The Fabuwood promise is more than just great looks- it's about lasting durability and true excellence.

After years of working closely with industry experts, we've identified the 12 standards that define our commitment to excellence: our Q12®.

Q12® is at the heart of every cabinet we make, ensuring it's built to last through all of life's everyday moments.

Q1 Element Sourcing

CAREFULLY SELECTED ELEMENTS

To ensure the absolute integrity of our product, each element is carefully selected. We start by choosing only “Grade-A” materials and make no compromises along the way.

Q2 Finishing Process

PRO TOUCH TECHNIQUES

Our Framed and Frameless cabinets offer high-end finishes that are as beautiful as they are durable and practical. Fabuwood’s distinctive pro-touch techniques allow for a sustainable and resilient cabinet finish that is not only easy to clean but will retain its beautiful luster for years.

Q3 Build Techniques

ADVANCED CONSTRUCTION

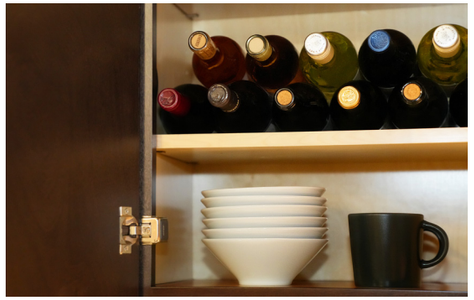

Our Framed Dovetail and Frameless Threespine® construction methods are superior, innovative, and built for a lifetime of use. Our attention to detail, coupled with advanced construction techniques, means a long lasting, superior quality cabinet every time.

Q4 Structural Integrity

ANTI-WARP STRUCTURES

All our cabinets are engineered in a way that eliminates warping, ensuring the cabinets hold up against elemental pressures. Crafted to perfection, every detailed component is created with unfailing durability. Each cabinet we produce is held to a high standard, ensuring long-lasting reliability.

Q5 Load Capacity

METAL SHELF CLIPS

To maintain a maximum level of stability that preserves a shelf’s longevity, these metal shelf clips assure sturdiness and durability. With this feature, your shelves are sure to stand the test of time.

Q6 Back Stability

TOUGH BACK BUILDS

For superior structural longevity, the back builds on the Framed and Frameless series are built tough and easy to install. Our rigorous pressure testing guarantees that our products won’t give in.

Q7 Surface Usability

FLUSH FIT

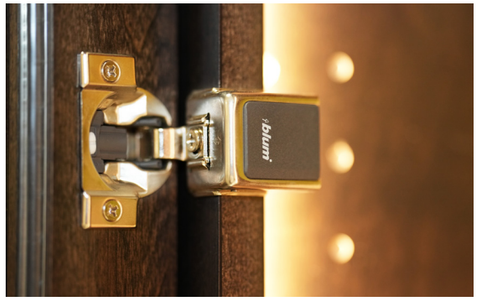

To achieve an attractive appearance that is convenient and practical, our Q12 cabinets are built with a flush fit to ensure smooth surfaces and easy in-and-out access.

Q8 Interior Refinement

UNIQUE INTERIORS

The interior finish of our cabinets is as important as the exterior. Fabuwood offers high end, unique interior finishes for a clean and sophisticated look.

Q9 One-click Install

ONE-CLICK INSTALLATION

In addition to our soft-close action feature, the cutting-edge Blum Compact Clip Hinge allows for lightning-fast one-click installation and release.

Q10 Glide Velocity

FLUID FULL-EXTENSION

Our cabinets are built with smooth full-extension glides to guarantee an enhanced running action that maximizes its storage to full capacity. Fabuwood manufactures its cabinets with Blum's tandem plus runners and soft-closing technology, utilizing space while also preventing damage and deterioration.

Q11 Drawer Leveling

EZ LEVEL DRAWER FRONTS

On both framed and frameless products, to achieve an aesthetically graceful balance and ensure proper drawer alignment and function, our cabinets use an effortless system, utilizing a degree of mechanical precision for installing perfectly positioned drawer faces.

Q12 Lifetime Warranty

LIMITED LIFETIME WARRANTY

Our integrity-defining limited lifetime warranty is our commitment to quality and excellence. The warranty reflects our pledge to always back our cabinets while delivering an immaculate product. With precise crafting techniques, Q12 cabinets are poised for a lifetime of use.

Our acclaimed Q12® cabinets are backed by a ***Limited Lifetime Warranty***

Our Limited Lifetime Warranty reflects our commitment to excellence and uncompromising quality. Like our Q12® certification, the warranty confirms our pledge to our customers and our products, bringing you the best in the industry.

The Limited Lifetime Warranty is available for all of our product lines.

Frameless

Frameless cabinetry captures the essence of modern European design, functional, refined, and effortlessly stylish. With doors that attach directly to the cabinet box, it creates seamless lines and a smooth, cohesive look. Minimal gaps and clean edges give any space an open, elevated feel. Available in glossy, textured, or matte finishes and two sleek door styles. Perfect for design-forward homeowners who love minimalist style, natural warmth, and the precision of frameless construction.

Cabinet Lines

Frameless Box

Engineered for precision and practicality, frameless construction eliminates the face frame to maximize space and give full-access to the cabinet. Durable BLUM hardware ensures reliable motion and lasting alignment, while adjustable shelving and concealed toe kicks enhance function and flexibility. Built for seamless installation and consistent performance, it delivers strength, stability, and everyday efficiency.

Ovela

- ¾" Plywood construction
- Solid wood dovetail drawer box with soft-close
- ¾" plywood adjustable shelves
- UV Veneered natural wood interior finish
- Built-in recessed toe kick

Illume

- ¾" Engineered Furniture Board
- BLUM Merivobox with soft-close
- ¾" furniture board adjustable shelves
- White Linen interior finish
- Adjustable legs

Framed

Framed cabinetry embodies the timeless proportions and familiar stance of classic American design. Defined by its structured borders and balanced symmetry, each cabinet features a visible frame that adds depth, character, and a sense of craftsmanship to the space. The shaker-inspired aesthetic brings warmth and refinement, blending traditional appeal with modern simplicity. Perfect for transitional homes, framed cabinetry offers a look that feels enduring, welcoming, and beautifully composed.

Galaxy / Cloud White & Pitch Black

Cabinet Lines

Framed Box

Engineered for strength and reliability, framed construction features a solid wood front frame that provides structural stability and maintains perfect alignment. Precision BLUM undermount slides and quick-release hinges ensure smooth, consistent performance and ease of access.

Adjustable plywood shelving and a recessed toe kick offer everyday practicality, while dovetail drawer boxes reinforce long-term durability. Designed for homeowners who value craftsmanship and tradition, the framed box delivers proven installation performance with a sturdy, dependable feel.

Allure

- ½" Plywood construction
- Solid wood dovetail drawer box with soft-close

Sustainability
Our Commitment

Our energy-efficient facilities use LED lighting, automated lines, and smart systems to cut consumption and emissions at every stage. LEAN manufacturing and preventative maintenance reduce waste and optimize resources, while strict air-quality standards ensure a cleaner, safer workplace.

Through our Continuous Improvement and Wood Recovery Programs, we repurpose wood scraps and packaging materials, and our partnership with WestRock enables eco-friendly shipping using recyclable, renewable corrugated boxes. Beyond production, we foster a sustainable culture, prioritizing employee well-being, inclusivity, and growth.

No Bull
Can Break It

In AWI testing, our cabinet body construction achieved Duty Level 4, the highest possible rating for structural strength.
