# ABOUT **BLOCKCHAIN CENTRAL**

In an era where digital threats evolve faster than the systems built to stop them, reactive defense is no longer an option.

**GBBC USA's Blockchain Central "Compliance. Risk. Security."** bridges the gap between vulnerability and resilience, equipping you to turn systemic risk into a strategic advantage.

Discussions will examine implementation, increased cybersecurity, and innovations in compliance, including deep-dives into RegTech/SupTech, GENIUS Act considerations, AML/KYC, standards, supply chains, quantum, and more.

# RELIVING GBBC USA'S **2025 BLOCKCHAIN CENTRAL DC**

With many eyes on the U.S. in 2025, a pivotal year in regulation and innovation, GBBC USA hosted the inaugural Blockchain Central DC with **270+ in-person participants** and **63 speakers**, including **12 government representatives**.

Conversations touched on the convergence of tech, policy, and business, with specially curated sessions and closed-door roundtables.
