

POWERED BY

TALENT IDENTIFICATION PROGRAMME

Video Submission Guide

Everything a player and parent needs to register, record and submit observation videos for the Warwickshire CCC Boys & Girls U13–U18 observations — from start to selection decision.

1 Register online

2 Record & upload

3 Review & result

The process at a glance

Three simple phases take you from sign-up to a selection decision. Read this page first — the rest of the guide walks through each phase with screenshots.

PHASE
1

Register online Web browser

Open the observation link, verify your phone & email, then enter your gender and date of birth — the app automatically places you in the correct age group. Fill in your details and submit.

Open link

Verify phone & email

Gender + birthdate → age group

Submit details

PHASE
2

Record & upload Ludimos app

Download the Ludimos app, log in with your registered phone number, open the observation under Talent Hub, and record each required video — front-on, side-on and multiple angles — then upload.

Upload

PHASE
3

Review & result Pathway Staff

The WCCC Talent Pathway Staff review your videos and mark you Selected, Waitlisted or Not Selected. You can track your status live in the app at any time.

Staff review

Decision made

See your status

Good to know: Your phone number and email are verified once during registration and re-used to log in to the app — so make sure you register with a number you can access. Everything after that happens inside the Ludimos app.

PHASE ONE

01

Register online

Done once, in your web browser. You'll verify your contact details and the system will work out which age group you belong to automatically from your date of birth.

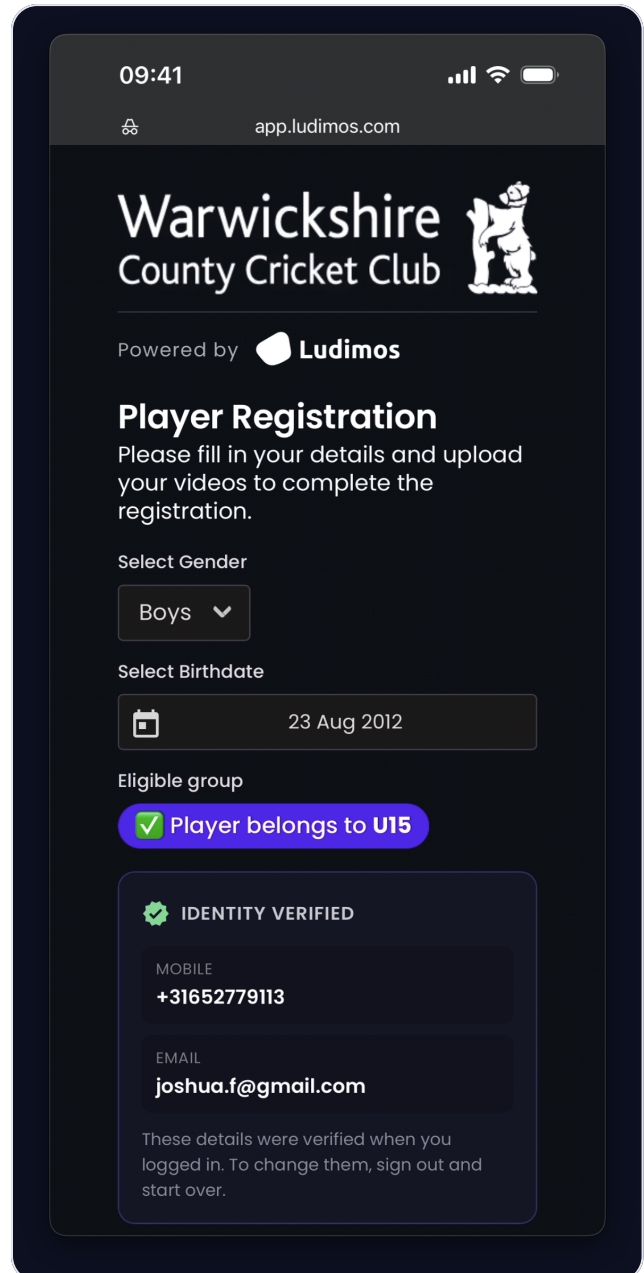

- 1 Open the Warwickshire observation link and tap **Apply for Warwickshire CCC Observations**
- 2 Verify your mobile number and email address
- 3 Select gender + date of birth → your age group is set automatically
- 4 Complete your player details and submit the registration

Phase 1 Registering online

1 Open the observation link

Tap **Apply for Warwickshire CCC Observations** on the landing page. Applications are open for Boys & Girls U13-U18.

2 Verify & pick your group

Your mobile and email are verified. Choose gender and birthdate — your age group (e.g. U15) is set automatically.

Thanks for registering your profile!

You can continue to use Ludimos app to review your videos, analytics and scout feedback.

Open Ludimos app

Already have Ludimos installed? Tap the button above. If nothing happens, we'll send you to the App Store.

If the button doesn't open the app, tap (or long-press) the link below to open Ludimos directly:

<https://app.ludimos.com/talent-id/9a429c...02-dae4e1e49a66>

Copy link

Download on the App Store

Ludimos

4 Continue to the app

After submitting, tap **Open Ludimos app** to move on to Phase 2 — recording your videos.

PHASE TWO

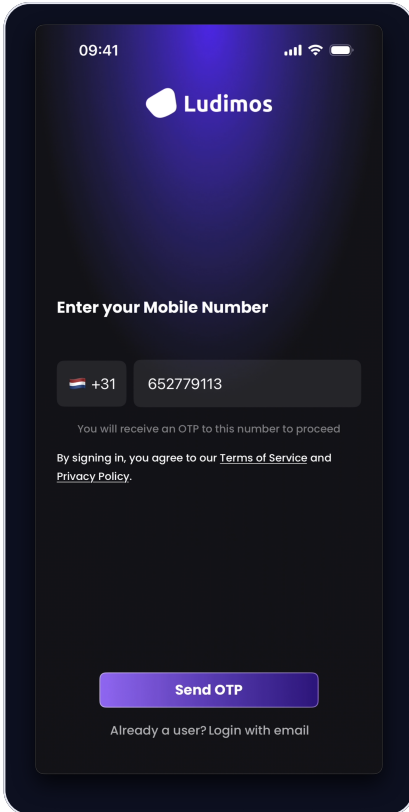

02

Record & upload your videos

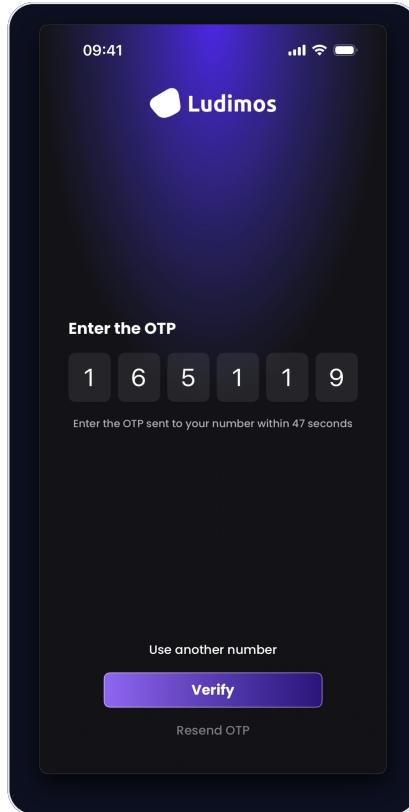

All done inside the Ludimos app. Log in, open your observation, read what each video needs, then record front-on, side-on and multiple angles using the in-app camera before uploading.

- 1 Download **Ludimos** from the App Store or Play Store
- 2 Log in with your registered phone number (OTP)
- 3 Open your observation from the home page or **Talent Hub**
- 4 Read each video's requirements and instructions
- 5 Calibrate, record in the app, then **Upload videos**

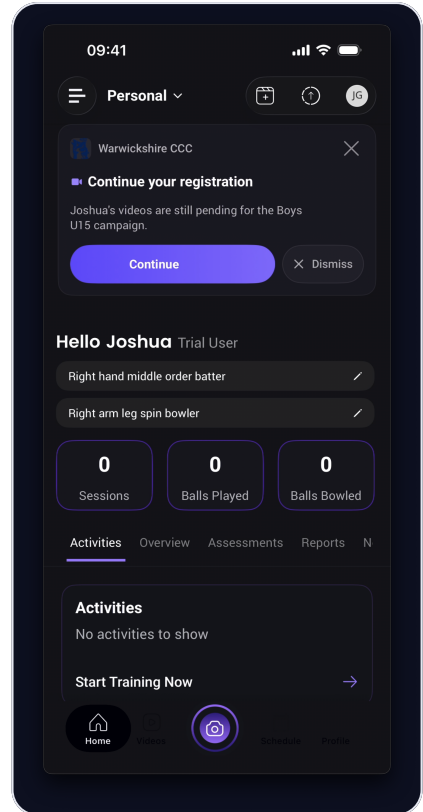

Phase 2 Logging in & finding your observation

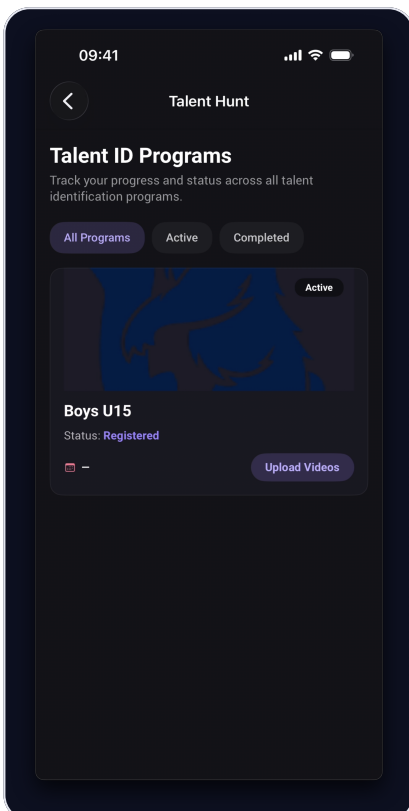

1 Log in
Enter your registered mobile number and tap **Send OTP**.

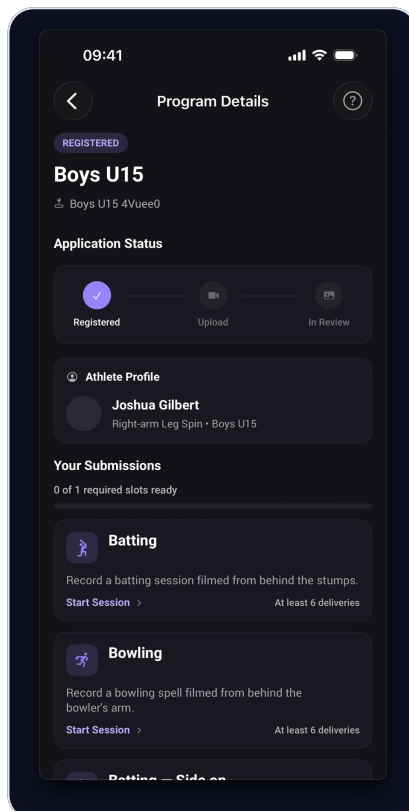

2 Verify OTP
Type the code sent by text and tap **Verify**.

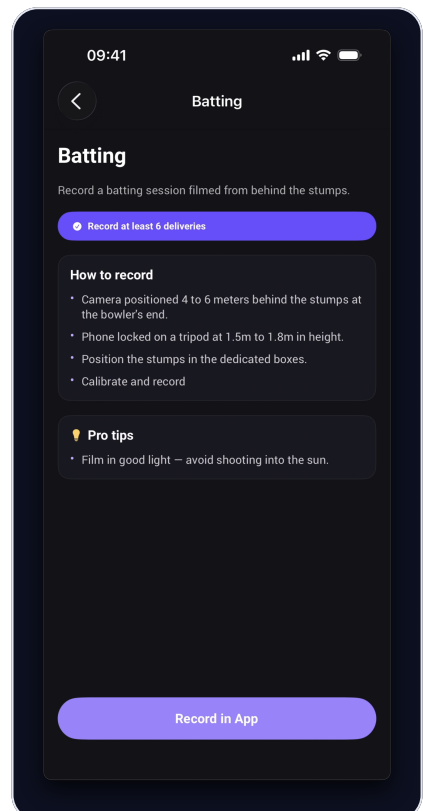

3 Home page
Tap **Continue** on the observation banner, or open **Talent Hub** from the side menu.

4 Talent Hub
Find your open programme (e.g. Boys U15) and tap **Upload Videos**.

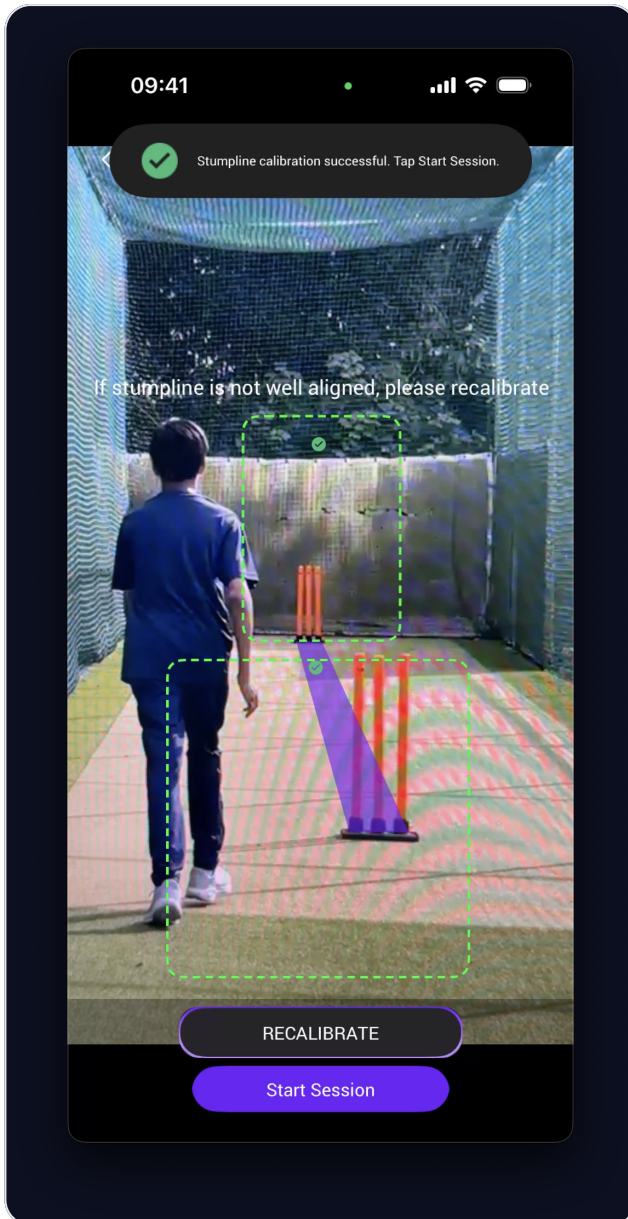

5 Programme details
See your status and the full list of required videos to submit.

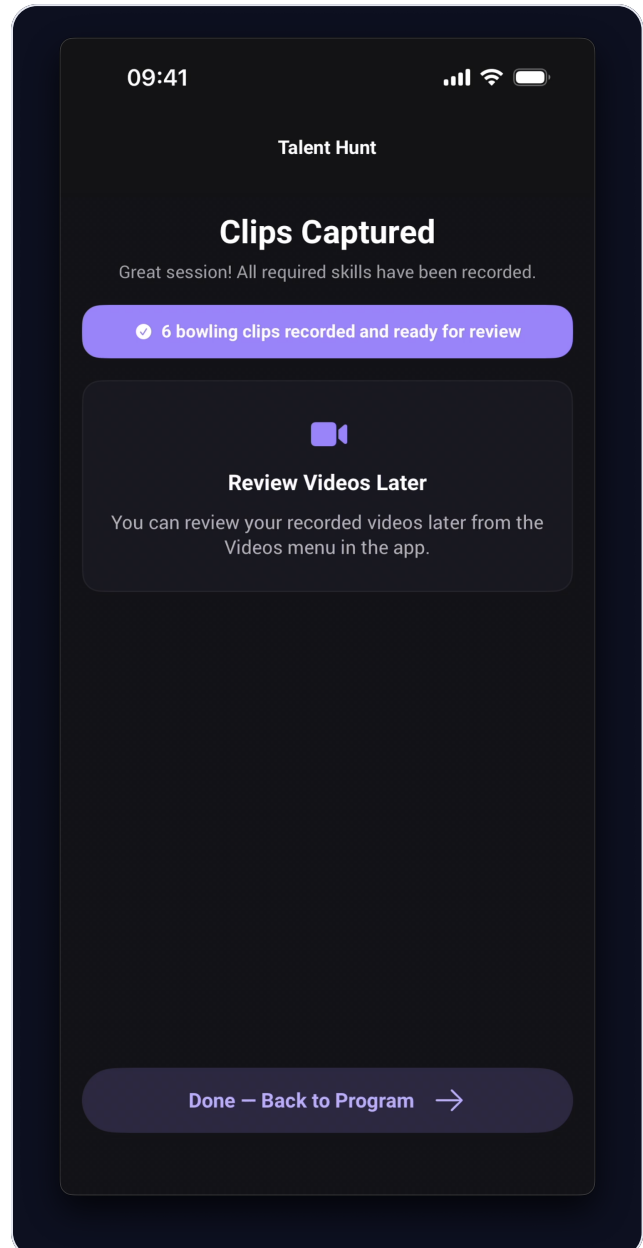

6 Video requirements
Tap any video to see how to record it, the angle and any minimum length.

Phase 2 Recording & uploading

7 Set up & calibrate

Mount your phone on a tripod, align the stumps in the on-screen boxes and tap **Calibrate**, then **Start Session**. This keeps the AI tracking accurate.

8 Capture & upload

Record each required clip from the correct angle. When all clips are captured, tap to upload them for review.

What you'll be asked to record

- › **Batting** — from behind the stumps, at least 6 deliveries
- › **Batting** — **side on** — min 30s, technique & footwork
- › **Bowling** — from behind the arm, at least 6 deliveries
- › **Bowling** — **side on** — min 30s, for action & run-up
- › **Bowling** — **front on** — min 30s, alignment & wrist position
- › **Wicket keeping** — a continuous session plus a side-on view

Same steps for every video: open the video → read its requirements → calibrate → **Record in App** (or **Import from Gallery** where allowed) → upload. Film in good light, keep the phone landscape on a tripod, and avoid shooting into the sun.

PHASE THREE

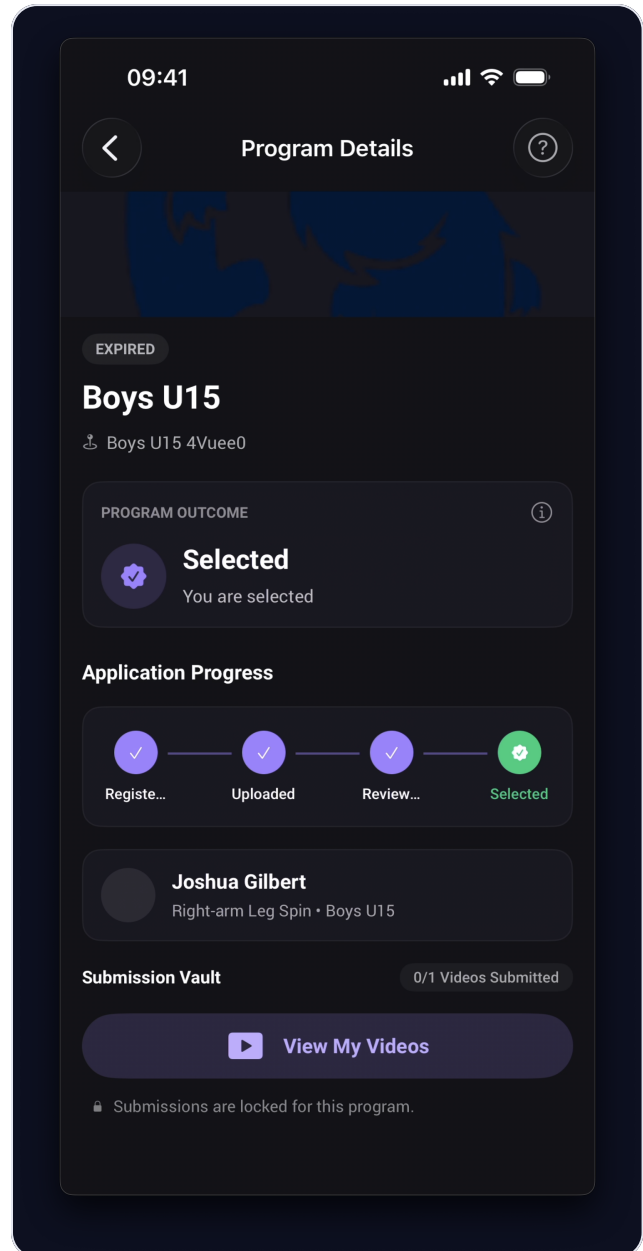

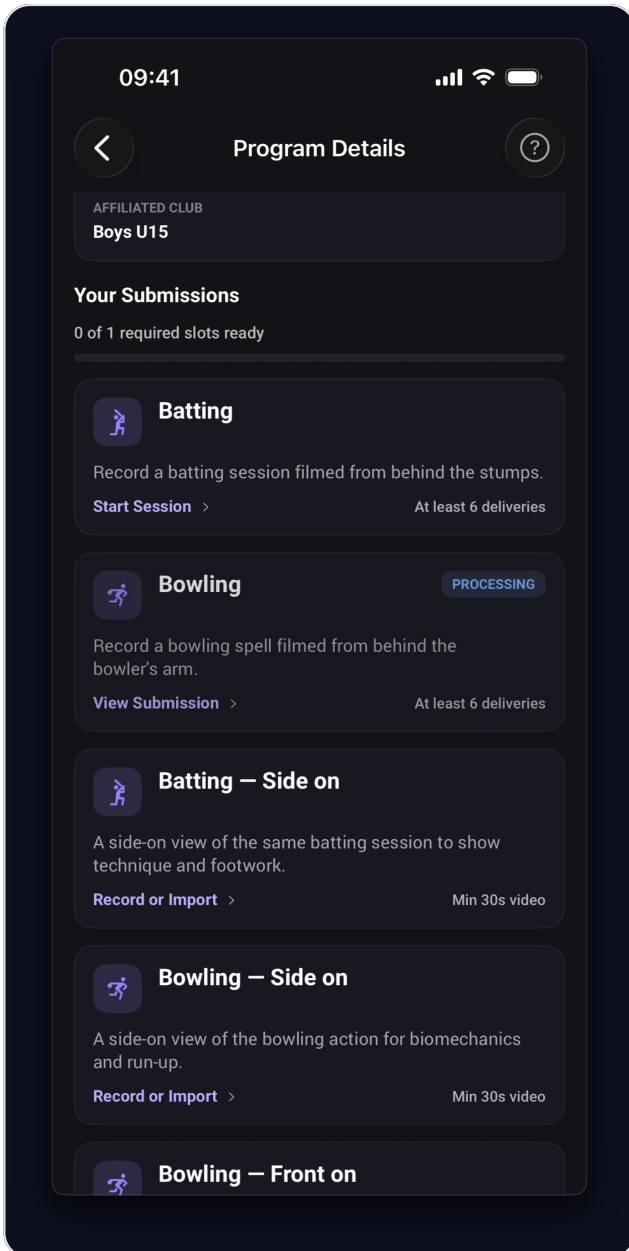

03

Review & result

Once your videos are uploaded, the Warwickshire Talent Pathway Staff review them. You don't need to do anything — just check your status in the app to see the outcome.

- 1 Your uploaded videos move to **Processing**, then to the Talent Pathway Staff
- 2 Talent Pathway Staff review and decide: **Selected**, **Waitlisted** or **Not Selected**
- 3 Open the programme any time to see your live status

Phase 3 **Tracking your result**

1 Videos in review
After upload, each submission shows as **Processing** while the Talent Pathway Staff work through it. You can keep adding any remaining videos.

2 See your outcome
The programme shows your final result — here, **Selected**. The progress bar tracks Registered → Uploaded → Reviewed → Selected.

What your status means

- **Selected** — you've been chosen for this year's programme. Warwickshire will be in touch with next steps.
- **Waitlisted** — you're being held for consideration. Keep your details up to date in the app.
- **Not Selected** — not selected this year. You're welcome to apply again in a future intake.

You'll find your status under **Talent Hub** → **your programme** at any time. Decisions are final for the current year's intake.
