A family business

When you choose a Stoneham Kitchen, you choose a commitment to quality, the most rigorous standards of workmanship and an approach to kitchen design and supply that is responsible, dependable and guaranteed to give a lifetime of service.

Each and every Stoneham kitchen is hand-built to order, by craftsmen who take enormous pride in combining their knowledge and skills with the very latest engineering techniques and technology. We work with you to design and create a kitchen that suits your lifestyle and lasts a lifetime.

Stoneham Kitchens has been designing and creating beautiful furniture for over 150 years and has been at the forefront of bespoke kitchen design since the 1950s.

Family owned for five generations, Stoneham is proud to deliver consistent craftsmanship, uncompromising quality and unfailing attention to detail.

William Hone Stoneham started the business in 1864.

The Avant Garde Collection

Modern living

The Stoneham Avant Garde Collection features over 20 kitchen ranges that combine the best features of traditional build techniques with innovative design, to create a stunning new contemporary classic.

The slick 'lay-on' door design creates a modern aesthetic, complemented by a unique combination of features including inlaid veneers, painted finishes and laminates with solid timber, glass, steel and aluminium.

A bespoke Stoneham Avant Garde kitchen can be created to fit around the trickiest of architectural features, using the very latest fittings and ingenious storage solutions for even the most awkward of spaces. Plus, generous 500mm deep drawers incorporating the famous Stoneham controlled closure mechanism, are an original fitting on all standard base units.

Top: Bespoke drawer interior for Nespresso Capsules.

Above: Integrated LED lighting adds accent to the design.

Right: Integrated wine cooler flanked by 'pocket door' units.

Main: 'Pocket doors' retracted into their niches reveal creative functional interiors.

Darwin

Darwin's unique combination of framed doors with brushed steel recessed finger pulls creates an elegant, contemporary classic kitchen design. The furniture is factory-painted in a palette of contemporary shades – our bespoke option provides endless possibilities for paint colours and recessed handle back plates.

Doors – Cashmere SP.

Recessed Handle – Brushed Steel.

Holwood

Holwood – A stunning contemporary design with a smooth façade in solid wood and veneer or factory-painted, incorporating recessed handles with the frontals. Streamlined, modern living.

Range – Holwood.
Doors – Anthracite Oak & White SP.
Recessed Handle – Brushed Steel.

Holwood

The Holwood range, featuring flush surfaced doors and integral recessed handles, comes in a selection of different Oak and Walnut finishes – veneered or solid. Designed to offer you supreme style and individuality, Holwood includes multiple back plate varieties, including Steel, Macassar, Black and White Zebrano, Oak and Walnut.

With the option to personalise Holwood to any colour finish, the bespoke range will suit every colour scheme. Recessed handles give this range the understated style and finesse of a handle-less kitchen, without losing any of the practicality.

Main and right: Anthracite Oak, Brushed Steel

Bottom: The Holwood design is matched with
Infinity Pro – Snow HG.

Holwood

Holwood – smooth painted in a bespoke pale ivory hue, matched with a custom-designed island, painted in bespoke pebble grey. Coat/basket storage area also by Stoneham.

Elan

Elan features uniquely seductive lines of horizontally planked American Black Walnut, American Light or Anthracite Oak.

These much sought-after real wood finishes make a stunning statement when contrasted with steel appliances, tambours or plinths and black mirror or opaque glass façades.

1: Curved doors create a more fluid design.

2 & 5: Bespoke curved tambours and shark nose edge detail to granite.

Main & 3: Curved storage niche is backlit.

4: Solid walnut worktops with curved storage units.

Tate & Tate Colour

The generous frame proportions and deep recessed centre panels provide Tate's distinctive style. Finished here in Anthracite Oak, the design is contrasted with Fusion Pro wall units, resulting in a delightful combination of classic and contemporary façades.

Doors – Tate Anthracite Oak/Fusion Pro – White SP.
Handle – Bridge D Brushed Steel.

Tate & Tate Colour

The enduring appeal of Oak is shown on these pages in a number of guises – Natural Light Oak, Anthracite Oak and factory-painted (to a colour of your choice).

Main: Tate – Anthracite Oak matched with Mussel painted Oak. Black & White Zebrano detailing in the bulkhead echoes that of the island below, bringing cohesion to the sleek room concept.

Left: Tate Natural Oak kitchen with large capacity storage cupboard featuring gull-wing doors for uninterrupted access.

Bottom: Contemporary design featuring clear glass bar area.

Vibe

For a stunning, seamless kitchen design, the Vibe range provides an uninterrupted flow between door trims. The veneered surfaces in horizontally grained American Black Walnut or Oak are available in several stained options.

The integral J trim provides a discreet, yet functional handle to doors and drawers. The design can be combined to striking visual effect, with ranges such as Infinity, Flow or Fusion Pro, giving contrast and emphasis.

Main: The island in Vibe American Black Walnut contrasts with furniture in Flow Silk selected for the back wall.

Top: Base units in Vibe Anthracite.

Above left & right: Base units in Vibe Anthracite.

Left: Infinity – Charcoal HG to upper units. Curved corner unit arrangement with Olive Ash worktop cone supports.

Evolve

Dramatised by polished, sleek surfaces and optional accents of rich colours, Evolve is a truly contemporary kitchen. Beautiful and functional, its hardwearing, solid acrylic surfaces are completely waterproof and easy to maintain. It works magnificently with natural grained timber. Alternatively, an extensive palette of high gloss colours allows you complete freedom of design expression.

Strata

This striking Strata design lets the timber do the talking. In American Black Walnut with Macassar detailing to breakfast bar section and tall-unit pilasters/capping, this is a Stoneham classic, designed for longevity beyond the transience of mere fashion.

Strata

Strata features a distinctive, wide-bevelled, solid timber frame, enhanced and elongated with horizontally-grained centre panels. Steel handles produce a clean-lined, linear look. Strata is also available in Oak, Walnut and smooth painted finishes including our fully bespoke factory painted option.

Strata stands out from the crowd. Its five-sectioned drawer fronts with angular profiles create a look that is both modern and unique. Add black mirror glass to wall units for a dramatic effect. Wide, bi-fold wall units can be partially glazed to combine style with function. Strata is the kitchen for today's discerning homeowner.

Left: American Black Walnut with Macassar detailing to breakfast bar section.

Bottom left: Strata wall unit with painted drum feature combine in this unique gull wing island.

Below middle: Anthracite Oak and black mirror furniture with a large T-shape island feature.

Top right: The island incorporates an induction hob and perimeter breakfast bar in glass.

Bottom right: The breakfast bar area is defined in a contrasting 12mm glass above the Quartz island worksurfaces.

Strata

This timeless Strata design combines Light Oak façades and classic white painted features with accents to cornice and double quadrant columns.

Aspen

A design classic. Sturdy framed doors made from Solid Oak or Walnut are matched with vertically grained veneers.

Aspen fits perfectly with modern living in contemporary apartments, traditional homes, and architecturally featured properties. The clean lines match steel plinths and handles particularly well and combine superbly with muted and pale shades on wall units.

Main: American Black Walnut with a specially commissioned table surface in Starburst Macassar veneer. Flow Silk – Cashmere wall units.

Right: Peerless drawer storage and function – Legrabox in Orion Grey, Slim grip D handle.

Below: Curved niche unit (to rear of bar area) with LED lighting.

Bottom: Walnut breakfast bar support cylinder with brushed steel collar.

Lullingstone

The natural appeal of Lullingstone, shown here in Character Oak, is in the individuality of the wood and the classic lines of its period-inspired design. But don't be fooled by appearances. Despite its unpretentious heritage and the use of traditional materials, this Lullingstone kitchen is a blend of uncompromising luxury, sophistication, function and design flexibility. Lullingstone is also available in Light Oak and Character Oak finishes.

Main: The circular solid Oak breakfast table is integrated within the island design featuring a cylindrical table support with attractive stainless steel collar.

Below & right: All framed doors feature a subtle vertical flute on the frame, adjacent to the centre panel.

Edwardian

Edwardian's simple, elegant framed doors provide a perfect blank canvas for creative design. Factory-painted in an impressive selection of contemporary colours or painted in situ, to match other features in your room, the result will be a highly individual kitchen. Stoneham offers a mouth-watering menu of accessories to accentuate Edwardian's design features and introduce shape, flow and definition to the room. A host of innovative storage solutions make Edwardian as functional as it is beautiful.

Main: Edwardian – Dove Grey painted with chrome cup and knob handles.

Far right and right: The island is painted in F&B 'Railings' to dramatically contrast with its surroundings.

Mode/TT/Pro

Beautiful natural Oak grain sits conspicuously beneath the painted façades. Choose Blue Ashes or Blue Chalk for a gentle pastel effect, Cashmere or Dove Grey for harmonious neutral themes or add drama and mood with Thunder Grey or Anthracite Oak (shown here). All offer tremendous scope for the designer and can be combined effectively with Fusion or Infinity Pro for further contrast. The interior is similarly inspired, carefully organised to be functional and beautiful.

Mode/TT/Pro

If you're looking for a contemporary twist on a classic kitchen, this is the look for you. Black mirrored glass, a three-tier curved island with Black & White Zebrano cornice detailing – sophistication doesn't come higher than this. Bespoke details such as the triple layer worktop echoing the cornice appearance and solid Anthracite Oak T handles add charm and personality. The inclusion of brushed steel brings an appealing contrast to the componentry.

Like all Stoneham ranges, mixing and matching is the name of the game. Choose from an expansive range of luxurious materials, including glass, steel, veneer and solid timber, then incorporate the latest appliances and storage technology to create a kitchen, which is truly your own.

Top and bottom far right: This substantial island in Anthracite Oak and steel, features a three-tier curved design and niche seating.

Below: Anthracite Oak units with Black & White Zebrano capping. Bespoke solid T bar handles.

Right: Three-tier worktop with centre steel section.

Ambience/TT/Pro

Ambience features beautifully grained natural veneers in American Black Walnut or Oak. And you can choose between a horizontally or vertically planked veneer. The TT trim adds a subtle, yet highly practical, pull handle. Pro trims give a horizontal linear appearance, combining different textures and colours.

It's a look that gives you the freedom to express your individuality and create a breath-taking modern kitchen.

Main and top right: Ambience American Black Walnut – Pro trim matched with Fusion Pro – Classic White and Macassar detailing.

Above and bottom right: Horizontally grained wall units in American Black Walnut veneer with brushed steel TT trim. Infinity – Snow HG island and base/tall units.

Infinity/TT/Pro

Infinity inspires highly contemporary design. The choice of eight high gloss surfaces all feature a matching 3-D effect glass edge. If the scheme you are seeking is monochrome, pastel shades or high-gloss timber, this is a design without constraint.

Main: Monochrome design study with an abundance of modern appliance technology and clever storage solutions.

Top: Low level media cupboards complete the room design.

Above: Under-mounted sink with waste disposal air switch and filtered water SWICH®.

Right: 60mm Quartz surfaces incorporate LED under-lights and a retractable extraction hood.

Infinity/TT/Pro

The Infinity design combines well with other colours for contrast, or with timber if the appearance is to be softened slightly. Mixing colours and textures not only adds personality to your kitchen, but creates a wonderfully eclectic look too. The beauty of Infinity is that the design options are almost...well... infinite.

The Infinity collection comes in a spectrum of contemporary surface colours, and incorporates a comprehensive selection of Stoneham's standard and premium handles. Alternatively, opt for a Brushed Steel TT style trim or Pro Trim for a sleek finish.

Main: Infinity Pro – Snow HG and Holwood – Anthracite Oak/Steel.

Top left: Infinity – Cloud HG with Black and White Zabrano accents and Raspberry glass breakfast bar – a final touch of pizzazz.

Bottom middle: Black and White Zabrano accent with sculptured handle adds a luxurious touch.

Bottom right and left: Pro trim to doors.

Flow

Flow provides a look and feel that is smooth, uncluttered and striking in its clean simplicity. Beautiful high gloss façades with integral J trim deliver a minimalist, uninterrupted finish that is both streamlined and timelessly classic.

Colour choices in high gloss, include White, Ivory, Cashmere and Dove Grey. There is a palette of silk painted finishes too.

Main: Flow in White HG with brushed steel plinths and LED lighting incorporated beneath worktop edges.

Right: Flow Silk – bespoke painted in Mole's Breath.

Fusion

As the name suggests, Fusion is the perfect base for uniting colours, texture and surfaces for a highly creative look. Its simple design is equally effective when specified as a complete room concept or blended with other ranges to contrast or accentuate selected areas or features. Stoneham has the palette, design skill and technology to create your kitchen in the hues you choose, complimented by the textures and materials that will complete the perfect picture. Just pick a colour.

Main: Fusion in bespoke Grey Sand finish and Neolith worksurfaces.

Left: The work surface specified is 100mm thickness to island, with over extend for seating area.

Below: Integrated tall cooling equipment includes an ice dispenser within the door fascia.

Fahrenheit/TT/Pro

The latest generation of wood grain effect surfaces and plain colour muted Stone, Grey and White shades are refined and minimalist.

Opt for the seamless finish with our recessed handle-less range or a selection of design-led handles. Nine colour variations allow the room to be designed for a most sophisticated look.

Main: Fahrenheit – Lava Walnut and sculptured steel handle island.

Below: Fully integrated dishwasher with two-drawer façade including mid 'C' trim to link upper/lower fascias – Volcanic Elm.

Bottom right: Corner pillar with brushed steel corner detail. Designed for base, tall and wall unit area.

Fahrenheit/TT/Pro

Symmetry and smooth lines complete with integral handles. Mix and match natural colours in silk or gloss finishes with the latest generation of timber grained surfaces.

Main: Fahrenheit Pro – Volcanic Elm island.

Bottom right: Fahrenheit Pro – Volcanic Elm base units with Infinity – Cloud HG wall units.

The Heritage Collection

Traditional or contemporary in-frame styles

Built to last, designed to make an impression

Characterised by its in-frame construction, a kitchen from the Stoneham Heritage range imbues a sense of solidity and long-standing values. Fine materials and time-honoured detailing combine with integrated design features to deliver a look that is classic but capable of endless variation. Traditional and contemporary styles are available, all with the latest kitchen technology, incorporating innovative features and fittings designed to enhance functionality and maximise efficiency.

Whatever your choice, you can be sure your Heritage kitchen will delight you and your family, add style and value to your home and stand the test of time.

Main: Knole kitchen in Dove Grey.

Ightham

Ightham incorporates the beauty of solid oak frames and oak veneered panels with greater emphasis to the graining. The grain is enhanced by a brushing technique to provide a distinct structured finish which is then visible beneath the painted surface. Our broad pallet of colours can be further supplemented by the bespoke paint colour option for a truly individual kitchen. The square-shouldered frame provides a crisp, fresh façade that is timeless in its appeal.

Finished in a colour from our sumptuous palette or a fully bespoke shade of your choice, the in-frame Bewl range features flush doors and a smooth painted finish. Choose a soft shade of grey – today's 'new neutral' – and combine with steel, glass, chrome or rustic wood grains for a timeless classic with contemporary appeal.

Contrast Cashmere or Blue Chalk with subtle wood accents to really pack a punch. Shown here, rich Walnut detailing adds further charm to the dovetailed drawers. With quirky material combinations, the Bewl range will create strong focal points in the kitchen. And of course, our bespoke service ensures everything fits your room and budget perfectly.

Marlborough

Main & right: Contemporary yet classic furniture is equally comfortable with an AGA as it is with large capacity built-in ovens. A bespoke plate and utensil rack completes the theme.

Bottom: The substantial island feature is flanked by solid Walnut posts on each corner.

Marlborough's marriage of innovative design and traditional craftsmanship creates an environment that is both invitingly contemporary yet pleasingly classic. Matched with steel, black mirror glass and polished granite, the rich hues and lustrous grain of American Black Walnut are sublime.

Marlborough

Marlborough's clean, chiselled lines, shown here in Light Oak, are enhanced by the horizontal grain on centre panels and drawer frontals. Stoneham's huge portfolio of design options includes a fully bespoke service capable of meeting the most inspirational design brief. Internal storage and features add superb practicality and space efficiency.

Main: Drum units flank the hob area. A retractable extractor hood allows discreet efficient extraction when required.

Far left: Lime quartz surfaces on drum units add vitality and visual zest to the island.

Beyond the kitchen

Beautiful furniture

At Stoneham, we receive frequent requests from our customers to create fitted furniture for many other rooms, beyond the kitchen. Whether it's a playroom, a bar, a study, a media room for all the family, a bathroom or bedroom, we have the experience, the technical know-how, plus all the creativity to provide you with an outstanding, fully bespoke service.

Our discerning buyers and production designers have access to some of the finest veneers, timber and innovative technical fittings, and can provide beautiful, functional storage solutions throughout the home.

Main: Fully bespoke Light Oak open shelving and handle-less storage cupboards.

1: American Black Walnut media drawers, niche units and TV surround set into flush wall.

It's all in the detail

So often the inclusion of a specific design detail, be it a shape or an exotic material, can make a significant difference to a room. Just as a little jewellery can enhance the simplest of garments, so it is with furniture. Consider veneer inlays in Ebony Macassar, Burr Oak or Pippy Poplar. LED lighting can be carefully concealed beneath work surfaces or flyover shelving, while mirror glass adds a gloss surface in an otherwise textured design. Even engraved names on chopping boards or drawers can provide a flourish of individuality. Our approach to furniture making will make your experience a very personal one.

SERVO-DRIVE
by Blum

Control Technology

Perfecting motion for doors Soft-close BLUMOTION

With BLUMOTION you'll never again have trouble closing kitchen doors or drawers. Whether it's a door, a shallow cutlery drawer, or a deep and wide storage drawer, with the BLUMOTION system, the result is a soft, controlled and slam-free closing action every time. Even the smallest doors can now close with one silent and graceful action. Simply switch BLUMOTION on or off.

With integrated BLUMOTION, the perfect motion is achieved when opening and closing. Drawers and high-fronted pull-outs can open automatically using an optional electrical drive. A light touch or light handle pull creates freedom of motion and high opening comfort.

7: BLUMOTION has also been integrated into the AVENTOS lift mechanisms used to control the elevation action on overhead cabinets. This adaptive soft-close system ensures faultless, soft and controlled closing of the overhead cabinet doors, no matter their size, weight or configuration. It means the door can be opened effortlessly, to any desired position, and closed with the slightest pull to secure a soft and safe re-seating of the door.

8: Wide folding fronts. If the lift mechanism is used on both sides, large, heavy fronts can also be used.

Dynamic space

The kitchen is no longer just a place to prepare meals. It has become the social hub of the home, host to a diverse range of activities – leisure, work and entertaining, as well as cooking and dining.

At Stoneham we are working with Blum, the company that has revolutionised storage space concepts, to develop modern kitchen design using its registered, Dynamic Space® concept.

DYNAMIC SPACE® separates a kitchen into five main activity zones: **consumable storage, non-consumable storage, cleaning, preparation** and **cooking**. Each of these activity

zones is strategically designed and organised to offer optimum storage and access to commodities, implements, utensils and equipment, allowing the kitchen to become supremely functional and efficient. Dynamic Space® identifies five distinct storage zones for kitchen activities. The result is a stunning kitchen, brilliantly designed so a host of innovative features provide everything just where you need it. Full extensions, internal dividers, deep, wide drawers and special pull-outs are all custom-designed to store materials where the activity takes place. Efficient, flexible and supremely organised – shouldn't all kitchens be built like this?

Consumables:

Typically, provisions such as preserved food, rice, pasta and of course refrigerated products are kept in this zone.

Non-Consumables:

This zone is used for the storage of tableware – crockery, glasses, cutlery etc.

Cleaning zone:

This zone not only accommodates the sink and dishwasher but also storage areas for cleaning utensils and materials. It also houses the waste and recycling area.

Preparation zone:

The preparation zone is one of the main work zones in kitchens. Appliances, kitchen implements, spices and lots more should be located close to the worktop intended for preparing food.

Cooking zone:

This zone not only includes a ceramic hob and oven but other gadgetry such as steamer, microwave and extractor hood. Pots, pans, baking sheets and cooking utensils are all items that should be readily available in this zone.

Taking the furniture industry by storm, Legrabox is a sophisticated box system for use in storage drawers in your kitchen and throughout your home.

Sleek, linear and versatile, Stoneham's latest drawer system is available with high-fronted pull-outs, inner pull-outs, drawers and inner drawers – specifically tailored to match your needs. In chic Orion Grey matt and characterised by its impressively slim design – with side panels just 12.8mm – this stylish system is fitted into the furniture range of your choice.

Drawer interiors can be perfectly organised by incorporating stainless steel cutlery and utensil dividers.

But it's not just versatile application and easy use that makes it the perfect drawer system – the frame design is elegant too, with a magnetic surface to fit it firmly to the drawer box side. When it comes to technological innovation, Legrabox leads the way. A wonderfully refined runner system offers even greater ease of use, which performs outstandingly even when fully extended and heavily loaded. The synchronisation of drawer profile and roller carriage enables a noticeably easy transition with a smooth running action. Even the drawer side has been designed to ensure high functionality.

1: Legrabox – the new Orion Grey matt-coated 12.8mm steel sides give a special feel.

2: Knife holders and plastic/aluminium foil dispensers with integral cutters are specially designed for the drawers.

3: Concealed by full height doors, supreme access and organisation is provided by deep drawers, with additional internal drawers.

4: Up to 12 plates can be held securely and conveniently transported by each plate holder.

5: Servo-drive – with the optional electrical motion support, handle-less furniture can be opened with a simple press. Combine with BLUMOTION technology for silent, effortless closing action.

6: Legrabox performs outstandingly even when fully extended and heavily loaded (up to 40kg). Utmost stability at full extension and superb technically-advanced running action ensures high functionality.

Work Surfaces – granite, glass, timber...

Available in a wide choice of materials, designs and colours, our huge range of worktops will enable you to find exactly what you need to enhance your Stoneham kitchen. Solid timber, polished granite and stainless steel will help your kitchen exude luxury. Consider glass, in its many guises, for breakfast bars or other surfaces in room design. High-pressure laminates are particularly hard wearing, while the highly flexible Corian worktop can be moulded into drip trays, splash-backs and sinks for the ultimate in streamlined finishes.

1: Circular solid Oak breakfast bar is supported by cylindrical table support with a stainless steel collar.

2: Starburst Macassar work surface – bespoke veneering to your design.

3: Neolith work surface with mitred built-up edge (100mm thickness).

4: Bespoke cantilever arms support this raised clear glass bar around a substantial island design.

5: Three-tier island feature with glass breakfast bar feature.

6: Port sockets provide power supply to awkward spaces such as corners and island units. Simply push away when not required.

7: Under-mounted steel sink with draining grooved in Quartz work surface.

8: This cylindrical-shaped unit features bespoke solid timber work surfaces shown here in American Black Walnut.

9: Emphasising features in the room design, these bespoke end-grain solid timber work surfaces provide stunning natural wood detail.

10: Solid Walnut teardrop-shaped breakfast bar fits snugly to the rear of a curved island.

Implementation – a total service

The decision to invest in a new kitchen requires thorough research, expert advice, in-depth discussion and the security of professional workmanship. Careful consideration on all aspects of design, installation, plumbing, electrics and interior decoration is essential. A Stoneham Appointed Kitchen Specialist makes this entire process a comprehensive, professional and seamless experience.

Something of a dream

From the moment you step into a Stoneham Appointed Kitchen Centre you will be surprised how easy and enjoyable the whole process is. Each spacious centre displays a wide selection of kitchens in room settings so you can see how different styles, colours and combinations can work in a home.

Every Stoneham kitchen is made to order which means that every Stoneham kitchen is an original masterpiece. Expert kitchen designers take time to guide you through the vast repertoire of accessories and features so as to match your kitchen perfectly to your needs.

With a Stoneham Appointed Kitchen Centre you'll be surprised how easy and enjoyable the whole process is.

Our philosophy is simple. Whether creating a totally new kitchen or extending or refurbishing an existing one, every project we undertake is as important to us as it is to you, for our reputation is at stake.

Sustainability

Stoneham's directors wholeheartedly recognise the imperative to be environmentally considerate, which is why in all areas of its activities and policies, Stoneham Kitchens, supports ecological sustainability.

With best practices observed, wood products are the ultimate sustainable and recyclable materials, thermally efficient in use and requiring low energy consumption to process.

From our suppliers, we actively seek proof of their commitment to continuous improvement in environmental performance, information on the source of wood products and evidence of good forest management practice. As a company policy, Stoneham Kitchens will only source materials from suppliers who are operating ethically within the laws of their countries. In areas such as transport, energy use, filtration plants, waste disposal and health and safety requirements, the company aims to adopt environmental standards that do more than just comply with legal requirements, but which go significantly further – to promote the highest environmental standards and fully integrate environmental considerations into our operational decision making.

In addition, Stoneham Kitchens has been certified as a member of the BFM Health and Safety Certification Scheme, which is recognised by the Association of British Insurers.

Stoneham incorporates some of the finest materials and components available and the sheer longevity of our furniture means it will surpass whims of fashion and premature obsolescence. This alone is a most important statement in carbon footprint reduction.

Groundwork is a national environmental regeneration charity committed to helping businesses, schools, and communities across the UK become more environmentally sustainable. Stoneham has been working with Groundwork to improve environmental performance across a range of activities, including reducing waste going to landfill, and minimising water and energy usage.

The information contained in this brochure was accurate at the date of going to press. However, Stoneham reserves the right to alter prices and specifications and to withdraw units at any time. Timber and veneer are used extensively in our product range. Careful selection of materials is used. However, as they are natural materials a variety of grain structures and slight colour variations should be expected. The colours shown in this brochure are as accurate as the printing process allows. Designed and produced by Yello Fish Ltd. Tel: 07813 067675. Email: gretchen@yello-fish.com

Thank you

Every Stoneham kitchen is designed and built to meet the individual needs and tastes of our customers, so we simply don't have a warehouse full of furniture we can photograph. We only photograph kitchens in our customers' homes or those in our Stoneham Approved Kitchen Centres.

I therefore wish to express my sincere gratitude to all our customers who kindly granted us access to their homes. Without their support and understanding, we would not be able to show you many of the stunning kitchens you see in this brochure.

We very much look forward to working closely with you on your new project.
