Saving mothers and children

Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation. We expand access to quality care, so mothers and their children can live and grow stronger.

Supporting education

More than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

Growing local economies

We carry out service projects that enhance economic and community development and create opportunities for decent and productive work for young and old. We also strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

Protecting the environment

Rotary members are tackling environmental issues the way they always do: coming up with projects, using their connections to change policy and planning for the future.

Ending polio forever

Rotary has been working to eradicate polio for over 35 years, and our goal of ridding the earth of this disease is in sight. We started in 1979 with vaccinations for 6 million children in the Philippines. Today, Afghanistan and Pakistan are the only countries where polio remains endemic.

Help us in the final push.

ROTARY INTERNATIONAL PRESIDENTIAL MESSAGE

STEPHANIE A. URCHICK
President, Rotary Year 2024-2025
Rotary International

DECEMBER 2024

To adapt, as laid out in Rotary's Action Plan, we must occasionally step out of our comfort zone and try something new. Here are two examples of clubs that adapted — one with heart and one through critical thinking and strategy.

The Rotary Club of Chandigarh Mid Town, India, led with heart earlier this year. To engage members and grow membership, Club President Nitin Kapur personally called every former member of the club and invited them to a gathering billed as an alumni meetup.

Eight former members attended, and the results were stupendous. The visitors had a chance to connect once more — not only with current members but with the sense of camaraderie and belonging that membership gave them. By the end of the evening, the club welcomed six of the former members back into the Rotary family.

Club President Kapur showed courage when he reached out to the alumni. Not only did he adapt and try something new but he had the strength of character to show the club's alumni how much they still meant to the family of Rotary. That bravery paid off.

People want to feel needed and appreciated. People want to feel that they belong. And they might never feel that way if we don't have the courage to tell them.

Meanwhile, the Rotary Club of Seoul-Hansoo, Korea, has been experimenting with different club models to great effect. Over the past four years, Seoul-Hansoo has created and maintained four satellite clubs — a service club, an interest-based club for musicians, a cause-based club that mentors professionals, and a club for college students.

These satellite clubs are part of a five-year plan the Seoul-Hansoo club implemented to increase membership through innovation.

What's the secret to founding and maintaining so many satellite clubs? Membership between Seoul-Hansoo and its satellite clubs is fluid and synergistic. Many members of the satellite clubs attend the sponsor club's meetings. And many of the sponsor club's members participate in the satellite clubs.

Additionally, the focus of each satellite club is no accident. Each one appeals to different interests of people in the sponsor club and in the community, attracting existing and potential members. This is an excellent strategy to both retain and attract members because it offers flexibility. If someone is interested in joining but they can't make it to the sponsor club's meetings, they have plenty of options to choose from.

These are just two examples of how we can adapt with our hearts and minds. Every club is different, so I encourage you to reach out to members of your club and of the community around you. Ask them about the club experience and what you can do to improve.

Talk to enough people and you might find ways that you can adapt and spark *The Magic of Rotary* in your club.

ROTARY CLUB OF ZAMBOANGA CITY WEST PRESIDENTIAL MESSAGE

REYNALD "Rey" ARIÑO, MPH
President, Rotary Year 2024-2025
Rotary Club of Zamboanga City West

DECEMBER 2024

As we observe **Disease Prevention and Treatment Month**, this is an opportune moment to reflect on the immense contributions of the **Rotary Foundation** to global health and well-being. For decades, Rotary has been at the forefront of global health initiatives, striving to eradicate preventable diseases that continue to affect millions of lives worldwide. Through efforts such as the **PolioPlus program**, Rotary has played a pivotal role in bringing us closer to eradicating polio. The Foundation's work also extends to combatting other diseases like malaria, which continue to be devastating in many regions. In partnership with governments, international organizations, and communities, Rotary has helped save countless lives by addressing the root causes of disease and improving access to healthcare. The collective support of all Rotary members, donors, and partners is key to continuing this crucial work. As we celebrate Disease Prevention and Treatment Month, let us reaffirm our commitment to these noble goals and recognize the tangible difference we can make in building a healthier world.

In addition to our global focus on health, I encourage each member of **RCZC-West** to take an active role in the various **club-sponsored activities** planned during this month. These events offer a meaningful way for us to reinforce the spirit of fellowship that defines our club, while also providing hands-on opportunities to serve our local community. Whether through raising awareness, organizing health drives, or participating in local outreach initiatives, these activities allow us to contribute to the health and well-being of those right in our own neighborhoods. This is our chance to exemplify Rotary's guiding principle of "**service above self**"—working together not just for global impact, but for the betterment of those closest to us.

Your involvement is essential for the success of these initiatives. Each of us has a role to play in this larger mission, whether by donating time, resources, or expertise. By fully engaging in these efforts, we can create a ripple effect of positive change that extends far beyond our immediate circle. As a united force, we are well-equipped to address the health challenges of today and lay the foundation for a healthier future.

Together, we can build a **stronger, more resilient community**, one that is aligned with Rotary's mission of **advancing peace, improving lives, and promoting a better world for all**. Thank you for your unwavering dedication to the values and principles of Rotary. Let us continue to make a meaningful and lasting impact—both locally and globally—through our combined efforts.

Mindanao Week of Peace

Rotary Club of Zamboanga City West, ZABIDA, and Claret School Celebrate Mindanao Week of Peace 2024 with Center-Based Peacetival of Learning

Last December 1, 2024, the Rotary Club of Zamboanga City West, represented by President Rey Ariño, together with Past Presidents (PP) Ed Cruz, Ann PP Rufina Cruz, and Rotarian Ryan Quilaton, hosted a Youth Leadership Empowerment session at Claret School of Zamboanga City's Auditorium. This event, in partnership with the Zamboanga-Basilan Integrated Development Alliance, Inc. (ZABIDA) and Claret School of Zamboanga, was part of the celebration of the Mindanao Week of Peace, specifically under the theme of the *Center-Based Peacetival of Learning*.

This two-day event, which ran from November 30 to December 1, 2024, gathered students and young leaders from Claret Schools in Quezon City, Zamboanga City, Basilan, Tumahubong and Maluso, as well as selected public schools from Zamboanga City, Pilar College, and Ateneo de Zamboanga University. The event aimed to empower the youth through various activities focused on peace, security, and leadership.

The second day of the event focused on *Peace Security*, where President Rey Ariño facilitated an interactive training session aimed at empowering the young leaders to be vigilant and cooperative in the fight against lawlessness. The session emphasized the importance of public safety and security, teaching participants critical skills in identifying potential security threats, knowing what actions to take, and understanding who to contact in case of emergencies. Participants were trained on *What to look for*, *What to do*, *What not to do*, and *Who to call*, reinforcing the message that ensuring public safety and security is a shared responsibility for all.

This collaborative effort between the Rotary Club of Zamboanga City West, ZABIDA, and Claret School of Zamboanga, together with the enthusiastic participation of the youth, marks another significant milestone in the celebration of Mindanao Week of Peace, helping to build a more peaceful and secure future for the region.

Rotary Connects....

Strengthening Bonds and Building Fellowship: A Rotary Gathering in the True Spirit of Service

On November 23, 2024, the Rotary Club of Zamboanga City West (RCZC-West), led by President Rey Ariño, hosted a memorable **Rotary-style fellowship** with its Mother Club, led by President Jay Santuyo and Past District Governor (PDG) Edwin Toh. The event, held at Alfresco and Kamayan Place, provided a meaningful opportunity for both clubs to strengthen their bonds and deepen their collaboration, all while focusing on enhancing their shared commitment to community service.

The fellowship was further honored by the presence of District Governor Nominee Designate (DGND) Patrick Lee, whose participation highlighted the importance of unity among Rotary clubs across the region. The event became an invaluable platform for exchanging ideas, strategies, and visions, reinforcing the collective commitment to Rotary's mission of "Service Above Self."

One of the key highlights of the gathering was the discussion of the upcoming **RCZC-West Intra-club Sports Fest**, led by Past President (PP) Raul Quijano. The event's mechanics were unveiled, focusing on fostering camaraderie and teamwork among members. This sports fest, which will also involve the Anns (spouses) of members, aims to strengthen relationships through friendly competition and enjoyable activities, building a deeper sense of fellowship within the club. This gathering was a shining example of the power of collaboration within Rotary. As RCZC-West continues to grow, its unwavering commitment to service and building lasting partnerships for the betterment of the Zamboanga community remains at the forefront. Through this fellowship and the upcoming sports fest, RCZC-West is paving the way for a brighter future, driven by a shared purpose, unity, and the spirit of Rotary.

COPA OESTE SPORTS

Copa Oeste: The Ultimate Sports Showdown – A Success for Rotary Club of Zamboanga City West

On November 30, 2024, the Rotary Club of Zamboanga City West, under the leadership of President Rey Arino, hosted the much-anticipated "Copa Oeste" at the Tebi and Sean Recreational Center. The event saw enthusiastic participation from Rotarians and Anns, coming together to compete in a friendly yet intense sports showdown.

Past President Raul Quijano, the chairman of the event, skillfully organized the competition, dividing participants into two teams: the Yellow Team and the Blue Team. The Yellow Team was led by District Governor Nominee Designate (DGND) Patrick Lee, while the Blue Team was captained by Past President (PP) Gil Lim. The event featured five exciting sports:

- 1. Darts**
- 2. Bowling**
- 3. Basketball**
- 4. Billiards**
- 5. Golf**

Each sport had a designated Team Coordinator (TC) to ensure smooth proceedings. Rtn. Ramon Azuelo and Rtn. Andre Lim served as the TCs for Darts, PP Erwin Bernardo coordinated the Bowling game, Rtn. Seanar Sy and Rtn. EJ Galea led Basketball, PP Muin Amba and Rtn. Json Makasiar managed Billiards, and for Golf, DGND Patrick Lee and PP Gil Lim took charge. Their efforts ensured that each game was well-managed, with both teams showing excellent spirit and teamwork.

The competition was fierce but friendly. The Yellow Team claimed victory in Darts and Billiards, while the Blue Team triumphed in Bowling and Basketball. The final outcome would hinge on the Golf game, which was set to be the deciding factor for the overall championship. With all eyes on the golf players, the excitement was palpable, though the schedule for the game was yet to be determined.

Throughout the event, both teams cheered each other on, creating a vibrant and motivating atmosphere. The sportsmanship displayed by the Rotarians and Anns made for a truly memorable experience. The event culminated in a joyous fellowship night, where members gathered to celebrate their shared success. With food, singing, and heartfelt reminiscences of the day's games, the Rotary Club of Zamboanga City West proved once again that their bond extends beyond community service to creating treasured moments together. It was another successful and unforgettable day for RCZC-West, demonstrating the power of sports and fellowship in bringing the Rotary family closer.

HOW TO HELP

5 REASONS WHY WE MUST ERADICATE POLIO

1 YOUR GIFT WILL IMPROVE LIVES.

Today, 20 million people who would otherwise be paralyzed by polio are walking, and 1.5 million people who would otherwise have died are alive.

2 YOUR GIFT WILL INVEST IN THE FUTURE.

If all eradication efforts stopped today, within 10 years, polio could paralyze as many as 200,000 children each year. A polio-free world will be a healthier world for children everywhere.

3 YOUR GIFT WILL IMPROVE CHILD HEALTH.

Polio surveillance networks and vaccination campaigns also monitor children for other health problems, like vitamin deficiency and measles, so we can address them sooner.

4 YOUR GIFT WILL LOWER HEALTH CARE COSTS.

The global effort to eradicate polio has already saved more than \$27 billion in health care costs since 1988, and expects to save \$14 billion more by 2050.

5 YOUR GIFT WILL MAKE HISTORY.

Polio eradication will be one of history's greatest public health achievements, with polio following smallpox to become only the second human disease eradicated from the world.

At the end of the 1980s, more than 350,000 children were paralyzed by polio every year. Today, Rotary and its partners have reduced the incidence of polio by 99.9%. However, until we see the last of the poliovirus, eradication efforts need additional funding to:

IMMUNIZE

more than 400 million children against polio every year

IMPROVE

disease surveillance systems to detect any poliovirus in a person or the environment

HIRE

more than 150,000 health workers to go door to door to find every child
