ABOUT **BLOCKCHAIN CENTRAL**

In an era where digital threats evolve faster than the systems built to stop them, reactive defense is no longer an option...

GBBC USA's Blockchain Central "Compliance. Risk. Security." bridges the gap between vulnerability and resilience, where conversations turn systemic risk into a strategic advantage.

Discussions will examine implementation, increased cybersecurity, and innovations in compliance, including deep-dives into RegTech/SupTech, GENIUS Act considerations, AML/KYC, standards, DeFi, supply chains, quantum, and more.

WHO IS ATTENDING?

An invitation-only, curated forum for ~200 leaders and builders across the public and private sectors. Participants include experts in blockchain infrastructure, digital assets, compliance, security, and risk management, alongside key regulators, policymakers, think tank professionals, and academic researchers.

THE KEY FOCUS TOPICS*

> **COMPLIANCE**
