## Relay Modern directives

`@argumentDefinitions`

`@arguments`

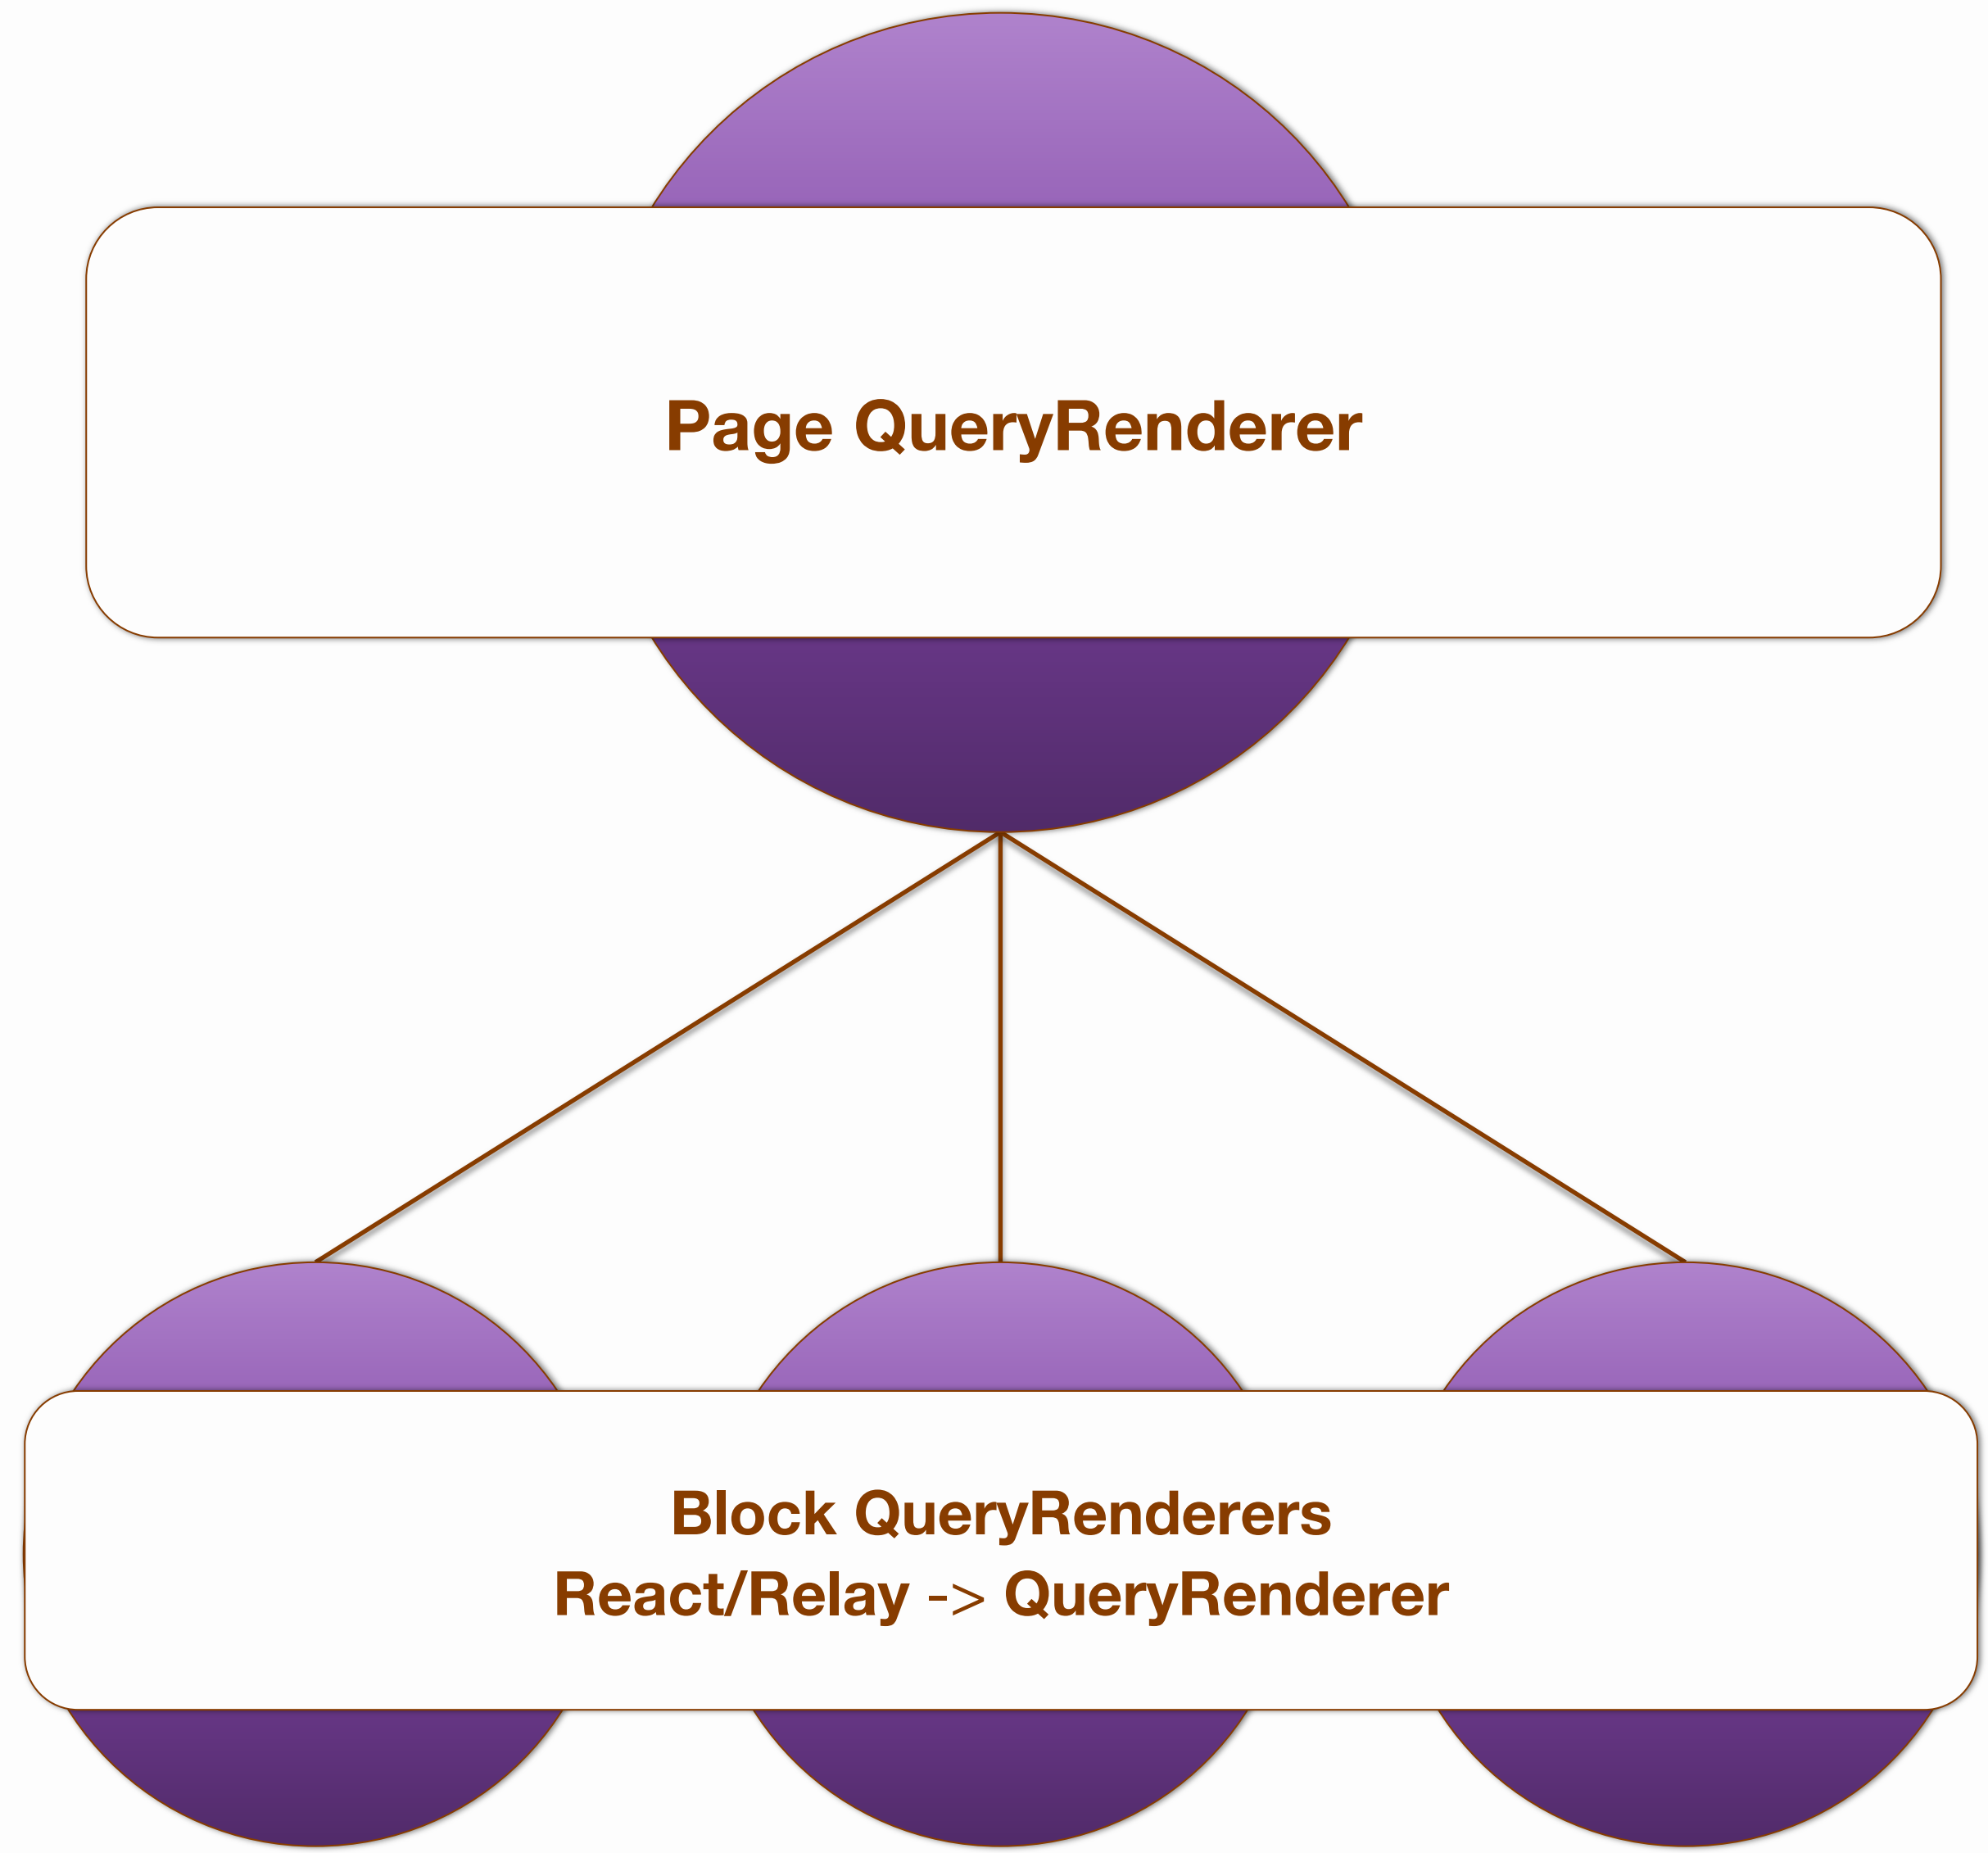

`@connection`

# @argumentDefinitions

```
fragment TopProductList_list on TopProductList
@argumentDefinitions(
  count: {type: "Int", defaultValue: 10},
  isNew: {type: "Boolean"},
) {
  title
  todoItems(isNew: $isNew, first: $count) {
    ...Product_product
  }
}
```

# @arguments

```
query TopProductsListQuery($count: Int, $isNew: Boolean) {  
  ...TopProductsList_list @arguments(  
    count: $count,  
    isNew: $isNew  
  )  
}
```

# What about Routes!

# Found Relay - config

```
import queryMiddleware from 'farce/queryMiddleware';
import Route from 'found/Route';
import makeRouteConfig from 'found/makeRouteConfig';

export const routeConfig = makeRouteConfig(
  <Route path="/" Component={App} query={graphql`query router_App_Query {
    viewer {
      ...App_viewer
    }
  }`}>
  <Route Component={ProductsList} query={ProductsListQuery}
    prepareVariables={...} />
</Route>,
);
```

# Found Relay - Client

```
import BrowserProtocol from 'farce/BrowserProtocol';
import { Resolver } from 'found-relay';
import createInitialFarceRouter from 'found/createInitialFarceRouter';
import React from 'react';
import ReactDOM from 'react-dom';
import RelayClientSSR from 'react-relay-network-modern-ssr/lib/client';
```

# Found Relay - Client

```
(async () => {
  const resolver = new Resolver(
    createRelayEnvironment(
      // eslint-disable-next-line no-underscore-dangle
      new RelayClientSSR(window.__RELAY_PAYLOADS__), '/graphql',),
  );

  const Router = await createInitialFarceRouter({
    historyProtocol: new BrowserProtocol(),
    historyMiddlewares,
    routeConfig,
    resolver,
  });

  ReactDOM.hydrate(
    <Router resolver={resolver} />,
    document.getElementById('root'),
  );
})();
```

# Кто уже использует Relay Modern?

## Facebook Social Network

Used on facebook.com, and in the React Native mobile app.

## 1stdibs

Used on 1stdibs.com e-commerce project

## Oculus

Used on oculus.com, Oculus Home in VR, and the React Native Oculus companion app.

## Artsy

Used on artsy.net, and the React Native iOS app, Eigen.

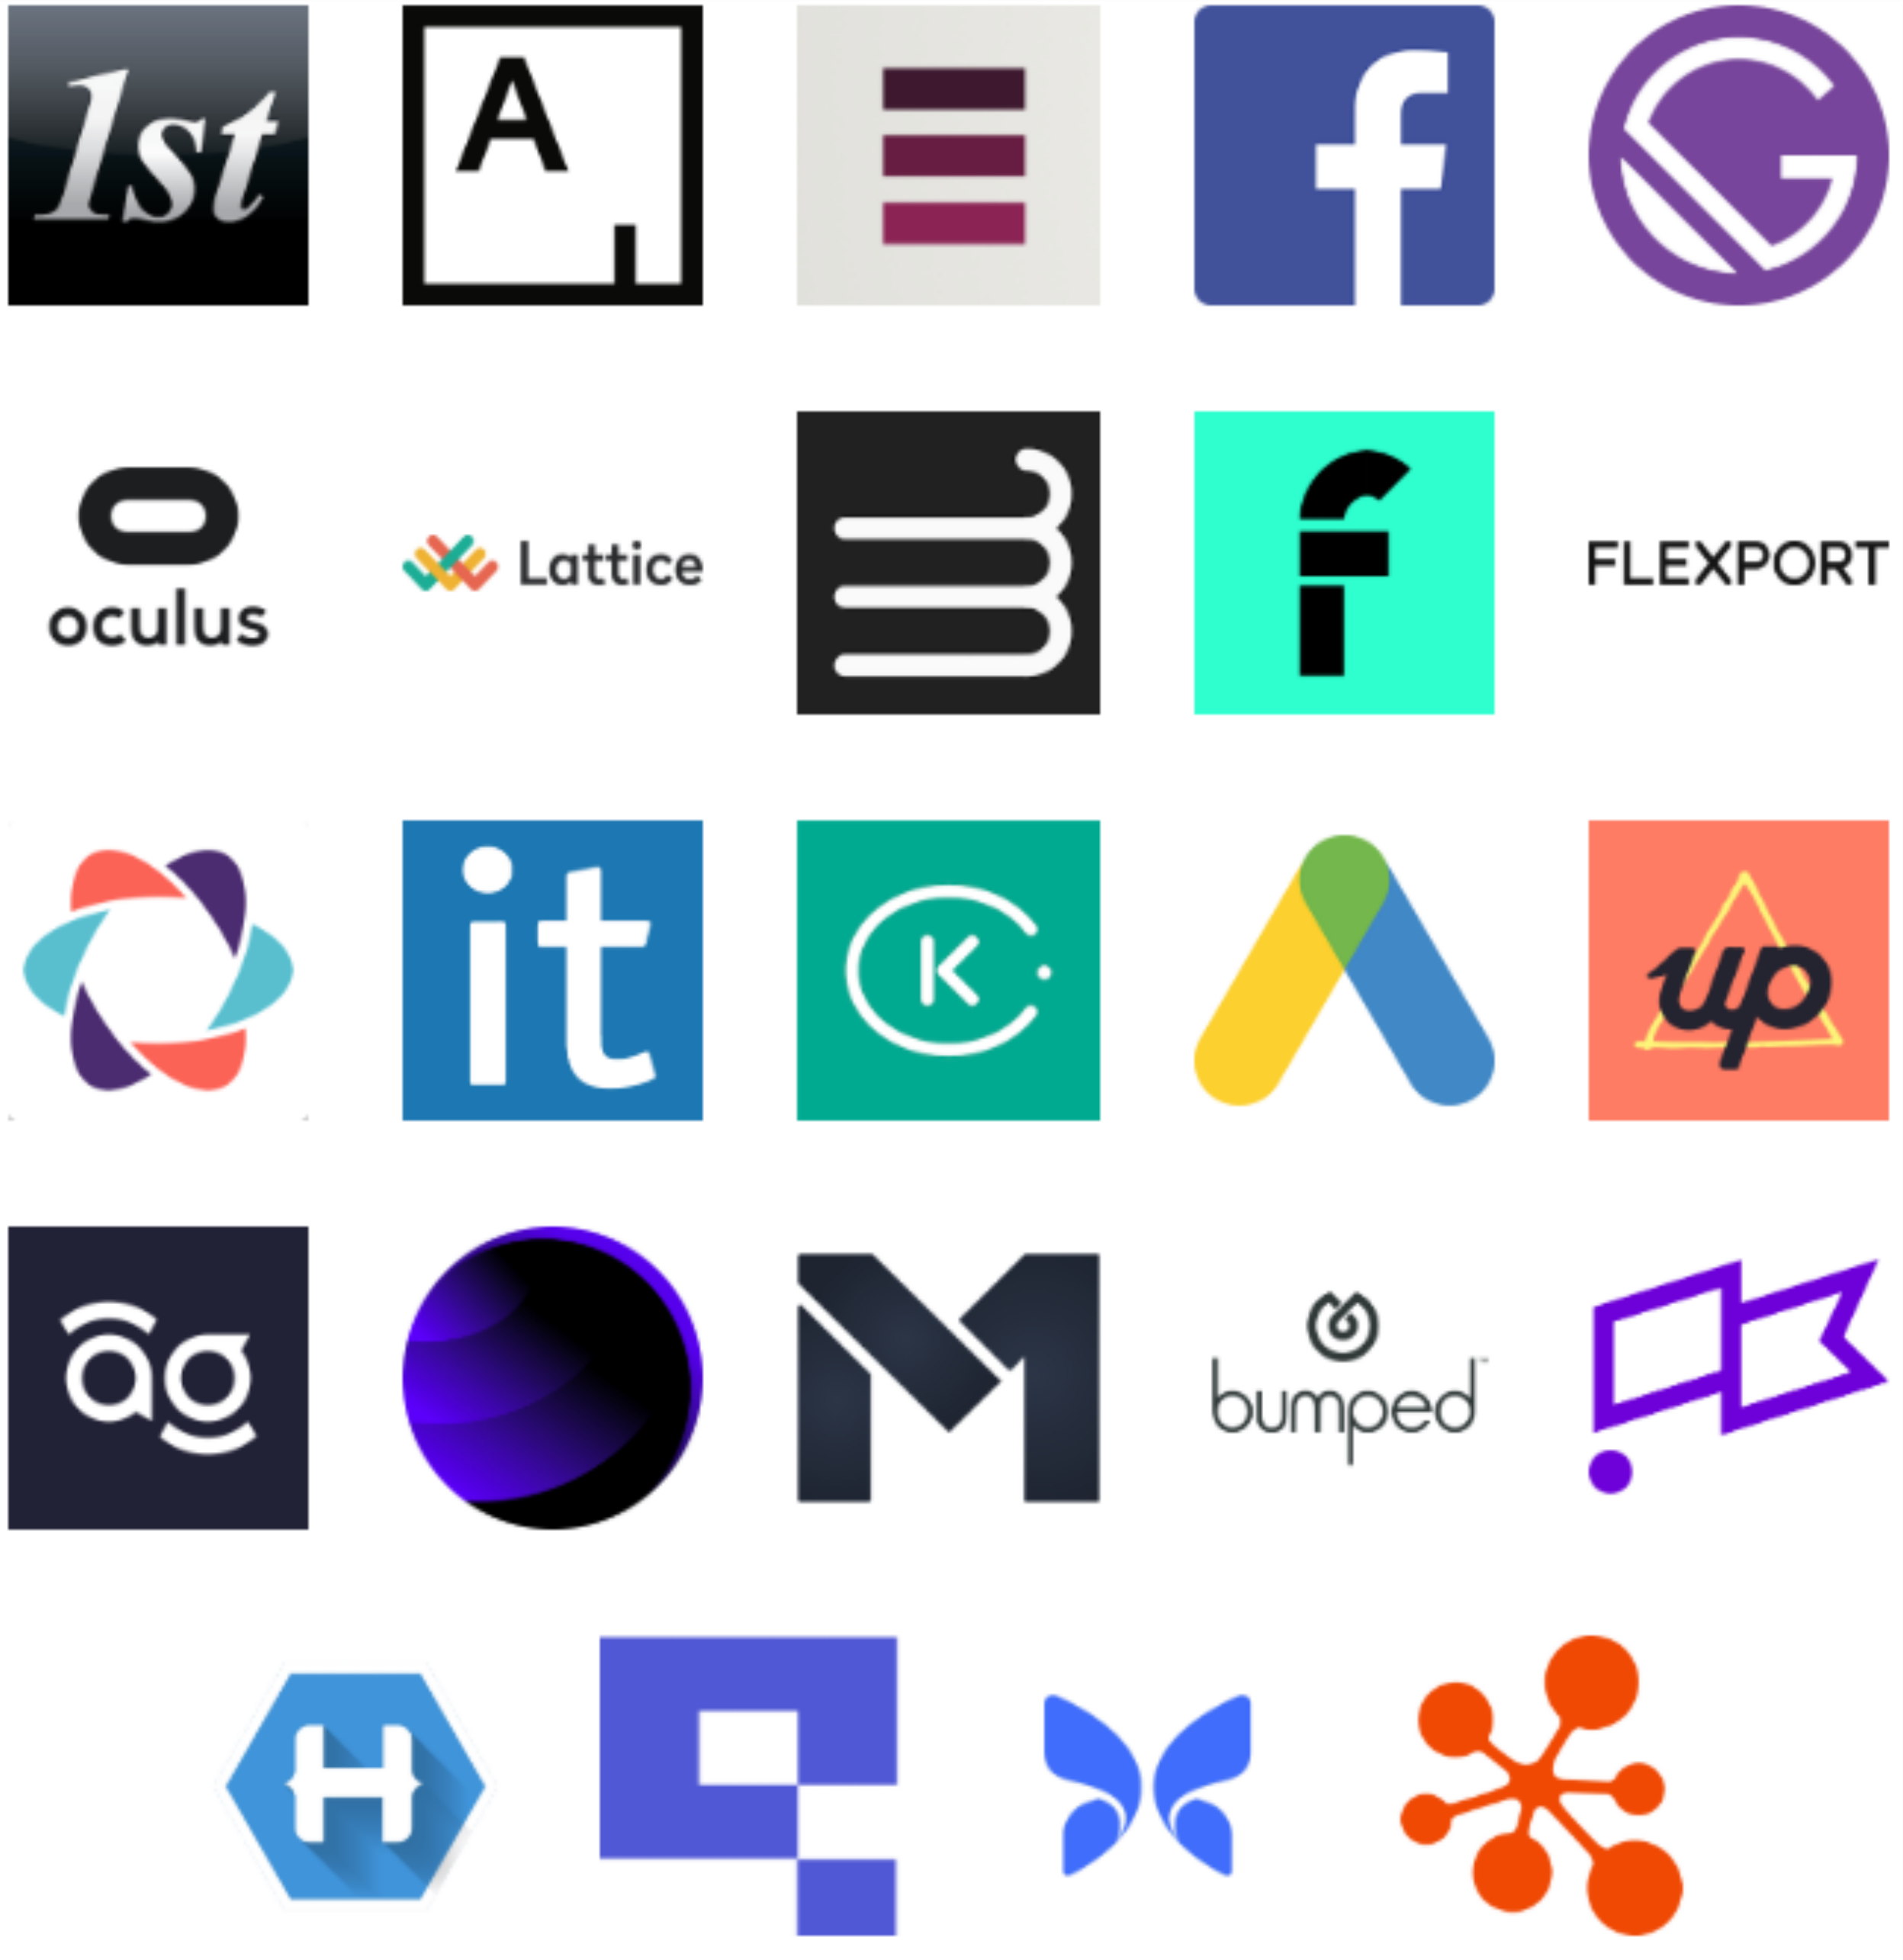

## Gatsby

Underpins the static site generation tool.

## Entria

Powers feedback.house.

# Итого:

1. **Relay Modern – современный фреймворк с более чем достаточным количеством возможностей**

# Итого:

1. **Relay Modern – современный фреймворк с более чем достаточным количеством возможностей**
2. **В Relay Modern все строится на композиции и есть удобные механизмы работы с данными**

# Итого:

1. **Relay Modern – современный фреймворк с более чем достаточным количеством возможностей**
2. **В Relay Modern все строится на композиции и есть удобные механизмы работы с данными**
3. **При использовании Relay Modern всегда есть несколько возможностей просто и легко работать с данными**
