

SCRATCHRESIST® HP

FEATURED ON ALL PLATINUM LEVEL PRODUCTS

- Patented UV-cured urethane wearlayer with a high concentration of aluminum oxide
- Exceptional scratch and stain resistance to everyday household traffic
- Highest performing residential urethane finish in flooring

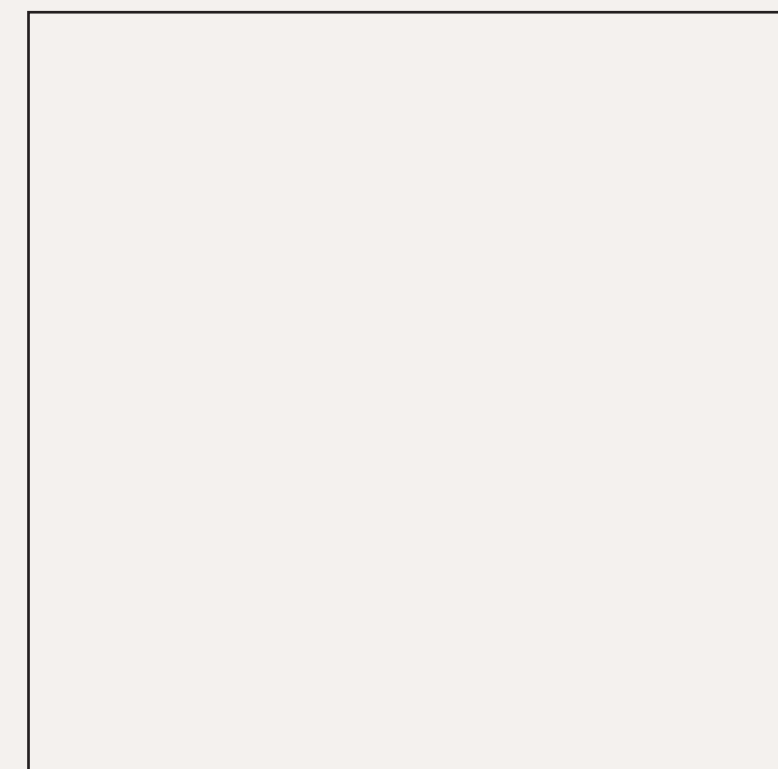

Exceptional Durability

Our revolutionary coating ScratchResist® HP resists wear like no other...take the Coin Challenge to see how durable this wearlayer is:

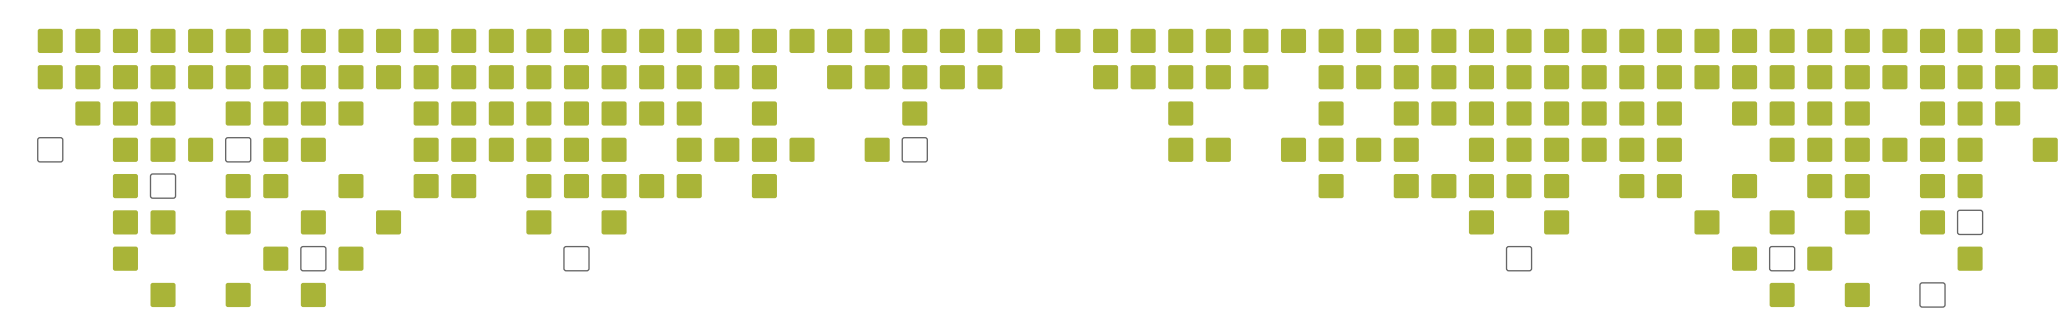

PROVE IT TO YOURSELF

- Use a quarter - notice the ridges on its edge.
- Pressing down, move it back and forth about 20 times over the surface of Mannington LVS.
- Lift the quarter and notice that the ridges are somewhat smoothed down.
- Examine the area you just attempted to scratch – it still looks brand new!

ALL MANNINGTON LVS PRODUCTS FEATURE

NATUREFORM® 4C

THE NEXT EVOLUTION IN REALISM
