

Project A

Latest Update: September 2020

Short Vita Rainer Berak

Rainer Berak is managing director of Project A Services.

Before joining Project A, he managed large scale projects at the international football associations UEFA and FIFA, the global operations strategy team at the Adidas Group and the technology consultancy Accenture. Rainer received his diploma in education science, organizational science and business administration from the University of Cologne (Germany).

Driven by his personal path and his experience as a passionate father, Rainer cares a lot about diversity and sustainability. At Project A, he drives projects related to these themes and is a proud member of "Leaders for Climate Action". He speaks German, English and French, is currently studying Polish. He has also lived and worked in Poland and Switzerland.

Areas of responsibility

- Operational support
- Talent acquisition
- Human resources
