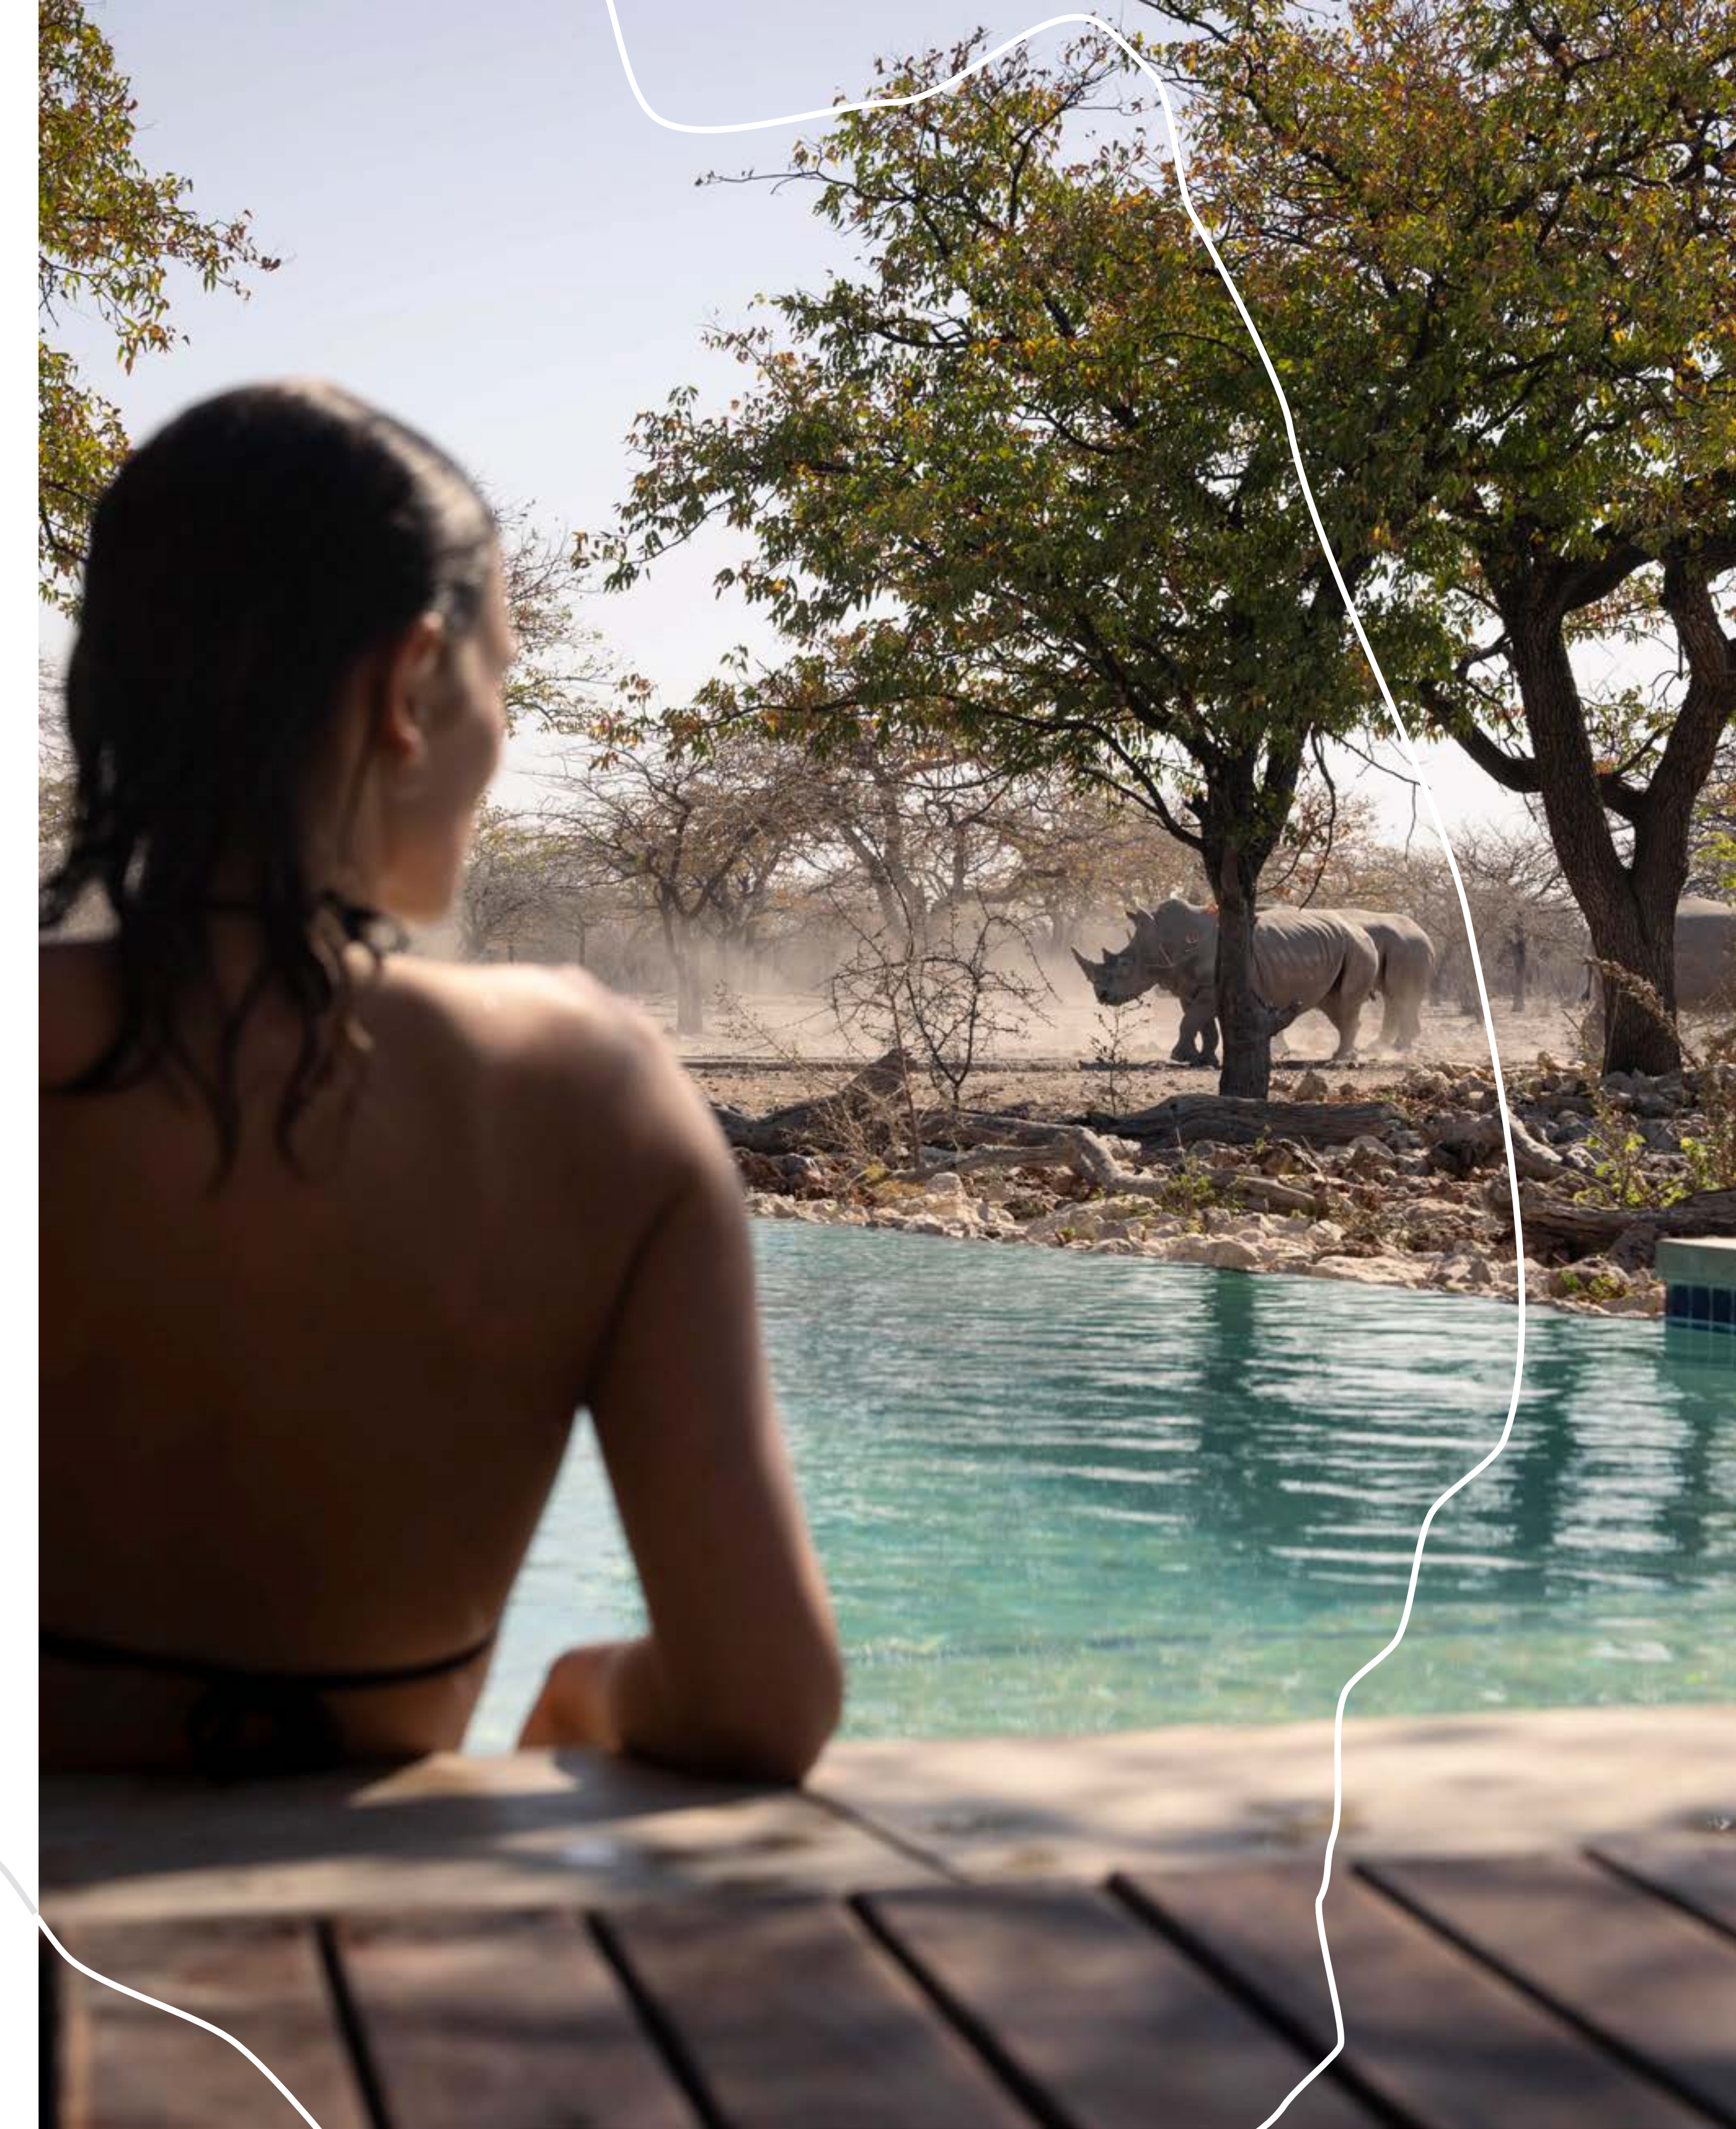

30 Years of Porsche Travel Experience. Get ready for new travel memories in 2026.

There is something special about discovering the world from behind the wheel of a Porsche. For 30 years, the Porsche Travel Experience has stood for unique journeys – shaped by powerful performance, handpicked routes and unforgettable perspectives. With an eye for detail and a passion for precision, we have turned the road into something lasting.

In 2026, we continue the story – and celebrate 30 years of unforgettable journeys. With a full season of curated Travel Experiences across Europe, Africa and beyond: from Ireland's rugged coastlines to the golden light of Sicily, from the endless horizons of Namibia to the alpine heights of Austria and Switzerland.

And to mark this year's jubilee, we have crafted something truly special: 3 Anniversary Experiences. Designed with even more detail and emotion, they offer a Porsche Experience beyond the expected. Limited. Exclusive. And unforgettable.

The Anniversary.

Cheers to 30 years of Porsche Travel Experience.

Over the years, we have explored extraordinary places with powerful cars, curated routes and a unique mix of culture, cuisine and driving pleasure.

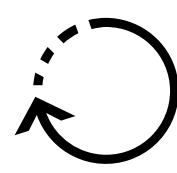

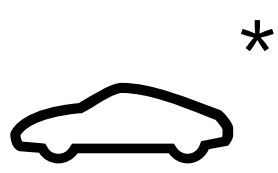

In 2026, we celebrate that legacy with exclusive anniversary experiences – crafted to turn a celebration into a milestone. Whether Southern Germany, the Alpine region or Thailand. Expect high performance, stunning landscapes, exceptional hospitality. And moments worth remembering. Travel with us and create your own “Greeting from the Tour” moment.

All new vehicles offered by Porsche are type-approved according to WLTP. Official NEDC values derived from the WLTP values will no longer be available for new vehicles after 1 January 2023 and can therefore no longer be specified.

If the values are given as ranges, these do not relate to a single, individual car and do not constitute part of the offer. They are intended solely as a means of comparing different types of vehicle. Extra features and accessories (attachments, tyre formats, etc.) can change relevant vehicle parameters such as weight, rolling resistance and aerodynamics and, in addition to weather and traffic conditions and individual handling, can also affect the fuel consumption / energy consumption, the CO₂ emissions, the range and performance values of a car.

You can find more information on the difference between WLTP and NEDC at www.porsche.com/wltp. Further information on the official fuel consumption and the official specific CO₂ emissions of new cars can be found in the 'Guide to the fuel consumption, CO₂ emissions and energy consumption of new cars', which is available at all points of sale and from DAT (Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Str. 1, D-73760 Ostfildern) or at www.dat.de/co2.
