

MERCHANDISING THAT MAKES THINGS HAPPEN!

What is MOTIVATION®?

Motivation is defined as the process that initiates, guides, and maintains goal-oriented behaviors. In business, there is no greater motivation than sales. They are the heart of the organization. The more business a company does, the better it is for everyone. Sometimes finding new ways to motivate and sell can be a challenge. However, at other times, motivation can come simply from finding the right tools and supplies to allow your products to shine for themselves.

Illuminating the path to customer enlightenment. Product knowledge equals product sales!

Getting Started

Visit the Motivation webpage https://snap2satco.com/motivation.php to start building your wall or tower merchandiser!

Select Retail Space

Determine if you would like to utilize wall space or floor space. Consider multiples of 18" height and width.

* Scan the QR Code to visit the Motivation web tool!

Select A Fixture Category

Pre-selected fixture merchandising programs* are available. For custom options contact your SATCO® sales representative, or visit the Motivation website.

Arrange Your Products

Use the product panel placement tool on the Motivation website to customize your layout.

Pricing & Numbering

Once your layout is complete, use the pricing tool to create your panel numbering system and pricing guide. Easily print and place your pricing guide into your product selection guide frame.

An Easy System That Helps!

Use the provided printed number and letter stickers to indicate what is on each panel. Make sure the stickers match what you have printed on the graphic template.

- a. The number stickers are for numbering the panels.
- b. The letter stickers are for indicating the actual fixtures on the panels.

The numbering system and red frame are included with solid panels. Easily print your product selection guide and slip into the red frame.

Wall Panel

Slatwall panels come in a variety of options to fit your needs. Choose from a single-fixture panel, double-fixture, four-fixture panel or a solid panel if you need the space. System consists of 18'' square metal panels and wedge-shaped panels for recessed fixtures ($9''H \times 18''L \times 1.5''D$), both with attached slatwall brackets.

4" Wedge Panel [S1494] or 5" Wedge Panel [S1495]

Wedge panels come complete with the corresponding cans to fit downlight retrofits.

* The cans can be easily attached or removed.

Included Accessories

Protective Back Plate

The included metal plate, protects the wires by securing it to the wall panel.

Wiring Harness

A wiring harness is supplied to provide power to the fixtures and to feed power to adjacent panels.

Switch

Convenient On/Off Switch included with each panel and wiring.

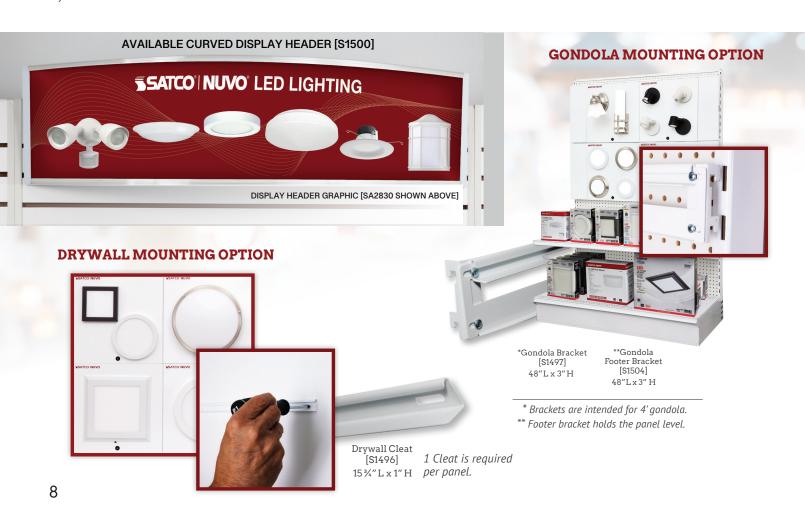

Powering the System

Locate the electrical outlet and run the power cord out through one of the 4 holes on the sides of the panels

Display Options & Accessories

Satco offers a complete line of display features that cover a vast array of needs. These products will help a customer touch, feel, and learn about the product and ultimately move towards a purchase. Satco's accessories will help optimize your retail space and improve the sales presentation to your customer.

Tower Merchandiser

A solution to your portable needs—the tower merchandiser has a small footprint which makes it great for open floor space and allows for customers to browse.

Tower Display with White Frame

A white acrylic frame is included for each side of the tower display to indicate the product locations.

White Frame [S1506]

Heavy-duty triangular metal frame displays 12 wall panels.

*Header, Base & Shelf Bracket [S1499A] *3 Uprights [S1499B]

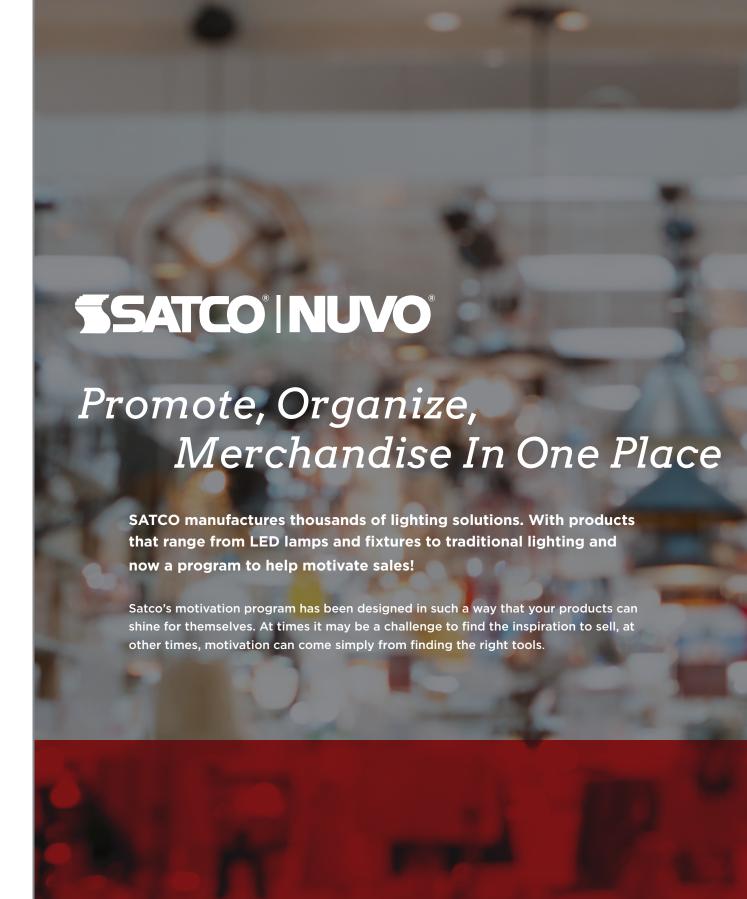

*A & B must be ordered together to build a tower.
