

APPENDIX G: PUBLIC INVOLVEMENT AND AGENCY COORDINATION

APPENDIX G: PUBLIC INVOLVEMENT MATERIALS AND SUMMARY

Dallas Fort Worth International Airport (DFW) is proposing to rehabilitate Runway 18L/36R to address drainage and structural deficiencies, ensure long-term operational reliability, and meet current FAA design standards and AC guidelines. The Proposed Action includes the construction of asphalt overlay, improvements to drainage conditions, modifications and upgrades to Runway 18L/36R information systems, and implementation of a standard maintenance cycle that aligns with previous runway rehabilitation projects.

With Federal Aviation Administration (FAA) serving as the Lead Federal Agency (LFA), an Environmental Assessment (EA) has been prepared in accordance with the National Environmental Policy Act (NEPA) of 1969, which requires federal agencies to analyze the environmental impacts and assess the reasonable alternatives that avoid or minimize adverse effects, consider relevant and reasonable mitigation measures, and provide the public an opportunity to participate in the NEPA process.

Under NEPA, FAA has authority to review and approve federal actions and ensure compliance with NEPA, the Airport and Airway Improvement Act of 1982, as amended, and other regulations. FAA's NEPA policies and procedures are set forth in FAA Order 1050.1G, Environmental Impacts: Policies and Procedures (FAA, 2015), FAA Order 1050.1F Desk Reference (FAA, 2023), and FAA Order 5050.4B, NEPA Implementing Instructions for Airport Actions (FAA, 2006).

The purpose of this Public Involvement Summary is to document the public involvement efforts for the proposed Runway 18L/36R Rehabilitation Project, the Proposed Action. This summary includes public input gathered during the Draft EA and Draft General Conformity public comment period, from February 1, 2026 through March 3, 2026.

1. INTRODUCTION

This summary details the comments received during the Draft Environmental Assessment (EA) and Draft General Conformity Determination comment period as well as responses to those comments.

The views of communities—local residents, the general public, stakeholders, and agencies — are important to the FAA. As such, the FAA has been committed to meaningful public involvement and agency input throughout the NEPA process.

A 30 day period for submitting comments on the Runway 18L/36R Rehabilitation Project at DFW Airport began on February 1, 2026, with the publication of the document on DFW's website. The comment period closed on March 3, 2026.

Public notices announcing the release of the Draft EA, Draft General Conformity Determination, and the public comment period were placed in the *Dallas Morning News* and *Fort Worth Star Telegram* on February 1, 8, 15, 22, and March 1, 2026, for both publications. Notices in *Al Dia* were published in Spanish on February 4, 11, 18, and 25, 2026. DFW email notifications to 15 City administrative staff, including City Managers at these cities: Arlington, Coppell, Euless,

Flower Mound, Grand Prairie, Grapevine, Irving, Lewisville, Southlake, Trophy Club, and Westlake.

This public involvement summary contains the following materials:

- **Comment response matrix**
- **Public comments received during the comment period**
- **Agency comments received**
- **Publication in local newspapers:**
 - *Al Dia*
 - *Dallas Morning News*
 - *Fort Worth Star Telegram*
- **Direct notification to potentially interested community organizations:**
 - Letters to libraries
 - Emails to city staff
 - Fact Sheet and Comment Forms to elected officials
- **Direct mailing to owners and occupants or nearby or affected properties:**
 - Factsheet
 - Comment card
- **Publication through electronic media:**
 - LinkedIn
 - Facebook
 - DFW website

A total of four comment submissions were received during the comment period. Each submission may have included one or more topics. The public comment was received by the online comment form. The EPA and TCEQ submitted their comments via email.

Table 1 shows the total number of submissions and the manner in which they were submitted.

Table 1. Comment Submissions by Manner of Receipt

Comment Response Matrix

Comment Number	File Name	Submission Date	Source (Email, Comment Card, Voice Mail, Online Comment Card, Mail)	Commenter Name	Comment	Draft Response
1	2026_0202_Gelvin_M	2/1/2026	Online Comment Card	Matt Gelvin	I think the duration of the full closure of runway 18L/36R is unacceptably long. While there is a lot of work to be done, there should be other ways to expedite and shorten the time of that it is fully closed. While financial costs are always a burden, in situations like these, the increased cost to get that portion done in a shorter time frame is less than the mental toll of all residents dealing with the increased noise and traffic. We all know that winter weather is unpredictable, so doing the closure during the winter will no doubt increase construction time. In addition, more flight delays occur in the winter, which means more "delayed" late night flights going over the neighborhoods. While one comment won't change anything, please consider finding a way to expedite the length of the time that the runway will be fully closed. Thank you, Matt Gelvin	Thank you for your comment regarding the duration of the proposed closure of Runway 18L/36R and the potential for increased aircraft noise in nearby communities during construction. The full closure of Runway 18L/36R is necessary to safely and efficiently complete the extensive rehabilitation work required to maintain the runway's long-term operational safety and reliability. The scope of work includes major pavement reconstruction, lighting and electrical system improvements, and other airfield infrastructure upgrades that cannot be safely performed while the runway remains operational. The construction schedule was developed to balance several factors, including construction safety, operational efficiency, contractor productivity, and minimization of overall project duration. Performing this work under a full runway closure allows construction activities to occur more efficiently than phased or nighttime closures and ultimately reduces the total time required to complete the project. We have already accounted for a shortened runway closure during the summer peak of 2026 to reduce overall impact and maintain construction production. DFW has successfully finished Runway 17R/35L rehabilitation ahead of schedule by adopting such approach back in 2024. We have incorporated Runway 17R/35L and two previous runway rehabilitation projects' lessons learned into this project. Seasonal weather conditions are considered during project planning; however, construction schedules for large airfield rehabilitation projects must also be coordinated with airport operational demands, ongoing construction projects, contractor availability, and funding schedules. While temporary operational adjustments may occur during the closure period, the project does not involve permanent changes to aircraft operations. The runway will return to normal service once construction is complete, and any temporary changes in aircraft routing or noise exposure during construction would be short-term in nature. DFW Airport appreciates public input and will continue to coordinate construction activities to minimize impacts to surrounding communities to the extent practicable.
2	2026_0312_Houston_R	3/12/2026	Email	Robert Houston	Solid and Hazardous Waste: EPA recommends the EA include a detailed assessment of potential solid and hazardous wastes that may be generated during rehabilitation of the runway. We also recommend the assessment includes estimated quantities and management of solid and hazardous wastes (e.g., on-site accumulation, storage, transportation, off-site management, and disposal procedures). Water Quality: EPA recommends the EA include a detailed discussion of any applicable National Pollutant Discharge Elimination System general construction stormwater discharge permit and regulated entities, ensure consistent application of permitting obligations, and strengthen compliance with federal water quality protections by promoting effective implementation of best management practices. Council on Environmental Quality Regulations: On January 8, 2026, the CEQ issued its final rule to rescind its regulations implementing the National Environmental Policy Act of 1969 from the Code of Federal Regulations. See 91 Fed. Reg. 618 (Jan. 8, 2026). Thus, FAA and Dallas Fort Worth International Airport should consider removing all references to the rescinded CEQ regulations in the EA and replace with alternative authorities or guidance. A CEQ regulatory reference of "Section 1502.06" is found in the EA at Section 7.0, p. 62.	Response #1: A table of solid and hazardous wastes, their estimated quantities, and location or method of disposal was added to Section 5.2.2.2. Response #2: The EA discusses the requirements of the NPDES (TPDES) and SWPPP in sections 4.5.1.1, 5.4.1.2. and 5.4.2. Added information on DFW's MS4 and MSGP programs under Section 5.4.2. Response #3: All instances of CEQ regulations were deleted and replaced with the appropriate authority/policy (see pp. vii, viii, 14, and 63).
3	2026_0226_Thomas_S	2/26/2026	Email	Sarah Thomas	Thank you for the email. We don't have any comments at this time, but please let us know if you receive any comments on the conformity determination.	Comment Noted
4	2026_0306_Riley_J	3/6/2026	Email	Jeffrey Riley	Thank you for providing notification of the Draft EA and Draft General Conformity Determination. I'll note that David Garcia and Guy Donaldson have retired from EPA; please continue to use me as an EPA Region 6 office air quality contact. The Infrastructure & Ozone Section of EPA's Region 6 office has reviewed the submitted documents. Our review is limited to actions that might impact the air quality of an area. The air quality evaluation is well-conducted and correctly addresses the construction AND operational emissions of the proposed action that are subject to CAA general conformity requirements. FAA/DFW Airport has received the necessary TCEQ concurrence to determine that emissions increases will not interfere with DFW-area air quality goals, we appreciate this coordination with the state air quality agency. We have no comments or concerns with the project.	Comment Noted

Esther,

TCEQ has no comments on the GCD. Great work!

Can we please get a finalized version so I can resend to TCEQ and FAA?

Thanks,

Cristian Sigala

Good afternoon Sarah and team,

The 18L/36R Runway Rehabilitation General Conformity document has been updated to reflect the comments received during the public comment period from February 1 through March 3. On behalf of the FAA, we are pleased to share the Preliminary Final Draft of the document for your review and comment.

I've zipped the GCD along with a pdf version here:

[Prelim-Final GCD-Rwy18L36R Rehab.zip](#)

Once we receive your comments, we will incorporate them and resubmit a finalized version of the document.

Please let me know if you have any trouble accessing the files or if you have additional questions.

Thanks,

Cristian Sigala

Good afternoon, Sarah, Jamie, and Cody,

Dallas Fort Worth International Airport (DFW) would like to provide notification that a Draft Environmental Assessment (DEA) and Draft Clean Air Act (CAA) General Conformity Determination (GCD) for the Runway 18L/36R Rehabilitation Project are available for review and comment. The digital version of the DEA with the Draft GCD (Appendix C) can be found at DFW International Airport | Official Website.

We would appreciate any comments that you might have be sent to publiccomment@dfwairport.com with Runway 18L/36R Rehabilitation Project in the subject line. I have attached the public notice that ran in the Dallas Morning News, Fort Worth Star Telegram, and Al Dia starting on February 1, 2026. If you have any problems accessing the documents via the website, just let us know and we can provide a direct link through a file sharing system. While the official public comment period concludes on March 3, we kindly request that any comments be submitted no later than March 13. We truly appreciate your time and input.

Please feel free to share the link to the Draft EA and Draft GCD documents with other members on your team.

Thank you,

Cristian Sigala

REGION 6

DALLAS, TX 75270

March 12, 2026

Ms. Sandra Lancaster
Dallas Fort Worth International Airport
Environmental Affairs Department
3003 South Service Road
Dallas, Texas 75261
publiccomment@dfwairport.com

RE: EPA Draft Environmental Assessment for the Proposed Runway 18L/36R Rehabilitation Project

Dear Ms. Lancaster:

The U.S. Environmental Protection Agency has reviewed the Draft Environmental Assessment by the Federal Aviation Administration and Dallas Fort Worth International Airport for the Runway 18L/36R Rehabilitation Project. The EPA's review is provided pursuant to the National Environmental Policy Act and our NEPA review authority under Section 309 of the Clean Air Act.

The proposed project would rehabilitate the existing Runway 18L/36R to extend its structural lifecycle, enhance safety, and reduce operational impacts and maintenance costs. The proposed project would include pavement rehabilitation and construction of an asphalt overlay, shoulder and blast pad pavement reconstruction, holding pads rehabilitation, new electrical infrastructure, navigational aid improvements, and lighting, signage, and draining improvements. EPA is providing the enclosed comments to assist in the development of the EA.

EPA appreciates the opportunity to review this project and looks forward to continued participation in the NEPA process. If you have any questions, please contact me at

(214) 665-8565, or contact Kimeka Price, NEPA Project Manager for this project, at (214) 665-7483 or price.kimeka@epa.gov.

Sincerely,

ROBERT

Enclosure: EPA's Detailed Environmental Assessment Comments

**EPA's Detailed EA Comments
for the Proposed
Runway 18L/36R Rehabilitation Project
Tarrant County, Texas**

Solid and Hazardous Waste

EPA recommends the EA include a detailed assessment of potential solid and hazardous wastes that may be generated during rehabilitation of the runway. We also recommend the assessment includes estimated quantities and management of solid and hazardous wastes (e.g., on-site accumulation, storage, transportation, off-site management, and disposal procedures).

Water Quality

EPA recommends the EA include a detailed discussion of any applicable National Pollutant Discharge Elimination System general construction stormwater discharge permit and Stormwater Pollution Prevention Plan. Clarifying these requirements will reduce uncertainty for regulated entities, ensure consistent application of permitting obligations, and strengthen compliance with federal water quality protections by promoting effective implementation of best management practices.

Council on Environmental Quality Regulations

On January 8, 2026, the CEQ issued its final rule to rescind its regulations implementing the National Environmental Policy Act of 1969 from the Code of Federal Regulations. See 91 Fed. Reg. 618 (Jan. 8, 2026). Thus, FAA and Dallas Fort Worth International Airport should consider removing all references to the rescinded CEQ regulations in the EA and replace with alternative authorities or guidance. A CEQ regulatory reference of "Section 1502.06" is found in the EA at Section 7.0, p. 62.

Request for Qualifications
NCTCOG Traffic Incident Management
Training Program

Newspaper Ad (s) Submission

The North Central Texas Council of Governments (NCTCOG) is requesting written qualifications from individuals interested in instructing the NCTCOG Traffic Incident Management Training Program (First Responder and Manager's Course and Executive Level Course). The purpose of this training program is to initiate a common, coordinated response to traffic incidents that will build partnerships, enhance safety for emergency personnel, reduce upstream traffic crashes, improve the efficiency of the transportation system, and improve air quality in the Dallas-Fort Worth region.

NCTCOG will be releasing this RFQ on Friday, January 23, 2026 in the Bidnet Direct system and will accept electronic submissions through the Bidnet Direct system only. The Bidnet Direct submittal will count as the official submittal. Proposals must be submitted in Bidnet Direct no later than 5:00 p.m., Central Time, on Friday, February 13, 2026. Proposals received after that time will not be accepted.

NCTCOG does not discriminate on the basis of age, race, color, religion, sex, national origin, or disability.

Request for Proposals
Public Engagement Software

Newspaper Ad (s) Submission

The North Central Texas Council of Governments (NCTCOG) is requesting written proposals from providers of public engagement software to serve as a central location for all NCTCOG public engagement opportunities. The selected platform should offer online and virtual public meeting opportunities and provide options like integrated telephone/voicemail and SMS/messaging services. The software will provide NCTCOG with the ability to manage online, virtual, and in-person engagement activities for multiple ongoing and project-specific opportunities, manage all public comments in one place, allow for stakeholder tracking and sorting, and put contact lists and email messages in one location.

NCTCOG will be releasing this RFP on Friday, January 23, 2026, in the Bidnet Direct system and will accept electronic submissions through the Bidnet Direct system only. The Bidnet Direct submittal will count as the official submittal. Proposals must be submitted in Bidnet Direct no later than 5:00 p.m., Central Time, on Friday, February 20, 2026. Proposals received after that time will not be accepted.

NCTCOG does not discriminate on the basis of age, race, color, religion, sex, national origin, or disability.

Comisión de Calidad Ambiental del Estado de Texas

AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA RENOVACION

PERMISO NO. WQ0000552000

SOLICITUD. Constellation Handley Power, LLC, 8604 East Rosedale Street, Fort Worth, Texas 76112, que posee una instalación generadora de electricidad a vapor, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para renovar el Permiso No. WQ0000552000 (EPA I.D. No. TX 001199) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 1,108,500,000 galones por día. La planta está ubicada en 8604 East Rosedale Street, en la ciudad de Fort Worth en el Condado de Tarrant, Texas 76112. La ruta de descarga es del sitio de la planta directamente a Lake Arlington. La TCEQ recibió esta solicitud el 15 de diciembre de 2025. La solicitud para el permiso estará disponible para leerla y copiarla en Ciudad de Fort Worth, Anexo del Ayuntamiento, 908 Monroe Street, 7o piso, Fort Worth, Texas antes de la fecha de publicación de este aviso en el periódico. La solicitud y los avisos asociados están disponibles electrónicamente en la siguiente página web:

<https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=97.218611.32.730277&level=18>

AVISO DE IDIOMA ALTERNATIVO. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PÚBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todos los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso.

Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma como usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y por qué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios. Si ciertos criterios se cumplen, la TCEQ puede actuar sobre una solicitud para renovar un permiso sin proveer una oportunidad de una audiencia administrativa de lo contencioso.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

INFORMACIÓN DISPONIBLE EN LÍNEA. Para detalles sobre el estado de la solicitud, favor de visitar la Base de Datos Integrada de los Comisionados en www.tceq.texas.gov/goto/cid. Para buscar en la base de datos, utilizar el número de permiso para esta solicitud que aparece en la parte superior de este aviso.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía <http://www.t4.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficina de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional del Constellation Handley Power, LLC a la dirección indicada arriba o llamando a Señor Steven Pruitt, Manager Environmental Operations - South al 817-446-2517.

Avisos legales

DFW

Aviso de disponibilidad del borrador de la evaluación medioambiental y del borrador de la determinación de conformidad general para el proyecto propuesto de rehabilitación de la pista 18L36R en el Aeropuerto Internacional de Dallas Fort Worth

Agencia: Administración Federal de Aviación (FAA)
Patrocinador del aeropuerto: Junta del Aeropuerto Internacional de Dallas Fort Worth

Identificador único de la FAA: EAXX-021-12-ARF-1755678924

De conformidad con la Ley Nacional de Política Ambiental de 1969, en su versión modificada (NEPA), la Orden 1050.1G de la FAA, la Orden 5050.4B de la FAA y los requisitos generales de conformidad de la Ley de Aire Limpio (CAA) en 40 CFR Parte 93 (CAA Sección 176(c)), la FAA anuncia la disponibilidad y solicita comentarios sobre el Borrador de Evaluación Ambiental (Borrador EA) y el Borrador de Determinación de Conformidad General para el Proyecto Propuesto de Rehabilitación de la Pista 18L36R en el Aeropuerto Internacional de Dallas Fort Worth (DFW).

El aeropuerto DFW propone completar el proyecto de rehabilitación de la pista 18L36R (proyecto). La pista 18L36R es un activo fundamental para la misión, y la rehabilitación propuesta prolongará su vida útil, mejorará la seguridad, reducirá los costos y disminuirá el impacto operativo asociado a las actividades de mantenimiento.

El borrador de la EA evalúa los posibles efectos medioambientales del proyecto propuesto, de conformidad con la NEPA, la Orden 1050.1G de la FAA y la Orden 5050.4B de la FAA. El borrador de la EA incluye un análisis de alternativas razonables, posibles impactos medioambientales y medidas de mitigación. Dado que el proyecto propuesto se encuentra en una zona designada como no conforme con los niveles de ozono, la FAA también ha elaborado un borrador de determinación de conformidad general de conformidad con la sección 176(c) de la Ley de Aire Limpio y el título 40 del CFR, parte 93. El borrador de determinación de conformidad general evalúa si el proyecto se ajusta al Plan de Implementación del Estado de Texas (SIP) aplicable.

Desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026, el borrador de la EA y el borrador de la Determinación de Conformidad General estarán disponibles para su revisión pública en línea en <https://www.dfwairport.com/business/about/publications/> y en persona, durante el horario laboral habitual, en el Departamento de Asuntos Medioambientales del DFW, situado en 3005 S. Service Road, Anexo A, Aeropuerto DFW, Texas 75261. Llame al 972-973-5560 para concertar una cita para una revisión en persona. Además, hay copias impresas del borrador de la EA y del borrador de la Determinación de Conformidad General disponibles en las bibliotecas públicas que se enumeran a continuación; póngase en contacto con la biblioteca local para concertar una cita para consultarlas.

1. Biblioteca West Irving, situada en 4444 W Rochelle Road, Irving, Texas 75062, teléfono: (972) 721-2600
2. Biblioteca Valley Ranch, situada en 401 Cimarron Trail, Irving, Texas 75063, teléfono: (972) 721-4669
3. Biblioteca del campus North Lake del Dallas College, 5001 N MacArthur Boulevard, Irving, Texas 75038, teléfono: (972) 273-3400
4. Biblioteca y centro comunitario Cozby, 177 N Heartz Road, Coppell, Texas 75019, Teléfono: (972) 304-3658
5. Biblioteca Euless, 201 N Ector Drive Euless, Texas 76039, Teléfono: (817) 485-1400
6. Biblioteca Pública de Grapevine, 1201 Municipal Way Grapevine, Texas 76057, Teléfono: (817) 410-3400
7. Biblioteca Pública de Southlake, 1400 Main Street #130 Southlake, Texas 76092, Teléfono: (817) 748-8243

La FAA y el DFW invitan al público a revisar y comentar el borrador de la EA y el borrador de la determinación de conformidad general. Los comentarios pueden enviarse electrónicamente mediante el formulario de comentarios en línea, por correo electrónico a publiccomment@dfwairport.com o por correo postal a la dirección que figura en el formulario de comentarios. El período de comentarios públicos se extiende desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026. Todos los comentarios sobre el borrador de la EA y el borrador de la determinación de conformidad general deben recibirse antes de las 11:59 p. m., hora estándar del centro (CST), del 3 de marzo de 2026 para que sean tenidos en cuenta. Los comentarios sustantivos recibidos durante el período de comentarios públicos se resaltarán minuciosamente y se tendrán en cuenta en la preparación de la EA final.

Comisión de Calidad Ambiental del Estado de Texas

AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA

PERMISO PROPUESTO NO. WQ0016915001

SOLICITUD. Lavon 333 LLC and Royal Texas Investors LLC, 3555 Timmons Lane, Suite 1440, Houston, Texas 77027, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el proyecto Permiso No. WQ0016915001 (EPA I.D. No. TX 0148733) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 71750 galones por día. La planta estará ubicada aproximadamente a 3500 pies al este de la intersección de la carretera del condado 544 y la carretera Farm-to-Market 6, cerca de la ciudad de Nevada, en el condado de Collin, Texas 75173. La vía de descarga será desde la planta hasta un afluente sin nombre; de allí al arroyo Bear; y de allí al lago Ray Hubbard. La TCEQ recibió esta solicitud el 4 de diciembre de 2025. La solicitud para el permiso estará disponible para leerla y copiarla en Biblioteca conmemorativa Charles Rike, mostrador de circulación, 203 Orange Avenue, Farmersville, Texas antes de la fecha de publicación de este aviso en el periódico. La solicitud y los avisos asociados están disponibles electrónicamente en la siguiente página web: <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=96.396111.33.042228&level=18>

AVISO DE IDIOMA ALTERNATIVO. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PÚBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todos los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso.

Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma como usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y por qué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

INFORMACIÓN DISPONIBLE EN LÍNEA. Para detalles sobre el estado de la solicitud, favor de visitar la Base de Datos Integrada de los Comisionados en www.tceq.texas.gov/goto/cid. Para buscar en la base de datos, utilizar el número de permiso para esta solicitud que aparece en la parte superior de este aviso.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía <http://www.t4.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficina de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional del Lavon 333 LLC y Royal Texas Investors LLC a la dirección indicada arriba o llamando a Janelia Revilla, P.E., Ingeniera de Proyectos, JA Wastewater, LLC, al 737-864-3476.

Fiestas por el Año Nuevo chino

Por **ALYSON RODRÍGUEZ**
DMN

El Norte de Texas se prepara para celebrar el Año del Caballo durante el Año Nuevo Lunar chino. Esta fiesta que se festeja sobre todo en países asiáticos como Vietnam, Mongolia, Corea del Norte y Corea del Sur, además de China, marca el inicio de un festival de primavera de 15 días que, este año 2025, comienza el 17 de febrero.

Aquí hay algunos eventos gratuitos para celebrar el Año Nuevo Lunar en el Norte de Texas.

19º Año Nuevo Lunar Anual 2026 Asia Times Square: Celebra el Año Nuevo Lunar durante tres fines de semana en uno de los eventos más importantes de este tipo en el Norte de Texas. Habrá puestos de comida y arte, además de artistas y un espectáculo especial de fuegos artificiales con la danza del león y el dragón.

Los fines de semana del 6 al 22 de febrero en Asia Times Square, 2625 W. Pioneer Parkway, Grand Prairie. **Entrada gratuita.**

Año Nuevo Lunar 2026 en la ciudad de Richardson: Disfrute de una experiencia tradicional asiática en este festival gratuito del Año Nuevo Lunar. Incluirá danzas del dragón y el león, demostraciones musicales y de artes marciales, creación artística,

caligrafía, puestos y presentaciones culturales. Habrá servicio de transporte desde el estacionamiento gratuito de la estación Arapaho Center de DART.

15 de febrero, de 11 a.m. a 3 p.m., en The Core District, 400 N. Greenville Ave., Richardson. **Entrada gratuita.**

Festival de Linternas de Galleria Dallas: Visite Galleria Dallas y contemple las casi 150 linternas chinas que cuelgan en todos los niveles sobre la pista de hielo.

Hasta el 28 de febrero, de 10 a.m. a 8 p.m., de lunes a sábado, y del mediodía a las 6 p.m. los domingos, en Galleria Dallas, 13350 Dallas Parkway, Dallas. **Entrada gratuita.**

Festival de Año Nuevo Lunar en Northpark Center: El Museo Crow de Arte Asiático de la Universidad de Texas en Dallas y la Biblioteca Pública Bookmarks de Dallas presentan este Festival de Año Nuevo Lunar gratuito en NorthPark Center. Habrá una actuación de danza del león a cargo de Rising Phoenix, una actuación de Dallas Asian Winds, además de manualidades y actividades para toda la familia.

21 de febrero, de 10 a.m. a 1 p.m., en NorthPark Center, 8687 N. Central Expressway, Dallas. **Entrada gratuita.**

Llega el carnaval de Mardi Gras

Por **ALYSON RODRÍGUEZ** / DMN

Es hora de prepararse con los collares de cuentas moradas, verdes y doradas para el Mardi Gras que llega al Norte de Texas.

Esta festividad celebra la temporada de Carnaval, considerada la última celebración antes del Miércoles de Ceniza y el comienzo de la Cuaresma.

Si bien las celebraciones de Mardi Gras más grandes y conocidas se celebran en Nueva Orleans, la verdad es que en Dallas-Fort Worth también podrá encontrar diversión.

Aquí hay una lista de ocho eventos de Mardi Gras a los que puede asistir en el Norte de Texas.

Fiesta de Mardi Gras de Krewe Of Kowtown: La celebración del Fat Tuesday de Billy Bob regresa por 33a ocasión. El programa de música en vivo de este año incluye a Blues Champs con Latin Express Horns, Zakk Webb, Claire Hinkle Band y James Hinkle.

17 de febrero a las 7 p.m. en Billy Bob's Texas, 2520 Rodeo Plaza, Fort Worth. **Entrada general: \$20 dólares.**

Cena Maridaje de Cerveza Criolla De Mardi Gras: Denton County Brewing Company ofrece una cena íntima con maridaje de cervezas de inspiración criolla. Disfrute de un menú degustación de varios tiempos elaborado por Suzanne Johnson de The Chestnut Tree. La cena es para mayores de 21 años y se recomienda vestir ropa festiva de Mardi Gras.

17 de febrero, de 6:30 a 9 p.m., Denton County Brewing Company,

ALLISON SLOMOWITZ/ESPECIAL PARA DMN

Si bien las celebraciones de Mardi Gras más grandes y conocidas se celebran en Nueva Orleans, la verdad es que en Dallas-Fort Worth también podrá encontrar diversión.

200 East McKinney St., Denton.

Mardi Crawl Live: Texas Live! presenta un épico recorrido de bares de Mardi Gras que incluye siete paradas, juegos, regalos y una banda de música tocando jazz, todo cerca del estadio de los Texas Rangers.

14 de febrero, a la 1 p.m., en Texas Live!, 1650 E Randol Mill Road, Arlington. **La entrada general cuesta \$27.86 dólares.**

Mardi Gras Masquerade: Roller-town Beerworks llega para ofrecer una celebración de Mardi Gras a todo

volumen con tres bandas de música en vivo. Entre ellas. The Free Loaders, Unfaded Brass Band y Reveler's Hall Band.

14 de febrero a la 1 p.m. en Roller-town Beerworks, 6450 Main St., Frisco. **Entrada gratuita.**

Desfile de Mardi Gras De Oak Cliff 2026: La celebración del Mardi Gras en este barrio es supuestamente la más grande del Norte de Texas. Prepárese para ver coloridas carrozas, bandas y equipos de baile en el vecindario de Oak Cliff.

15 de febrero de 1 a 3 p.m. en 615 W Davis St., Dallas. **Entrada gratuita.**

The Village Presenta: Mardi Gras on Main Street: Main Street de The Village cobra vida con vibrantes decoraciones y entretenimiento de Mardi Gras. Además, habrá música en vivo, juegos, bocadillos inspirados en Nueva Orleans y cangrejos de río hervidos.

4 de febrero de 11 a.m. a 4 p.m. en The Village Dallas, 5605 Village Glen Dr., Dallas. **Gratis.**

12a Carrera Anual Big Easy en Little Elm: En honor al Carnaval, compita en esta carrera temática de 5 km o participe en un Fun Run de 1 km. También habrá divertidas actividades cajún, como un espectáculo de globos aerostáticos, un hervido de cangrejos de río, música en vivo de los Spazmatics, un concurso de comer Roscón de Reyes, food trucks, compras y fuegos artificiales.

28 de febrero, de 5 a 9 p.m., en Little Elm Park, 701 W Eldorado Pkwy., Little Elm. **La carrera de 1 km cuesta \$35 y la de 5 km \$40 dólares.**

Request for Proposals for Roadway and Transit Model Development Tests for the Dallas-Fort Worth Region

The North Central Texas Council of Governments (NCTCOG) is requesting written proposals from qualified firms(s) to develop models in a software platform designed to enhance the roadway and transit network modeling for NCTCOG's regional travel model.

NCTCOG will be releasing this RFP on Friday, February 6, 2026, in the Bidnet Direct system and will accept electronic submissions through the Bidnet Direct system only. The Bidnet Direct submittal will count as the official submittal. Proposals must be submitted in Bidnet Direct no later than 5:00 p.m., Central Time, on Friday, March 6, 2026. Proposals received after that time will not be accepted.

NCTCOG does not discriminate on the basis of age, race, color, religion, sex, national origin, or disability.

DFW DFW World Center

Aviso de disponibilidad del borrador de la evaluación medioambiental y del borrador de la determinación de conformidad general para el proyecto propuesto de rehabilitación de la pista 18L/36R en el Aeropuerto Internacional de Dallas Fort Worth
Agencia: Administración Federal de Aviación (FAA)

Patrocinador del aeropuerto: Junta del Aeropuerto Internacional de Dallas Fort Worth

Identificador único de la FAA: EAXX-021-12-ARP-1755678924

De conformidad con la Ley Nacional de Política Ambiental de 1969, en su versión modificada (NEPA), la Orden 1050.1G de la FAA, la Orden 5050.4B de la FAA y los requisitos generales de conformidad de la Ley de Aire Limpio (CAA) en 40 CFR Parte 93 (CAA Sección 176(c)), la FAA anuncia la disponibilidad y solicita comentarios sobre el Borrador de Evaluación Ambiental (Borrador EA) y el Borrador de Determinación de Conformidad General para el Proyecto Propuesto de Rehabilitación de la Pista 18L/36R en el Aeropuerto Internacional de Dallas Fort Worth (DFW).

El aeropuerto DFW propone completar el proyecto de rehabilitación de la pista 18L/36R (proyecto). La pista 18L/36R es un activo fundamental para la misión, y la rehabilitación propuesta prolongará su vida útil, mejorará la seguridad, reducirá los costos y disminuirá el impacto operativo asociado a las actividades de mantenimiento.

El borrador de la EA evalúa los posibles efectos medioambientales del proyecto propuesto, de conformidad con la NEPA, la Orden 1050.1G de la FAA y la Orden 5050.4B de la FAA. El borrador de la EA incluye un análisis de alternativas razonables, posibles impactos medioambientales y medidas de mitigación. Dado que el proyecto propuesto se encuentra en una zona designada como no conforme con los niveles de ozono, la FAA también ha elaborado un borrador de determinación de conformidad general de conformidad con la sección 176(c) de la Ley de Aire Limpio y el título 40 del CFR, parte 93. El borrador de determinación de conformidad general evalúa si el proyecto se ajusta al Plan de Implementación del Estado de Texas (SIP) aplicable.

Desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026, el borrador de la EA y el borrador de la Determinación de Conformidad General estarán disponibles para su revisión pública en línea en <https://www.dfwairport.com/busi-ness/about/publications/> y en persona, durante el horario laboral habitual, en el Departamento de Asuntos Medioambientales del DFW, situado en 3003 S. Service Road, Anexo A, Aeropuerto DFW, Texas 75261. Llame al 972-973-5560 para concertar una cita para una revisión en persona. Además, hay copias impresas del borrador de la EA y del borrador de la Determinación de Conformidad General disponibles en las bibliotecas públicas que se enumeran a continuación; póngase en contacto con la biblioteca local para concertar una cita para consultarlas.

1. Biblioteca West Irving, situada en 4444 W Rochelle Road, Irving, Texas 75062, teléfono: (972) 721-2600
2. Biblioteca Valley Ranch, situada en 401 Cimarron Trail, Irving, Texas 75063, teléfono: (972) 721-4669
3. Biblioteca del campus North Lake del Dallas College, 5001 N MacArthur Boulevard, Irving, Texas 75038, teléfono: (972) 273-3400
4. Biblioteca y centro comunitario Cozby, 177 N Hartz Road, Coppell, Texas 75019, Teléfono: (972) 304-3658
5. Biblioteca Euless, 201 N Ector Drive Euless, Texas 76039, Teléfono: (817) 485-1400
6. Biblioteca Pública de Grapevine, 1201 Municipal Way Grapevine, Texas 76057, Teléfono: (817) 410-3400
7. Biblioteca Pública de Southlake, 1400 Main Street #130 Southlake, Texas 76092, Teléfono: (817) 748-8243

La FAA y el DFW invitan al público a revisar y comentar el borrador de la EA y el borrador de la determinación de conformidad general. Los comentarios pueden enviarse electrónicamente mediante el formulario de comentarios en línea, por correo electrónico a publiccomment@dfwairport.com o por correo postal a la dirección que figura en el formulario de comentarios. El período de comentarios públicos se extiende desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026. Todos los comentarios sobre el borrador de la EA y el borrador de la determinación de conformidad general deben recibirse antes de las 11:59 p. m., hora estándar del centro (CST), del 3 de marzo de 2026 para que sean tenidos en cuenta. Los comentarios sustantivos recibidos durante el período de comentarios públicos se revisarán minuciosamente y se tendrán en cuenta en la preparación de la EA final.

Comisión de Calidad Ambiental del Estado de Texas

AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA
PERMISO PROPUESTO NO. WQ0016913001

SOLICITUD. One Mark Development, L.L.C., 8400 Bellevue Drive, Suite 110, Plano, Texas 75024, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el supuesto Permiso No. WQ0016913001 (EPA I.D. No. TX0148725) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 500,000 galones por día. La planta estará ubicada a aproximadamente 3600 pies noroeste de la intersección de County Road 424 y County Road 509 en el Condado de Collin, Texas 75409. La ruta de descarga será desde las instalaciones de la planta a través de una tubería hasta Elm Grove Creek, de allí al embalse del Sitio 14 del Servicio de Conservación de Suelos, de allí a Sister Grove Creek y finalmente al lago Lavon. La TCEQ recibió esta solicitud el 2 de diciembre de 2025. La solicitud para el permiso estará disponible para leerla y copiarla en Melissa Biblioteca Pública, 3411 Barker Avenue, Melissa, Texas, en el escritorio de circulación antes de la fecha de publicación de este aviso en el periódico. La solicitud y los avisos asociados están disponibles electrónicamente en la siguiente página web: <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.
<https://gisweb.tceq.texas.gov/LocationMapper/?marker=96.483333,33.355277&level=18>

AVISO DE IDIOMA ALTERNATIVO. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PÚBLICO / REUNION PÚBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todos los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma como usted será afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicitamos/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; debe identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y por qué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y derecho relacionadas a intereses permanentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

INFORMACIÓN DISPONIBLE EN LÍNEA. Para detalles sobre el estado de la solicitud, favor de visitar la Base de Datos Integrada de los Comisionados en www.tceq.texas.gov/goro/cid. Para buscar en la base de datos, utilice el número de permiso para esta solicitud que aparece en la parte superior de este aviso.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente via <https://www.tceq.texas.gov/epic/>, eComment, o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficina de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional de One Mark Development, L.L.C a la dirección indicada arriba o llamando a Luke Stewart, P.E., Southwest Engineers LLC, al 512-312-4536.

Fecha de emisión: 7 de enero de 2026

Texas Rangers anuncian sus noches temáticas

Varias de las 60 noches temáticas honrarán al Mundial de FIFA

Por EVAN GRANT / DMN

Los Texas Rangers aprovecharán la cultura pop, el Mundial de la FIFA y otros eventos destacados como parte de un extenso programa de noches temáticas y comunitarias para su campaña 2026.

En al menos 60 noches en las que los Rangers jueguen en el Globe Life Field de Arlington, los aficionados recibirán un regalo especial con el precio de su entrada.

Los obsequios están basados en temas como el Mundial de fútbol, el videojuego Backyard Baseball, la serie Harry Potter, la muñeca Barbie, el fenómeno de Hello Kitty, Star Wars, Bob Esponja, King of the Hill y el siempre popular Margaritaville.

Las noches temáticas se han convertido en atracciones populares en el béisbol en los últimos años.

La programación de este año incluye un bobblehead de Pablo Sánchez de regalo con la compra de un boleto para el juego del 8 de julio contra Los Angeles Angels. Pablo

Sánchez es un personaje virtual de videojuegos de la popular Backyard Series.

En honor al Mundial de FIFA

Texas también tendrá sus noches de fútbol mundial, como el juego del domingo 21 de junio contra los San Diego Padres, en la que los fans recibirán un jersey de los Rangers con los colores de la selección campeona del mundo, Argentina, en honor al campeonato que se disputará a unos pocos pasos de distancia, en el AT&T Stadium de Arlington.

Dos semanas después, el domingo 5 de julio, regalarán un jersey de los Rangers con los colores de USMNT, la selección masculina de fútbol de Estados Unidos, para el juego ante los Detroit Tigres, programado para empezar a las 2:30 p.m.

Noches universitarias y comunitarias

Las noches universitarias incluirán 14 universidades diferentes, desde LSU en el sur hasta Oklahoma State en el norte.

Once universidades de Texas tendrán sus propias noches y los Rangers también organizarán una no-

che de HBCU.

También se celebrarán con noches comunitarias especiales a la comunidad mexicana (dos noches), la herencia hispana en general, la herencia asiática, el béisbol juvenil, la salud mental, los socorristas, los maestros y dos noches de Bark in the Park donde los aficionados pueden traer a sus perros.

Homenaje a México

El domingo 6 de junio, en el juego contra los Cleveland Guardians, los aficionados recibirán un jersey en honor a la herencia hispana, mientras que en el partido del miércoles 22 de julio ante los Chicago White Sox, se regalará una gorra conmemorativa de las raíces mexicanas.

Para más información, los aficionados pueden visitar rangers.com/themenights y rangers.com/communitynights.

Los artículos relacionados con las noches temáticas y comunitarias solo aplican para quienes adquieran la entrada especial.

Los fanáticos también pueden comprar una cantidad limitada de planes de 10 juegos para cada noche temática hasta el 18 de febrero.

ELÍAS VALVERDE II/DMN

Los Texas Rangers darán un bobblehead de Pablo Sánchez como parte de sus promociones para las noches temáticas de su campaña 2026.

Request for Proposals for Roadway and Transit Model Development Tests for the Dallas-Fort Worth Region

The North Central Texas Council of Governments (NCTCOG) is requesting written proposals from qualified firms(s) to develop models in a software platform designed to enhance the roadway and transit network modeling for NCTCOG's regional travel model.

NCTCOG will be releasing this RFP on Friday, February 6, 2026, in the Bidnet Direct system and will accept electronic submissions through the Bidnet Direct system only. The Bidnet Direct submission will count as the official submittal. Proposals must be submitted in Bidnet Direct no later than 5:00 p.m., Central Time, on Friday, March 6, 2026. Proposals received after that time will not be accepted.

NCTCOG does not discriminate on the basis of age, race, color, religion, sex, national origin, or disability.

REQUEST FOR PROPOSALS RFP# 2026-038

The North Central Texas Council of Governments (NCTCOG) is soliciting Statements of Proposals for Community Health Workers to Provide Dementia-Capable Services. Responses are welcome from providers that are able to provide any or all these products and services. Responses are due and will be opened and read aloud at 2:00 pm (CDT) 4/16/2026. To obtain a proposal packet visit: <https://www.nctcog.org/agency-administration/purchasing/open-solicitations>.

COMISIÓN DE CALIDAD AMBIENTAL DE TEXAS

Aviso de Recepción de Solicitud e Intención de Obtener una Emienda para un Permiso de Desechos Sólidos Urbanos

No. de Permiso: 2256C

Solicitud. SouthWaste Disposal, LLC ha solicitado a la Comisión de Calidad Ambiental de Texas (la TCEQ) una emienda al permiso para autorizar la ampliación de la planta de procesamiento de residuos líquidos tipo V y de las instalaciones de lavado de sedimentos para aumentar la capacidad de recepción diaria de 242,050 galones a un máximo de 360,000 galones de residuos. La instalación se ubica en 525 South 8th Avenue, Mansfield, 76063, en el Condado de Harris, Texas. La TCEQ recibió la solicitud el 14 de noviembre de 2025. El siguiente enlace a un mapa electrónico de la ubicación general del sitio o instalación se ofrece como una cortesía pública y no forma parte de la solicitud o el aviso: <https://arcg.is/laKDb80>. Para la ubicación exacta, favor de consultar la solicitud. La solicitud de permiso está disponible para su consulta y reproducción en Biblioteca Pública de Mansfield, 104 South Wisteria Street, Mansfield, Texas 76063. La solicitud está disponible (junto con cualquier actualización) en la página web www.tceq.texas.gov/goto/wasteapps.

El Director Ejecutivo de la TCEQ ha revisado esta acción para determinar su coherencia con los objetivos y las normativas del Programa de Gestión Costera de Texas (CMP por sus siglas en inglés) de conformidad con las regulaciones del Consejo de Coordinación Costera, y ha determinado que dicha acción es consistente con los objetivos y las normativas aplicables del CMP.

Aviso adicional. El Director Ejecutivo de la TCEQ ha determinado que la solicitud está administrativamente completa y llevará a cabo una revisión técnica de ésta. Después de que se complete la revisión de la solicitud, el Director Ejecutivo podría preparar un proyecto de permiso y emitirá una decisión preliminar sobre la solicitud. El **Aviso de Solicitud y Decisión Preliminar se publicará y enviará por correo a aquellas personas en la lista de correo de todo el condado y a aquellas personas en la lista de correo de esta solicitud.** El aviso contendrá la fecha límite para presentar comentarios públicos.

Comentarios y reunión pública. Es posible presentar comentarios públicos o bien solicitar una reunión pública sobre esta solicitud. El propósito de una reunión pública es ofrecer la oportunidad de presentar comentarios o de hacer preguntas sobre la solicitud. La TCEQ lleva a cabo una reunión pública si el Director Ejecutivo determina que hay un grado significativo de interés público en la solicitud o si la solicita un legislador local. Una reunión pública no es una audiencia de caso impugnado. **Oportunidad para una audiencia de caso impugnado.** Después de la fecha límite para presentar comentarios públicos, el Director Ejecutivo tomará en cuenta todos los comentarios puntuales y redactará una respuesta a todos los comentarios públicos sustanciales o significativos. A menos que la solicitud se remita directamente a una audiencia de caso impugnado, la respuesta a los comentarios se enviará por correo a todas las personas que hayan presentado comentarios públicos y a aquellas personas que son parte de la lista de correo de esta solicitud. Si se reciben comentarios, el envío de correo también ofrecerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una audiencia de caso impugnado es un procedimiento judicial similar a un juicio civil en un tribunal de distrito estatal.

Para solicitar una audiencia de caso impugnado, es necesario incluir lo siguiente en su solicitud: Su nombre, dirección, número de teléfono, el nombre del solicitante y el número de permiso, la ubicación y distancia de su propiedad/actividades en relación con la instalación, una descripción específica de cómo sería afectado(a) negativamente por esta instalación de una manera que no sea común para el público en general, una lista de las cuestiones de hecho en disputa que plantee durante el período de comentarios, y el siguiente enunciado: "I/we request a contested case hearing." ("Yo/solicitante/nosotros solicitamos una audiencia de caso impugnado"). Si la solicitud de audiencia de caso impugnado se presenta en nombre de un grupo o una asociación, la solicitud debe designar al representante del grupo para que reciba correspondencia en el futuro. Favor de identificar con su nombre y dirección física a un miembro individual del grupo que se vería afectado negativamente por la instalación o la actividad. Proporcionar la información mencionada sobre la ubicación del miembro afectado y la distancia de la instalación o actividad, y explicar cómo y por qué el miembro se vería afectado, así como por qué los intereses que el grupo busca proteger son relevantes para el propósito del grupo.

Tras la conclusión de todos los períodos de comentarios y de solicitud aplicables, el Director Ejecutivo enviará la solicitud y cualquier petición de reconsideración o para una audiencia de caso impugnado a los comisionados para su consideración en una reunión programada de la TCEQ. La Comisión solo puede conceder una solicitud para una audiencia de caso impugnado sobre cuestiones que el solicitante haya presentado en sus comentarios puntuales que no hayan sido retirados posteriormente.

Si se concede una audiencia, el tema de ésta se limitará a cuestiones de hecho en disputa o preguntas de hecho y de derecho mixtas que sean sustanciales y relevantes a la decisión de la Comisión sobre la solicitud presentada durante el período de comentarios.

Lista de correo. Al presentar comentarios públicos, una solicitud de audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo, se le agregará a la lista de correo de esta solicitud para recibir avisos públicos futuros enviados por la Secretaría Oficial de la TCEQ. Además, puede solicitar ser parte de: (1) la lista permanente de correo para un solicitante y número de permiso específico, o bien (2) la lista de correo para un condado específico. Para formar parte de cualquiera de estas dos listas, favor de especificar claramente a cuál(es) listas desea pertenecer y enviar su solicitud a la Secretaría Oficial de la TCEQ en la dirección que aparece más abajo.

Información disponible en línea. Para detalles sobre el estado de la solicitud, favor de visitar la Base de Datos Integrada de los Comisionados (CID, por sus siglas en inglés) a través de www.tceq.texas.gov/goto/cid, y una vez que tenga acceso, ingresar el número de permiso de esta solicitud que aparece en la parte superior de este aviso.

Contactos e información de la agencia. Todos los comentarios públicos y solicitudes deben presentarse ya sea electrónicamente a través de www14.tceq.texas.gov/epic/comment/ o enviarse por escrito a la siguiente dirección: Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Favor de tener presente que cualquier información de contacto que proporcione (nombre, dirección, dirección de correo electrónico y dirección física inclusiva) será parte de los registros públicos de la agencia.

Para preguntas sobre el proceso de tramitación de permisos, favor de visitar <https://www.tceq.texas.gov/permits/> o ponerse en contacto con el Programa de Educación Pública de la TCEQ mediante mensaje de correo electrónico a pep@tceq.texas.gov o mediante llamada sin costo al 800-687-4040. Para información en español, favor de llamar al 800-687-4040.

Para más información. Es posible obtener más información escribiendo a la representante del solicitante a Señor Ben Camacho, SouthWaste Disposal, LLC, 525 South 6th Avenue, Mansfield, Texas 76063 o bien llamando al (713) 413-9400.

DFW
Dallas-Fort Worth International Airport

Aviso de disponibilidad del borrador de la evaluación medioambiental y del borrador de la determinación de conformidad general para el proyecto de propuesta de rehabilitación de la pista 18L/36R en el Aeropuerto Internacional de Dallas Fort Worth
Agencia: Administración Federal de Aviación (FAA)

Patrocinador del aeropuerto: Junta del Aeropuerto Internacional de Dallas Fort Worth
Identificador único de la FAA: EAXX-021-12-ARP-1755678924

De conformidad con la Ley Nacional de Política Ambiental de 1969, en su versión modificada (NEPA), la Orden 1050.1G de la FAA, la Orden 5050.4B de la FAA y los requisitos generales de conformidad de la Ley de Aire Limpio (CAA) en 40 CFR, Parte 93 (CAA Sección 176(c)), la FAA anuncia la disponibilidad y solicita comentarios sobre el Borrador de Evaluación Ambiental (Borrador EA) y el Borrador de Determinación de Conformidad General para el Proyecto Propuesto de Rehabilitación de la Pista 18L/36R en el Aeropuerto Internacional de Dallas Fort Worth (DFW).

El aeropuerto DFW propone completar el proyecto de rehabilitación de la pista 18L/36R (proyecto). La pista 18L/36R es un activo fundamental para la misión, y la rehabilitación propuesta prolongará su vida útil, mejorará la seguridad, reducirá los costos y disminuirá el impacto operativo asociado a los actividades de mantenimiento.

El borrador de la EA evalúa los posibles efectos medioambientales del proyecto propuesto, de conformidad con la NEPA, la Orden 1050.1G de la FAA y la Orden 5050.4B de la FAA. El borrador de la EA incluye un análisis de alternativas razonables, posibles impactos medioambientales y medidas de mitigación. Dado que el proyecto propuesto se encuentra en una zona designada como no conforme con los niveles de ozono, la FAA también ha elaborado un borrador de determinación de conformidad general de conformidad con la sección 176(c) de la Ley de Aire Limpio y el título 40 del CFR, parte 93. El borrador de determinación de conformidad general evalúa si el proyecto se ajusta al Plan de Implementación del Estado de Texas (SIP) aplicable.

Desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026, el borrador de la EA y el borrador de la Determinación de Conformidad General estarán disponibles para su revisión pública en línea en <https://www.dfwairport.com/business/about/publications> y en persona, durante el horario laboral habitual, en el Departamento de Asuntos Medioambientales del DFW, situado en 3003 S. Service Road, Anexo A, Aeropuerto DFW, Texas 75261. Llame al 972-973-5560 para concertar una cita para una revisión en persona. Además, hay copias impresas del borrador de la EA y del borrador de la Determinación de Conformidad General disponibles en las bibliotecas públicas que se enumeran a continuación; póngase en contacto con la biblioteca local para concertar una cita para consultarlas.

1. Biblioteca West Irving, situada en 4444 W Rochelle Road, Irving, Texas 75062, teléfono: (972) 721-2600
2. Biblioteca Valley Ranch, situada en 401 Cimarron Trail, Irving, Texas 75063, teléfono: (972) 721-4669
3. Biblioteca del campus North Lake del Dallas College, 5001 N MacArthur Boulevard, Irving, Texas 75038, teléfono: (972) 273-3400
4. Biblioteca de la Universidad de Coppell, 177 N Hertz Road, Coppell, Texas 75019, Teléfono: (972) 304-3658
5. Biblioteca Euless, 201 N Ector Drive Euless, Texas 76039, Teléfono: (817) 685-1400
6. Biblioteca Pública de Grapevine, 1201 Municipal Way Grapevine, Texas 76057, Teléfono: (817) 410-3400
7. Biblioteca Pública de Southlake, 1400 Main Street #130 Southlake, Texas 76092, Teléfono: (817) 748-8243

La FAA y el DFW invitan al público a revisar y comentar el borrador de la EA y el borrador de la determinación de conformidad general. Los comentarios pueden enviarse electrónicamente mediante el formulario de comentarios en línea, por correo electrónico a publiccomment@dfwairport.com o por correo postal a la dirección que figura en el formulario de comentarios. El período de comentarios públicos se extiende desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026. Todos los comentarios sobre el borrador de la EA y el borrador de la determinación de conformidad general deben recibirse antes de las 11:59 p. m., hora estándar del centro (CST), del 3 de marzo de 2026 para que sean tenidos en cuenta. Los comentarios sustantivos recibidos durante el período de comentarios públicos se revisarán minuciosamente y se tendrán en cuenta en la preparación de la EA final.

Avisos legales Avisos legales Avisos legales

Aviso de disponibilidad del borrador de la evaluación medioambiental y del borrador de la determinación de conformidad general para el proyecto propuesto de rehabilitación de la pista 18L36R en el Aeropuerto Internacional de Dallas Fort Worth
Agencia: Administración Federal de Aviación (FAA)

Patrocinador del aeropuerto: Junta del Aeropuerto Internacional de Dallas Fort Worth

Identificador único de la FAA: EAXX-021-12-ARP-1755678924

De conformidad con la Ley Nacional de Política Ambiental de 1969, en su versión modificada (NEPA), la Orden 1050.1G de la FAA, la Orden 5050.4B de la FAA y los requisitos generales de conformidad de la Ley de Aire Limpio (CAA) en 40 CFR Parte 93 (CAA Sección 176(c)), la FAA anuncia la disponibilidad y solicita comentarios sobre el Borrador de Evaluación Ambiental (Borrador EA) y el Borrador de Determinación de Conformidad General para el Proyecto Propuesto de Rehabilitación de la Pista 18L36R en el Aeropuerto Internacional de Dallas Fort Worth (DFW).

El aeropuerto DFW propone completar el proyecto de rehabilitación de la pista 18L36R (proyecto). La pista 18L36R es un activo fundamental para la misión, y la rehabilitación propuesta prolongará su vida útil, mejorará la seguridad, reducirá los costos y disminuirá el impacto operativo asociado a las actividades de mantenimiento.

El borrador de la EA evalúa los posibles efectos medioambientales del proyecto propuesto, de conformidad con la NEPA, la Orden 1050.1G de la FAA y la Orden 5050.4B de la FAA. El borrador de la EA incluye un análisis de alternativas razonables, posibles impactos medioambientales y medidas de mitigación. Dado que el proyecto propuesto se encuentra en una zona designada como no conforme con los niveles de ozono, la FAA también ha elaborado un borrador de determinación de conformidad general de conformidad con la sección 176(c) de la Ley de Aire Limpio y el título 40 del CFR, parte 93. El borrador de determinación de conformidad general evalúa si el proyecto se ajusta al Plan de Implementación del Estado de Texas (SIP) aplicable.

Desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026, el borrador de la EA y el borrador de la Determinación de Conformidad General estarán disponibles para su revisión pública en línea en <https://www.dfwairport.com/news/about/publications/> y en persona, durante el horario laboral habitual, en el Departamento de Asuntos Medioambientales del DFW, situado en 3003 S. Service Road, Anexo A, Aeropuerto DFW, Texas 75261. Llame al 972-973-5560 para concertar una cita para una revisión en persona. Además, hay copias impresas del borrador de la EA y del borrador de la Determinación de Conformidad General disponibles en las bibliotecas públicas que se enumeran a continuación; póngase en contacto con la biblioteca local para concertar una cita para consultarlas.

1. Biblioteca West Irving, situada en 4444 W Rochelle Road, Irving, Texas 75062, teléfono: (972) 721-2600
2. Biblioteca Valley Ranch, situada en 401 Cimarron Trail, Irving, Texas 75063, teléfono: (972) 721-4669
3. Biblioteca del campus North Lake del Dallas College, 5001 N MacArthur Boulevard, Irving, Texas 75038, teléfono: (972) 273-3400
4. Biblioteca y centro comunitario Cozby, 177 N Hertz Road, Coppell, Texas 75019, teléfono: (972) 304-3658
5. Biblioteca Euless, 201 N Ector Drive Euless, Texas 76039, Teléfono: (817) 485-1400
6. Biblioteca Pública de Grapevine, 1201 Municipal Way Grapevine, Texas 76057, Teléfono: (817) 410-3400
7. Biblioteca Pública de Southlake, 1400 Main Street #130 Southlake, Texas 76092, Teléfono: (817) 748-8243

La FAA y el DFW invitan al público a revisar y comentar el borrador de la EA y el borrador de la determinación de conformidad general. Los comentarios pueden enviarse electrónicamente mediante el formulario de comentarios en línea, por correo electrónico a publiccomment@dfwairport.com o por correo postal a la dirección que figura en el formulario de comentarios. El período de comentarios públicos se extiende desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026. Todos los comentarios sobre el borrador de la EA y el borrador de la determinación de conformidad general deben recibirse antes de las 11:59 p. m., hora estándar del centro (CST), del 3 de marzo de 2026 para que sean tenidos en cuenta. Los comentarios sustantivos recibidos durante el periodo de comentarios públicos se revisarán minuciosamente y se tendrán en cuenta en la preparación de la EA final.

AVISOS PÚBLICOS

Avisos legales

Comisión de Calidad Ambiental de Texas

COMBINADO AVISO DE REUNIÓN PÚBLICA

AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR PARA EL PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES NUEVO PERMISO N.º WQ001669601

SOLICITUD Y DECISIÓN PRELIMINAR. MLCED Grandview Utility, LLC, 5274 Monterey Drive, Frisco, Texas 75034, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) el nuevo Permiso N.º WQ001669601, autorizar el vertido de aguas residuales domésticas tratadas con un caudal medio diario que no supere los 950,000 galones diarios. La TCEQ recibió esta solicitud el 27 de diciembre del 2024.

PROPÓSITO DEL AVISO COMBINADO: Este aviso combinado comunica al público los detalles de la Reunión Pública de la TCEQ referenciada a continuación.

La instalación estará situada aproximadamente a 0.9 millas al sureste de la intersección de la Carretera del Condado 106 y la Carretera del Condado 203, en el condado de Johnson, Texas 76050. El efluente tratado se descargará a través de Outfall 001 a un canal artificial, de ahí a un afluente sin nombre; y a través de Outfall 002 a un canal artificial, de ahí a una tubería pluvial, de ahí a un afluente sin nombre; de ahí todas las desembocaduras a South Fork Chambers Creek, y después a Chambers Creek por encima del embalse Richland Chambers en el segmento N.º 0814 de la cuenca del río Trinity. Los usos no clasificados para el agua receptora son un uso mínimo de vida acuática para un canal artificial, un uso limitado para el afluente sin nombre y un uso alto para la vida acuática para South Fork Chambers Creek. Los usos designados para el Tramo N.º 0814 son recreación de contacto primario, suministro de agua y alto uso de vida acuática. De acuerdo con el artículo 3075 del Código Administrativo de Texas y los Procedimientos de la Implementación de los Estándares de Calidad de Aguas Superficiales de Texas (junio del 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua en South Fork Chambers Creek, que ha sido identificado como con un alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y modificada si se recibe nueva información. Este enlace a un mapa electrónico de la ubicación general del sitio o instalación se proporciona como cortesía pública y no forma parte de la solicitud ni del aviso. Para la ubicación exacta, consulta la solicitud.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=9716816.32,32024948&level=18>

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y preparado un borrador del permiso. El borrador del permiso, si se aprueba, establecerá las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar de que este permiso, si se concede, cumple con todos los requisitos legales y regulatorios. La solicitud de permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para consulta y copia en Alvarado Public Library, service desk, 210 North Baugh Street, Alvarado, in Johnson County, Texas. La solicitud está disponible para su consulta y copia en la siguiente página web:

<https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

AVISO DE LENGUAJE ALTERNATIVO. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>.

COMENTARIOS PÚBLICOS / REUNIÓN PÚBLICA. Puede enviar comentarios públicos o solicitar una reunión pública sobre esta solicitud. La TCEQ enviará una reunión pública sobre esta solicitud porque fue solicitada por un legislador local.

El propósito de una reunión pública es para ofrecer la oportunidad de enviar comentarios o hacer preguntas sobre la solicitud. Se convocará una reunión pública que constará de dos partes: un Período de Discusión Informal y un Período de Comentarios Formales. Una reunión pública no es una audiencia de caso impugnado según la Ley de Procedimiento Administrativo. Durante el Período de Discusión Informal, se animará al público a hacer preguntas al solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentados oralmente durante el Período de Discusión Informal no serán considerados antes de que se tome una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el Período de Discusión Informal. Durante el Período de Comentarios Formales sobre la solicitud de permiso, los miembros del público pueden expresar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta escrita a todos los comentarios oportunos, relevantes y materiales, o significativos. Todos los comentarios formales serán considerados antes de que se tome una decisión sobre la solicitud de permiso. Se enviará una copia de la respuesta por escrito a cada persona que presente un comentario formal o que solicite estar en la lista de correo para esta solicitud de permiso y proporcionará una dirección postal. Solo se pueden considerar cuestiones relevantes y relevantes planteadas durante el Período de Comentarios Formales si se concede una audiencia impugnada sobre esta solicitud de permiso.

La Reunión Pública se convocará:
martes, 31 de marzo del 2026 a las 6:00 PM
Grandview ISD Administration Building
Multi-Purpose Room
701 S. Fifth Street
Grandview, Texas, 76050

Las personas con discapacidad que necesiten acomodaciones especiales en la reunión deben llamar a la Oficina del Secretario Oficial al (512) 239-3300 o 1-800-RELAY-TX (TDD) al menos cinco días laborales antes de la reunión.

OPORTUNIDAD DE UNA AUDIENCIA IMPUGNADA. Tras la fecha límite para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todos los comentarios públicos relevantes, materiales o significativos. A menos que la solicitud se remita directamente a una audiencia impugnada, la respuesta a los comentarios se enviará por correo a todas las personas que hayan presentado

comentarios públicos y a las personas que estén en la lista de correo de esta solicitud. Si se se a una audiencia impugnada, el correo también proporcionará instrucciones para solicitar una audiencia impugnada o una reconsideración de la decisión del Director Ejecutivo. Una audiencia de un caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal.

PARA SOLICITAR UNA VISTA IMPUGNADA, DEBE INCLUIR LOS SIGUIENTES ELEMENTOS EN SU SOLICITUD: su nombre, dirección, número de teléfono; nombre del solicitante y número de permiso propuesto; la ubicación y distancia de su propiedad/actividades en relación con la instalación propuesta; una descripción específica de cómo se veía afectado por la instalación o actividad propuesta; proporcionar la información mencionada anteriormente sobre la ubicación y distancia del miembro afectado respecto a la instalación o actividad; explicar cómo y por qué se veía afectado al diputado; y explicar cómo los intereses que el grupo busca proteger son relevantes para su propósito.

Tras el cierre de todos los periodos aplicables de comentarios y solicitudes, el Director Ejecutivo remitirá la solicitud y cualquier solicitud de reconsideración o de audiencia impugnada a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de audiencia impugnada sobre cuestiones que el solicitante haya presentado en sus comentarios oportunos y que no hayan sido posteriormente retiradas. Si se concede una audiencia, el objeto de la audiencia se limitará a cuestiones de hecho en disputa o a cuestiones mixtas de hecho y derecho relacionadas con preocupaciones relevantes y relevantes sobre la calidad del agua presentadas durante el periodo de comentarios.

ACCIÓN DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir la aprobación final de la solicitud a menos que se presente una solicitud oportuna de audiencia de caso impugnado o una solicitud de reconsideración. Si se presenta una solicitud de audiencia oportuna o una solicitud de reconsideración, el Director Ejecutivo no emitirá la aprobación final del permiso y remitirá la solicitud y solicitud a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

LISTA DE CORREO. Si presenta comentarios públicos, una solicitud de audiencia impugnada o una reconsideración de la decisión del Director Ejecutivo, se añadirá a la lista de correo de esta solicitud específica para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede solicitar ser incluido en: (1) la lista de correo permanente para un nombre específico de solicitante y número de permiso; y/o (2) la lista de correo de un condado específico. Si desea ser incluido en la lista de correo permanente y/o del condado, especifique claramente cuál(es) lista(s) y envíe su solicitud a la Oficina del Secretario Oficial de la TCEQ en la dirección que aparece a continuación.

Todos los comentarios públicos escritos y solicitudes de reuniones públicas deben enviarse electrónicamente en www.tceq.texas.gov/goto/comment, o por escrito a Texas Commission on Environmental Quality, Office of the Chief Clerk, MC 105, P.O. Box 13087, Austin, Texas 78711-3087. Cualquier información personal que envíes a la TCEQ pasará a formar parte del expediente de la agencia; Esto incluye las direcciones de correo electrónico. Para más información sobre esta solicitud de permiso o el proceso de obtención de permisos, por favor llame gratuitamente al Programa de Educación Pública de TCEQ al 1-800-687-4040 o visite su página web en www.tceq.texas.gov/goto/pep. Si desea información en español, puede llamar al 1-800-687-4040.

CONTACTOS E INFORMACIÓN DE LA AGENCIA. Avisos legales

AVISOS PÚBLICOS

Avisos legales

Comisión De Calidad Ambiental Del Estado De Texas

AVISO COMBINADO DE RECIBO DE LA SOLICITUD Y EL INTENTO E INTENCIÓN DE OBTENER UN PERMISO

Y AVISO DE LA SOLICITUD Y DECISIÓN PRELIMINAR PARA EL PERMISO DEL SISTEMA DE ELIMINACIÓN DE DESCARGAS DE CONTAMINANTES DE TEXAS (TPDES) PARA UN SISTEMA MUNICIPAL DE ALCAANTARRILLO PLUVIAL SEPARADOR-RENOVACIÓN

PERMISO NO. WQ0004775000

SOLICITUD Y DECISIÓN PRELIMINAR. Ciudad de Plano, 1520 K Ave, que opera el Sistema Municipal de Alcantarillado Pluvial Separado (MS4) de la Ciudad de Plano ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) para una renovación del permiso del Sistema de Eliminación de Descargas Contaminantes de Texas (TPDES) No. WQ0004775000 para autorizar la descarga del punto de origen de las aguas pluviales a las aguas superficiales del estado desde el MS4 de la Ciudad de Plano. La TCEQ recibió esta solicitud el 27 de mayo de 2020.

El aviso combinado se emite para corregir la fecha de recibo de esta solicitud incluida en el aviso original de recibo.

El MS4 está ubicado en el límite corporativo de la Ciudad de Plano, excepto tierras agrícolas, en los condados de Collin y Denton, Texas 75023, 75024, 75025, 75026, 75074, 75075, 75086, 75093, y 75094. La descarga es por vía del MS4 a varias zanjas y tributarios que eventualmente llegarán al Lago Ray Hubbard, Rio Elm Fork Trinity, Lago Lewisville, y Lago White Rock en Núms. de Segmento 0820, 0822, 0823, y 0827, respectivamente, de la Cuenca del Río Trinity.

Los presuntos usos de vida acuática para las aguas receptoras no clasificadas son de alta vida acuática para las corrientes de agua permanentes, de uso limitado de vida acuática para corrientes intermitentes con estanques permanentes y sin uso significativo para la vida acuática para corrientes de agua intermitentes. Los usos designados para los Núms. de Segmento 0820, 0822, y 0823 son recreación de contacto primario, suministro público de agua, y elevados para la vida acuática. Los usos designados para el Num. de Segmento 0827 son recreación de contacto primario y elevados para la vida acuática.

El Director Ejecutivo de la TCEQ ha concluido el examen técnico de la solicitud y ha preparado un bosquejo de permiso. El bosquejo de permiso, de ser aprobado, establecerá las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado la decisión preliminar de que este permiso, si se emite, cumple con todos los requisitos legales y reglamentarios. La solicitud de permiso, la decisión preliminar del Director Ejecutivo y el bosquejo del permiso están disponibles para su visualización y copia en el Departamento de Salud Ambiental y Sostenibilidad del Centro Municipal de la Ciudad de Plano, 1520 K Ave, Suite 210, Plano, Texas 75074.

COMENTARIO PÚBLICO / REUNIÓN PÚBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud.

El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD PARA UNA AUDIENCIA DE CASO IMPUGNADO. Después de la fecha límite para presentar comentarios públicos, el Director Ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos relevantes y materiales, o significativos. A menos que la solicitud sea remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios se enviará por correo a todos los que enviaron comentarios públicos y a aquellas personas que estén en la lista de correo para esta solicitud.

Si se reciben comentarios, el correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o reconsiderar la decisión del Director Ejecutivo. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presenta durante el periodo de comentarios; y la declaración "[Yo/ nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los periodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el periodo de comentarios.

ACCIÓN DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que exista un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideración. Si un pedido ha llegado antes del plazo de vencimiento de la audiencia o el pedido de reconsideración ha sido presentado, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y el pedido a los Comisionados de la TCEQ para consideración en una reunión programada de la Comisión.

LISTA DE CORREO. Si envía comentarios públicos, una solicitud de una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo, se le agregará a la lista de correo de esta solicitud específica para recibir futuros avisos públicos enviados por correo por la Oficina del Secretario Oficial. Además, puede solicitar ser colocado en: (1) la lista de correo permanente para un nombre de solicitante específico y número de permiso; (2) la lista de correo de todas las solicitudes en para un condado específico; o (3) la lista de correo permanente para un nombre y número de permiso de solicitante específico y la lista de correo para un condado específico. Si desea ser colocado en la lista de correo permanente o del condado, especifique claramente qué lista(s) y envíe su solicitud a la Oficina del Secretario Oficial de la TCEQ a la dirección a continuación.

Todos los comentarios públicos escritos y las solicitudes de reunión pública deben enviarse a Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente a <https://www.tceq.texas.gov/goto/comment/>, dentro de los 30 días a partir de la fecha de publicación de este aviso en el periódico.

INFORMACIÓN DISPONIBLE EN LÍNEA. Para obtener detalles sobre el estado de la solicitud, visite la Base de Datos Integrada de los Comisionados en www.tceq.texas.gov/goto/cid. Busque en la base de datos utilizando el número de permiso para esta solicitud, que se proporciona en la parte superior de este aviso.

CONTACTOS E INFORMACIÓN DE LA AGENCIA. Los comentarios y solicitudes públicas deben enviarse electrónicamente a <https://www.tceq.texas.gov/goto/comment/>, o por escrito a Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Cualquier información personal que envíe a la TCEQ pasará a formar parte del registro de la agencia; esto incluye las direcciones de correo electrónico. Para obtener más información sobre esta solicitud de permiso o el proceso de permisos, llame al Programa de Educación Pública de TCEQ, línea gratuita, al 1-800-687-4040 o visite su sitio web en www.tceq.texas.gov/goto/pep. Si desea información en español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional de la Ciudad de Plano a la dirección indicada arriba o llamando a la Sra. Echo Rexroad, M.S., R.E.M, al (972) 941-5263.

WOLFE, Mark

Mark Wolfe, of Coppell, TX passed away January 21, 2026, at the age of 75. He was a proud graduate of Sunset High class of 1969 & his roots in Oak Cliff.

Mark was preceded in death by his parents, Billy J. & Catherine Gladys Wolfe. Mark was married to Kay, the love of his life, for 47 years.

Mark & his wife, Kay, founded RE/MAX DFW Associates in 1983. It was initially staffed by Mark as Broker/President & Kay as Vice President/Receptionist. Over time the company grew to five offices &, at its peak, engaged more than 300 agents. Mark was proud of the fact that over 50 of the agents have been with RE/MAX DFW for 25 years or longer.

Countless numbers of RE/MAX agents & brokers learned from Mark, relied on both his business acumen, personal counsel, & matured personally & professionally because of Mark's guidance. He received many professional honors in recognition of his leadership, including RE/MAX International Broker/Owner of the Year, RE/MAX of Texas Broker/Owner of the Year, & the Eastwood Cup Award as the of the Broker/Manager/Executive of the Year from the Greater Dallas Association of REALTORS®, where he served as president in 2004. During his tenure as president, Mark played a pivotal role in the merger of Greater Dallas, Irving/Las Colinas, & Northeast Tarrant County Associations of REALTORS® into one association, the MetroTex Association of REALTORS®. Mark & other key North Texas brokers were the masterminds behind a unified MLS, NTREIS, creating consistent data standards & a single, centralized listings system.

Mark served as Mayor & City Councilman in Coppell from 1985 to 1993. He was a proud & engaged citizen of Coppell, serving on the committee that drafted the Home Rule Charter & as chairman of the bond committee that implemented the infrastructure of Coppell. The success of the city of Coppell is due, in significant part, because of Mark's efforts, strategy, & leadership.

Mark & Kay shared a love of travel & together explored more than 75 countries. He had family ties in England, Germany, & Portugal. Mark was an avid historian of Europe, Texas, & Dallas. He hosted his annual "History of Dallas" bus tours for his RE/MAX company, with the tours starting where he grew up, Oak Cliff.

Many people will say his legacy will be RE/MAX, & what he did within his community, but his true legacy will be love of family; the way he loved his nieces & nephews & in-laws. This was manifested when he & Kay hosted a river boat cruise in France for 19 family members.

He remained actively involved in his church and community, with friendships starting in Dallas elementary school & continuing through his life.

Mark attended the University of Texas at Arlington & Southwestern Assembly of God University.

Mark's legacy lives on through the countless agents he mentored, the communities he served, & the friends he made along the way. He will be deeply missed by all of us.

He is survived by his wife, Kay, Brothers-in-law, Dwight Scoggin, Lawrence Scoggin, wife, Terressa, sister-in-law, Elaine Martin all of Wichita Falls, TX. Nephews and nieces: Greg Gibbs, wife, Carol; Sheri Woodward, husband, Mark; Dexter Martin, wife, Karyn; Kendra Lakey, husband, Joshua; Christiaan Scoggin, wife, Katherine; Meredith Whiteley, husband, Dustin; & many great & great, great nieces & nephews, & many cousins.

In lieu of flowers, please consider contributions to Samaritan's Purse, Dallas Metro, Bridges for Peace, Children's Miracle Network or a charity of your choice. Then, give a hug to those you love tonight, as tomorrow is not assured. Visitation will be Sunday, February 1 @ 3:00-5:00 at Rolling Oaks Funeral Home, Coppell.

SORRELLS, Mike

Mike Sorrells passed away peacefully on the morning of January 7, 2026. He spent his final days surrounded by family, friends, and the countless former students he coached during his 33-year career at Highland Park High School. These visits brought him immense joy, and his family is forever grateful to all who took the time to call or stop by to share memories and love.

Born in Sweetwater, Texas, to Maureen and Banis Sorrells, Mike moved with his family to Dallas at the age of five. He attended Highland Park schools and graduated from Highland Park High School in 1959. As a student athlete, he was a member of the 1957 state championship football team, an early example of the excellence that would define his life.

Following high school, Mike attended Austin College, where he played football and earned a degree in Business. He later received a Master of Liberal Arts degree from Southern Methodist University.

Mike was a devoted husband for 51 years to the love of his life, Dianna. Together they built a life centered on family, faith, and service, raising two sons, Paul and Bowen.

Mike's legacy as a coach is extraordinary. A beloved mentor to hundreds of students at Highland Park High School, he led his teams to more than 40 state championships and helped develop five Olympic swimmers. His distinguished career was recognized with numerous honors, including TISCA Coach of the Year (2001), induction into the Texas Swimming and Diving Hall of Fame (2012), the Highland Park High School Distinguished Alumni Award (2012), and the Austin College Coach Joe Spencer Award for Meritorious Service and Lifetime Achievement in Coaching (2017).

Beyond coaching, Mike was a man of deep friendship and quiet service. He treasured his Saturday lunches with friends at Sammie's BBQ, daily walks with companions at NorthPark Mall, and his weekly volunteer work at Scottish Rite for Children. An avid golfer, mentor, and loyal friend, Mike enriched the lives of everyone fortunate enough to know him.

Mike will be remembered as a humble, gentle yet tough, kind-hearted mentor, a devoted father and husband, and a steadfast friend.

He is survived by his loving and devoted wife, Dianna; his sons, Paul and Bowen (Shannon); and a wide circle of friends, former students, and colleagues who will carry his lessons forward.

A celebration of Mike's life will be held at University Park United Methodist Church on February 14, 2026, at 2:00 p.m. In lieu of flowers, memorials may be made to Scottish Rite for Children, 2222 Welborn Street, Dallas, Texas 75219.

TRADITIONS

Will groundhog see its shadow?

Origin traces back to European folklore; Frisco plans event

By **MARIA SALETTE ONTIVEROS**
Staff Writer
salette.ontiveros@gmail.com
@dallasnews.com

Groundhog Day is Monday, and North Texas residents can observe the tradition through local events and regional gatherings.

Groundhog Day is a seasonal tradition that traces its origins to European folklore, according to the National Weather Service.

Around the fifth century, Celtic communities believed animals held special powers on days that fell between the winter solstice and the spring equinox.

Folklore from Germany and France later held that animals such as marmots and bears would retreat back into their dens if they saw their shadow, signaling several more weeks of winter.

The belief was later adopted by the Romans as Hedgehog Day and eventually became associated with the Christian observance of Candlemas, according to the National Weather Service.

The earliest known American reference to Groundhog Day dates to 1841 in Pennsylvania, according to historical records from the Historical Society of Berks County.

In North Texas, a Groundhog Day event is planned at Kaleidoscope Park in Frisco from 8 to 10 a.m. Monday, with activities including crafts and photos with the park's groundhog mascot, Kaleidoscope Karla, according to the city's tourism website.

The Dallas Arboretum and Botanical Garden will have an event as well, featuring "Arboretum Annie" at A Taste of Place. The program starts around 7:15 a.m. to coincide with sunrise, offering free hot coffee, a hat contest, and photos with the groundhog until 8:30 a.m., according to the Dallas Arboretum website.

Kaleidoscope Park Foundation

Frisco's Kaleidoscope Park will offer photo ops with Kaleidoscope Karla, its groundhog mascot, at the Groundhog Day Celebration on Monday.

ASK THE SOUPMAN

Dear SoupMan,
I'm an avid movie goer & I hear you like movies too!

WHITE SETTLEMENT

Police seek help in case

By **JAMIE LANDERS**
Staff Writer
jamie.landere@dallasnews.com

Police are seeking the public's help identifying multiple suspects after a woman was fatally shot Friday afternoon in White Settlement.

Officers were dispatched shortly after 3 p.m. Friday to a home in the 600 block of Meadow Park Drive, where they found a woman had been shot multiple times.

The woman, whose name was not publicly released, was taken to a hospital, where she later died, White Settlement police officials said in a statement posted on Facebook.

Investigators determined two to three male suspects, who they said looked to be in their late teens or young adults, were captured on camera wearing dark-colored clothing, including black hooded-sweatshirts that were pulled over their heads and black face coverings.

Police said the suspects were seen running from the home and heading westbound on Wyatt Drive, adding they are no longer believed to be in the immediate area.

Anyone with information is asked to contact Sgt. Steven Person at 817-246-7070, Ext. 419, and may be eligible for a cash reward for information that leads to the arrest and indictment of those responsible.

SPECIAL NOTE BELOW

The public auction will be conducted by Hudson & Marshall on February 10, 2026 at 11:00 AM (with a 10:00 AM registration). J. ERIK JONSSON CENTRAL LIBRARY – COMMUNITY SHOWCASE ROOM (1ST FLOOR) – LOCATED AT 1515 YOUNG STREET, DALLAS, TX 75201. Bidders must register with a \$25,000 cashier's check (made payable to the bidder) for 5707 Skillman Street and a \$5,000 cashier's check (made payable to the bidder) for each property on which the bidder intends to bid that is required as a portion of the 10% down payment. Buyer's premiums apply to each property. For Terms and Conditions and additional information, please contact Hudson & Marshall at (800) 841-9400 or www.hudsonmarshall.com. A surplus sale auction brochure may be obtained from the Department of Facilities and Real Estate Management, 320 East Jefferson Boulevard in Room 203 and at www.dallascityhall.com.

The tract of land described above shall be referred to herein as the "Property." The Property is to be sold: a) by a Deed in a form approved by the City Attorney, with mineral reservation, in a form approved by the City Attorney; b) subject to the terms, covenants, conditions, reservations, restrictions and exceptions set forth in the authorizing Dallas City Council Resolution, including without limitation the following: i) any and all visible and apparent easements and encroachments, whether of record or not; ii) any and all covenants, conditions, reservations, restrictions, exceptions, easements, rights-of-way, mineral interests, mineral leases, or other instruments of record and applicable to the Property or any part thereof; and iii) standby fees, taxes and assessments, if any, by any taxing authority for the year of closing and subsequent years and assessments by any taxing authority for prior years due to changes in land usage or ownership, the payment of said standby fees, taxes and assessments being assumed by the purchaser; c) subject to a restriction prohibiting the placement of industrialized housing on all properties located in residential zoned districts; and d) strictly on an "AS IS, WHERE IS, WITH ALL FAULTS" basis, to the maximum extent permitted by law.

It is the responsibility of the bidder to examine all applicable building codes and zoning ordinances to determine if the Property can be used for the purposes desired. The City of Dallas makes no representation or warranty concerning zoning, condition of title, developability, or as to whether or not the Property can be utilized for any purpose. Proposer may submit a written environmental inquiry to openrecords@dallas.gov and request the City search its records for environmental due diligence documentation for a Property of interest. To extent readily accessible and available, and without any obligation, City will endeavor to provide environmental information and/or environmental documentation in its possession. City is under no obligation to conduct any environmental due diligence in response to any environmental inquiry request. The City of Dallas disclaims responsibility as to the accuracy or completeness of any information relating to the Property. The data in this newspaper advertisement is for information only. The City of Dallas is not responsible for any misrepresentations, failures of disclosure, errors or any negligent or wrongful acts occurring in the context of or pertaining to the sale and/or its closing.

All closing costs and title expenses, including without limitation costs of title insurance, if desired, shall be paid by the successful bidder. If the Property is currently exempt from ad valorem taxes, it will be returned to the tax rolls and assessed from date of closing.

The City will also require successful bidders to: 1) certify that they, their spouses and any other party designated for conveyance of title have no outstanding City of Dallas judgments, tax delinquencies, unpaid liens, open city code violations, civil penalties or fees, no more than 1 citation per property within the last six months for city code violations, no more than 2 citations per property within the last 12 months for city code violations, no more than 1 "now/clean, securing or demolition" lien on the property within the last 12 months; 2) execute a No "Conflict of Interest" statement; and 3) execute and submit a Form 1295.

PRE-AUCTION REGISTRATION: A Written Statement Regarding Delinquent Taxes" is required to register to bid. You must personally appear at the Dallas County Tax Office located at 500 Elm Street, Ste 1200 to obtain this form. It must be dated no more than 60 days from the date of the Surplus Auction. The purpose of this form is to verify that the Buyer does not have any outstanding or delinquent property taxes. (Fees may apply) YOU MUST HAVE THIS FORM TO BID AT THE AUCTION!

*SPECIAL NOTE: The City of Dallas is offering for sale the real property commonly known as 5707 Skillman Street subject to the following: (1) Dedication to the City of a required street easement containing approximately 3,473 square feet, (2) Release of an existing 15-foot water easement containing approximately 3,650 square feet; and (3) Dedication to the City of a 20-foot water easement containing approximately 4,816 square feet.

THE CITY RESERVES THE RIGHT TO REJECT ANY AND ALL BIDS.

DALLAS INDEPENDENT SCHOOL DISTRICT

Procurement Services January 25, 2026

The Dallas Independent School District ("District") is soliciting Competitive Sealed Proposals ("CSP") from qualified sources relative to the provision of the following request for Competitive Sealed Proposals ("CSP"). This procurement will be managed under the Dallas ISD Construction Services department.

For information on how to obtain the CSP documents, go to the District's Construction Services website <http://www.dallasisd.org>. Click on "Departments" click on "Construction Services/Bond Office" click on "Bond Vendor Opportunities"; then click on the bid package number. Follow the Document Distribution instructions to obtain the CSP documents. The CSP documents contain the necessary information to submit a CSP to the District including construction documents, selection criteria, estimated budget, project scope, schedule, and other information that contractors may require to respond to the request.

Please return the "Intention to Propose" form (Specification Section 00 11 17) to the Construction Services Procurement Director listed on the form.

CSP #	Description	Closing Date	Buyers Initials
250030	Alex Sanger Preparatory School - Renovation	02/24/2026	DBE

A pre-proposal meeting will be held for Alex Sanger Preparatory School on Monday, February 02, 2026 via MS Teams at 10:00 AM for all interested parties. This meeting is not mandatory, but information discussed will be extremely helpful in preparation of the proposal.

MICROSOFT TEAMS INFORMATION
Meeting ID: 266 213 908 964 69
Passcode: VL2RH78j

All general contractors and sub-contractors are encouraged to attend this meeting. Contractors will meet A/E/C and PM at the school to start site tours. The first site tour will take place immediately following the pre-proposal. The following is the schedule for each site tour:

School Orig #	School Name	Date	Time	School Address, Location of Meeting
206	Alex Sanger Preparatory School	02/02/2026	4:00 PM	8410 San Leandro Drive Dallas, TX 75218 Auditorium

All Construction Services procurements must be physically delivered to the Construction Services office, at the Linus D. Wright Dallas ISD Administration Building 9400 North Central Expressway, Suite 800 Dallas, TX 75231. (Call 972.925.7200 for directions). Delivery to other locations will result in rejection of a CSP.

Completed CSP Package Part 1-A, 1-B and 1-C are due on Tuesday, 02/24/2026 at 2:00 PM (local time).
Completed CSP Package Part 2 is due on Wednesday, 02/25/2026 at 3:30 PM (local time).

Any materials received after the respective closing dates / times will not be considered.

The District will open and read the names of the proposers and prices submitted in responsive CSPs beginning at 3:30 PM local time upon submittal of Part 2 of the Package, via Microsoft Teams at Dallas ISD Construction Services, Linus D. Wright Dallas ISD Administration Building 9400 North Central Expressway, Suite 800 Dallas, TX 75231.

MICROSOFT TEAMS INFORMATION
Meeting ID: 221 100 794 793 26
Passcode: au2PK73T

No further information will be officially released until after the date the Agenda is published for the Board of Trustees briefing.

The right is reserved to reject any or all bids, proposals, CSPs, or statements of qualification and to waive technicalities.

The Dallas Independent School District is committed to the ideals of equal opportunity in all its business endeavors.

The Dallas Independent School District's Construction Services projects have a 30% Small Business Enterprise (SBE) aspirational goal in construction. DN-66037

Airport Sponsor: Dallas Fort Worth International Airport Board

FAA Unique Identifier: EAXX-021-12-ARP-1755678924

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), FAA Order 1050.1G, FAA Order 5050.4B, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the FAA is announcing the availability of and requesting comments on the Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport (DFW).

DFW Airport is proposing to complete the Runway 18L/36R Rehabilitation Project (Project). Runway 18L/36R is a mission critical asset, and the proposed rehabilitation will extend its structural life, improve safety, reduce costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the Proposed Project, in accordance with NEPA, FAA Order 1050.1G, and FAA Order 5050.4B. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures. Because the Proposed Project is in an area designated as nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

From February 1, 2026 to March 3, 2026, the Draft EA and Draft General Conformity Determination will be available for public review online at <https://www.dfwairport.com/business/about/publications> and in person, during normal business hours, at the DFW Environmental Affairs Department located at 3003 S. Service Road, Annex A, DFW Airport, Texas 75261. Please call 972-973-5560 to schedule an appointment for an in-person review. Additionally, hard copies of the Draft EA and Draft General Conformity Determination are available at the public libraries listed below; please contact the local library to schedule viewing times.

1. West Irving Library at 4444 W Rochelle Road, Irving, Texas 75062, Phone: (972) 721-2600
2. Valley Ranch Library at 401 Cimarron Trail, Irving, Texas 75063, Phone: (972) 721-4669
3. Dallas College North Lake Campus Library, 5001 N MacArthur Boulevard, Irving, Texas 75038, Phone: (972) 273-3400
4. Cozby Library and Community Commons, 177 N Hertzog Road, Coppell, Texas 75019, Phone: (972) 304-3658
5. Euleus Library, 201 N Ector Drive Euless, Texas 76039, Phone: (817) 685-1400
6. Grapevine Public Library, 1201 Municipal Way Grapevine, Texas 76057, Phone: (817) 410-3400
7. Southlake Public Library, 1400 Main Street #130 Southlake, Texas 76092, Phone: (817) 748-8243

FAA and DFW invite the public to review and comment on the Draft EA and Draft General Conformity Determination. Comments can be submitted electronically using the online comment form, or e-mail at publiccomment@dfwairport.com, or by postal mail to the address provided on the comment form. The public comment period extends from February 1, 2026 through March 3, 2026. All comments on the Draft EA and Draft General Conformity Determination must be received by 11:59 p.m. Central Standard Time (CST) on March 3, 2026, to be considered. Substantive comments received during the public comment period will be thoroughly reviewed and taken into consideration in the preparation of the Final EA.

CITY OF PLANO LEGAL NOTICE

Notice is hereby given that the City of Plano Planning & Zoning Commission will hold a Public Hearing on Monday, February 16, 2026, at 6:00 p.m. in the Plano Municipal Center, 1520 K Avenue, Senator Florence Shapiro Council Chambers and via video conference to consider the following:

Preliminary Replat: Mustang Square Residential Block B, Lots 1X, 2X, and 6-14, Block F, Lots 13X, 14X and 1-11, and Block G, Lot 1X - 20 Single family residence detached lots and five common area lots on 3.6 acres located on the southwest corner of Community Court and Shoppers Lane. Zoned Planned Development-32-Regional Commercial and located within the State Highway 121 Overlay District. Project #PR2025-021.

The purpose for the Preliminary Replat is to add 15 residential lots and dedicate a street. The Planning & Zoning Commission will hold a public hearing on this case. All parties, both for and against the above-referenced item(s), are invited to attend and voice their opinion. For further information, please contact the Planning Department at (972) 941-7151.

Notice is hereby given that the Planning and Zoning Commission of the City of Melissa will hold a Public Hearing on February 12, 2026 at 6:30 p.m. in Melissa City Hall, 2nd Floor City Council Chamber, located at 3411 Barker Avenue, Melissa, Texas and, in the event that the Planning and Zoning Commission takes action on the following matter, the City Council of the City of Melissa will hold a Public Hearing on March 10, 2026 at 6:30 p.m. in Melissa City Hall, 2nd Floor City Council Chamber, located at 3411 Barker Avenue, Melissa, Texas to hear concerns for or against a request to rezone from Single Family Residential District 3 within the Downtown Overlay District within the Commercial Mixed Use Area ("SF-3/DOD/CMU") to Planned Development/Restricted Commercial District within the Downtown Overlay District within the Commercial Mixed Use Area ("PD/C-1/DOD/CMU"), consisting of 0.35± acres of land, being MELISSA ORIGINAL DONATION (CML), BLK 15, LOT N 12 OF 8 & 9-10, City of Melissa, Collin County, Texas and generally located at 2916 Santa Fe Street, Collin County, Texas.

CITY OF PLANO LEGAL NOTICE
The following Ordinance was passed by the Plano City Council on February 9, 2026 (Title and Penalty Clause Only).

ORDINANCE NO. 2026-2-9 - An Ordinance of the City of Plano, Texas, amending Section 12-73(d), Same - Specific zones, of Article IV, Speed, of Chapter 12, Motor Vehicles and Traffic, of the City of Plano Code of Ordinances, to extend the existing school zone on Hedgcock Road, within the city limits of the City of Plano; and providing a penalty clause, a repealer clause, a severability clause, a savings clause, a publication clause, and an effective date.

Any violation of any provision or term of this ordinance shall be a Class C misdemeanor offense. Any person, firm, corporation, or association who is adjudged guilty of a Class C misdemeanor offense under this Ordinance shall be punished by a fine not to exceed FIVE HUNDRED AND NO/100 DOLLARS (\$500.00) for each offense. Each and every violation shall be deemed to constitute a separate offense.

A copy of this ordinance may be read or purchased in the Office of the City Secretary.

DFW
 Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport
 Agency: Federal Aviation Administration (FAA)
 Airport Sponsor: Dallas Fort Worth International Airport Board
 FAA Unique Identifier: EAXX-021-12-ARP-1755678924
 In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), FAA Order 1050.1G, FAA Order 5050.4B, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the FAA is announcing the availability of and requesting comments on the Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport (DFW).
 DFW Airport is proposing to complete the Runway 18L/36R Rehabilitation Project (Project). Runway 18L/36R is a mission critical asset, and the proposed rehabilitation will extend its structural life, improve safety, reduce costs, and reduce operational impacts associated with maintenance activities.
 The Draft EA evaluates the potential environmental effects of the Proposed Project, in accordance with NEPA, FAA Order 1050.1G, and FAA Order 5050.4B. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures. Because the Proposed Project is in an area designated as nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).
 From February 1, 2026 to March 3, 2026, the Draft EA and Draft General Conformity Determination will be available for public review online at <https://www.dfwairport.com/business/about/publications/> and in person, during normal business hours, at the DFW Environmental Affairs Department located at 3003 S. Service Road, Annex A, DFW Airport, Texas 75261. Please call 972-973-5560 to schedule an appointment for an in-person review. Additionally, hard copies of the Draft EA and Draft General Conformity Determination are available at the public libraries listed below; please contact the local library to schedule viewing times.
 1. West Irving Library at 444 W Rachelle Road, Irving, Texas 75062, Phone: (972) 721-2600
 2. Valley Ranch Library at 401 Cimarron Trail, Irving, Texas 75063, Phone: (972) 721-4669
 3. Dallas College North Lake Campus Library, 5001 N MacArthur Boulevard, Irving, Texas 75038, Phone: (972) 273-3400
 4. Cozby Library and Community Commons, 177 N Hartzel Road, Coppell, Texas 75019, Phone: (972) 304-3658
 5. Euless Library, 201 N Ector Drive Euless, Texas 76039, Phone: (817) 685-1400
 6. Grapevine Public Library, 1201 Municipal Way Grapevine, Texas 76057, Phone: (817) 410-3400
 7. Southlake Public Library, 1400 Main Street #130 Southlake, Texas 76092, Phone: (817) 748-8243
 FAA and DFW invite the public to review and comment on the Draft EA and Draft General Conformity Determination. Comments can be submitted electronically using the online comment form, or via e-mail at publiccomment@dfwairport.com, or by postal mail to the address provided on the comment form. The public comment period extends from February 1, 2026 through March 3, 2026. All comments on the Draft EA and Draft General Conformity Determination must be received by 11:59 p.m. Central Standard Time (CST) on March 3, 2026, to be considered. Substantive comments received during the public comment period will be thoroughly reviewed and taken into consideration in the preparation of the Final EA.

Application has been made with the Texas Alcoholic Beverage Commission for a Mixed Beverage Permit (MB) by Elite Rstrnt Group LLC dba My Dream Latin Cuisine, to be located at 7260 Gaston Ave, Dallas, Dallas County, Texas 75214. FORT WORTH STOCK SHOW

Winter woes: Attendance drops because of ice storm

City's main livestock competition saw nearly 20% fewer visitors

By ERIC E. GARCIA
 fortworthreport.org

Five days of icy roads and freezing temperatures led to a steep downward slide for the Fort Worth Stock Show & Rodeo's attendance this year.

Although streets near the Will Rogers Memorial Center and Dickies Arena were open after Winter Storm Fern hit North Texas in late January, the city's main livestock competition saw a nearly 20% drop in visitors, according to estimated figures from event organizers.

A little more than 1 million people went to the 2026 show, a significant drop from the 1.26 million visitors who attended last year. Organizers noted winter weather also hampered attendance in 2024, but that show still drew 1.14 million after a record-breaking 2023 show that welcomed 1.27 million visitors.

"Unlike last year, we experienced five days of adverse weather," said Matt Brockman, communications director for the stock show.

Freezing temperatures, coupled with snow, freezing rain and ice hindered this year's show, Brockman said. Significant amounts of sleet occurred Jan. 23, followed by about 36 hours of freezing rain, ice and snow that ended midday on Jan. 25.

"Temperatures remained below freezing for a continuous 58 hours," he said.

Roads and surfaces did not begin thawing until Jan. 27, when the temperature finally

rose above 32 degrees. That five-day period of icy conditions led to a decline of just under 195,000 visitors, Brockman said.

"The storm's impact was significant, occurring on what is, typically, one of the FWSSR's highest-attendance weekends," he said. "The effect lingered for several more days, and attendance didn't return to normal until the last five days of the show."

Weather has been a frequent factor in show attendance since the event started in 1896 as the Southwestern Exposition and Livestock Show, Brockman said.

This year's show had 32,679 entries for shows and contests, a 2.1% increase from 2025. Last year's show had 31,983 entries, a 6.4% decrease compared to 2024.

Youth entries totaled 11,765 and included 4-H and FFA members from 232 of the state's 254 counties. Open livestock entries came from 33 states.

White Castle, a 1,459-pound

European crossbred steer exhibited by Caiman Cody, 13, from the Hood County town of Tolar, sold for a record-setting \$550,000 on Feb. 7 at the show's annual Junior Sale of Champions.

The grand champion steer was purchased by Trico Electric, a 40-year-old commercial electric contractor based in Azle.

The stock show's previous record for the grand champion steer was 2023's \$440,000.

Cheeto, the 2026 reserve grand champion steer, was exhibited by Cash Goretska, 16, of Abilene. That steer sold to Hillwood for a record-matching \$300,000 in the Feb. 7 auction.

The annual auction of champion steers, barrows, goats and lambs exhibited by youth raised more than \$10.1 million in total proceeds for the exhibitors of the auction.

Fort Worth Report is a non-partisan, nonprofit news source dedicated to providing free, fair and local reporting for our community.

Contestants waited to enter the Watt Arena with their heifers at the Fort Worth Stock Show and Rodeo on Jan. 26. The competition saw a steep drop in visitors.

DALLAS Procurement Services **March 01, 2026**

The Dallas Independent School District ("District") is soliciting Competitive Sealed Proposals ("CSP") from qualified sources relative to the provision of the following request For Competitive Sealed Proposals ("CSP"). This procurement will be managed under the Dallas ISD Construction Services department.

For information on how to obtain the CSP documents, go to the District's Construction Services website <http://www.dallasisd.org>. Click on "Departments," click on "Construction Services/Bond Office," click on "Bond Vendor Opportunities," then click on the bid package number. Follow the Document Distribution instructions to obtain the CSP documents. The CSP documents contain the necessary information to submit a CSP to the District, including construction documents, selection criteria, estimated budget, project scope, schedule, and other information that contractors may require to respond to the request.

Please return the "Intention to Propose" form (Specification Section 00 11 17) to the Construction Services Procurement Director listed on the form.

CSP #	Description	Closing Date	Buyers Initials
250073	Org 226 - Martin Weiss Elementary School	03/31/26	MH

A pre-proposal meeting will be held at 10:00 AM CT on Monday, March 9th, 2026 via Teams for all interested parties. This meeting is not mandatory, but information discussed will be extremely helpful in preparation of the proposal.

Microsoft Teams meeting
 Join: <https://teams.microsoft.com/meet/2462227344509?p=qdG18taeybDuXoydnK>
 Meeting ID: 246 222 734 450 9
 Passcode: vQ3pN2VL

All general contractors and sub-contractors are encouraged to attend this meeting. Contractors will meet A/E(s) and PM at the school to start site tours. The first site tour will take place immediately following the pre-proposal. The following is the schedule for each site tour:

School Org#	School Name	Date	Time	School Address, Location of Meeting
226	Martin Weiss Elementary School	03.09.2026	4:00 PM	8601 Willoughby Blvd. Dallas, TX 75232

All Construction Services procurements must be physically delivered to the Construction Services office, at the Linus D. Wright Dallas ISD Administration Building 9400 North Central Expressway, Suite 800 Dallas, TX 75231. (Call 972.925.7200 for directions). Delivery to other locations will result in rejection of a CSP.

Completed CSP Package Part 1-A, 1-B and 1-C are due on Tuesday, March 31, 2026 at 2:00 PM (local time).

Completed CSP Package Part 2 is due on Wednesday, April 1, 2026 at 3:00 PM (local time).

Any materials received after the respective closing dates / times will not be considered. Microsoft Teams meeting
 Join: <https://teams.microsoft.com/meet/27878210692090?p=w2dapRqMfde7wUjCW20>
 Meeting ID: 278 782 106 920 90
 Passcode: Ct9Em2X5

The District will open and read the names of the proposers and prices submitted in responsive CSPs beginning at 3:30 PM. local time upon submittal of Part 2 of the Package, via Zoom at Dallas ISD Construction Services, Linus D. Wright Dallas ISD Administration Building 9400 North Central Expressway, Suite 800 Dallas, TX 75231.

No further information will be officially released until after the date the Agenda is publicized for the Board of Trustees briefing.

The right is reserved to reject any or all bids, proposals, CSPs, or statements of qualification and to waive technicalities.

The Dallas Independent School District is committed to the ideals of equal opportunity in all its business endeavors.

The Dallas Independent School District's Construction Services projects have a 30% Small Business Enterprise (SBE) aspirational goal in construction.

CITY OF PLANO LEGAL NOTICE

The following Ordinances were passed by the Plano City Council on February 23, 2026 (Title and Penalty Clause Only).

ORDINANCE NO. 2026-2-13 (ZC 2025-016) - An Ordinance of the City of Plano, Texas, amending the Comprehensive Zoning Ordinance of the City, Ordinance No. 2015-5-2, as heretofore amended, to amend Specific Use Permit No. 56 for a Commercial Antenna Support Structure on 0.1 acre of land out of the Maria C. Vela Survey, Abstract No. 935, located 225 feet north of Democracy Drive and 220 feet east of Partnership Road, in the City of Plano, Collin County, Texas, presently zoned Commercial Employment; directing a change accordingly in the official zoning map of the City; and providing a penalty clause, a repealer clause, a savings clause, a severability clause, a publication clause, and an effective date.

Any violation of the provisions or terms of this ordinance by any person, firm or corporation shall be a misdemeanor offense and shall be subject to a fine in accordance with Section 1-4(a) of the City Code of Ordinances for each offense. Every day a violation continues shall constitute a separate offense.

ORDINANCE NO. 2026-2-14 (ZC 2025-020) - An Ordinance of the City of Plano, Texas, amending the Comprehensive Zoning Ordinance of the City, Ordinance No. 2015-5-2, as heretofore amended, amending and expanding Specific Use Permit No. 539 for New Vehicle Dealer on 29.7 acres of land out of the Maria C. Vela Survey, Abstract No. 935, located at the northwest corner of Parkwood Boulevard and Spring Creek Parkway in the City of Plano, Collin County, Texas, presently zoned Commercial Employment with Specific Use Permit No. 539 for New Car Dealer and located within the Dallas North Tollway and Expressway Corridor Overlay Districts, directing a change accordingly in the official zoning map of the City; and providing a penalty clause, a repealer clause, a savings clause, a severability clause, a publication clause, and an effective date.

Any violation of the provisions or terms of this ordinance by any person, firm or corporation shall be a misdemeanor offense and shall be subject to a fine in accordance with Section 1-4(a) of the City Code of Ordinances for each offense. Every day a violation continues shall constitute a separate offense.

ORDINANCE NO. 2026-2-15 (ZC 2025-023) - An Ordinance of the City of Plano, Texas, amending the Comprehensive Zoning Ordinance of the City, Ordinance No. 2015-5-2, as heretofore amended, rezoning 99.0 acres of land out of the Maria C. Vela Survey, Abstract No. 935, and the Jacob Cook Survey, Abstract No. 189, located at the southeast corner of Legacy Drive and Parkwood Boulevard in the City of Plano, Collin County, Texas, from Planned Development-62-Commercial Employment to Commercial Employment; directing a change accordingly in the official zoning map of the City; and providing a penalty clause, a repealer clause, a savings clause, a severability clause, a publication clause, and an effective date.

Any violation of the provisions or terms of this ordinance by any person, firm or corporation shall be a misdemeanor offense and shall be subject to a fine in accordance with Section 1-4(a) of the City Code of Ordinances for each offense. Every day a violation continues shall constitute a separate offense.

ORDINANCE NO. 2026-2-18 - An Ordinance of the City of Plano, Texas, repealing Ordinance No. 2025-11-1, ordering an election to be held in and throughout the City of Plano, Texas, on May 2, 2026, to dissolve the Dallas Area Rapid Transit System in the City of Plano, Texas, subject to the continued collection of sales taxes for the period required by law; and providing a savings clause, a publication clause, and an effective date.

A copy of these ordinances may be read or purchased in the Office of the City Secretary.

DFW Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport

Agency: Federal Aviation Administration (FAA)

Airport Sponsor: Dallas Fort Worth International Airport Board

FAA Unique Identifier: EAXX-021-12-ARP-1755678924

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), FAA Order 1050.1G, FAA Order 5050.4B, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the FAA is announcing the availability of and requesting comments on the Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport (DFW).

DFW Airport is proposing to complete the Runway 18L/36R Rehabilitation Project (Project). Runway 18L/36R is a mission critical asset, and the proposed rehabilitation will extend its structural life, improve safety, reduce costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the Proposed Project, in accordance with NEPA, FAA Order 1050.1G, and FAA Order 5050.4B. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures. Because the Proposed Project is in an area designated as nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

From February 1, 2026 to March 3, 2026, the Draft EA and Draft General Conformity Determination will be available for public review online at <https://www.dfwairport.com/business-essentials/publications/> and in person, during normal business hours, at the DFW Environmental Affairs Department located at 3003 S. Service Road, Annex A, DFW Airport, Texas 75261. Please call 972-973-5560 to schedule an appointment for an in-person review. Additionally, hard copies of the Draft EA and Draft General Conformity Determination are available at the public libraries listed below; please contact the local library to schedule viewing times.

- West Irving Library at 4444 W Rochelle Road, Irving, Texas 75062, Phone: (972) 721-2600
- Valley Ranch Library at 401 Cimarron Trail, Irving, Texas 75063, Phone: (972) 721-4669
- Dallas College North Lake Campus Library, 5001 N MacArthur Boulevard, Irving, Texas 75038, Phone: (972) 273-3400
- Cozby Library and Community Commons, 177 N Hartz Road, Coppell, Texas 75019, Phone: (972) 304-3558
- Euleuss Library, 201 N Ector Drive Euleuss, Texas 76039, Phone: (817) 685-1400
- Grapevine Public Library, 1201 Municipal Way Grapevine, Texas 76057, Phone: (817) 410-3400
- Southlake Public Library, 1400 Main Street #130 Southlake, Texas 76092, Phone: (817) 748-8243

FAA and DFW invite the public to review and comment on the Draft EA and Draft General Conformity Determination. Comments can be submitted electronically using the online comment form, or via e-mail at publiccomment@dfwairport.com, or by postal mail to the address provided on the comment form. The public comment period extends from February 1, 2026 through March 3, 2026. All comments on the Draft EA and Draft General Conformity Determination must be received by 11:59 p.m. Central Standard Time (CST) on March 3, 2026, to be considered. Substantive comments received during the public comment period will be thoroughly reviewed and taken into consideration in the preparation of the Final EA.

LEGAL NOTICE NOTICE OF PUBLIC HEARING CITY OF CARROLLTON, TEXAS AMENDED CDBG PY2025 ACTION PLAN

The City of Carrollton will receive \$755,813 of Community Development Block Grant (CDBG) funds from the United States Department of Housing and Urban Development (HUD). According to Federal regulations, these funds must be utilized for the principal benefit of persons of low- to moderate- income in Carrollton.

The purpose of the amended PY2025 Action Plan is to amend a jurisdiction's housing and community development needs, priorities, goals and strategies; and to stipulate how funds will be allocated to housing and community development activities.

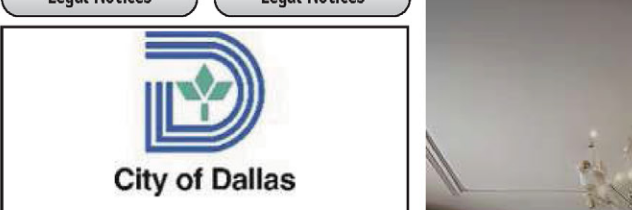

The proposed PY2025 allocation of Carrollton CDBG funds and \$972,537 in residual prior year CDBG funding will be budgeted as follows:

Park Terrace Infrastructure Project	\$1,000,000
Public Services Funding to Social Service Agencies	\$113,350
City Hall - Handicap Accessibility Project	\$100,000
City Parks Projects:	
*Downtown Square Park	\$100,000
*Thomas Park	\$ 50,000
*Pioneer Park	\$ 20,000
*Rhoton Park	\$ 20,000
Enhanced Code Enforcement	\$ 90,000
Minor Home Repair Program	\$ 95,000
Emergency Repair Program	\$ 40,000
Carrollton Black Cemetery Phase 2 Administration	\$ 50,000
	\$ 50,000
Total Funds for Amended PY2025 Allocation	\$1,728,350

In an effort to solicit increased community participation and involvement in identifying community development needs, the City of Carrollton will hold a public hearing on Tuesday, March 24, 2026, before the Carrollton City Council during the scheduled city council meeting at 5:45 p.m. in the City Hall Council Chambers, located on the 2nd floor of Carrollton City Hall, 1945 E. Jackson Road, Carrollton, Texas

If you are unable to attend, you may submit written comments, concerns, and/or ideas to the following email address: cnvservices@cityofcarrollton.com, or by contacting the Community Development staff at (972) 466-5727. All comments should be submitted to the city no later than Monday, March 30, 2026.

RE: **Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport. Public Comment Period from February 1, 2026 through March 3, 2026**

Dallas Fort Worth International Airport (DFW) respectfully requests that your library provide this enclosed Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the proposed Runway 18L/36R Rehabilitation Project at DFW to public for review from February 1, 2026 through March 3, 2026.

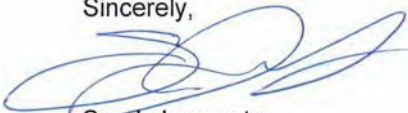

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), Title 40, Code of Federal Regulations § 6.203, FAA Order 1050.1G, FAA Order 5050.4B, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the Federal Aviation Administration (FAA) and DFW Airport have prepared a Draft EA and Draft General Conformity Determination to evaluate the potential environmental impacts of the proposed Runway 18L/36R Rehabilitation Project at DFW.

DFW Airport is proposing to rehabilitate Runway 18L/36R, a mission critical asset, supporting 46% of departure operations. The proposed Runway 18L/36R Rehabilitation Project includes the reconstruction and rehabilitation of select pavement panels, and the installation of an asphalt overlay that will provide a reliable operational surface and standard maintenance cycle that aligns with the previous runway rehabilitation projects. The Proposed Project will extend the runway's structural life, improve safety, reduce maintenance costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the proposed Runway 18L/36R Rehabilitation Project and has been prepared pursuant to the requirements of Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA). FAA is the lead federal agency to ensure compliance with NEPA for airport development actions. Therefore, the Draft EA has also been prepared in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, and FAA Order 5050.4B, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures, as appropriate. Because the Proposed Project is in an area designated as severe nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

We appreciate your help in providing this document to the public for their review and participation in DFW's public involvement process. If you have any questions, please contact me on 972-973-5573 or via email at nepa@dfwairport.com

Sincerely,

Sandy Lancaster

RE: **Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport. Public Comment Period from February 1, 2026 through March 3, 2026**

Dallas Fort Worth International Airport (DFW) respectfully requests that your library provide this enclosed Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the proposed Runway 18L/36R Rehabilitation Project at DFW to public for review from February 1, 2026 through March 3, 2026.

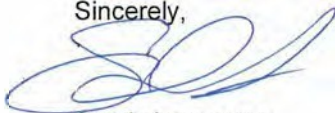

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), Title 40, Code of Federal Regulations § 6.203, FAA Order 1050.1G, FAA Order 5050.4B, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the Federal Aviation Administration (FAA) and DFW Airport have prepared a Draft EA and Draft General Conformity Determination to evaluate the potential environmental impacts of the proposed Runway 18L/36R Rehabilitation Project at DFW.

DFW Airport is proposing to rehabilitate Runway 18L/36R, a mission critical asset, supporting 46% of departure operations. The proposed Runway 18L/36R Rehabilitation Project includes the reconstruction and rehabilitation of select pavement panels, and the installation of an asphalt overlay that will provide a reliable operational surface and standard maintenance cycle that aligns with the previous runway rehabilitation projects. The Proposed Project will extend the runway's structural life, improve safety, reduce maintenance costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the proposed Runway 18L/36R Rehabilitation Project and has been prepared pursuant to the requirements of Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA). FAA is the lead federal agency to ensure compliance with NEPA for airport development actions. Therefore, the Draft EA has also been prepared in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, and FAA Order 5050.4B, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures, as appropriate. Because the Proposed Project is in an area designated as severe nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

We appreciate your help in providing this document to the public for their review and participation in DFW's public involvement process. If you have any questions, please contact me on 972-973-5573 or via email at nepa@dfwairport.com

Sincerely,

Sandy Lancaster

RE: **Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport. Public Comment Period from February 1, 2026 through March 3, 2026**

Dallas Fort Worth International Airport (DFW) respectfully requests that your library provide this enclosed Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the proposed Runway 18L/36R Rehabilitation Project at DFW to public for review from February 1, 2026 through March 3, 2026.

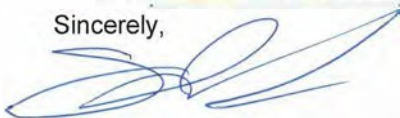

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), Title 40, Code of Federal Regulations § 6.203, FAA Order 1050.1G, FAA Order 5050.4B, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the Federal Aviation Administration (FAA) and DFW Airport have prepared a Draft EA and Draft General Conformity Determination to evaluate the potential environmental impacts of the proposed Runway 18L/36R Rehabilitation Project at DFW.

DFW Airport is proposing to rehabilitate Runway 18L/36R, a mission critical asset, supporting 46% of departure operations. The proposed Runway 18L/36R Rehabilitation Project includes the reconstruction and rehabilitation of select pavement panels, and the installation of an asphalt overlay that will provide a reliable operational surface and standard maintenance cycle that aligns with the previous runway rehabilitation projects. The Proposed Project will extend the runway's structural life, improve safety, reduce maintenance costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the proposed Runway 18L/36R Rehabilitation Project and has been prepared pursuant to the requirements of Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA). FAA is the lead federal agency to ensure compliance with NEPA for airport development actions. Therefore, the Draft EA has also been prepared in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, and FAA Order 5050.4B, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures, as appropriate. Because the Proposed Project is in an area designated as severe nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

We appreciate your help in providing this document to the public for their review and participation in DFW's public involvement process. If you have any questions, please contact me on 972-973-5573 or via email at nepa@dfwairport.com

Sincerely,

Sandy Lancaster

RE: **Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport. Public Comment Period from February 1, 2026 through March 3, 2026**

Dallas Fort Worth International Airport (DFW) respectfully requests that your library provide this enclosed Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the proposed Runway 18L/36R Rehabilitation Project at DFW to public for review from February 1, 2026 through March 3, 2026.

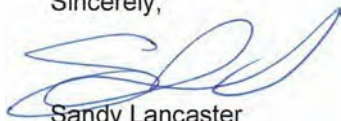

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), Title 40, Code of Federal Regulations § 6.203, FAA Order 1050.1G, FAA Order 5050.48, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the Federal Aviation Administration (FAA) and DFW Airport have prepared a Draft EA and Draft General Conformity Determination to evaluate the potential environmental impacts of the proposed Runway 18L/36R Rehabilitation Project at DFW.

DFW Airport is proposing to rehabilitate Runway 18L/36R, a mission critical asset, supporting 46% of departure operations. The proposed Runway 18L/36R Rehabilitation Project includes the reconstruction and rehabilitation of select pavement panels, and the installation of an asphalt overlay that will provide a reliable operational surface and standard maintenance cycle that aligns with the previous runway rehabilitation projects. The Proposed Project will extend the runway's structural life, improve safety, reduce maintenance costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the proposed Runway 18L/36R Rehabilitation Project and has been prepared pursuant to the requirements of Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA). FAA is the lead federal agency to ensure compliance with NEPA for airport development actions. Therefore, the Draft EA has also been prepared in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, and FAA Order 5050.48, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures, as appropriate. Because the Proposed Project is in an area designated as severe nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

We appreciate your help in providing this document to the public for their review and participation in DFW's public involvement process. If you have any questions, please contact me on 972-973-5573 or via email at nepa@dfwairport.com

Sincerely,

RE: Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport. Public Comment Period from February 1, 2026 through March 3, 2026

Dallas Fort Worth International Airport (DFW) respectfully requests that your library provide this enclosed Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the proposed Runway 18L/36R Rehabilitation Project at DFW to public for review from February 1, 2026 through March 3, 2026.

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), Title 40, Code of Federal Regulations§ 6.203, FAA Order 1050.1G, FAA Order 5050.48, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the Federal Aviation Administration (FAA) and DFW Airport have prepared a Draft EA and Draft General Conformity Determination to evaluate the potential environmental impacts of the proposed Runway 18L/36R Rehabilitation Project at DFW.

DFW Airport is proposing to rehabilitate Runway 18L/36R, a mission critical asset, supporting 46% of departure operations. The proposed Runway 18L/36R Rehabilitation Project includes the reconstruction and rehabilitation of select pavement panels, and the installation of an asphalt overlay that will provide a reliable operational surface and standard maintenance cycle that aligns with the previous runway rehabilitation projects. The Proposed Project will extend the runway's structural life, improve safety, reduce maintenance costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the proposed Runway 18L/36R Rehabilitation Project and has been prepared pursuant to the requirements of Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA). FAA is the lead federal agency to ensure compliance with NEPA for airport development actions. Therefore, the Draft EA has also been prepared in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, and FAA Order 5050.48, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures, as appropriate. Because the Proposed Project is in an area designated as severe nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

We appreciate your help in providing this document to the public for their review and participation in DFW's public involvement process. If you have any questions, please contact me on 972-973-5573 or via email at nepa@dfwairport.com.

Sincerely,

Sandy Lancaster

RE: **Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport. Public Comment Period from February 1, 2026 through March 3, 2026**

Dallas Fort Worth International Airport (DFW) respectfully requests that your library provide this enclosed Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the proposed Runway 18U36R Rehabilitation Project at DFW to public for review from February 1, 2026 through March 3, 2026,

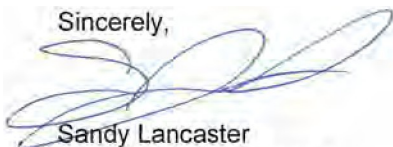

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), Title 40, Code of Federal Regulations § 6.203, FAA Order 1050.1G, FAA Order 5050.48, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the Federal Aviation Administration (FAA) and DFW Airport have prepared a Draft EA and Draft General Conformity Determination to evaluate the potential environmental impacts of the proposed Runway 18U36R Rehabilitation Project at DFW.

DFW Airport is proposing to rehabilitate Runway 18U36R, a mission critical asset, supporting 46% of departure operations. The proposed Runway 18L/36R Rehabilitation Project includes the reconstruction and rehabilitation of select pavement panels, and the installation of an asphalt overlay that will provide a reliable operational surface and standard maintenance cycle that aligns with the previous runway rehabilitation projects. The Proposed Project will extend the runway's structural life, improve safety, reduce maintenance costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the proposed Runway 18U36R Rehabilitation Project and has been prepared pursuant to the requirements of Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA). FAA is the lead federal agency to ensure compliance with NEPA for airport development actions. Therefore, the Draft EA has also been prepared in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, and FAA Order 5050.48, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures, as appropriate. Because the Proposed Project is in an area designated as severe nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

We appreciate your help in providing this document to the public for their review and participation in DFW's public involvement process. If you have any questions, please contact me on 972-973-5573 or via email at nepa@dfwairport.com

Sincerely,

Sandy Lancaster

RE: Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport. Public Comment Period from February 1, 2026 through March 3, 2026

Dallas Fort Worth International Airport (DFW) respectfully requests that your library provide this enclosed Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the proposed Runway 18L/36R Rehabilitation Project at DFW to public for review from February 1, 2026 through March 3, 2026.

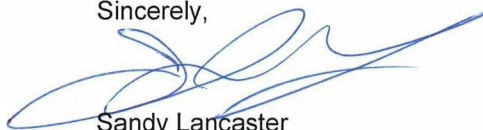

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), Title 40, Code of Federal Regulations § 6.203, FAA Order 1050.1G, FAA Order 5050.4B, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the Federal Aviation Administration (FAA) and DFW Airport have prepared a Draft EA and Draft General Conformity Determination to evaluate the potential environmental impacts of the proposed Runway 18L/36R Rehabilitation Project at DFW.

DFW Airport is proposing to rehabilitate Runway 18L/36R, a mission critical asset, supporting 46% of departure operations. The proposed Runway 18L/36R Rehabilitation Project includes the reconstruction and rehabilitation of select pavement panels, and the installation of an asphalt overlay that will provide a reliable operational surface and standard maintenance cycle that aligns with the previous runway rehabilitation projects. The Proposed Project will extend the runway's structural life, improve safety, reduce maintenance costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the proposed Runway 18L/36R Rehabilitation Project and has been prepared pursuant to the requirements of Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA). FAA is the lead federal agency to ensure compliance with NEPA for airport development actions. Therefore, the Draft EA has also been prepared in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, and FAA Order 5050.4B, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures, as appropriate. Because the Proposed Project is in an area designated as severe nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

We appreciate your help in providing this document to the public for their review and participation in DFW's public involvement process. If you have any questions, please contact me on 972-973-5573 or via email at nepa@dfwairport.com

Sincerely,

Sandy Lancaster
Assistant Vice President,
DFW Airport Environmental Affairs Department

Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport

Agency: Federal Aviation Administration (FAA)

Airport Sponsor: Dallas Fort Worth International Airport Board

FAA Unique Identifier: EAXX-021-12-ARP-1755678924

In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), FAA Order 1050.1G, FAA Order 5050.4B, and the Clean Air Act (CAA) General Conformity requirements in 40 CFR Part 93 (CAA Section 176(c)), the FAA is announcing the availability of and requesting comments on the Draft Environmental Assessment (Draft EA) and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport (DFW).

DFW Airport is proposing to complete the Runway 18L/36R Rehabilitation Project (Project). Runway 18L/36R is a mission critical asset, and the proposed rehabilitation will extend its structural life, improve safety, reduce costs, and reduce operational impacts associated with maintenance activities.

The Draft EA evaluates the potential environmental effects of the Proposed Project, in accordance with NEPA, FAA Order 1050.1G, and FAA Order 5050.4B. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures. Because the Proposed Project is in an area designated as nonattainment for Ozone, the FAA has also prepared a Draft General Conformity Determination pursuant to Section 176(c) of the Clean Air Act and 40 CFR Part 93. The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP).

From February 1, 2026 to March 3, 2026, the Draft EA and Draft General Conformity Determination will be available for public review online at <https://www.dfwairport.com/business/about/publications/> and in person, during normal business hours, at the DFW Environmental Affairs Department located at 3003 S. Service Road, Annex A, DFW Airport, Texas 75261. Please call 972-973-5560 to schedule an appointment for an in-person review. Additionally, hard copies of the Draft EA and Draft General Conformity Determination are available at the public libraries listed below; please contact the local library to schedule viewing times.

1. **West Irving Library** at 4444 W Rochelle Road, Irving, Texas 75062, Phone: (972) 721-2600
2. **Valley Ranch Library** at 401 Cimarron Trail, Irving, Texas 75063, Phone: (972) 721-4669
3. **Dallas College North Lake Campus Library**, 5001 N MacArthur Boulevard, Irving, Texas 75038, Phone: (972) 273-3400
4. **Cozby Library and Community Commons**, 177 N Hertz Road, Coppell, Texas 75019, Phone: (972) 304-3658
5. **Eules Library**, 201 N Ector Drive Eules, Texas 76039, Phone: (817) 685-1400
6. **Grapevine Public Library**, 1201 Municipal Way Grapevine, Texas 76057, Phone: (817) 410-3400
7. **Southlake Public Library**, 1400 Main Street #130 Southlake, Texas 76092, Phone: (817) 748-8243

FAA and DFW invite the public to review and comment on the Draft EA and Draft General Conformity Determination. Comments can be submitted electronically using the online comment form, or via e-mail at publiccomment@dfwairport.com, or by postal mail to the address provided on the comment form. The public comment period extends from February 1, 2026 through March 3, 2026. All comments on the Draft EA and Draft General Conformity Determination must be received by 11:59 p.m. Central Standard Time (CST) on March 3, 2026, to be considered. Substantive comments received during the public comment period will be thoroughly reviewed and taken into consideration in the preparation of the Final EA.

Aviso de disponibilidad del borrador de la evaluación medioambiental y del borrador de la determinación de conformidad general para el proyecto propuesto de rehabilitación de la pista 18L/36R en el Aeropuerto Internacional de Dallas Fort Worth

Agencia: Administración Federal de Aviación (FAA)

Patrocinador del aeropuerto: Junta del Aeropuerto Internacional de Dallas Fort Worth

Identificador único de la FAA: EAXX-021-12-ARP-1755678924

De conformidad con la Ley Nacional de Política Ambiental de 1969, en su versión modificada (NEPA), la Orden 1050.1G de la FAA, la Orden 5050.4B de la FAA y los requisitos generales de conformidad de la Ley de Aire Limpio (CAA) en 40 CFR Parte 93 (CAA Sección 176(c)), la FAA anuncia la disponibilidad y solicita comentarios sobre el Borrador de Evaluación Ambiental (Borrador EA) y el Borrador de Determinación de Conformidad General para el Proyecto Propuesto de Rehabilitación de la Pista 18L/36R en el Aeropuerto Internacional de Dallas Fort Worth (DFW).

El aeropuerto DFW propone completar el proyecto de rehabilitación de la pista 18L/36R (proyecto). La pista 18L/36R es un activo fundamental para la misión, y la rehabilitación propuesta prolongará su vida útil, mejorará la seguridad, reducirá los costes y disminuirá el impacto operativo asociado a las actividades de mantenimiento.

El borrador de la EA evalúa los posibles efectos medioambientales del proyecto propuesto, de conformidad con la NEPA, la Orden 1050.1G de la FAA y la Orden 5050.4B de la FAA. El borrador de la EA incluye un análisis de alternativas razonables, posibles impactos medioambientales y medidas de mitigación. Dado que el proyecto propuesto se encuentra en una zona designada como no conforme con los niveles de ozono, la FAA también ha elaborado un borrador de determinación de conformidad general de conformidad con la sección 176(c) de la Ley de Aire Limpio y el título 40 del CFR, parte 93. El borrador de determinación de conformidad general evalúa si el proyecto se ajusta al Plan de Implementación del Estado de Texas (SIP) aplicable.

Desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026, el borrador de la EA y el borrador de la Determinación de Conformidad General estarán disponibles para su revisión pública en línea en <https://www.dfwairport.com/busi-ness/about/publications/> y en persona, durante el horario laboral habitual, en el Departamento de Asuntos Medioambientales del DFW, situado en 3003 S. Service Road, Anexo A, Aeropuerto DFW, Texas 75261. Llame al 972-973-5560 para concertar una cita para una revisión en persona. Además, hay copias impresas del borrador de la EA y del borrador de la Determinación de Conformidad General disponibles en las bibliotecas públicas que se enumeran a continuación; póngase en contacto con la biblioteca local para concertar una cita para consultarlas.

1. **Biblioteca West Irving**, situada en 4444 W Rochelle Road, Irving, Texas 75062, teléfono: (972) 721-2600
2. **Biblioteca Valley Ranch**, situada en 401 Cimarron Trail, Irving, Texas 75063, teléfono: (972) 721-4669
3. Biblioteca del campus North Lake del Dallas College, 5001 N MacArthur Boulevard, Irving, Texas 75038, teléfono: (972) 273-3400
4. **Biblioteca y centro comunitario Cozby**, 177 N Hertz Road, Coppell, Texas 75019, Teléfono: (972) 304-3658
5. **Biblioteca Euless**, 201 N Ector Drive Euless, Texas 76039, Teléfono: (817) 685-1400
6. **Biblioteca Pública de Grapevine**, 1201 Municipal Way Grapevine, Texas 76057, Teléfono: (817) 410-3400
7. **Biblioteca Pública de Southlake**, 1400 Main Street #130 Southlake, Texas 76092, Teléfono: (817) 748-8243

La FAA y el DFW invitan al público a revisar y comentar el borrador de la EA y el borrador de la determinación de conformidad general. Los comentarios pueden enviarse electrónicamente mediante el formulario de comentarios en línea, por correo electrónico a publiccomment@dfwairport.com o por correo postal a la dirección que figura en el formulario de comentarios. El período de comentarios públicos se extiende desde el 1 de febrero de 2026 hasta el 3 de marzo de 2026. Todos los comentarios sobre el borrador de la EA y el borrador de la determinación de conformidad general deben recibirse antes de las 11:59 p. m., hora estándar del centro (CST), del 3 de marzo de 2026 para que sean tenidos en cuenta. Los comentarios sustantivos recibidos durante el período de comentarios públicos se revisarán minuciosamente y se tendrán en cuenta en la preparación de la EA final.

CAUTION: [EXTERNAL] This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

DFW continues to progress with its airfield rehabilitation program to upgrade aging infrastructure in runways and taxiways. As you may recall, DFW rehabilitated its Runway 17C/35C in 2018/2019, followed by Runway 18R/36L in 2020/2021, and by Runway 17R/35L in 2023/2024. The next Runway in our Rehabilitation Program will be Runway 18L/36R, DFW's primary departure runway on its west side. This rehabilitation project is anticipated to begin in May of 2026 and cover approximately 12 months.

In preparation of applying for federal funding for the project, DFW prepared an Environmental Assessment. For your reference, the Draft Environmental Assessment may be found at the following online location: <https://www.dfwairport.com/business/about/publications/>. We also have a hard copy of the Draft EA at our offices if you prefer. The address is:

Attn: Samuel Tan
Environmental Affairs Department
3003 S. Service Road, Annex A
DFW Airport, TX 75261

Additionally, hard copies of the Draft EA and Draft General Conformity Determination are available at the public libraries listed below:

1. West Irving Library at 4444 W Rochelle Road, Irving, Texas 75062, Phone: (972) 721-2600
2. Valley Ranch Library at 401 Cimarron Trail, Irving, Texas 75063, Phone: (972) 721-4669
3. Dallas College North Lake Campus Library, 5001 N MacArthur Boulevard, Irving, Texas 75038, Phone: (972) 273-3400
4. Cozby Library and Community Commons, 177 N Hartz Road, Coppell, Texas 75019, Phone: (972) 304-3658
5. Eules Library, 201 N Ector Drive, Eules, Texas 76039, Phone: (817) 685-1400
6. Grapevine Public Library, 1201 Municipal Way, Grapevine, Texas 76057, Phone: (817) 410-3400
7. Southlake Public Library, 1400 Main Street #130, Southlake, Texas 76092, Phone: (817) 748-8243

In the following weeks, DFW will schedule meetings to provide additional details in advance of the

project as we have done in the past, including providing resources you can share with your communities.

Please let us know if you have any questions. Thank you very much.

Sincerely,
Sam

Subject: re: Notice of an Environmental Assessment for Runway 18L/36R Rehabilitation Project
Date: Friday, January 30, 2026 3:58:57 PM

CAUTION: [EXTERNAL] This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

DFW continues to progress with its airfield rehabilitation program to upgrade aging infrastructure in runways and taxiways. As you may recall, DFW rehabilitated its Runway 17C/35C in 2018/2019, followed by Runway 18R/36L in 2020/2021, and by Runway 17R/35L in 2023/2024. The next Runway in our Rehabilitation Program will be Runway 18L/36R, DFW's primary departure runway on its west side. This rehabilitation project is anticipated to begin in May of 2026 and cover approximately 12 months.

In preparation of applying for federal funding for the project, DFW prepared an Environmental Assessment. For your reference, the Draft Environmental Assessment may be found at the following online location: <https://www.dfwairport.com/business/about/publications/>. We also have a hard copy of the Draft EA at our offices if you prefer. The address is:

Attn: Samuel Tan
Environmental Affairs Department
3003 S. Service Road, Annex A
DFW Airport, TX 75261

Additionally, hard copies of the Draft EA and Draft General Conformity Determination are available at the public libraries listed below:

1. West Irving Library at 4444 W Rochelle Road, Irving, Texas 75062, Phone: (972) 721-2600
2. Valley Ranch Library at 401 Cimarron Trail, Irving, Texas 75063, Phone: (972) 721-4669
3. Dallas College North Lake Campus Library, 5001 N MacArthur Boulevard, Irving, Texas 75038, Phone: (972) 273-3400
4. Cozby Library and Community Commons, 177 N Hartz Road, Coppell, Texas 75019, Phone: (972) 304-3658
5. Eules Library, 201 N Ector Drive, Eules, Texas 76039, Phone: (817) 685-1400
6. Grapevine Public Library, 1201 Municipal Way, Grapevine, Texas 76057, Phone: (817) 410-3400
7. Southlake Public Library, 1400 Main Street #130, Southlake, Texas 76092, Phone: (817) 748-8243

In the following weeks, DFW will provide additional details in advance of the project as we have done

in the past, including providing resources you can share with your communities.

Please let us know if you have any questions. Thank you very much.

Sincerely,
Sam

Samuel Tan, C.M., A.C.E.

Notice of Availability of the Draft Environmental Assessment and Draft General Conformity Determination for the Proposed Runway 18L/36R Rehabilitation Project at Dallas Fort Worth International Airport

Project background

FAA and DFW Airport have prepared a Draft Environmental Assessment (EA) and Draft General Conformity Determination (GCD) to evaluate the potential environmental impacts of the Proposed Runway 18L/36R Rehabilitation Project. The Draft EA has been prepared in accordance with the National Environmental Policy Act (NEPA) of 1969 as well as FAA Order 1050.1G: Environmental Impacts: Policies and Procedures, and FAA Order 5050.4B: NEPA Implementing Instructions for Airport Actions. Additionally, in compliance with the Clean Air Act (CAA), a Draft General Conformity Determination has been prepared for the Proposed Project and is being made available for public review under Section 176(c) of the CAA and Amendments of 1990.

What is the project?

DFW Airport is proposing to rehabilitate Runway 18L/36R. The project includes:

- Pavement rehabilitation and construction of an asphalt overlay
- Shoulder and blast pad pavement reconstruction
- Northwest holding pads rehabilitation
- New electrical infrastructure
- Lighting, signage, and drainage improvements.
- Navigational aid (NAVAID) improvements

What is the purpose of the project?

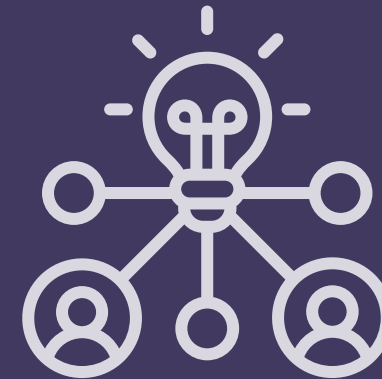

- To enhance safety
- To restore the runway pavement
- To extend Runway 18L/36L's useful life
- To reduce maintenance costs

What is the estimated construction schedule?

- Phase 1 (Partial Closure of Runway): May 2026 to August 2026
- Phase 2 (Full Closure of Runway): August 2026 to April 2027

Project Location Map

We want your input!

Hard copies of the Draft EA and Draft GCD can be viewed at the DFW Environmental Affairs office at 3003 S. Service Road, Annex A DFW Airport, Texas 75261, during normal business hours.

Please call 972-973-5560 to schedule an appointment to review.

Scan to comment online

How to submit comments:

Comments may be submitted electronically using the online comment form, or via e-mail at publiccomment@dfwairport.com, or by postal mail to the address provided on the comment form.

Comment period

The public comment period extends from February 1, 2026, through March 3, 2026. All comments must be received by 11:59 p.m. Central Standard Time on March 3, 2026, to be considered for this Draft EA and Draft General Conformity Determination. All substantive comments received from the public comment period will be thoroughly reviewed and taken into consideration in the preparation of the Final EA.

Documents review

The public libraries listed below will also have hard copies in their government or public documents sections. Please contact the local libraries to schedule document viewing times.

Fact Sheet: Runway 18L/36R Rehabilitation Project

Environmental Analysis

The Draft EA evaluates the potential environmental effects of the Proposed Project, in accordance with NEPA, FAA Order 1050.1G, and FAA Order 5050.4B. The Draft EA includes an analysis of reasonable alternatives, potential environmental impacts, and mitigation measures.

Air Quality and General Conformity

The Clean Air Act has National Ambient Air Quality Standards (NAAQS) to protect the public from the effects of air pollution. Areas that do not meet the NAAQS are designated as nonattainment. The Dallas-Fort Worth metropolitan area is designated nonattainment for ozone; therefore, general conformity regulations apply.

The Draft General Conformity Determination evaluates whether the project conforms to the applicable Texas State Implementation Plan (SIP). FAA and DFW are coordinating with the Texas Council on Environmental Quality (TCEQ) as part of the General Conformity Process.

Estimated pollutant emissions from the project include Nitrogen Oxides (NOx) and Volatile Organic Compounds (VOCs), also known as Ozone precursors. The estimated project-related NOx would exceed the de minimis threshold of 25 tons per year (tpy). Estimated VOC emissions would be well below the 25 tpy de minimis threshold (see table below).

On December 17, 2025, TCEQ completed their review of the air quality analysis and the Draft General Conformity Determination and concurred with the findings stating that the project conforms to the Texas SIP.

Estimated Project Emissions

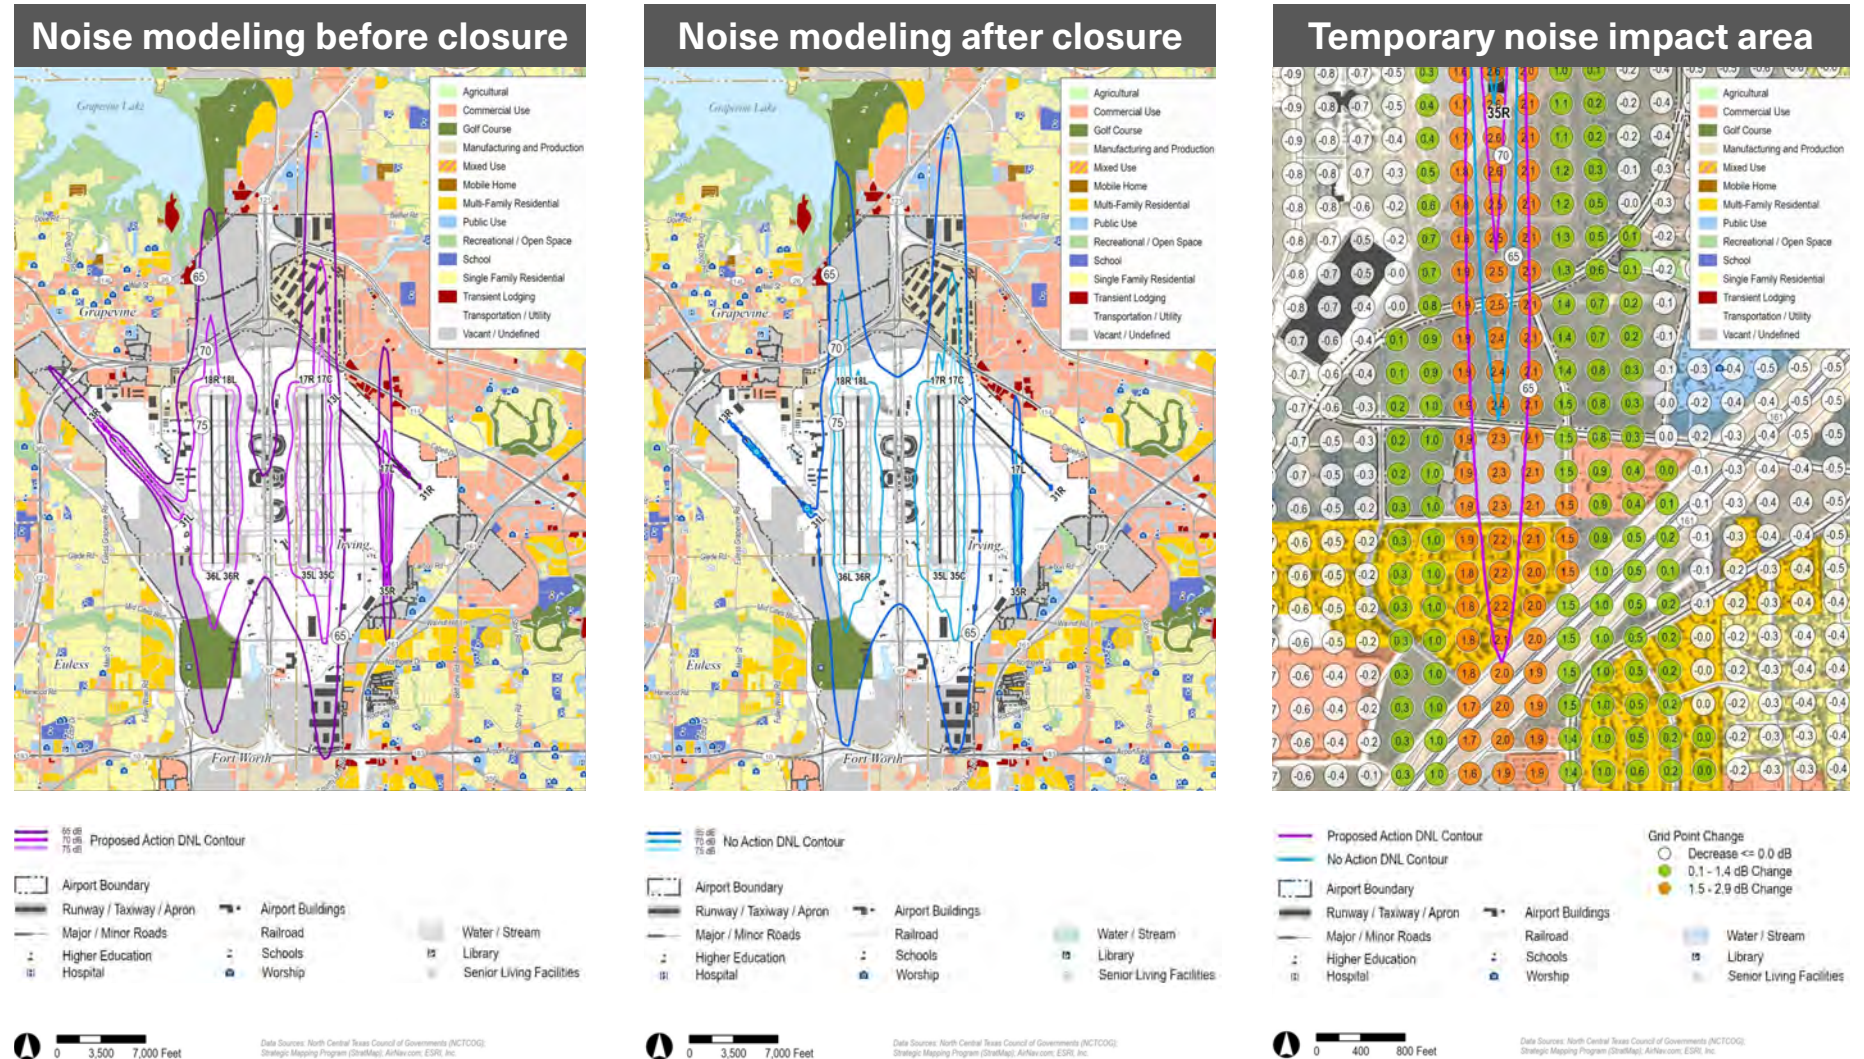

Calendar Year	Emissions Category	NOx (tpy)	VOC (tpy)
2026	Total Construction and Operational Emissions	44.50	18.11
2027	Total Construction and Operational Emissions	42.38	16.14

What are the noise impacts?

Surrounding communities may experience an increase in noise within their neighborhoods from the effects of the change in operations during a runway closure. DFW modeled the temporary change in noise exposure with and without the planned closure, as required by FAA. Noise modeling is done to determine if the project would create a noise "significant impact", defined by the FAA as a 1.5 dB increase in the 65 Day/Night Level (DNL) noise exposure contour, over a noise-sensitive land use.

The proposed Project may cause short-term, temporary changes in noise levels during construction as aircraft operations are temporarily shifted to east side runways. The temporary noise changes may affect one multi-family development in the City of Irving. The apartment buildings located directly south of Runway 35R may be temporarily exposed to noise exceeding the significance threshold of 1.5 dB in the 65 DNL noise exposure contour. After construction, aircraft will resume use of Runway 18L/36R.

Aviso de Disponibilidad del Borrador de la Evaluación Ambiental y Determinación General de Conformidad para el Proyecto De Rehabilitación de la Pista 18L/36R en el Aeropuerto Internacional Dallas Fort Worth

Historial del Proyecto

La FAA y el Aeropuerto DFW han preparado un Borrador EA y un Borrador GCD para evaluar los impactos ambientales potenciales al Proyecto de Rehabilitación de la Pista 18L/36R Propuesto. El Borrador EA ha sido preparado en conformidad con la Ley Nacional de Política Ambiental (NEPA) de 1969 así como la Orden 1050.1G de la FAA: Impactos Ambientales: Políticas y Procedimientos y la Orden 5050.4B de la FAA: NEPA Implementando Instrucciones para Acciones Aeroportarias. Además, en cumplimiento con la Ley de Aire Limpio (CAA), un Borrador de Determinación General se ha preparado para el Proyecto Propuesto y se hace disponible al público para su revisión bajo la Sección 176(c) de la CAA y Enmiendas de 1990.

¿Qué es el Proyecto?

El Aeropuerto DFW propone rehabilitar la Pista 18L/36R. El proyecto incluye:

- Rehabilitación del pavimento y construcción de una sobrecapa de asfalto
- Reconstrucción del pavimento de arcenes y plataforma de antichorro.
- Rehabilitación de las plataformas de espera del sector noroeste
- Nueva infraestructura eléctrica
- Mejoras en iluminación, señalización y drenaje
- Mejoras de ayudas de navegación (NAVAID)

¿Cuál es el propósito del proyecto?

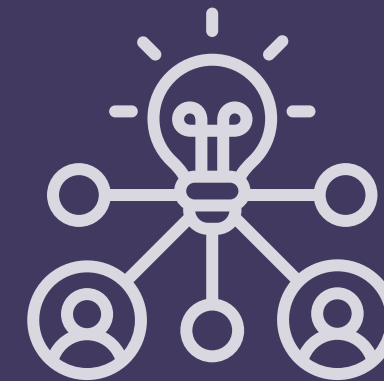

- Mejorar la seguridad
- Restorar el pavimento de la pista
- Extender la vida útil de la Pista 18L/36R
- Reducir costos de mantenimiento

¿Cuál es el cronograma estimado de construcción?

- Fase 1 (Cierre parcial de la pista): Mayo de 2026 a agosto de 2026
- Fase 2 (Cierre total de la pista): Agosto de 2026 a abril de 2027

Mapa de Ubicación del Proyecto

Ubicación del Proyecto Propiedad DFW

Queremos sus Comentarios

Copias impresas del Borrador EA Y el Borrador GCD pueden ser consultadas en la Oficina de Asuntos Ambientales del Aeropuerto DFW, Texas 75621, durante el horario regular de trabajo.

Por favor, llame al 972-973-5560 para programar una cita para la revisión.

Escanee para comentar en línea

Como enviar Comentarios:

Los comentarios pueden ser enviados electrónicamente a través del formulario de comentarios en línea, por correo electrónico a publiccomment@dfwairport.com o por correo postal a la dirección proporcionada en el formulario de comentarios.

Período de Comentarios

El período de comentarios públicos se extiende desde el 1 de febrero de 2026 hasta el 3 de marzo del 2026. Todos los comentarios deben ser recibidos antes de las 23:59 (hora estándar del centro) del 3 de marzo del 2026 para ser considerados en este borrador de Evaluación Ambiental y borrador de Determinación de Conformidad General. Todos los comentarios sustantivos recibidos durante el período de comentarios públicos serán revisados exhaustivamente y serán tomados en consideración en la preparación de la Evaluación Ambiental final.

Revisión de Documentos

Las bibliotecas públicas que se mencionan a continuación también tendrán copias impresas en sus secciones de documentos gubernamentales o públicos. Póngase en contacto con las bibliotecas locales para agendar una cita para consultar los documentos.

Hoja de Hechos: Proyecto de Rehabilitación de la Pista 18L/36R

Análisis Ambiental

El Borrador EA Evalua los efectos ambientales potenciales del Proyecto Propuesto, en conformidad con la NEPA, la Orden 10501G de la FAA y la Orden 5050.4B de la FAA. El Borrador EA incluye un análisis de alternativas razonables, impactos ambientales posibles y medidas de mitigación.

Calidad del Aire y Conformidad General

La Ley de Aire Limpio establece Estándares Nacionales de Calidad del Aire Ambiente (NAAQS) para proteger al público de los efectos de la contaminación del aire. Las áreas que no cumplen con los estándares NAAQS son designadas como áreas de incumplimiento. La área metropolitana Dallas-Fort Worth está designada como área de incumplimiento por ozono; por lo tanto, las regulaciones generales de conformidad aplican.

El Borrador de Determinación General de Conformidad evalúa si el proyecto se conforma al Plan de Implementación Estatal de Texas (SIP). La FAA y DFW están coordinando con la Comisión de Calidad Ambiental de Texas (TCEQ) como parte del Proceso de Conformidad General.

Las emisiones de contaminantes estimadas del proyecto incluyen óxidos de nitrógeno (NOx) y compuestos orgánicos volátiles (COV), también conocidos como precursores de Ozono. Las emisiones de NOx estimadas relacionadas con el proyecto superarían el límite mínimo de 25 toneladas por año (t/año). Las emisiones de COV estimadas estarían muy por debajo del límite mínimo de 25 t/año (vea la tabla a continuación).

El 17 de diciembre de 2025, la TCEQ completó su revisión del análisis de calidad del aire y del Borrador de Determinación de General de Conformidad y coincidió con las conclusiones, afirmando que el proyecto cumple con el SIP de Texas.

Emisiones Estimadas del Proyecto

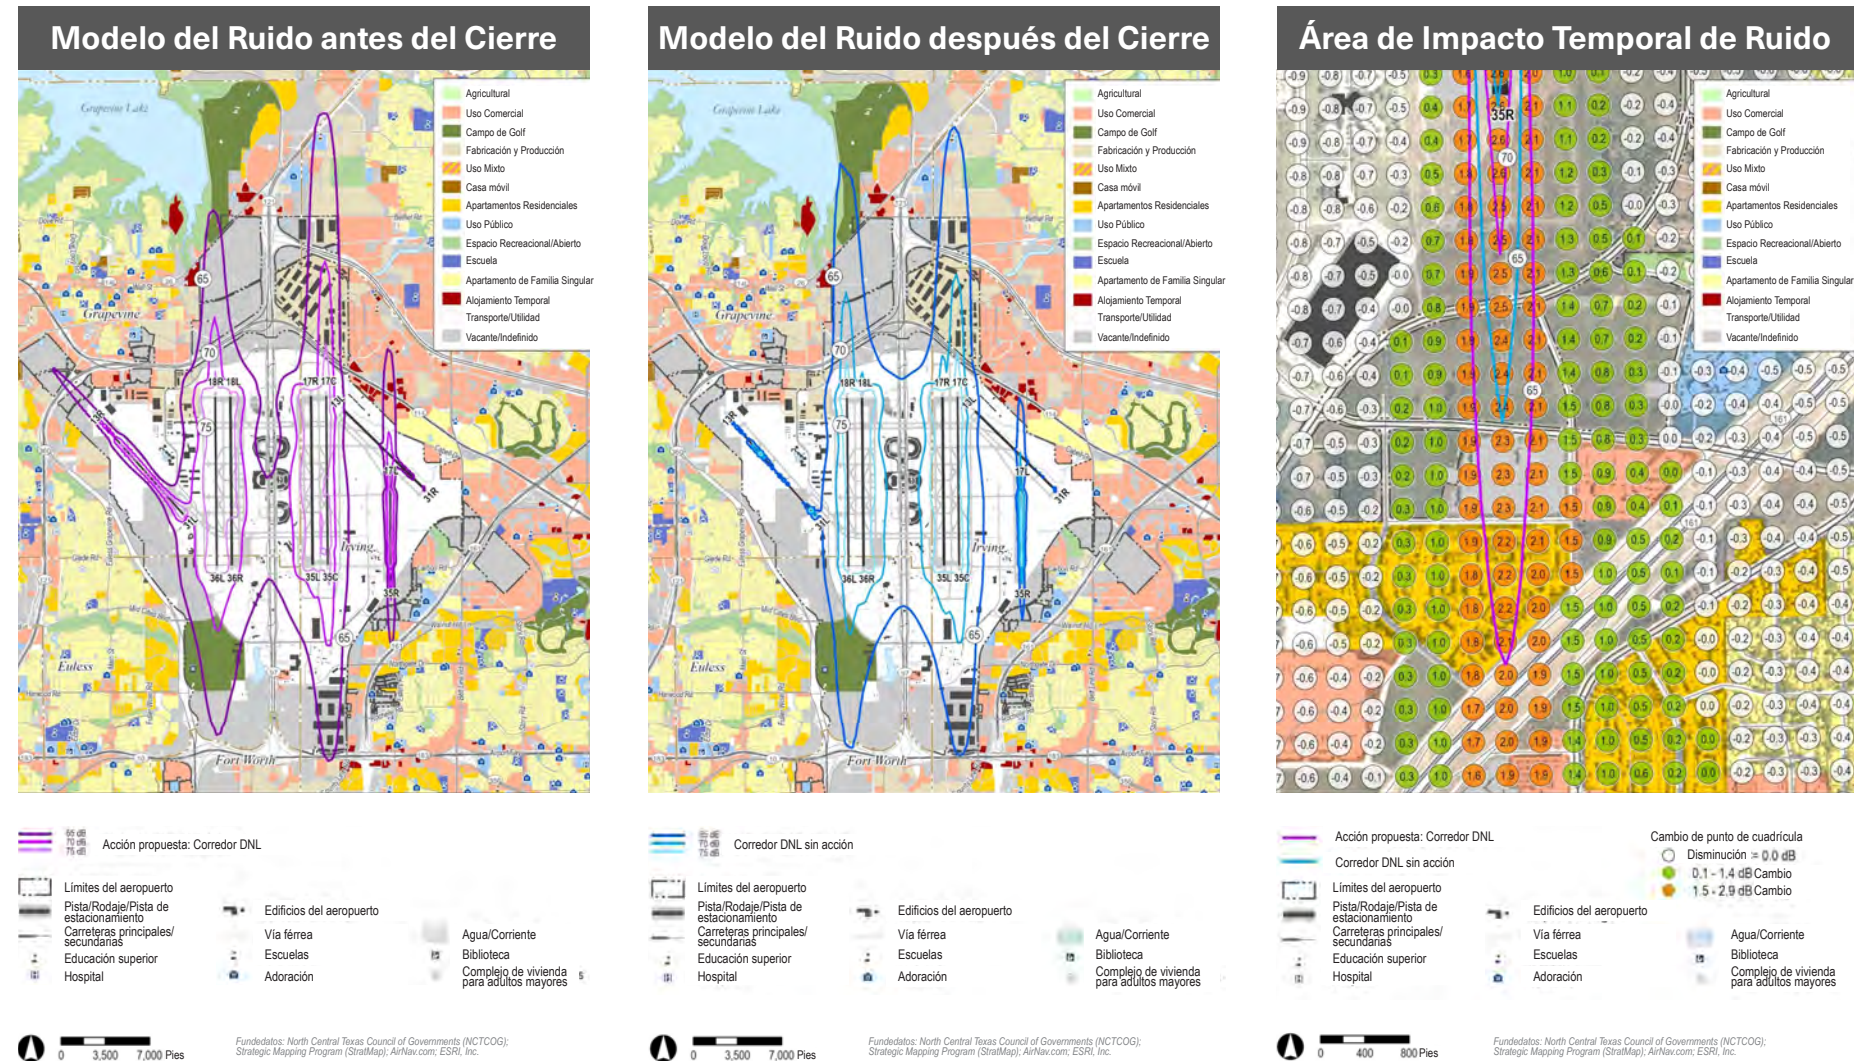

Año Calendario	Categoría de Emisiones	NOx (tpy)	VOC (tpy)
2026	Emisiones Totales de Construcción y Operación	44.50	18.11
2027	Emisiones Totales de Construcción y Operación	42.38	16.14

¿Cuáles son los Impactos de Ruido?

Las comunidades circundantes podrían experimentar un aumento del ruido en sus vecindarios debido a los cambios en las operaciones durante el cierre de la pista. El aeropuerto DFW modeló el cambio temporal en la exposición al ruido con y sin el cierre planificado, según lo exige la FAA. El modelo del ruido se realiza para determinar si el proyecto generaría un "impacto significativo" en el ruido, definido por la FAA como un aumento de 1,5 dB en el contorno de exposición al ruido del Nivel Día/Noche (DNL) de 65 dB, sobre un área con uso del suelo sensible al ruido.

El proyecto propuesto podría causar cambios temporales a corto plazo en los niveles de ruido durante la construcción, ya que las operaciones aéreas se trasladarán temporalmente a las pistas del lado este. Estos cambios temporales en el ruido podrían afectar a un edificio de departamentos en la ciudad de Irving. Los edificios de apartamentos ubicados directamente al sur de la pista 35R podrían estar expuestos temporalmente a niveles de ruido que superen el límite de significancia de 1,5 dB en el contorno de exposición al ruido de 65 DNL. Una vez finalizada la construcción, las aeronaves reanudarán el uso de la pista 18L/36R.
