This exploded view diagram illustrates the assembly of a motorcycle engine. The central component is the engine block, which includes the cylinder head and cooling fins. Surrounding it are various sub-assemblies and individual parts, each labeled with a number from 1 to 22. Dashed lines indicate the assembly sequence and alignment of the components.

- Parts 1-4:** These components form the timing chain drive, including the timing chain, timing sprockets, and the timing cover.
- Parts 5-10:** These parts relate to the timing chain cover and its mounting, including the cover itself, mounting bolts, and a gasket.
- Parts 11-14:** These components form the timing chain cover, including the cover itself, mounting bolts, and a gasket.
- Parts 15-18:** These parts relate to the timing chain cover and its mounting, including the cover itself, mounting bolts, and a gasket.
