INTRODUCING OMIKRON

Introducing the Omikron truck wash and detailing range – new to New Zealand and exclusive to TWL.

Designed for busy fleets and proud owner drivers, Omikron delivers twice the shine in half the time.

The range includes everything from wash-and-wax combos to interior, wheel, and strong degreasers – all easy to use and tough on grime, not your gear.

OMIKRON DISCOVERY DAY

TWL teams gathered across the country to get hands-on with the new Omikron truck wash range at several training events we held in July.

The sessions gave our teams a chance to see Omikron in action, after all the oo's and ah's it was time to get dirty, or clean...

One key takeaway? There's an Omikron product for every job - whether it's a quick exterior clean, deep interior detail, or engine bay/workshop degrease. Now our team's ready to help you, choose the right solution for the task at hand.

"I have to use two words.

Really impressive. Especially the RG Degreaser, it was a really good result, just spray it on, hose it off and it's clean. Yeah, I'm impressed with that."

- Charl

Transfleet Procurement manager

"I'll tell all my truckies to use these products, I'll even tell my manager to buy all these products!"

- Ajay

Tom Ryan

"What a great experience to get the sales teams together, in three locations around the country, to gain hands on experience with our new vehicle detailing products from our friends at Omikron. I knew the stuff was going to be good, but it surpassed my expectations and created some jaw dropping moments with how well it did its job. Our people were truly impressed and will now go and tell everyone, hand on heart, that this is some of the best product you will ever use."
