

IMAGINE...

Being born into a Dalit family and being cursed to a predestined life of endless poverty.

THE GOOD NEWS IS...

As a donor you are able to provide access to education that will change all this for generations of Dalit children.

THE CALL FOR SUPPORT

TO BUILD THE UNITED INTERNATIONAL COLLEGE

India Transformed! delivers hope through faith by transforming lives spiritually, socially, and economically. Our programs create opportunities that empower people to shape their destiny by gaining education, knowledge and wisdom to break the cycle of poverty.

OUR VISION

For more than thirty years, India Transformed! along with its Indian counterpart, have partnered together to serve more than 12 million impoverished people who are anxious to know they are loved, their lives have purpose, and that God has a plan for them.

By extending God's love in all we do:

- Children are inspired to learn
- Women are empowered to succeed
- Communities are reached with love and acceptance

Our holistic approach transforms lives and allows people to shape their future and live a life filled with compassion, purpose, and a higher calling.

As India Transformed! broadens its scope, we endeavor to reach young adults to give them an opportunity to attend an international college that will help them discover their potential which will allow them to escape from systemic poverty.

By integrating their faith with their profession, these leaders will launch into meaningful careers filled with a passion to serve others.

These students are the future leaders of India who will embrace equality, social justice, and love for their fellow man that will shape the future of the country.

**Education For Today, Hope For Tomorrow, And
FAITH FOR ETERNITY**

OUR FOUNDER

“When I was 20 years old, I had a near death experience and dedicated my life to serving the Lord.

India is my home and I have been called to serve its poorest people. People need faith and hope for a better future. They need education to be able to read and understand their choices to make lasting decisions.

Ten years ago, I had a vision to expand our programs to reach the next generation of leaders by building a faith-based college for young adults that would be affordable to all regardless of caste, gender, or religion.

In 2020, by the grace of God, a donor purchased the land to make this vision a reality.

Together it takes faith and education to break the cycle of poverty for future generations. This is how India will be transformed.”

John Peter, Founder and Director

OUR HISTORY

MILESTONES

- 1987**
 - John Peter receives his calling to serve the poor
- 1988**
 - Mission Training Center established
- 1992**
 - Partnership with India Transformed!
- 2001**
 - United School opens to educate poor children
 - ARISE! Women's Program launches
- 2012**
 - Private Christian School opens, K-10
- 2019**
 - Grades 11 and 12 are added
- 2021**
 - Private School expansion, K-12
 - Land for college is purchased
 - College classes start online
- 2022**
 - College construction starts
- 2024**
 - College opens its doors
- 2025**
 - College construction completed

WHY EDUCATION?

28% of people in India live in extreme poverty earning less than \$2 a day
(United Nations)

Only 11% of people in India have a college degree because it is unattainable and unaffordable
(AISHE)

25% of children have no access to education
(Unicef)

67% of students drop out of school before grade 10 due to financial hardship
(AISHE)

45% of girls are married as child brides
(The Lancet)

70% of women in Dalit villages are uneducated
(WCC)

The caste system continues to oppress the poor. Every week in Dalit communities there are 13 murders, 5 homes are burned, 6 people are abducted and 21 women are raped.
(WCC)

WHY INDIA TRANSFORMED?

WE SERVE THOSE WHO NEED THE MOST HELP BY ADDRESSING THE SYSTEMIC CAUSES OF POVERTY USING A HOLISTIC APPROACH.

Social Poverty

Social stigmas caused by the caste system involve discrimination which leads to social isolation and depression. Illiteracy, alcoholism and abuse plague families. Gender inequality treats women as property and they suffer from domestic violence and abuse.

Spiritual Poverty

According to Open Doors, India ranks 10th in the world for religious persecution which has increased 425% in the past five years. Religious minorities all live in constant state of fear, retaliation and intimidation. Anti-conversion laws limit religious freedom and result in unjust treatment and jail time."

Economic Poverty

About 28% of all Indians live on less than \$2 day (U.N.) which leads to child labor and malnutrition. All people deserve the opportunity to earn an income that can support their families and live a prosperous life. All Indians need access to quality education and training.

OUR IMPACT

We aim to liberate people from the oppression of poverty through these four main programs that empower people with faith and education.

Lal Mohan

grew up in our Children's Program and is now studying to be a doctor.

Johanna Grace

received the highest score on the national exam placing her in the 97th percentile. She is studying finance.

Child Development Centers

5,000+ children served

- Provides love, care, food, clothing, and education to 500 children in 12 communities.

United International School, K-12

10,000+ graduates

- Private school for 1,000 students coming from diverse economic and faith backgrounds.

ARISE! Women's Empowerment

1,800+ women gainfully employed

- Six-month vocational training program that offers literacy and tailoring skills resulting in an employment rate of 98%
- Builds trust, faith, self-esteem, and confidence to create self-sufficiency to support a family.
- ARISE graduates discover a renewed sense of life and purpose.

Community Transformation

1,600+ churches established.

- Two-year pastoral leadership training focused on a combination of education, vocational training, and field based training.
- Community classes in literacy, social entrepreneurship, business management, personal finance, health, and hygiene.
- More than 12 million people reached.

Introducing

UNITED INTERNATIONAL COLLEGE (UIC)

This is an incredible opportunity for deserving students to fulfill their academic dreams by pursuing their career aspirations which will break the bondage of systemic poverty.

- **Nationally, only 33% of students graduate from grade 10. Of those, only 27% pursue higher education (AISHE).**
- **23% of young adults are unemployed because they lack job skills (Statista).**
- **Only 8% of Indians are college graduates (2011 census)**

Education is the key to opening the possibilities of God's purpose in these young lives. The obstacles they face, the lack of affordable tuition combined with a lack of scholarships and the ability to qualify for a loan, make college unattainable for students that attend our Child Centers and for many attending our private school.

The Impact

Our response is to provide a continuum of education for all students regardless of caste and faith that is affordable and at-

tainable. This concept is both daring and pioneering within the Indian culture by blending all castes to teach tolerance and collaboration in an inclusive campus.

UIC will provide a robust scholarship program to 40% of the student body.

Students attending the private school can now continue with their education. Children from rural areas attending our Child Development Centers will now have the opportunity to attend college by residing in the dormitories. Remedial learning will help these students to be able to achieve their goals.

Tuition will be affordable.

The annual tuition and fees will be set at \$1,800 and with room and board it will cost \$1,800. This is a fraction of the cost in comparison to other Indian colleges averaging around \$5,000.

UIC is located in Bangalore, a city regarded as the Silicon Valley of India, where job opportunities await for those with the skills and qualifications.

Bachelor's degrees in the following high demand fields are offered in:

Humanities

Accounting

Computer Application

Business Administration

Nursing

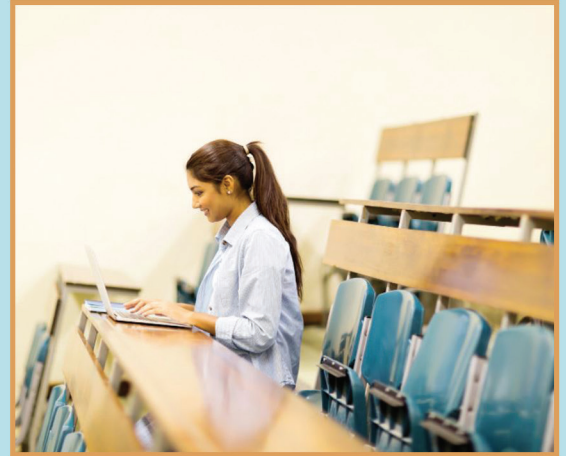

Math and Science

Overview

COLLEGE CAMPUS

The college plans to educate approximately 900 students a year from various economic, faith and caste backgrounds to discover their potential.

UIC College

UIC College will host these schools in the South wing:

- Business Administration
- Finance
- Computer Technology
- Math
- Science
- Humanities

Graduate Program

Master's Programs in business administration, accounting and management are preparing students to succeed in a global economy.

Nursing School

Our nursing school will include labs, clinics, lecture halls, classrooms, and a mobile clinic.

C

Leadership Training Center

The leadership training center will house a training program and be a conference hub for furthering leadership and education.

D

Student Activity Center

The student activity center will host:

- Cafeteria
- Gym with a pool
- Banquet hall
- 22 quad dorm rooms for 88 female students

E

Auditorium

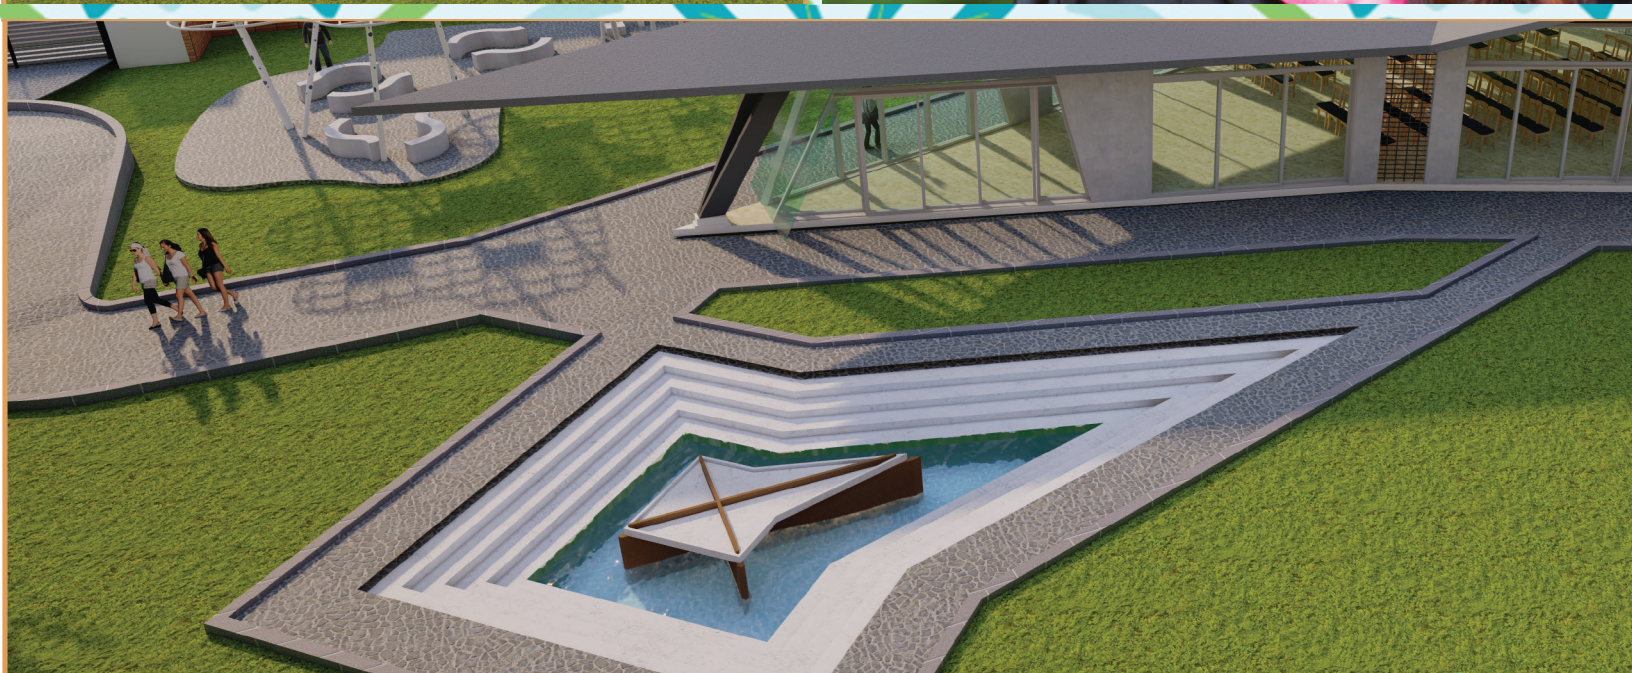

The auditorium will seat 1,000 people in a state-of-the-art facility. This multi-functional space can be used as a rental facility to generate a source of sustainable revenue.

F

Fellowship Hall

The fellowship hall will hold 250 people and serve as a multi-purpose area. The outdoor fountain will be a place for prayer and meditation.

TIMEFRAME

- Spring 2024: First Graduation Class
- Summer 2024: Classrooms open
- Fall 2024: Fellowship Hall dedication
- Spring 2025: Nursing College, Graduate School
- Winter 2025: Leadership Training Center, Dorms, Student Activity Center, Cafeteria, Gym, Auditorium, Banquet Hall

BUDGET

Where We're At:

Project Cost	\$21,000,000
Funds Received	\$19,361,783
Funds Needed	\$1,638,217

How we plan to

FUND THE VISION

We are looking for partners who align with our vision. This includes like-minded donors, foundations, churches, and corporations.

Our goal is to receive gifts in these ranges:

Gift Range	# of Gifts	Giving Opportunities
\$1,000,000	1	Main College – Building A
\$500,000	1	Auditorium – Building E
\$350,000	1	Graduate School of Business
\$250,000	3	School of Business, Computer or Humanities
\$225,000	1	Student Activity Center
\$100,000	1	Library
\$75,000	1	Athletic Center
\$50,000	2	Cafeteria
\$30,000	1	Alpha & Omega Amphitheatre
\$20,000	11	Labs (Nursing, Computer, Business, Science)

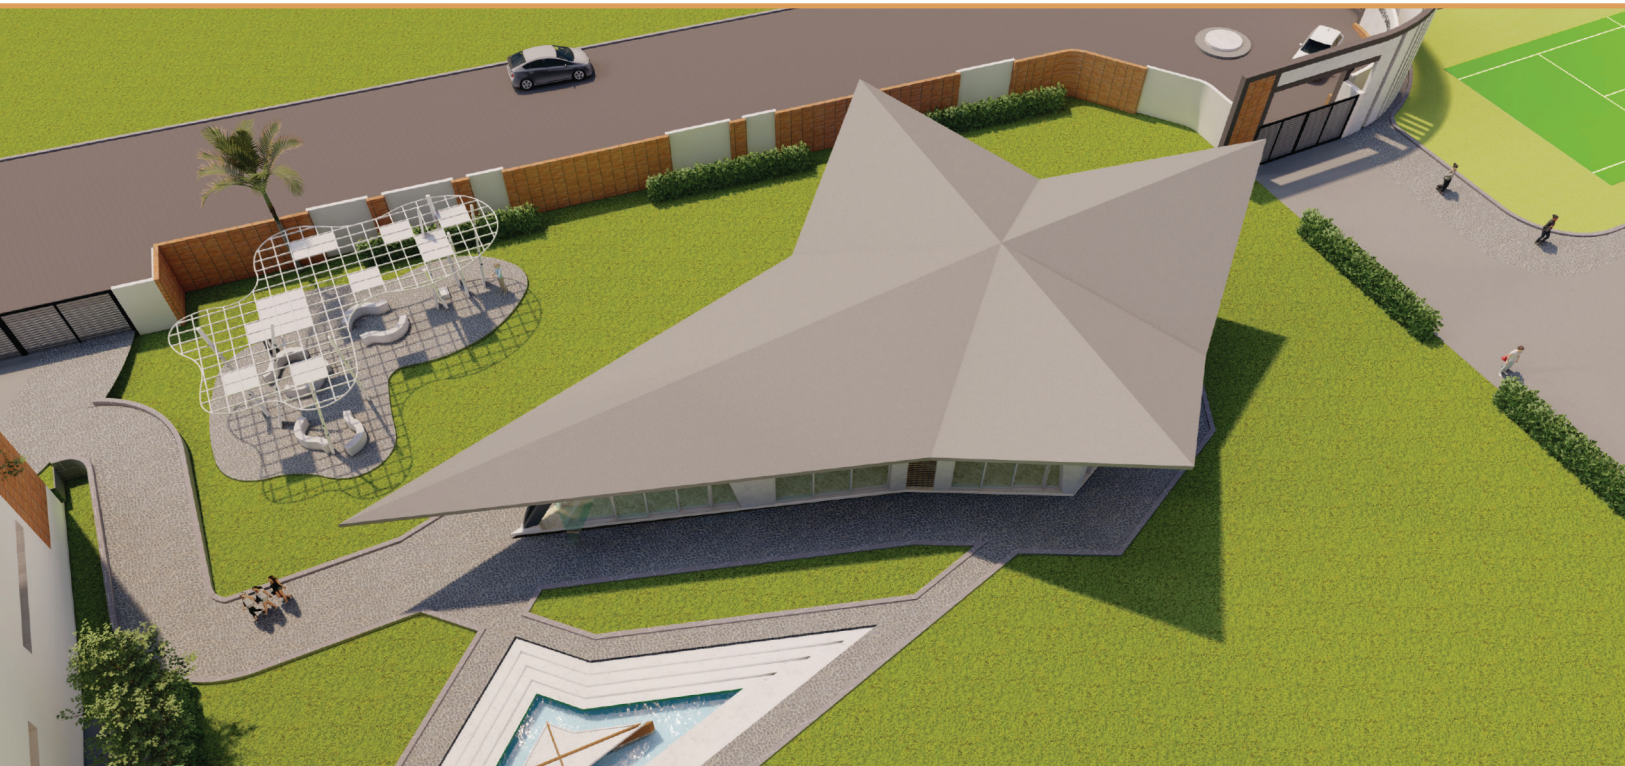

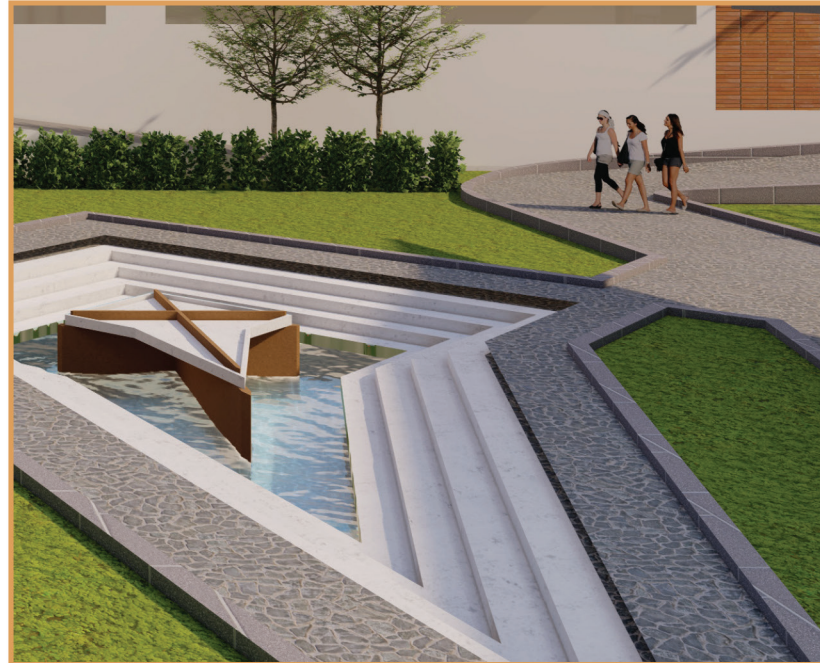

CAMPUS CONSTRUCTION

**Congratulations to
our first graduating
class!**

With this campaign we dedicate ourselves to building the United International College which will provide educational opportunities to all, regardless of caste. This world-class college, with exceptional faculty and facilities, will provide a strong foundation of values that will empower each student to live life with a sense of purpose and a passion to serve others.

PARTNER WITH US

Four years ago this was still just a vision until a generous donor purchased the land to make this possible. More donors have stepped forward to make sacrificial gifts raising \$19.4 million dollars.

Please join in our efforts to build the United International College which will bring quality and affordable faith-based education to India.

Our outstanding graduates will serve with excellence, have compassion for

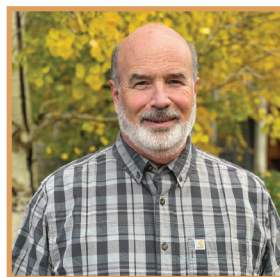

the poor, defend the cause for the widow and orphan, and become champions of social and economic reform that will bring about much needed systemic change.

We have launched a new campaign named, Their Future is my Legacy, to wrap up the final funds needed of \$1,600,000. We need to raise \$265,000 for the next six quarters to stay current with our construction timeframe.

This is an incredible one-time opportunity to make an enormous impact.

THE TIME TO ACT IS NOW!

Time is of the essence and the call for support is urgently needed to finish construction by December 2025.
