Drag and drop actions onto keys in the Stream Deck app.

Click on a key to open the Property Inspector and configure the action.

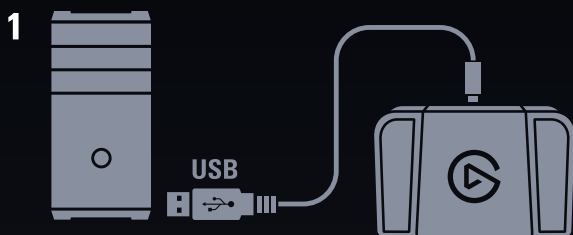

Compatible with:

STREAM DECK

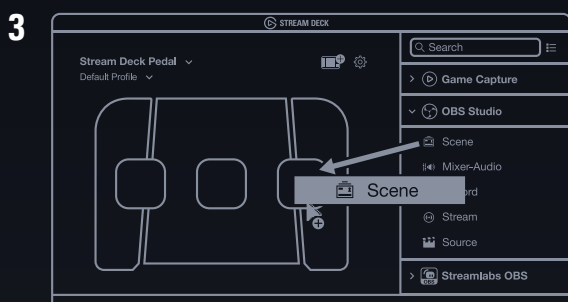

SETTING UP STREAM DECK PEDAL

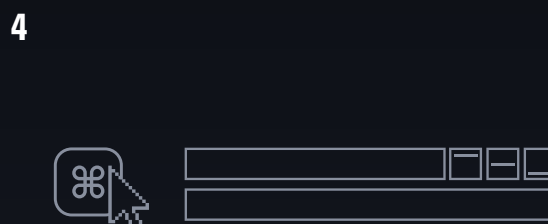

Connect Stream Deck Pedal directly to a USB port on your PC or Mac.

Download and install the Stream Deck app from elgato.com/download.

Drag and drop actions onto pedals in the Stream Deck app.

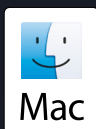

Click on a key to open the Property Inspector and configure the action.

Pro tip

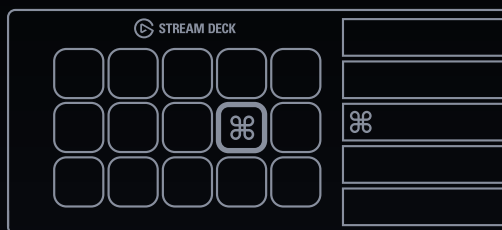

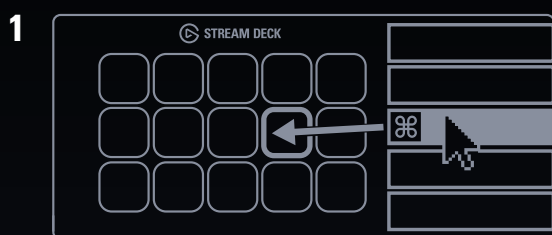

Instead of Folders, use Smart Profiles with Stream Deck Pedal to automatically switch your pedal's action layout when you bring an application to the foreground.

Compatible with:

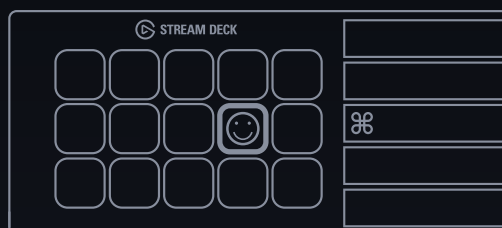

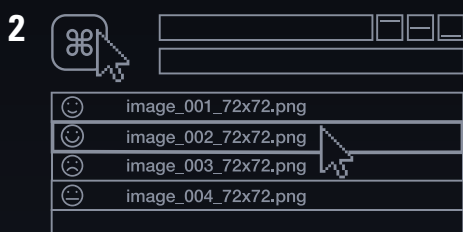

CUSTOM ICONS

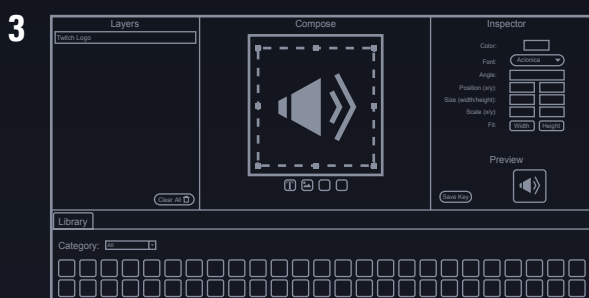

CREATE PERSONALIZED ICONS WITH KEY CREATOR

Launch the app to begin customizing Stream Deck. Drag actions from the action list and drop them onto keys.

Customize keys with PNG and JPG images, or animated GIFs. We recommend a resolution of 72 x 72 for custom images.

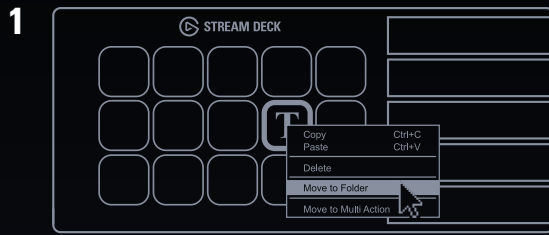

Key Creator: quickly and easily create personalized icons right in your browser.

Key Creator shortcut: right-click the icon in the Stream Deck Property Inspector and select „New Icon“.

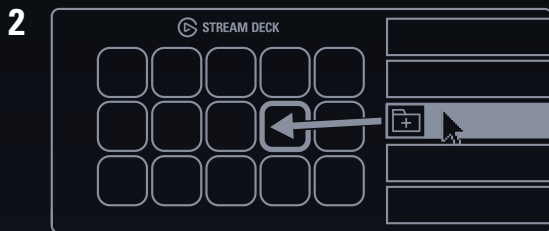

FOLDERS

ORGANIZE ACTIONS BY APPLICATION, MEETING, AND MORE

Right-click on an action and select Move to Folder.

Drag the Create Folder action to a key.

Pro tip

Create folders within folders to organize and access unlimited actions.

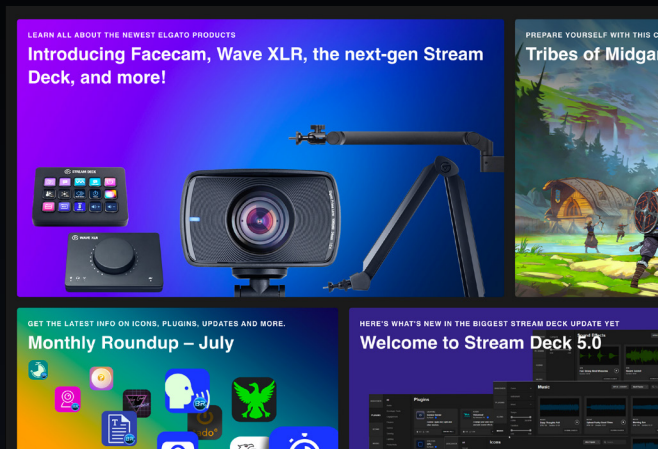

Remember

The Folders action does not work with Stream Deck Pedal.

STREAM DECK 5.0

A new storefront with five sections takes the Stream Deck experience to the next level:

Discover

Find the latest and greatest in the world of Stream Deck. New plugins, updates, tutorials, and partner interviews, plus pro tips to inspire new uses and mastery of Stream Deck's best features.

Plugins

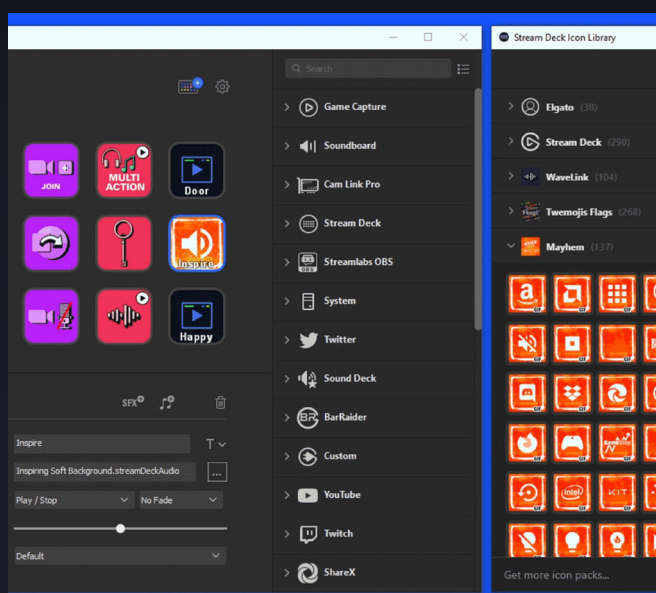

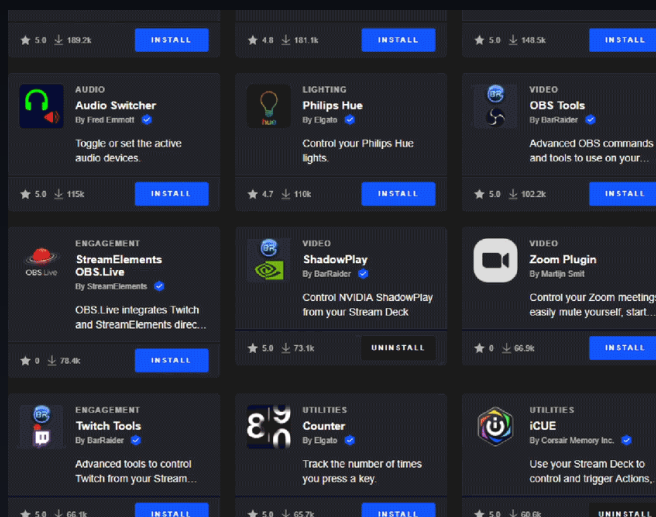

Now it's easier than ever to browse the growing list of Stream Deck plugins.

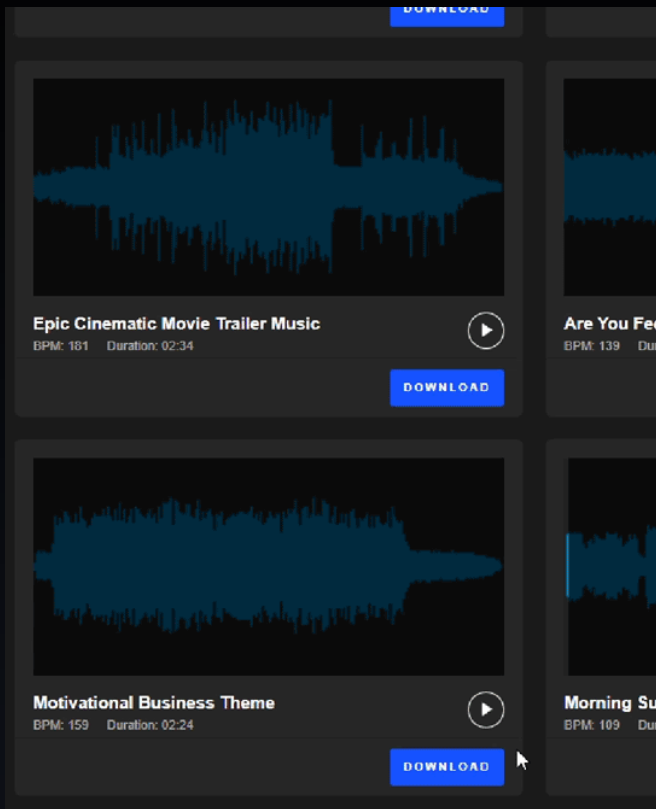

The all-new Plugin section gives you at-a-glance details for quick scanning, while clicking through reveals plugin media, latest version details, compatibility, and links to developer resources.

Icons

You want to make your Stream Deck yours, and with LCD keys the customization possibilities are endless. That's why Stream Deck 5.0 features a dedicated Icons section, which houses ready-to-use icon packs designed by industry pros such as [Visual By Impulse](#).

Simply download an icon pack, and apply one or all the Icons from the all-new Icon Library.

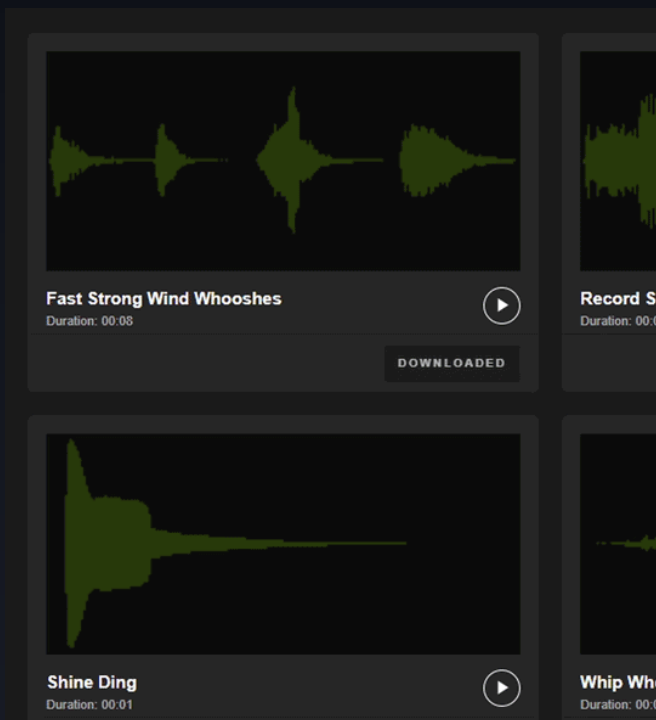

Music

Need the perfect track to start your stream? How about some hip hop, dance, or chill to accompany your intermission screen? Look no further than the Music tab, which contains over 100,00 royalty free tracks covering every genre, instrument and tempo you can think of. That's right – now there's no need to stress about copyright infringements! Learn more about [using Music in your content here](#).

Click the play button to preview a track. If you want it, simply download and add it to your sound Board action.

Sound Effects

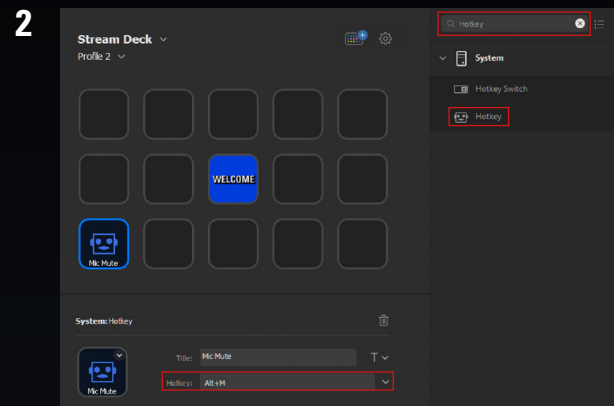

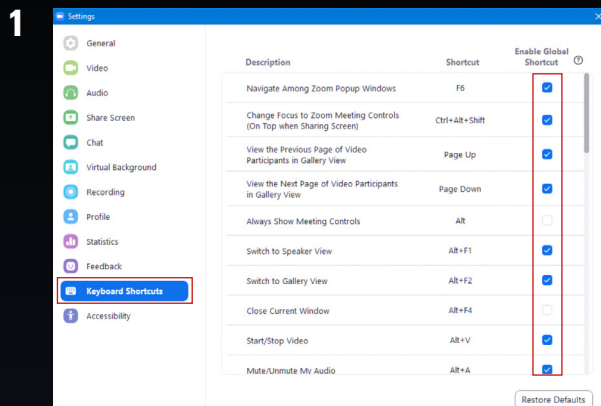

Record scratch, door creak, applause, alien starship flyby – high-quality SFX are just seconds away. With over 100,000 royalty-free sound effects for you to download, our guess is your content is going to become a lot more audio rich. Again, like music, you can trigger Stream Deck effects without being flagged. Learn more about [Sound Effects and copyright](#).

Simply download the sound effect you want, and add it in the Soundboard Action.

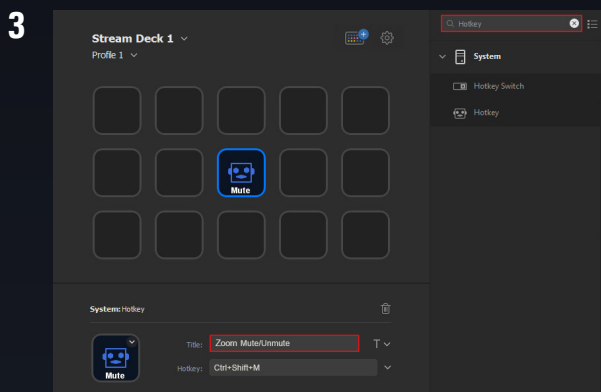

ZOOM

CONTROL ZOOM SETTINGS SUCH AS MICROPHONE MUTE, SCREEN SHARE, AND MORE

- Click on Zoom's Settings and click on Keyboard Shortcuts.
- Check applicable boxes under Global Shortcuts. This will allow shortcuts to be used while Zoom is not the foreground application. Be sure to note your shortcuts for easy reference.

- Open the Stream Deck software and search for Hotkey in the action list.
- Drag and drop the action and select Hotkey near the bottom. Once prompted, press Alt+M.

Name the hotkey „Mute“

- Create a custom mute icon using Key Creator.

Tapping the key will mute and unmute Zoom.

Commonly used Zoom shortcuts

- Start/Stop Video Alt + V
- Mute/Unmute audio for everyone except host Alt + M
- Raise/Lower Hand Alt + Y
- Launch/Stop screen share Alt + S

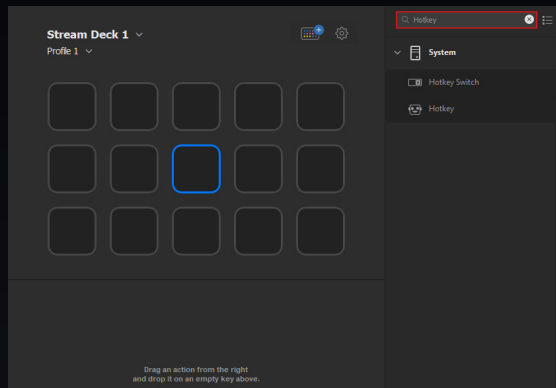

MICROSOFT TEAMS
