

Hi, I need some care.

Well, let's get you the help you need. Tell us, what's going on?

Help! It's a life-threatening emergency.

I'm experiencing irregular chest pain with crushing pressure, extreme head pain, broken bones, sudden blindness, etc. It's not an emergency, but it's urgent.

I'm not feeling too hot - I have a UTI, rash, sore throat, etc.

I need regular routine or preventive care. Or have another concern, but it's not urgent.

I'm looking for an annual visit, check up, well-woman exam, or general primary care. I feel like I need to see a specific type of doctor.

I'm in need of a dermatologist, OBGYN, psychiatrist, etc.

Got it. Do you know what kind of specialist you need?

Yes. I just need

to find one in

Oscar's network.

Stop what you're doing and go directly to the nearest emergency room or call 911.

We can support you knowing that Oscar covers care for life-threatening emergencies, even if the hospital is out-of-network.

Find the nearest ER in the Oscar app or at hioscar.com/search

You'll love Oscar's **Virtual Urgent Care.** Try it, and talk with a doctor in as little as 15 min.

It's \$0 and available 24/7 anywhere in the US. Yes, even at 2 am.

I feel like I need to see someone in person.

No problem. **Find an in-network urgent care** near you in the Oscar app or at <u>hioscar.com/search</u>

Here's a great fact:
Almost 75% of all doctor,
urgent care and ER visits
can be handled safely
and effectively over
phone or video!*

To be honest,
I'm not really
sure. Eeek.

Let's make this simple.
A primary care provider can help direct you to the right place.

All you need to do is book a visit with an in-network doctor, and you're set.

Find a doctor or check to see if your doctor's in Oscar's network in the Oscar app or at hioscar.com/search.

You can search by specialty or condition.
