EXPO CITY DUBAI
Event Spaces

24.01.2023

TABLE OF CONTENTS

INTRODUCTION

Expo City Dubai offers a wide range of exciting venues for hosting concerts, theatrical performances, panel discussions, government ceremonies, meetings, celebrations and much more.

This brochure provides detailed technical offerings of each indoor and outdoor location.

Alternative performances areas that do not require the infrastructure of a traditional stage., such as pathways for roving entertainment, park areas for community performances and other open spaces for small-scale events, are also available.

Please contact events@expocitydubai.ae for all inquiries and bookings.

- Garden in the Sky

Outdoor Venues

AL WASL PLAZA

VENUE OVERVIEW

Al Wasl Plaza is the beating heart of Expo City Dubai and a central hub connecting the its three Thematic Districts and its concourses.

Designed as a shaded microclimate, Al Wasl's 150-metre-diameter plaza is enclosed by a dome that represents a 3D visualisation of the Expo 2020 Dubai logo and is the largest 360-degree projection surface in the world.

Al Wasl is capable of hosting 2601 people and is an ideal venue for spectacular multi-sensory shows and performances.

The dome is the largest 360-degree projection system in the world.

VENUE SPECS

| **Width**	**Height**	**Stage Performance Area**	**Type**	**Location**	**Venue Capacity**
130m	67.5m	16m diameter	Circular stage	Outdoor	2601

FACTS & FIGURES

- 252 projectors are housed in 42 pods that project on to 585 fabric screens on the trellis

- The projection resolution is 27K

- 2.5 billion pixels are rendered every second in the augmented reality sequences that enhance the show for the broadcast audience

- The audio system features 27 immersive audio arrays with a distributed sub bass system, 789 loudspeakers, and fully integrated audio playback system

- The lighting system includes approximately 2,000 lighting fixtures including trellis pixels and 30,000 RGB garden pixels

- The powerful stage lift has a weight loading of a massive 10 tonnes

- The dome weighs a total of 2,544 tonnes

SURREAL

VENUE OVERVIEW

Expo City Dubai's staggering water feature, Surreal, blends mesmerising sights and sounds in a synchronised spectacle of music, water and fire. Larger-than-life immersive walls are swept over by gushing water which then appears to flow upwards in a gravity-defying feat of engineering. Central spirals produce roaring hydrogen flames bright, unexpected colours. Every element, right down to splashes of water at certain moments, is meticulously designed and choreographed in a spectacular collaboration between LA-based WET Design (designers of the Burj Khalifa fountain), and Ramin Djawadi (award-winning composer of the Game of Thrones score).
