INNOVATION

Reflect Fabrics proudly manufacturers the world's highest grade of retroreflective omni-prismatic fabric in Australia. The superior reflective fabric is a versatile flexible application with an ability to be transformed into products such as high visibility safety tapes, uniform identification, cone collars, roll up signs, lifeboat markings, mining, road & traffic and safety equipment. The fabric was developed to provide greater visibility standards for workers, their equipment and public awareness in all industries such as mining, emergency, civil and utility services, councils, construction and government agencies.

The Reflect Fabrics high performance range of materials and tapes have been designed to withstand all harsh weather conditions typically found throughout Australia, and the world. The reflectivity is equally effective in day, night, rain or when used underground. Reflect Fabrics technology requires no access to maintenance or power. The sustainable product has a long lifespan.

Ensure Your Staff, Site and Assets are well protected with our non-metalized high visibility Omni Prismatic Reflective Mining Signs and Safety Products. Reflect Fabrics delivers you a comprehensive range of standard and OEM (Original Equipment Manufacturing) safety solutions for the following:

- Mine Sites • Underground Mine sites • Tunnels • Blasting Hazards • Traffic
- Work Zones • Pedestrian & Road Signs • Fire • Emergency Services

Reflect Fabrics' range of mine and tunnel site safety products are designed to eliminate fatalities and serious injuries with the world's highest grade Omni Prismatic Flexible Reflective Material used throughout mining, tunnel, road, safety, construction applications, which improves visibility and safety of workers, in the following applications:

- Danger Sites • Caution • Emergency Related, Safety Instruction signs, Rescue Markers • Traffic
- Fire Service • Directional • Information • Mandatory • Prohibition • Safe Conditions • Location Signs

GLOBAL COMPLIANCY

REFLECTIVE DROPPER WITH SAFETY MESSAGE

**Cable Stop Reflective dropper with safety message
2000mm drop with 400mm square message panel**

These mining Reflective droppers with large safety message panels are made from our Reflective Roll Up material with added stiffening rod insert to keep rigid and a weighted insert to the bottom message panel to reduce movement. As they are designed to hang from the overhead ceiling rods or mesh, which are usually too high to reach, they have a fixed Nickel Hook to the top which stays in place without holding, this allows easy attachment for a worker stood on ground level. This dropper allows double sided viewing messages.

SAFE A FRAMES

Safe A Frames

Safe A Frames are a non metal construction, portable and foldable safety sign. With velcro for interchanging Class 1W reflective and non reflective Sign Panels, allowing you to easily and swiftly change your message, to suit constant changing site conditions. Durably made out of a heavy PVC for longevity and weather resistant. With ground fastening tabs for securing in place.

Two sign faces for holding multiple messages in opposite directions. Ideal for site or area entries, especially in building and construction.

Choose and customise your own message or choose any warning, danger, road or caution sign from our huge range of pre-made and standard signs.

REFLECTIVE VEHICLE AND MACHINERY

Reflect Fabrics specialises in creating products for a constantly changing industry. From concept & design to creation. Designed to your specifications and requirements.

TRUCK CONSPICUITY

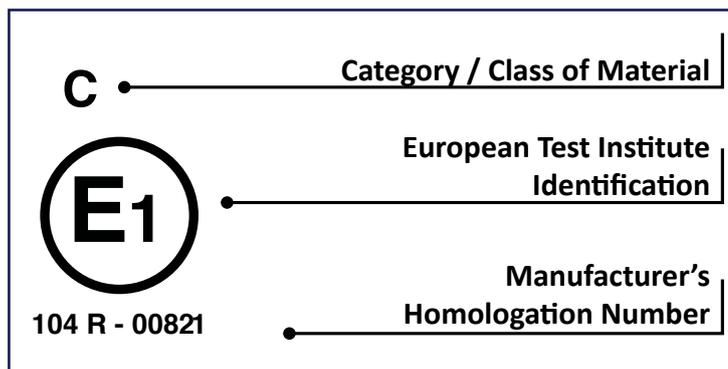

The requirements for this code of practice are based on European regulation UN/ECE104 Uniform Provisions Concerning The Approval of Retroreflective Markings for Heavy and Long Vehicles and their Trailers - which define the performance, placement and material specification of the markings. The Class 1 & Class 2 materials specifications are based on AS/NZS1906.1

This information is endorsed by the ATA (Australian Trucking Association). For comprehensive regulation details please view ATA's Industry Technical Council Advisory Procedure at www.atatruck.net.au

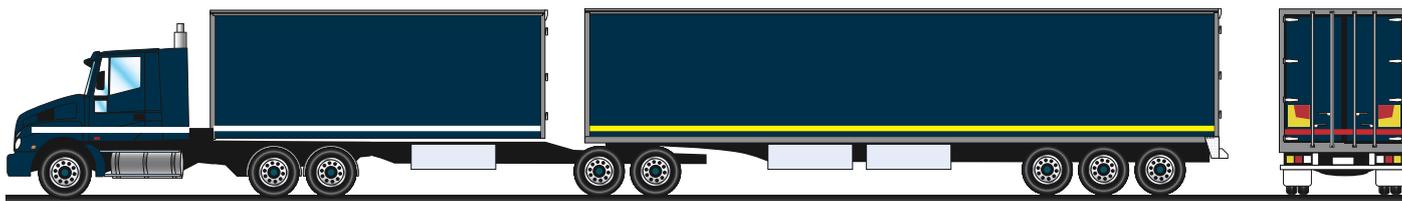

Trucks require retroreflective Class 1 markings on their cab side, trailer side and back. White or yellow along each side of the prime mover and body or trailer side and red across the rear.

Highly reflective, fluorescent wide angle surface delivers outstanding vehicle visibility, night and day. Sealed edges prevents delamination. AS1906.1 Class 1W standards. Strong adhesive provides permanent bond to a variety of surfaces.

IMPORTANT MARKING INFORMATION Look for this on your fleets taping

If you don't see it you may not be compliant!

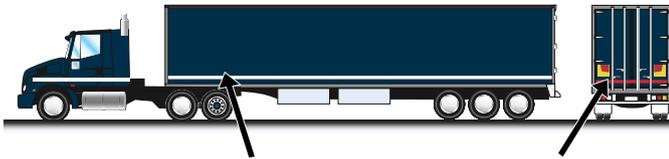

SOFT SIDED VEHICLE MARKERS

Soft Sided Vehicle Markers

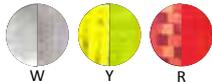

Reflect Fabrics curtain fabric tarp tapes & tags available in retroreflective white and red for maximum high visibility. Flexible fabric tags may be sewn directly to curtain, or fitted as a sleeve over the lower belt end, or high frequency welded directly to curtain for long lasting use. Roll up tape can be sewn directly along the length of the curtain.

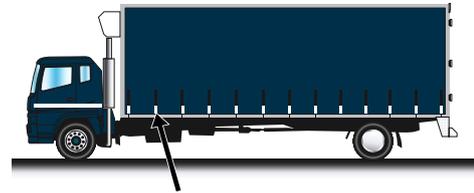

White, Yellow or Red Fabric Roll Up Tape

Code	Colour	Description	Size
TT5045	*	Soft Sided Vehicle Marker Tape	50mm x 45mm
TT7545	*	Soft Sided Vehicle Marker Tape	75mm x 45mm
TT10045	*	Soft Sided Vehicle Marker Tape	100mm x 45mm

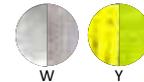

* add your chosen colour from the above options

White or Yellow Fabric Tarp Tags

Code	Colour	Description	Size
TTG55100	*	Soft Sided Vehicle Marker Fabric Tags	55mm x 100mm
TTG65200	*	Soft Sided Vehicle Marker Fabric Tags	65mm x 200mm

* add your chosen colour from the above options

RIGID STRIP MARKINGS

Rigid Strip Markings

REFLECT FABRICS range of pressure sensitive vehicle marking tapes are specifically designed for marking aluminium, stainless steel and automotive paint offering the brightest visibility for better viewing. Rigid strip tapes incorporate the European  marking as required.

White, Yellow or Red Fabric Adhesive Tape

Code	Colour	Description	Size
VMA5045	*	Rigid Strip Marking Tape	50mm x 45mm
VCA5045	*	Rigid Strip Marking Tape	50mm x 45mm
VMM5150	*	Rigid Strip Marking Tape	51mm x 50mm

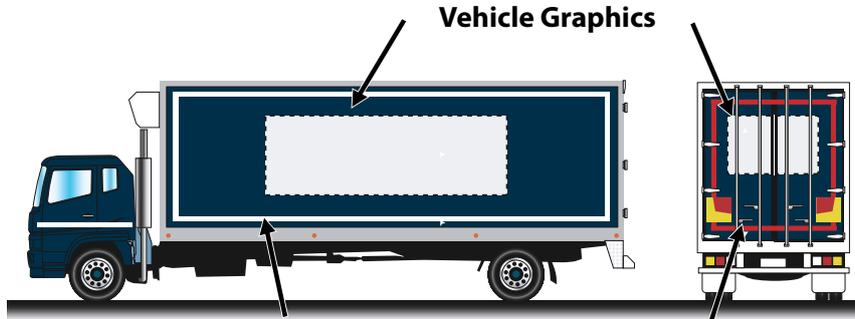

* add your chosen colour from the above options

SOFT SIDED VEHICLE MARKERS

Soft Sided Vehicle Markers

Contour markings are required to enclose the graphic area when retroreflective graphics, numbers or logos are present on trucks. REFLECT FABRICS contour markings are Class 1 Retroreflective material when used with Class 2 Graphics. Contour tapes incorporate the European (E) marking as required. Fabric contour strips can be used on curtains.

Yellow or White Contour markings on side and red on rear

Code	Colour	Description	Size
VMA5045	*	Soft Sided Vehicle Marker Tape	50mm x 45mm
VCA5045	*	Soft Sided Vehicle Marker Tape	50mm x 45mm

Reflect Fabrics Pty Ltd

BSB: 064844 Account Number: 10012980

GENERAL CONDITIONS OF SALE

All goods supplied by Reflect Fabrics Pty Limited (here in after called "the company") are supplied in accordance with these terms and conditions of sale of sale.

1. These terms and conditions including the terms and conditions overleaf constitute a complete and exclusive statement of the agreements and understandings between the company and purchaser with respect to the subject matter hereof, notwithstanding any conditions to a contrary effect which may be expressed in any of the company's documents and supersedes all prior arrangements written in oral. All additions and modifications to these terms and conditions of sale shall be in writing and shall be signed by both parties and attached hereto as the "schedule". In these conditions "purchaser" is the person, firm or company who or which who is purchasing the goods as subject of the quotations or contract.
2. By acceptance of deliveries made in pursuance of any purchase order placed upon the company, purchaser accepts the terms and conditions contained herein. The company's failure to object to any term or condition contained in any communication from the purchaser shall not be deemed to be a waiver of these terms and conditions.
3. The company warrants that the goods supplied by it as "A" or "First Grade" shall be free from defects in workmanship and materials. The company's sole responsibility under this warranty will be to repair or replace, at the company's option, any goods which fail; because of a defect in workmanship or material or to credit the purchaser's account with the value of any goods which are defective.
4. Subject to any legislation to the contrary, no warranty is given in respect of goods described as "B" or "Seconds" and purchaser shall accept such goods including all defects that may be contained in them.
5. Subject to any legislation-
 - a. Representations and agreements not expressly contained herein shall not be binding upon the company as conditions, warranties or representations.
 - b. All other conditions, warranties and representations in the part of the company whether expressed or implied, hereby expressly navigated and excluded.
 - c. Any advice or information provided by the company in relation to goods sold or manufactured by it or their use under any specific conditions, the life and wear of the goods or their immunity from the possibility of attack by corrosion, pitting, erosion, chemical, electrolytic action or otherwise is given in good faith and is believed by the company to be appropriate and reliable but is given without liability as to the suitability of the goods for any purpose.
 - d. The company shall not be liable for any loss or damage arising from the failure of the goods or from the design or operation therefore for any advice provided in connection there with in.
 - e. The company shall be under no liability to purchaser for any loss (including but not limited to loss of profits and consequential loss) or for damage to persons or property or for death or injury caused by any act or omission (including negligent acts or omissions) of the company, its servants or agents
6. All promises of delivery are made in good faith in light of conditions and circumstances prevailing at the time. The company shall not be liable to the purchaser for any damage, injury or loss (including but not limited to loss of profits or consequential loss) arising out of any delay in or failure to make delivery of the goods
7. Supply of goods is subject to the company's availability schedule. As it may from time to time be impossible to supply any or the exact quantity of goods ordered, the company reserves the right to reject any order, supply a lesser quantity or up to 10% in excess of the goods ordered, to purchaser's account.
8. No orders or any part of any order shall be cancelled or rescheduled except with the prior written consent of the company and upon terms that will indemnify the company against all loss and damage suffered by the company as a result of such cancellation or rescheduling.
9. Purchaser shall accept or reject goods supplied hereunder within 10 days from receipt. If purchaser fails to notify the company in writing of its rejections and the reasons therefore within such time period, purchaser shall be deemed to have accepted the goods.
10. Proof of delivery will not be provided later than one month after statement date. Thereafter all goods will be considered to have been delivered in good order.
11. Returns for any reasons cannot be made-
 - i. Without the prior written authorisation of the company; and
 - ii. Unless accompanied by a delivery docket showing the company's authorisation reference number. The cost of freight for returned goods shall be at purchaser's expense, unless the Company has previously agreed to arrange for the return of the goods by the Company's nominated carriers.
12. All prices are based on process of material and labour rates at the date of quotation. Any variation may be at the Company's option to Purchaser's account.
13. Prices are exclusive of, and Purchaser is responsible for and shall pay, all sales tax, stamp duties and like levies or taxes.
14. The goods are at Purchaser's risk from the occurrence of the first time of any of the following events:-
 - i. the passing of property to purchaser;
 - ii. the physical delivery of the goods to Purchaser or such other person or premises as Purchaser directs; and
 - iii. the physical delivery by the Company to any carrier or any bailee for delivery to Purchaser.
15. Unless otherwise agreed to in writing by the Company, goods are not insured in transit. If Purchaser required cover to be effected on his behalf, full details must be supplied with the order and all resulting charges will be to Purchaser's account.
16. Unless otherwise agreed to in writing by the Company, customised orders will require a 50% deposit and then paid immediately on delivery by Cash, Credit Card, Cheque or Direct Banking. All other orders will be paid immediately upon delivery of goods either via COD, Direct Banking, Credit Card or Cheque. Upon application a 30 day Nett trading account may be provided.
17. Purchaser acknowledges that he is in possession of the goods supplied by the Company solely as bailee for the company until such time as the purchase price thereof has been paid in full to the Company, when title to the goods will pass to the purchaser.
18. If Purchaser fails to pay the purchase price within the period specified in condition 16 or such further period as is agreed between the parties or otherwise breaches any of these conditions or becomes insolvent or takes the benefit of the bankruptcy laws or being a company enters into liquidation (except for the purpose of solvent amalgamation or reconstruction) the Company shall be entitled, without prejudice to any other right hereunder or at law, to enter Purchaser's premises in which the goods are located and repossess the goods, and, for this purpose, Purchaser hereby permits the Company to enter those premises without hindrance or obstruction. If the goods are located other than at the purchaser permits the company to repossess the goods.
19. The contract between the Company and the Purchaser shall be governed by and construed in accordance with the laws of Queensland and by the applicable laws of the Commonwealth of Australia, and the Courts of Queensland shall have non-exclusive jurisdiction to determine any dispute arising under the Contract.
20. The Company will be allowed to inform Credit Reporting Agency any information allowed by the Privacy Act 1988 (Commonwealth).
