

Diavel 1260

Model Year 2021

DIAVEL

Chassis prefix:
Cylinder capacity: 1262

D29000021 - I
SPARE PARTS CATALOGUE
en-US

The present spare parts order exactly the right spare parts.

When ordering specify:

1. the part's code number followed by its description and quantity needed;
2. the motorcycle's serial number, stamped on the steering head.

Reference to right and left apply to the vehicle in terms of its direction of movement.

Spare parts drawings are general and do not represent the part.

The contents of this catalogue are general and can undergo changes without prior notice.

This exploded view diagram illustrates the assembly of a rear window unit. The central component is the window frame (1), which is surrounded by various seals, gaskets, and mounting hardware. Key parts include the rear window glass (7), the rear window seal (8), and the rear window gasket (9). The diagram also shows the rear window regulator (10) and the rear window motor (11). The rear window is secured by the rear window latch (12) and the rear window lock (13). The rear window is also equipped with a rear window wiper (14) and a rear window wiper motor (15). The rear window is mounted to the vehicle body using the rear window mounting bracket (16) and the rear window mounting bolts (17). The rear window is also equipped with a rear window drain (18) and a rear window drain gasket (19). The rear window is also equipped with a rear window seal (20) and a rear window seal gasket (21). The rear window is also equipped with a rear window seal (22) and a rear window seal gasket (23). The rear window is also equipped with a rear window seal (24) and a rear window seal gasket (25). The rear window is also equipped with a rear window seal (26) and a rear window seal gasket (27). The rear window is also equipped with a rear window seal (28) and a rear window seal gasket (29). The rear window is also equipped with a rear window seal (30) and a rear window seal gasket (31). The rear window is also equipped with a rear window seal (32) and a rear window seal gasket (33). The rear window is also equipped with a rear window seal (34) and a rear window seal gasket (35). The rear window is also equipped with a rear window seal (36) and a rear window seal gasket (37). The rear window is also equipped with a rear window seal (38) and a rear window seal gasket (39).

This technical diagram illustrates the assembly of a vehicle chassis, specifically focusing on the rear suspension and drive shaft components. The main assembly is shown in a perspective view, with various parts labeled with numbers 1 through 13. A detailed inset on the left shows a close-up of the rear wheel hub and suspension components, labeled 2, 3, and 13. Another inset at the bottom shows a close-up of the drive shaft and its connection to the rear axle, labeled 4, 7, 8, 9, 10, and 11. The main assembly includes a rear axle (1), a rear suspension arm (2), a rear wheel hub (3), a rear wheel (4), a rear suspension spring (5), a rear suspension shock absorber (6), a rear suspension control arm (7), a rear suspension ball joint (8), a rear suspension steering knuckle (9), a rear suspension drive shaft (10), a rear suspension universal joint (11), and a rear suspension differential housing (12). The diagram shows the assembly sequence for these components, with arrows indicating the direction of assembly.
