Budget/Financial Implications

The Statement of Financial Activity, as presented, refers and explains.

Consultation

Nil.

BACKGROUND

A local government is required to prepare a statement of financial activity reporting on the revenue and expenditure as set out in the annual budget for that month. The details in the statement are those as prescribed and the statement is to be reported to Council.

COMMENTS

Presented as an attachment this month, is the eleventh monthly financial statement for the new financial year (presented in nature and type format) prepared from information posted in the OneCouncil system.

For the purposes of reporting other material variances from the Statement of Financial Activity, the following indicators, as resolved by Council, have been applied.

<u>Revenue</u>

Material variances are identified where, for the period being reported, the actual varies to the budget by an amount of (+) or (-) \$100,000 and in these instances an explanatory comment has been provided.

Expense

Material variances are identified where, for the period being reported, the actual varies to the budget by an amount of (+) or (-) \$100,000 and in these instances an explanatory comment has been provided.

For the purposes of explaining each Material Variance, a three part approach has been taken.

The parts are:

1. <u>Period Variation</u>

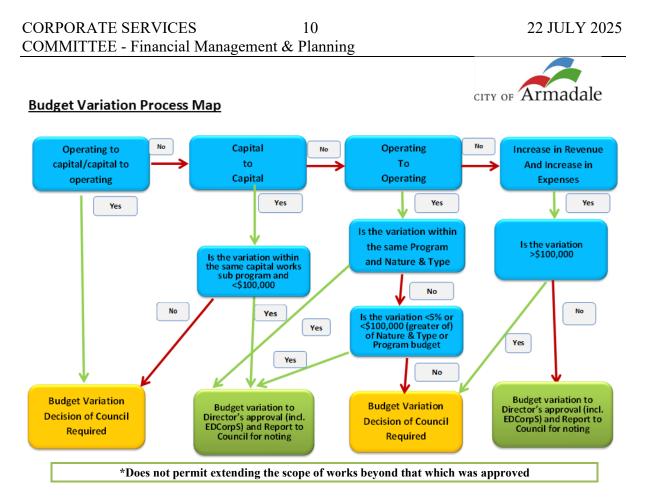

Relates specifically to the value of the Variance between the Budget and Actual figures for the period of the report.

- 2. <u>Primary Reason</u> Explains the <u>primary</u> reasons for the period Variance. As the report is aimed at a higher level analysis, minor contributing factors are not reported.
- 3. <u>Budget Impact</u>

Forecasts the likely dollar impact on the Annual Budget position. It is important to note that figures in this part are 'indicative only' at the time of reporting, for circumstances may subsequently change.

At the 26 May 2025 Ordinary Meeting, Council adopted the Budget Variations Process Map which increased the Capital variation to \$100,000 and the Operating to Operating variation at \$100,000 to align with the overall adopted material variation threshold. Budget variations are presented to Council for authorisation by 'Absolute Majority' in circumstances where a forecast variation requires a movement from:

- Operating to Capital.
- Capital to Capital for amounts above \$100,000
- Capital to Operating.
- Operating to Operating for amounts greater than 5% or \$100,000 (whichever is greater).

The May 2025 decision of Council also permitted the Chief Executive Officer to amend a grant funded capital works budget, if there was a corresponding increase in the grant funding.

The Chief Executive Officer is authorised to approve amendments to capital budgets that are fully funded by external sources and that require an increase cost, commensurate with an increase in funding, but do not necessarily change scope. This caters for circumstances where Developer Contribution Works (which are pre-approved by Council) can be varied in terms of timing of delivery, if required.

DETAILS

Presented as an attachment is the Monthly Statement of Financial Activity for the eleventh (11) month period ended 31 May 2025. The Monthly Statements are based on the model statements provided to the sector, which have been developed by Moore Australia, in conjunction with the Department of Local Government, Sport and Cultural Industries.

The May financials include the amended budget surplus as previously reported as the approved transfer to Reserve will appear in the June preliminary financials.

Capital Program Update

Included in the monthly report as an attachment is the list of the capital program as at the end for May 2025. Attachments are provided separately for projects above \$250K and projects under \$250K. At the end of May, actual spend plus commitments totalled \$28.8M.

| | Budget (incl C/Fwds) | Actuals (May 2025) | Commitments (May 2025) | Total (Spend plus commitments) |
|--------------|-------------------------|-----------------------|---------------------------|--------------------------------------|
| Under \$250k | \$7,816,505 | \$3,108,786 | \$1,403,566 | \$4,512,352 |
| Over \$250K | \$48,645,217 | \$6,733,481 | \$17,556,470 | \$24,289,951 |
| Total | \$56,461,722 | \$9,842,267 | \$18,960,036 | \$28,802,303 |

Notable Variations

The variations noted in the Attachment – *Statement of Financial Activity* present the May YTD Budget and Actuals. The major variations occurring are additional revenues from fees, charges and interest, and the timing of materials and contracts expenditure in a number of Business Units including Waste Services, Environment Programs, ICT and Planning. Given that the financial year is drawing to a close, a number of the in progress projects may need some funding carried forward to the next financial year in order for them to be completed.

Depreciation is budgeted to be much higher than actual due to delays in major projects over recent years so this is also showing a material variation.

Rates Debtors

Outstanding rate debtors over one year, greater than \$250 outstanding and without any form of payment arrangement is summarised below.

A further \$251K has been collected from debtors who are currently not on payment arrangements. \$4.74M has now been collected since July 1. The team will continue to focus on these debtors leading right up until June 30 and the July rates strike.

Sundry Debtors

The total of Sundry Debtors 120+days has remained the same at \$0.82M. The breakdown for the 120 day plus category is:

- \$678K is with Fines Enforcement Registry for collection
- \$36K relate to Waste commercial customer which is now the subject of legal review and follow up
- A further \$47K relate to Planning and Building debtors (dilapidated building demolition), \$24K of which will now be presented to council for consideration in July see separate agenda report Debt Write Off
- A number of community organisations make up the balance.

Outcome 4.3: Financial Sustainability

4.3.2 Deliver pro-active financial management to ensure the annual budget is achieved and any material variances are promptly identified and addressed.

Legal Implications

The *Local Government Act 1995* states that:

6.12. Power to defer, grant discounts, waive or write off debts(1) Subject to subsection (2) and any other written law, a local government may —

(a) when adopting the annual budget, grant* a discount or other incentive for the early payment of any amount of money; or

(b) waive or grant concessions in relation to any amount of money; or

(c) write off any amount of money,

which is owed to the local government.

* Absolute majority required.

(2) Subsection (1)(a) and (b) do not apply to an amount of money owing in respect of rates and service charges.

(3) The grant of a concession under subsection (1)(b) may be subject to any conditions determined by the local government.

(4) Regulations may prescribe circumstances in which a local government is not to exercise a power under subsection (1) or regulate the exercise of that power.

Council Policy/Local Law Implications

Budget/Financial Implications

An amount of \$27,653.75 currently included in the 120 day plus sundry debtors owed to the City will be removed and the payments not collected.

Consultation

- Community Services, Technical Services and Development Services
- External Debt Collection Agents.

BACKGROUND

Each year as part of the preparations for the financial year closure and preparation of financial statements, Officers review the collectibility of debts owed to the City. Council has provided a delegation to the Chief Executive Officer 1.1.22 Defer, write off, grant a Concession or authorise a waiver for monies owing which allows for debts under \$2,000 to be written off without Council approval.

The two (2) debts for Council above \$2K for Council to consider writing off are currently in the 120 days plus category of sundry debtors and they are:

- 1. Estate of E A Martin
- 2. Messy Mats

COMMENT

Estate of E A Martin - \$24,068.00

This invoice was raised by Building Services and relates to demolition works of a deceased estate at 18 Thomas Street Armadale which was deemed necessary due to the property's extremely hazardous condition.

The Building Compliance Team first inspected the property in March 2021 in response to significant public safety concerns including the presence of broken glass, syringes, friable asbestos, multiple structural failures, and occupation by squatters and vagrants.

Initial arrangements were made to secure the site by boarding up the property while awaiting the transfer of ownership through the deceased estate process however, in May 2021, the contractor engaged to provide a quote for the service advised they could not proceed with the work due to the significant presence of asbestos and the associated WorkSafe responsibilities.

On 19 May 2021, given the escalating public health and safety risks, an Emergency Building Order was issued requiring demolition of the structure within 21 days. The Building Order expired on 9 June 2021. Demolition was undertaken in the absence of a signed caveat to enable cost recovery as neither the Public Trustee nor the Mortgagee accepted legal possession of the property.

As legal ownership could not be established at the time of works, the resulting debt of \$24,068.00 is considered unrecoverable and is therefore recommended for write-off.

<u>Messy Mats - \$3,585.75</u>

Messy Mats owe the City \$3,585.75 and were a regular hirer who utilised City facilities between 2021 and 2023. In June 2021 a clash of bookings resulted in the disruption to Messy Mats operations. This disruption was jointly contributed to by both Messy Mats and the City.

The CEO approved a waiver of \$837 (CD/119291/21), reducing the debt from \$4,422.75 and this was communicated to Messy Mats in 2021. Messy Mats contacted the City in 2023 when an remaining amount of \$3,585.75 was followed up by City Officers. Messy Mats advised that they wanted a higher amount to be waived in 2021 due to loss of perishables. Communications spanned several months.

Messy Mats did not settle their outstanding invoices and the City stopped taking any further bookings from the hirer in December 2023, in line with the Terms and Conditions of Hire.

The City engaged with debt collectors in July 2024 and Messy Mats disputed the amount owing. Pursuing the debt further will involve additional cost outlays by the City, additional Officer time, and may not result in the full debt being recovered.

Therefore it is recommended that the debt of \$3,585.75 be written off.

OPTIONS

Option 1 – Write Off the Debts as follows:

That Council approve that a total of \$27,653.75 is written off and removed from the sundry debtors listing owed to the City.

- 1. Estate of E A Martin \$24,068.00 and/or
- 1. Messy Mats \$3,585.75.

Option 2 - Not write off the debs as follows:

- 1. Estate of E A Martin \$24,068.00 and/or
- 2. Messy Mats \$3,585.75.

This option leaves the debts remaining unpaid and remain included in the 120 day plus owed category. However, if that decision is made it is likely that the city will incur more costs that may exceed the amount of the debt than could be recovered.

ATTACHMENTS

There are no attachments for this report.

RECOMMEND

That Council, pursuant to Section 6.12 of the *Local Government 1995*, write off the following debts owed to the City:

- 1. Estate of E A Martin \$24,068.00
- 2. Messy Mats \$3,585,75.

Strategic Implications

The review of the Strategic Community Plan (SCP) and the associated community engagement process directly contribute to achieving the Aspirations, Outcomes, and Objectives outlined in the plan, as detailed below:

Strategic Community Plan Alignment:

Aspiration 4 – Leadership and Innovation

- The review and engagement process strengthens the City's ability to lead through innovation and strategic planning.
- Outcome 4.1 Strategic Leadership and Effective Management
 - **Objective 4.1.2:** The review supports the development and maintenance of a comprehensive suite of strategies and plans, ensuring effective management of infrastructure and services aligned with community needs.
- Outcome 4.4 Effective Community Engagement
 - **Objective 4.4.2:** The proposed engagement activities are designed to achieve best practice in community engagement, ensuring that the voices of residents are heard and incorporated into the strategic decision-making process.

Legal Implications

The Integrated Planning and Reporting Framework is governed by the *Local Government* (Administration) Regulations 1996, which sets out the minimum requirements for a Strategic Community Plan.

Local Government (Administration) Regulations 1996 Regulation 19C states:

19C. Strategic community plans, requirements for (Act s. 5.56)

- (1) A local government is to ensure that a strategic community plan is made for its district in accordance with this regulation in respect of each financial year after the financial year ending 30 June 2013.
- (2) A strategic community plan for a district is to cover the period specified in the plan, which is to be at least 10 financial years.
- (3) A strategic community plan for a district is to set out the vision, aspirations and objectives of the community in the district.
- (4) A local government is to review the current strategic community plan for its district at least once every 4 years.
- (5) In making or reviewing a strategic community plan, a local government is to have regard to
 - a. the capacity of its current resources and the anticipated capacity of its future resources; and
 - b. strategic performance indicators and the ways of measuring its strategic performance by the application of those indicators; and

c. demographic trends.

- (6) Subject to subregulation (9), a local government may modify its strategic community plan, including extending the period the plan is made in respect of.
- (7) A council is to consider a strategic community plan, or modifications of such a plan, submitted to it and is to determine* whether or not to adopt the plan or the modifications.

*Absolute majority required.

- (8) If a strategic community plan is, or modifications of a strategic community plan are, adopted by the council, the plan or modified plan applies to the district for the period specified in the plan.
- (9) A local government is to ensure that the electors and ratepayers of its district are consulted during the development of a strategic community plan and when preparing modifications of a strategic community plan.
- (10) A strategic community plan for a district is to contain a description of the involvement of the electors and ratepayers of the district in the development of the plan or the preparation of modifications of the plan.

The Draft Strategic Community Plan Aspirations, Outcomes and Objectives presented achieves all of the regulatory requirements for the Strategic Community Plan review.

Council Policy/Local Law Implications

Nil.

Budget/Financial Implications

If endorsed, the Draft SCP Aspirations, Outcomes, and Objectives will inform the planned community engagement activities outlined in the previously approved Community Engagement Plan. The total estimated cost of delivering these activities was approximately \$62,000. This has not changed since endorsement of the plan and is accommodated within the current budget

BACKGROUND

The SCP serves as a long-term vision for the City, capturing the community's aspirations and goals for the future. To effectively implement the SCP, the City develops rolling Corporate Business Plans (CBPs), which provide a detailed, shorter-term roadmap of actions needed to achieve the broader vision outlined in the SCP. The CBP is a four-year plan that is updated annually, while the SCP itself is reviewed every two years, with a comprehensive major review conducted every four years. This current project represents that major review.

As part of the major review process, the City of Armadale must engage with its electors and ratepayers to ensure their input is reflected in the updated plan. To support this, Council approved a Communications and Engagement Plan at its meeting on 10 December 2024, providing a framework for meaningful consultation and community involvement.

Specifically, the engagement was proposed to occur over two phases:

Phase One: Visioning & Liveability

Utilizing an independent community engagement survey as the key tool for gathering insights into the liveability of our local area.

Phase Two: Consultation

Community feedback from the survey conducted in phase one is analysed and used to develop and update the aspirations and objectives within the SCP. Phase two consultation involves engaging with the community to ensure the feedback they initially provided has been effectively considered, and to provide opportunity for developing understanding of how this information influences the SCP as a whole.

Since endorsing the Communications and Engagement Plan, the City has completed Phase 1 of engagement - Visioning. This phase reached more than 1,400 community members through the Community Views Survey, which was designed to capture both the community's vision for the future and their current experience of living in the City of Armadale.

COMMENT

The results of the Visioning and Livability survey were presented to Council at a workshop held on 30 April 2025. Subsequently two workshops were held with Elected Members on on 10 June 2025 and 1 July 2025 respectively to review the proposed aspirations and outcomes of the draft SCP and to consider further the objectives that will deliver the outcomes sought.

The attached Draft Strategic Community Plan (SCP) Aspirations, Outcomes, and Objectives is the result of this iterative process. It has combined community input with Councillor views on issues that are of strategic importance for the City to deliver the future vision for Armadale.

Outcomes from the two workshops were circulated to Elected Members on 9 July, indicating changes resulting from the two workshops. This report seeks to confirm the revised aspirations, outcomes and objectives for inclusion in a draft SCP for further community consultation.

OPTIONS

- 1. Approve the Draft Strategic Community Plan (SCP) Aspirations, Outcomes, and Objectives as detailed in the attachment.
- 2. Approve the Draft Strategic Community Plan (SCP) Aspirations, Outcomes, and Objectives as detailed in the attachment, with modifications.
- 3. Defer approval for further consideration.

- SOHAG.

BACKGROUND

Council originally adopted the policy 'ADM 3 Conferences, Seminars and Training' on 4 March 2003 and reviewed it in July 2012, December 2015 and January 2016.

SOHAG prioritised a list of 10 policies on 9 December 2024 for review in 2025, with ADM3 being third on SOHAG's priority list.

Section 5.128 of the *Local Government Act 1995* requires a local government to adopt a policy in respect of reimbursement of expenses of elected members and the CEO. As a consequence of amendments to the *Local Government (Administration) Regulations 1996* (Regulations) Council adopted amendments to its Policy 'Elected Member and Chief Executive Officer Professional Development' on 24 February 2025 (CS7/2/25) that encompasses the subject matter of ADM 3 in better detail.

DETAILS OF PROPOSAL

The provisions of ADM 3 as they relate to elected members are now covered by Policy '*Elected Member and Chief Executive Officer Professional Development*' because it covers such matters as attendance at non-mandatory events, reimbursements for travel costs, limitations on same and so forth.

Crucially, the new policy covers the Salaries and Allowances Tribunal determinations on the amounts that are able to be remunerated to elected members for travel, accommodation, meals, child care and incidentals, and those other expenses that are eligible in accordance with the Regulations.

As a consequence, it now remains for ADM3 to be submitted for revocation, following the changes to the Elected Member and Chief Executive Officer Professional Development policy.

BACKGROUND

On 18 May 2023 Assent was given to the *Local Government Amendment Act 2023* (Amendment Act), with substantial portions of the Amendment Act coming into effect on days that are yet to be proclaimed.

Numerous parts of the Amendment Act have come into effect already, examples being electoral reforms, live streaming of Council meetings, and other reforms relating to roles and responsibilities of council members and Chief Executive Officers.

As one aspect of local government reform, the Amendment Act introduced a head of power to require local governments to have a communications agreement. Section 74 of the Amendment Act inserted new sections 5.92A, 5.92B and 5.92C into the *Local Government Act 1995* detailing these new provisions.

Section 74 of the Amendment Act has not yet come into effect (to be Proclaimed).

Section 5.92A(2) of the *Local Government Act 1995*, when it comes into effect, broadly defines what a communications agreement is, in the following way:

- (2) A communications agreement is a written agreement between the council and the CEO that regulates the following
 - (a) the access of council members and committee members to information held by the local government under section 5.92 or otherwise, including the following —
 - *(i) the steps that a council member or committee member who wants access to information must take;*
 - *(ii) the steps that the CEO must take if a council member or committee member wants access to information;*
 - *(b) other requests for information that council members and committee members may make to the local government, including the following* —
 - *(i) the steps that a council member or committee member who wants to request information must take;*
 - *(ii) the steps that the CEO must take if a council member or committee member requests information;*
 - *(c) the way in which, and the circumstances in which, dealings may be had, and communications may be made, between*
 - *(i) a council member or committee member; and*
 - *(ii) an employee;*
 - (d) any prescribed matter.

The Department of Local Government, Sport and Cultural Industries (DLGSC) has released a consultation paper detailing how it proposes to implement the communications agreement requirements, with sector submissions invited on the proposal until 22 August 2025.

DETAILS OF PROPOSAL

The consultation package issued by DLGSC included the following:

- a) The consultation paper itself
- b) The draft regulations
- c) The proposed draft Minister's Order (for local governments that don't have a communications agreement this becomes the default).

Section 5.92B of the *Local Government Act 1995*, which has yet to be Proclaimed, contains the head of power <u>requiring</u> the Minister for Local Government to make a default communications agreement by Order. As part of the consultation package, a draft default communications agreement has been provided.

The DLGSC proposes that the new requirement will come into effect on 19 October 2025 (day after election day). Until a local government makes its own communications agreement, the default communications agreement made by the Minister (by way of an Order) will become the instrument to be used until then.

The most important aspect to be understood is that a communications agreement (where the local government makes one) is valid only for the term of the 'current' Council, and ceases to have effect on election day. A new communications agreement will need to be agreed upon by the CEO and Council after the election. In essence it means an adopted communications agreement will have a lifespan of 2 years.

ANALYSIS

Section 5.92 of the Act prescribes the basic authority for access to information for council members, and the exclusions. The communications agreement proposal and the accompanying draft regulations seek to establish what is effectively a management practice for this section of the Act.

Nevertheless, the concept of making a policy setting to govern communications and provision of service to elected members is not new. Many local governments have a policy for this purpose, inclusive of the City with its policies 'Access to Information and Requests for Assistance by Elected Members' adopted by Council on 24 August 2020 (CS39/8/20) and 'Communication between Elected Members and City employees' adopted on 29 September 2020 (CS47/9/20).

The City's current policies referred to above are limited to requiring elected member requests to be directed to the CEO or Executive Director, and that the CEO is to establish processes to manage elected member requests, and communications with officers. The direct implications for the City from the proposals are:

- Replacing the existing policies with a communications agreement
- Amending both codes of conduct, as the draft regulations will require a nexus to be created where a council member or an employee acts contrary to a communications agreement
- Ensuring existing procedures for dealing with elected member requests for information or assistance comply with the requirements proposed
- Relying on the default communications agreement after a local government election until a new communications agreement is made
- Default number of local government employees to be nominated as contact points for council members is 4 (Band 1 local governments).

There is no requirement for a communications agreement to be consistent with or based on the default version. The basis of the regulations, as proposed, are that a communications agreement made by a local government is to provide for specified things, and mechanisms to facilitate them. If made by a local government, a communications agreement:

- is to be adopted by absolute majority
- cannot be adopted or amended during a caretaker period
- expires at the end of a caretaker period (i.e. it is effective for the 2-year term of a Council between elections); or
- expires if the CEO who agreed to the communications agreement, ends their employment before the end of a caretaker period
- cannot be made without the agreement of the CEO; and
- is to be published on the local government's website.

The draft regulations propose that a local government code of conduct must be amended to require a local government employee to comply with a communications agreement.

A parallel amendment also proposes to modify the *Local Government (Model Code of Conduct) Regulations 2021* to require a council member to observe the requirements of a communications agreement, creating a consequential behavioural breach of a local government's code of conduct for council members.

Officers assess there are a range of issues with the provisions that are set out in the draft regulations and default communications agreement. These are summarised in the table below.

| I able I | | |
|---|---|--|
| Current method | Proposed | Issues identified |
| Policies made at the | Draft Regulations - | No limitation on the types of contraventions of a |
| discretion of local | communications | communications agreement that could (or should) be |
| governments | agreements required | actionable under the code of conduct |
| No structure around communications policies made by local governments No lawful basis to use or create an enforcement or redress mechanism | Amends Sch. 1 cl. 20(3) of the Local Government (Model Code of Conduct) Regulations 2021 | Draft regulations propose to add "making a request for information or a request for assistance regarding an administrative matter in accordance with the local government's communications agreement" to expand the circumstances in which a council member may direct an employee. It implies such a request may be made in a manner that is an attempt to direct a local government employee and has the effect of allowing this without being a breach of a rule of conduct. |
| | N/A | Recurrent breaches of a communications agreement are |
| Local governments are free to determine their communications and service arrangements based on their local needs or their structure | | not considered. This should be addressed by the draft regulations as it would be unreasonable to expect the local government to not have a means to deal with repeat behaviour – it should not simply be a case of going back to the start every time |
| | Inserts r. 28C into the Local Government (Administration) Regulations 1996 | Draft regulations require all correspondence issued by a Mayor or President to be provided to all council members (unless the Mayor directs otherwise in "exceptional circumstances"). Mayors of Band 1 local governments can potentially issue a substantial volume of correspondence. This creates an additional administrative burden for local governments, and the construction of the default communications agreement is interpreted that a Mayor or President who does not do so, will be in breach of a communications agreement and in theory (as the |

Table 1

| Current method | Proposed | Issues identified |

| | | DLGSC has written it) in breach of the code of conduct. This measure appears to be unnecessary and for an unspecified reason. |
| Nil – as above | 'Default' communications agreement made by Minister Clause 15(4) | Council is the final decision-maker of a dispute over access to information or assistance – without recourse. This has the potential to be abused against a council member, or alternatively, against a CEO unless there is some form of qualifier included (cl. 15(4) of the default agreement) |
| | Clause 21(2) | A request for information or assistance involving an impending Council meeting should also have a limitation if the council member has already had a notice of motion or recission motion, complaint or other request rejected for that matter |
| | Clause 12(1)(d) | Including a requirement to provide information on "an issue or situation of broad public concern or interest within the district". This could mean anything |
| | N/A | There is no limitation on repeat or recurring requests for information or assistance about the same matter – this is open to abuse if not restricted in some way. This is important if a council member has already been through the process |
| | Clause 14 | The default communications agreement at clause 14 deals with the circumstances where certain information is not required to be provided, and lists a number of grounds for this. An additional ground should be included, where a request involves information for a matter that is not within the local government's role or jurisdiction |
| | N/A | The drafting of the default communications agreement, generally, is overly complex for governing what are essentially day-to-day administrative matters raised by council members, providing unnecessary duplicity around the statutory obligations of council members already prescribed by the Act, and in multiple locations in the draft regulations |

The draft regulations are clear in that a communications agreement to be made by a local government must contain provisions to include content regulating the provision of **information**, and the provision of **assistance** to a council member.

The draft regulations also contain a requirement to include content for requests for assistance or information where a Commissioner is in place at a local government. Whilst this may not seem relevant to the City, the regulations are clear in that the communications agreement "must" make this provision.

Positive aspects are recognition that "incidental or social interactions" between council members and employees can and do occur, and that requests for information or administrative assistance are not permitted in these circumstances.

Another positive aspect is that the default communications agreement expressly deals with the principle that a CEO or employee is not required to respond to a request "outside of office hours".

OPTIONS

It is proposed that the City's response to the consultation paper and proposed reforms are based on the matters identified in Table 1. It is on this basis that <u>conditional</u> support for the proposed reforms is recommended. Council may choose to adopt a different approach and object to the proposed reforms on the basis of the issues identified.

CONCLUSION

The lack of a structured method of proving service/administrative support and information to elected members has arisen in the sector before, where problems have occurred at local governments that either did not have an agreement or policy in place, or where elected members have contravened the agreement/policy, with no available recourse. This was highlighted by the Inquiry into the City of Perth. This is the genesis of the DLGSC proposal.

On one hand the proposal may be viewed as removing a local government's independence and freedom to make a communications policy/agreement to suit its particular needs, structure or circumstances. However, the contrary view is that creating a general structure around how the function is to be performed – with an enforcement mechanism – is welcome, with local governments retaining the freedom to make their own communications agreements outside of the default presented by the Minister, subject to it being compliant with the legislation.

On balance, whilst the draft regulations that have been proposed are *generally* sound, aside from the issues identified, the draft default communications agreement contains provisions that are foreseeably able to be misused. This default communications agreement should be revised to address these concerns. It is recommended that Council give its conditional support to the proposal, on the basis of the issues identified being addressed.

BACKGROUND

The 2025 National Economic Development Conference (NEDC25) will be held in Newcastle from 28 to 30 October 2025. Hosted by Economic Development Australia, the event is Australia's premier gathering of economic development professionals from across all levels of government, the private sector, and industry.

With the theme "Shaping Tomorrow's Economy", NEDC25 will explore the key forces transforming Australia's economy and present actionable strategies to build resilient, inclusive, and future-ready communities. The program features keynote addresses, panel discussions, study tours, breakout sessions, and networking events including a welcome function and the National Economic Development Awards Gala.

DETAILS OF PROPOSAL

NEDC25 will provide insights and strategic tools to support inclusive and future focused economic development at the local level. The three day program will cover a broad range of issues relevant to economic development professionals, including:

Study Tours (Day 1)

Innovation and Sustainability: Exploring Newcastle's transition from an industrial economy to a knowledge-based city. Local Action, Global Impact: Highlighting local initiatives with global influence.

Shaping a Creative Community: Showcasing Newcastle's cultural investment to attract talent and grow creative industries.

Conference Sessions (Days 2 & 3):

Keynote Presentations from national and international thought leaders, including Dr Christian Ketels (World Bank) and Dr Ben Hamer (Futurist and Sociologist).

Panel Discussions on energy evolution, AI, workforce development, and Indigenous economic empowerment.

Breakout Sessions covering themes such as regional transformation, investment attraction, the role of data in economic development, and renewable energy.

COMMENT

Participation in NEDC25 offers valuable learning and networking opportunities that align with the City's Economic Development priorities and the implementation of the Economic Development Strategy.

The City was previously represented at NEDC in 2023, supporting the advancement of key actions identified in the Strategy and the Corporate Business Plan. Attendance at this national event contributes to the City's capability to develop evidence-based policy and innovative local responses.

In line with Council Policy, formal approval is required for Elected Members to attend interstate professional development and networking events. Payment, funding or reimbursement of monies in relation to professional development, conferences or seminars for an Elected Member is not to occur if the Elected Member's term of office ends within three months and the event in question occurs in the three month period (*refer s.2.1(b) of the Elected Member and Chief Executive Officer Professional Development Policy*).

4.2 - CONSULTANT AND CONTRACTOR COST (REFERRAL ITEM)

At the Council meeting held on 26 May 2025, Cr L Sargeson referred the following matter to the Corporate Services Committee.

That the matter of Consultant and Contractor cost be referred to the Corporate Services Committee.

Comment from Cr L Sargeson

I'd like to request that the need for cost saving through inhouse work rather than outsourcing to consultants and/or contractors be considered.

I also request that details of these costs be presented clearly in reports, preferably on a separate sheet.

Officer Comment

The referral matter seeks to deal with the following:

- Identify cost savings through insourcing outsourced services;
- Establish Staff levels that reduce the reliance on consultants and contractors for providing services, programs and projects;
- Understand (detail) the City's expenditure on consultants and contractors.

If the Council supports a further report on the referral matter, the report would address the following:

- Setting out the range of services, programs and projects that are provided by the City and the extent to which those services, programs and projects are insourced or outsourced. This information would be primarily drawn from the information provided in the draft operational budgets provided to Councillors. This is provided at the Business Area level only.
- Providing general commentary on the circumstances that influence City's decisions to engage contractors and consultants, providing examples.
- Providing general commentary on how the City currently manages growth in City Services from urban development, and the impact on the mode (insource/outsource) of service delivery.
- Providing general advice on the process that a Local Government may undertake to systematically review services, programs and projects, which would examine activities, decision making criteria and insourcing and outsourcing options.

Officers currently have a number of Council endorsed projects and actions, most associated with the Corporate Business Plan objectives. Therefore the advice provided in a report would only be general in nature.

It is noted that in April this year, Councillors requested the Chief Executive Officer to provide a further report as soon as reasonably practicable on the potential costs and approaches to contracting and insourcing Parks and Landscaping Maintenance Services to manage the City's growth. At the time, Officers indicated that the report would take some time to research and prepare, and it was likely that a report would be submitted to the November meeting (at the earliest).

This particular referral matter could be considered similar to the intent of the report referenced above and may be informed by the information contained in the report on Parks and Landscaping Maintenance Services, to be issued to Council later this year.

Finally, it is noted that the City uses specialist consultants to assist in delivering many of its services.

4.3 - MAYOR'S ANNOUNCEMENTS (REFERRAL ITEM)

At the Council meeting held on 23 June 2025, Cr L Sargeson referred the following matter to the Corporate Services Committee.

That the matter of Councillor attendance at formal functions (eg. Citizenship ceremonies) being recorded in the Mayor's announcements at Ordinary Council Meetings be referred to the Corporate Services Committee. Policies and procedures to be reviewed and amended accordingly

Comment from Cr L Sargeson

During Ordinary Council Meetings, it is customary for presiding Mayors to announce Councillor attendance at formal events, such as citizenship ceremonies. The current practice should be updated to reflect this practice.

City of Armadale Standing Orders Local Law

The City of Armadale Standing Orders Local Law 2016 provides for, at item 3.6

3.6 Announcements by the Person Presiding Without Discussion

(1) At any meeting of the Council or a committee the person presiding may announce or raise any matter of interest or relevance to the business of the Council or committee or propose a change to the order of business.

Role of the Mayor

The role of the Mayor is established in the Local Government Act 1995, s2.8

- 1) The mayor or president
 - a. provides leadership and guidance to the council and council members, including guidance as to the roles of the council and council members; and
 - b. acts as the principal spokesperson for the local government, and carries out civic and ceremonial duties on behalf of the local government, at all times acting consistently with council decisions; and
 - c. presides at meetings of the council, ensuring that meetings are orderly and held in accordance with this Act; and
 - d. promotes, facilitates and supports positive and constructive working relationships among council members; and
 - e. liaises with the CEO on the local government's affairs and the performance of its functions.

Mayor Announcements

Announcements by the Mayor at Ordinary Council Meetings are part of the Mayor's role. Refer clause 3.6 (1) from the *Standing Orders Local Law 2016* as mentioned earlier. See previous page for details.

The content and presentation of announcements therefore is a matter for the Mayor to determine as the Mayor sees fit.

The Current Practice

Currently, the announcement of Councillor attendance at certain events relies on Councillors confirming an invitation via an RSVP. It is usual practice that speech notes are prepared in advance of certain events, including Citizenship Ceremonies for the Mayor to acknowledge attendance by Councillors and dignitaries. This is prepared based on the RSVPs to the event. It is not always practical or possible to amend these preparatory notes to include additional Councillor names at late notice or following an event.

Should Councillors wish to seek their attendance at ceremonies and events recorded in the Mayor's Announcements, then Councillors should use the RSVP process to ensure their names are recorded at ceremonies and events. The practice should remain straight forward and within current resource allocations.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 31 MAY 2025

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act* 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996, prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 15 to these financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
 estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICES

Significant accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

 Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

 Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met: - the asset is held within a business model whose objective is to collect the contractual cashflows, and

- the contractual terms give rise to cash flows that are solely payments of principal and interest

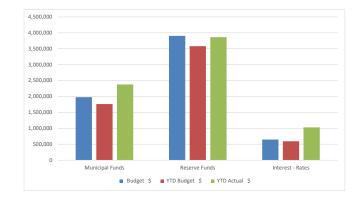

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A* (5). These assets are

expensed immediately. Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between

mandatory revaluation dates for assets held at fair value In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and

- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

KEY INFORMATION Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

KEY INFORMATION At inception of a contract, the City assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract At inception of a contract, the City assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

KEY INFORMATION

Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The City's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the City are recognised as a liability until such time as the City satisfies its obligations under the agreement.

POLICY ELECTED MEMBER AND CHIEF EXECUTIVE OFFICER PROFESSIONAL DEVELOPMENT

| ASPIRATION | Leadership |
|---------------------------|---------------------------|
| RESPONSIBLE DIRECTORATE | CEO Department |
| RESPONSIBLE BUSINESS UNIT | City Legal |
| RELEVANT LEGISLATION | Local Government Act 1995 |

1. Objective

To ensure that Elected Members and the Chief Executive Officer are provided with and participate in professional development opportunities to support their role in accordance with the *Local Government Act 1995* (Act) and all associated regulations.

2. Policy

This policy applies to Elected Members and the Chief Executive Officer where stated. Council will support and fund the attendance by Elected Members and the Chief Executive Officer at conferences, seminars and training in order to enhance the professional and technical expertise relevant to their role.

2.1 Limitations

- (a) In accordance with regulation 37 of the Local Government (Administration) Regulations 1996, the City will not provide payment, funding or reimbursement of monies in relation to professional development, conferences or seminars that is not related to an Elected Member's role as a member of the Council, or that is not related to Council's function.
- (b) Payment, funding or reimbursement of monies in relation to professional development, conferences or seminars for an Elected Member is not to occur if the Elected Member's term of office ends within three months and the event in question occurs in the three month period.
- (c) Where an Elected Member has tendered his or her resignation, the Elected Member shall be ineligible to attend professional development events, conferences or seminars on behalf of the local government.

2.2 Elected Member Mandatory Training

(a) An Elected Member must complete the course titled *Council Member Essentials*, in accordance with section 5.126(1) of the Act and the *Local Government (Administration) Regulations 1996*, within a period of twelve months beginning on the day on which the Elected Member commences their term of office.

This mandatory training is valid for five years.

ATTACHMENT 3.1.2

- (b) The *Council Member Essentials*, consists of the following modules, and is to be provided by a Registered Training Organisation (RTO):
 - i. Understanding Local Government;
 - ii. Serving on Council;
 - iii. Meeting Procedures;
 - iv. Conflicts of Interest;
 - v. Understanding Financial Reports and Budgets.

The City currently subscribes to WALGA for this course and therefore Elected Members should undertake this training through WALGA.

- (c) An Elected Member is exempt from the requirements outlined in section 5.126(1) of the Act if the Elected Member passed either of the following courses within the period of five years ending immediately before the day on which the Elected Member commences their term of office:
 - i. Council Member Essentials;
 - ii. 52756WA Diploma of Local Government (Council Member);
 - iii. The Elected Member passed the course titled LGASS00002 Council Member Skill Set before 1 July 2019 and within a period of five years ending immediately before the day on which the Elected Member commences their term of office.
- (d) In accordance with section 5.127 of the Act and regulation 35 of the Local Government (Administration) Regulations 1996, the City must prepare a report for each financial year on the mandatory training completed by Elected Members during the financial year. The report must be published on the City's website within one month after the end of the financial year to which the report relates.

2.3 Approved Elected Member and Chief Executive Officer Training and Professional Development

Training and professional development activities to which this policy applies shall generally be limited to the following:

- (a) WALGA and Australian Local Government Association (ALGA) conferences.
- (b) Special 'one off' conferences called for or sponsored by WALGA and/or ALGA on important issues.
- (c) Annual conferences of the major professions in local government and other institutions of relevance to local government activities.
- (d) Accredited organisations offering training relevant to the role and responsibilities of Elected Members and the Chief Executive Officer.
- (e) WALGA Council Member Training and Development.
- (f) Other approved local government-specific training courses, workshops and forums, relating to such things as understanding the roles/responsibilities of Elected Members, meeting procedures, etc.
- (g) Subscriptions for professional memberships that assist an Elected Member in fulfilling their role on Council. Note, the Chief Executive Officer professional membership allocation is in accordance with their contract conditions.
- (h) Conferences or study tours that address the initiatives and projects that may be outlined in the City of Armadale's Strategic Community Plan, advocacy statements or Council resolutions.

Note: The Chief Executive Officer professional development is in accordance with the incumbent's contract of employment

2.4 Continuing Professional Development

- (a) In accordance with section 5.128 of the Act, Elected Members are encouraged to identify their individual continuing professional development needs to enhance their effectiveness and address skill gaps as required.
- (b) As the needs of individual Elected Members may vary, each Elected Member is encouraged to seek the assistance of the Chief Executive Officer and Mayor in analysing their particular requirements and in identifying appropriate courses, seminars and training to meet those needs.
- (c) In determining the professional development activities for individuals, Elected Members should consider the current or future strategic direction and activities of the City and its priorities and the skills that will be needed to give effect to the direction.

Note: The Chief Executive Officer professional development is in accordance with the incumbent's contract of employment

2.5 Approval for training or professional development

- (a) The Chief Executive Officer may approve Elected Members training and professional development applications and the Mayor may approve the CEO's where the
 - i. application complies with this policy;
 - ii. training and development activity is to be held within Western Australia; and
 - iii. the training and development activity is relevant to Council's role or the Elected Member's role.
- (b) A resolution of Council is required to approve Elected Members or the Chief Executive Officer request to attend training and professional development if the
 - i. application does not comply with this policy;
 - ii. estimated event expenses exceed any budget allocation; or
 - iii. event is to be held interstate or internationally; or
 - iv. event will result in absences of Elected Members from a Council or Committee meeting and the meeting will fail to hold a quorum.
- (c) An Elected Member is ineligible to be reimbursed for the cost of continuing professional development if the the event occurs within a period of 3 months from the date of the expiry of the Elected Member's term of office.
- (d) Generally, two but no more than three Elected Members may attend a particular training or development activity outside Western Australia at the same time, unless Council has resolved for additional Elected Members to attend.
- (e) All applications to participate in training or professional development are to be forwarded to the Chief Executive Officer in reasonable time to meet the registration deadline. Where practicable the City will utilise the 'early bird' registration option. Approvals in respect to the Chief Executive Officer must be forwarded to the Mayor for approval.

ATTACHMENT 3.1.2

2.6 Travel, Accommodation, Meals, Child Care and Incidentals

- (a) Where practicable, travel requests should be provided at least one month prior to the travel date to allow adequate time for bookings to be made, this will allow the City to take advantage of any available discounts for early registration.
- (b) The cost of air travel to and from the destination is to be by the shortest most practical route unless additional travel is contemplated before or after a conference.
- (c) All air travel is to be by Economy Class (unless otherwise provided for by Council resolution) at a time that is convenient to the Elected Members or the Chief Executive Officer. The cost of any upgrades shall be paid for by the respective party. Any costs incurred to allocate a seat in Economy Class will be at the expense of the City. Note: The travel period will be the day before the commencement of the activity and the day after the conclusion of the activity.
- (d) Nothing in this policy prevents an Elected Member attending a conference, seminar or undertaking training at their own expense.
- (e) Elected Members, who use their private vehicle for conference travel, will be reimbursed for vehicle costs in accordance with the Determination made by the WA Salaries and Allowances Tribunal. The most recent determination by the SAT can be obtained here:

In accordance with clause 8.2(5) of the Determination, electric vehicles should be calculated at the same rate as a car with a 1600cc engine.

- (f) Accommodation will be booked, where practicable, at the associated venue or, if unavailable, at premises in close proximity to the venue. Bookings will include accommodation the night before and the night of the closing of the event.
- (g) Elected Members and the Chief Executive Officer must not receive any personal frequent flyer or accommodation loyalty points for air travel or accommodation booked and paid for by the City.

- (h) The City will pay Elected Members and the Chief Executive Officer a daily allowance that is considered reasonable costs for meals and incidentals in accordance with the rates contained in Schedule 1 of the Travelling, Transfer and Relieving Allowance of the *Public Service Award 1992* for these expense amounts. Where an allowance has been provided, and the Elected Member or Chief Executive Officer have been provided with a meal paid for by other means, the Elected Member or Chief Executive Officer must notify the City and reimburse the allowance amount paid upon returning from the professional development.
- (i) Where an Elected Member or Chief Executive Officer chooses to arrive earlier or extend their stay at the location of a conference or deviates from the travel arrangements, then the Elected Member or Chief Executive Officer as the case may be, will be responsible for the full cost associated with that extended stay and/or variation to travel arrangements for private purposes. The exception would be if the flight schedules determine an extended stay is required.
- (j) In the first instance cab charge vouchers will be provided to Elected Members or the Chief Executive Officer when attending the conference or professional development. Where cab charge vouchers cannot be used, standard taxi fares (or similar services) or public transport for reasonable travel requirements will be reimbursed upon return, on the production of receipts to verify the expense.
- (k) Where an Elected Member or the Chief Executive Officer is accompanied by a person who is not an Elected Member or employee of the City for Training and Development or Advocacy and Lobbying activities, costs for or incurred by the accompanying person including but not limited to travel, meals, registration and/or participation in any event program, are to be borne by the Elected Member, Chief Executive Officer or the accompanying person and will not be paid for by the City. The only exclusion is for the payment of accompanying persons to attend the conference dinner, with such costs being met by the City.
- (I) If an Elected Member or the Chief Executive Officer incurs child care expenses as a consequence of attending an approved training or professional development opportunity (mandatory or nonmandatory), the City will reimburse the actual cost per hour of child care expenses up to a maximum of \$35 per hour. This is the rate Determined for this purpose by the Salaries and Allowances Tribunal, which may be altered by the Tribunal from time to time.
- (m) If an Elected Member incurs costs greater than \$35 per hour due to having multiple children, children with special needs, lack of adequate childcare facilities or services or another extenuating circumstance, the City may reimburse the person for the actual costs upon the provision of sufficient receipts/evidence to satisfy the City that the expense has been legitimately incurred.
- (o) Such reimbursement shall only be applicable for Mandatory Training, Ongoing Professional Development or other approved training and professional development opportunities within the Perth Metropolitan Area.

2.7 Claiming expenses

(a) Reimbursement of expenses is conditional upon adequate evidence of such expenditure in the form of invoices or receipts.

(b) All claims for reimbursement must be submitted to the Finance Department, within two weeks of the Elected Member or Chief Executive Officer returning to the City. Final claims relating to the financial year must be submitted by 31 July of that year (31 days after the end of the financial year). No back payment of claims relating to prior financial years will be permitted.

3. Influencing Strategies or Plans

The following aspiration of the City's Strategic Community Plan 2020-2030 is relevant:

Communications Agreements Consultation Paper

Local Government Reforms

Background

The *Local Government Amendment Act 2023* (2023 Amendment Act) was passed by Parliament in May 2023 and made a series of amendments to the *Local Government Act 1995* (the Act). The 2023 Amendment Act implements several key reforms, including those relating to local government elections, as well as some changes which are yet to commence. These include the requirement for a communications agreement between the council and the administration of a local government.

To implement these reforms, the Western Australian (WA) Government has prepared the draft Local Government Regulations Amendment Regulations 2025 and the draft Local Government (Default Communications Agreement) Order 2025.

These proposed draft regulations and the draft order are published on the Department of Local Government, Sport and Cultural Industries (DLGSC) website and are available for public comment until **Friday 4 July 2025**. This consultation paper sets out the aims of these reforms and the proposed legislative requirements.

DLGSC invites local governments, council members, CEOs, local government employees and members of the community to consider the proposed regulations and provide feedback. The feedback received will inform the finalisation of draft regulations and the draft order and the implementation of these changes.

Submissions can be made to DLGSC's Act Review team by:

- 1. email to actreview@dlgsc.wa.gov.au
- 2. post to: DLGSC Act Review
 PO Box 8349
 PERTH BUSINESS CENTRE WA 6849

Your say and your privacy

Submissions will be treated as public documents unless explicitly requested otherwise.

If you do not consent to your submission being treated as a public document, you should mark it as confidential, or specifically identify the confidential information, and include an explanation.

Please note, even if your submission is treated as confidential by DLGSC, it may still be disclosed in accordance with the requirements of the *Freedom of Information Act 1995* (WA) or any other applicable written law.

Establishing regulations for communications agreements

The communications agreement is intended to function as a fundamental governance instrument within each local government to set out minimum expectations for formal communications between council members and employees of the local government.

Communications agreements currently exist between each Minister of the WA Government and the agencies that support them. These agreements set out who Ministers and their staff may contact within an agency, what they may request, how they can expect their request to be dealt with and when they can expect a response.

In a local government context, new sections 5.92A – 5.92C inserted by the 2023 Amendment Act provide that:

- each local government must have a communications agreement which deals with the matters required by the Act and regulations
- a local government may adopt a communications agreement by the council and the CEO **both agreeing** to its terms
- if a local government does not adopt or is unable to adopt a communications agreement, the default communications agreement set out in a ministerial order applies.

The draft Local Government Regulations Amendment Regulations 2025 seek to address minimum requirements for and enforcement of communications agreements.

Administration Regulations (amending regulations 3 to 8)

Amending regulations 3 to 8 set out a series of amendments to the Local Government (Administration) Regulations 1996 to deal with communications agreements.

Amending regulation 4 inserts a definition of communications agreements into the regulations.

Amending regulation 5 clarifies that the regulations regarding the employee code of conduct apply to employees of the local government, not contractors.

Amending regulation 6 requires the employee code of conduct to require a local government employee to comply with the communications agreement.

Amending regulation 7 inserts new regulations 28C and 28D.

Regulation 28C provides that in addition to the matters set out in the to be proclaimed section 5.92A of the Act, a communications agreement needs to set out the circumstances in which correspondence sent by the Mayor or President on behalf of the local government must be provided to all council members by the CEO.

Regulation 28D provides that there must be certain minimum content in a communications agreement adopted by a local government and its CEO.

Subregulation (1) provides definitions of an administrative matter and a request for information.

Subregulation (2) provides that a communications agreement must address:

- how council members and committee members can make requests for information
- the time within which a response to a request for information must be given
- the way in which information must be provided in response to a request for information
- a dispute resolution process
- which local government employees, council members and committee members may communicate or have dealings with relating to requests for information.

Subregulation (3) clarifies that the communications agreement does not apply to:

- deliberations at a council or committee meeting
- the process that needs to be undertaken for the recruitment, performance review or employment termination of the CEO.

This recognises that a Mayor or President and duly authorised council members may need to communicate with employees or contractors of the local government other than through the CEO to facilitate the recruitment, performance review or termination process.

Subregulation (4) provides that a communications agreement must address:

- how council members and committee members can make request for administrative assistance
- the time within which a response to a request for administrative assistance must be given
- the way in which information must be provided in response to a request for administrative assistance
- which local government employees, council members and committee members may communicate or have dealings with relating to administrative matters.

Subregulation (5) provides for circumstances where commissioners are administering the local government. This regulation provides that the commissioner may request information or assistance in the manner determined by the commissioner from any local government employee and that, if requested, it must be provided to the commissioner as soon as practicable. Where there is a dispute, it is resolved by the commissioner (or the chair commissioner if there is more than one commissioner).

This reflects that the circumstances that require the appointment of commissioners are unique, and as a result a commissioner should typically not be constrained by a communications agreement when undertaking the process required to restore good government to a local government district.

Regulation 8 provides for the default communications agreement ministerial order to be made prior to 19 October 2025.

Model code of conduct (amending regulations 9 & 10)

To ensure council and committee members comply with the communications agreement, it is proposed that contraventions of the agreement be dealt with under the code of conduct for council members, committee members and candidates.

Amending regulation 10(1) provides that a contravention of section 5.92(3) of the Act, which states that a council member or committee member must comply with the communications agreement, will be a behavioural breach. This means that the breach is dealt with internally by the local government, rather than through the Local Government Standards Panel process. Circumstances where a council member involves themselves in the administration of the local government without authority, or where a council member seeks to direct a local government employee, will remain a rule of conduct breach.

Amending 10(2)-(3) makes an amendment to clause 20 of the model code of conduct. Clause 20 currently provides that a council member or candidate cannot direct a local government employee. This amendment clarifies that the rule of conduct against directing a local government employee does not apply where the council member is acting consistently with the communications agreement in seeking information or administrative assistance.

Default Communications Agreement Order

The 2023 Amendment Act inserted new section 5.92B, which provides for the Minister for Local Government, by order, to set out a form of default communications agreement. This will be considered the communications agreement of the local government at any time that the local government has not adopted a communications agreement of its own or the agreement has expired.

A local government's communications agreement will expire at the end of the local government's caretaker period following an ordinary election, or otherwise at the end of the employment of the CEO who agreed to that communications agreement.

It is important to note the range of circumstances where a local government will fall onto this default agreement. If unable to form an agreement of their own, a local government will be bound by this default agreement. If local governments and CEOs wish to alter something contained in the default agreement, they will need to reach an agreement on an alternative communications agreement.

The proposed default communications agreement is contained in Schedule 1 of the draft Local Government (Default Communications Agreement) Order 2025.

Preliminary provisions (Division 1 of the draft order)

The preliminary components of the agreement include definition and application clauses which address how the agreement is to be interpreted and applied.

The definition of an 'administrative matter' is important in that it clarifies what is considered an administrative matter for a council members' potential request.

Clause 3 (Application) provides that this agreement does not apply to:

- deliberations at a council or committee meeting (which to be dealt with by standardised meeting procedures)
- the process of CEO recruitment, performance reviews or termination of employment, in accordance with the CEO employment standards of the local government.

This covers practical situations, such as the Mayor or President needing to engage closely with the local government's human resources function and consultants in relation to certain instances of managing the employment of the CEO.

General provisions (Division 2 of the draft order)

Clauses 4 to 7 provide a series of general provisions.

Clause 4 addresses the general principles of the agreement:

- That the CEO supports council and committee members to fulfill their functions, including by providing information and administrative assistance that allows them to do so, and ensuring that employees communicate with council members in accordance with the agreement.
- That the council and committee members conduct themselves in accordance with the agreement to ensure the orderly running of the local government.

Clause 5 provides that, in general, all council members should receive a copy of formal correspondence sent by the Mayor or President on behalf of the local government. This reflects the Mayor or President's role of as a spokesperson of the local government, consistent with the decisions of the council. In exceptional circumstances the Mayor or President can decide it is not appropriate to provide such correspondence to all council members. If this is done where exceptional circumstances do not exist, it may constitute a breach of the agreement by the Mayor or President.

Clause 7 clarifies that this agreement does not prevent social or incidental dealings or communications between council members and employees.

Clause 8 provides for the nomination of employees by the CEO, which is an important aspect of this agreement as it provides for who within the local government council members may speak with. This is similar to the approved contacts list used for WA Government communications agreements between Ministers and their agency(s).

These employees should be the most relevant employees for the council members to appropriately interact with, such as a local government's governance team, their directors (or equivalents), the executive assistant to the CEO, the communications manager or similar roles.

The clause specifies the number of employees to be nominated for each class of local government, reflecting the size of those local governments. It further clarifies that a CEO may specify that the employee is nominated for particular types of enquiries, such as nominating a communications manager for media enquiries. The CEO is required to maintain an up to date register for council and committee members of these employees and what they are able to be contacted for.

Clause 9 makes clear that the CEO determines who responds to a request for information.

Clause 10 further clarifies that nothing in this agreement requires a CEO or any other employee to respond to a request outside of office hours.

Requests for information generally (Division 3 of the draft order)

Clauses 11 to 16 deal with general requirements that apply to all requests for information.

Clause 11 provides for council and committee members to make requests for information.

Clause 12 sets out the types of information a member may request and the types of additional information a Mayor or President may request from the local government; however, this clause does not limit what information may be sought.

Clause 13 addresses certain things a council member must provide to assist the local government to respond to the request. This includes an appropriate scope, or a copy of correspondence received by the council member where they are seeking advice that relates to the correspondence.

Clause 14 deals with the circumstances where information does not need to be provided to a member, being:

- where the agreement has not been followed
- if the council member is not entitled to that information
- if the information is not held by the local government and unable to be reasonably obtained
- if in the CEO's view, preparing or providing the information would require substantial diversion of the local government's resources.

Clause 15 deals with disputes regarding the provision of information. This provision provides that a council member who is unhappy with a refusal of information may dispute the matter. Initially this should be sought to be resolved at a meeting between the council member, Mayor or President and CEO. If this does not resolve the matter, the council member should refer the matter to the council to resolve whether the information should be provided or not.

Responding to requests for information (Division 4 of the draft order)

Clause 17 to 24 deal with responding to requests for information that do not relate to administrative assistance.

Clause 17 provides that this division does not relate to an administrative request for information.

Clause 18 provides that a request for information is to be made to the CEO or an appropriate nominated employee in writing by email or such other electronic means approved by the CEO (such as a portal or similar).

Clause 19 requires the CEO to ensure that a request is acknowledged in writing within 2 working days of the request being made. This does not require the CEO to personally acknowledge the request, just ensure that a mechanism is established for their acknowledgement.

Clause 20 provides that for the purpose of responding to a request for information the CEO or other appropriate employee can discuss the request with the member for the purpose of clarifying the scope or subject of the request and enabling the request to be considered amended as a result of those discussions.

Clause 21 deals with the provision of a response to a request by providing:

- The request must be dealt with as soon as practicable.
- If a request relates to a matter on the agenda of an upcoming council or committee meeting, best endeavours are made to provide the response before that meeting.
- Requests are dealt with within 10 working days by either providing a final response or providing notice of when the final response will be given.
- Final responses should be in writing and include any advice or information relating to the request.
- If the final response is to refuse or partially refuse the request, the reasons for the refusal are given to the council member.

Clause 22 provides that a response to a request for information should generally be provided to all council members and relevant committee members, ensuring all members receive the same information. However, there are proposed exceptions to this where:

- The request is for advice on correspondence received by an individual council member. In these cases, the advice should only be given to the member or members who received the correspondence.
- The request relates to matters that only the Mayor or President can request; in which case those replies should only be given to the Mayor or President.
- The council member and the CEO agree that the matter should be treated confidentially because it is appropriate in the particular circumstances.

Clause 23 provides that the member may discuss the response to their request with the CEO or an appropriate nominated employee in order to clarify or address queries with the response.

Clause 24 provides that the CEO may arrange for a briefing, meeting or other discussion for members on the particular information requested. Members may be provided with information through these avenues, including members being able to seek further information following a briefing, meeting or other discussion.

Responding to administrative requests (Division 5 of the draft order)

Clause 25 to 28 deal with responding to administrative requests.

Clause 25 provides that administrative requests encompass an administrative request for information or a request for administrative assistance.

Clause 26 provides that a member may request administrative assistance regarding an administrative matter.

Clause 27 provides that these requests are:

- To be made to the CEO or the appropriate nominated employee.
- These requests may be made verbally, but the CEO or employee can refuse to deal with the request unless it is in writing.
- If a request is made in writing it must be made via email or other electronic means approved by the CEO (such as a portal).

Clause 28 deals with the provision of a response to an administrative request by providing:

- The request must be dealt with as soon as practicable.
- Requests are dealt with within 10 working days by either providing a final response or providing notice of when the final response will be given.
- Final responses to an administrative request may be verbally or in writing.

Commissioners (Division 6 of the draft order)

Clauses 29 and 30 deal with this agreement in relation to a commissioner appointed to administer a local government.

Clause 29 provides that the agreement applies to a commissioner as if the commissioner were the council and the Mayor or President.

Clause 30 provides that the commissioner:

- may request information from any local government employee for provision to the commissioner as soon as practicable
- where there is a dispute, it is to be resolved by the commissioner or the chair commissioner (if there is more than one commissioner).

This reflects that the circumstances that require the appointment of commissioners are unique, and as a result a commissioner should typically not be constrained by a communications agreement when undertaking the process required to restore good government to a local government district.
