EVOKING THE ENERGY OF THE UNEXPECTED

Fifth Third Center hails the vibrancy of a new Nashville rising from its deep heritage. Alive with music, arts, and creation, Fifth Third Center evokes the energy of the unexpected and emerging Nashville to a storied street in the heart of the CBD. This place, where culture, community, and inspiration pulse, embodies what Church Street once was: the street where Nashville gathered for celebration.

Beautiful post modern architecture

Standing 31 stories tall and designed by renowned architect Kohn Pedersen Fox, the tower features timeless design elements and an elegant two story marble lobby.
