# ROTARY INTERNATIONAL PRESIDENTIAL MESSAGE

**STEPHANIE A. URCHICK**  
President, Rotary Year 2024-2025  
Rotary International

**May 2025**

No matter how long we've been with Rotary, we all benefit from the energy and fresh perspectives of our young leaders. It is my privilege to place this month's presidential message in the capable hands of one young leader, Vitor Joventino. In his column, Vitor reminds us how teamwork and inclusivity can spark transformative change. As you read his message, I encourage you to reflect on its insights, share in his excitement, and embrace new opportunities to learn. — Stephanie Urchick

I remember the exact moment when I realized the power of Rotary's youth programs. It was a Saturday morning in Australia during my year as a Rotary Youth Exchange student. I stood among a group of young leaders at a Rotary Youth Leadership Awards event.

The organizers challenged us to stand on a large tarp spread across the floor and, without stepping off, find a way to fold it in half.

At first, the task seemed simple. But as we moved, strategized, and adjusted, the reality set in — it required teamwork, agility, and constant communication.

Rotaractors and Rotarians guided us, but no one dictated how to succeed. The decisions were ours to make. And then something remarkable happened. Without being instructed, we collectively decided that no one would be left behind as our space on the tarp shrank.

One of our teammates was a person who uses a wheelchair, giving us an opportunity to adapt, ensuring that he was fully part of the experience. We shifted, lifted the tarp, and reconfigured our positions, using our time to think, plan, and act as a team. In the end, we successfully completed the challenge together.

As we celebrated our success, one participant said, "Society works the same way — challenges will come, but instead of leaving people behind, we must find ways to include everyone." It was such a profound thought for someone so young, yet it perfectly captured the essence of our experience.

Interact empowers young people to create service projects with real and lasting impact. Youth Exchange builds global citizens who return home with broader perspectives and stronger leadership skills. RYLA develops young leaders equipped to inspire and mobilize others. All of this is *The Magic of Rotary*, emerging through the actions of youth. These programs are the heart of Rotary's ability to grow and adapt in a changing world.

But the success of these programs depends on more than young leaders — it requires Rotary members who believe in their potential. I encourage you to sponsor an Interact club, host an exchange student, and support a RYLA participant. Your involvement does more than sustain these programs; it multiplies their impact and ensures that young leaders are not just beneficiaries of Rotary but active contributors.

To those already supporting youth programs, thank you. Your mentorship and commitment make all the difference. And to those considering getting involved, now is the time! Because youth leadership isn't just Rotary's future, it's Rotary's present.

# ROTARY CLUB OF ZAMBOANGA CITY WEST PRESIDENTIAL MESSAGE

**REYNALD "Rey" ARIÑO, MPHF**  
President, Rotary Year 2024-2025  
Rotary Club of Zamboanga City West

**May—June 2025**

**Rotary Club of Zamboanga City West "Unite for Good" – Inspiring Youth, Building Fellowship, Creating Hope**

As we bring Rotary Year 2024–2025 to a close and look ahead to the promise of RY 2025–2026, we find ourselves at a powerful turning point—one that invites us to reflect on our journey, renew our fellowship, and reaffirm our collective commitment to service.

This past **May**, we commemorated **Youth Service Month**, a time dedicated to recognizing and empowering the young leaders who carry the torch of Rotary's mission. In harmony with the call of **Rotary International President Gordon R. McNally** to "**Create Hope in the World**," we stand firm in our belief that hope begins with the youth. Through our support of the **Interact and Rotaract Clubs of Zamboanga City West**, and through nurturing service-driven leadership, we continue to invest in the changemakers of both today and tomorrow.

Now, as we welcome **June—Rotary Fellowship Month**, our hearts turn to the enduring strength of friendship, unity, and shared purpose. Fellowship is more than a Rotary tradition—it is the thread that binds us, strengthens our clubs, and fuels our passion to serve.

As we come together for our **first meeting of Rotary Year 2025–2026**, we also joyfully celebrate a remarkable milestone—our **54th Charter Anniversary**. This occasion is made more meaningful as we honor the **past presidents of RCZC West**, whose commitment, leadership, and legacy have built the foundation we stand on today. Because of their service, our club continues to thrive and inspire.

With this spirit, we extend a heartfelt call to all members of the **Rotary Club of Zamboanga City West**, the **RCZC West Anns**, the **Rotaract Club of ZC West**, and the **Interact Club of ZC West**: Let us **Unite for Good**.

Let us align our hearts with compassion, our hands with purpose, and our minds with vision. Let us recommit to the enduring Rotary Vision: *"Together, we see a world where people unite and take action to create lasting change — across the globe, in our communities, and in ourselves."*

To our youth: You are not only the leaders of tomorrow—you are leading today, with strength, vision, and heart. To our Rotarians and Anns: Your wisdom, fellowship, and dedication light the path forward. To our entire RCZC West family: Let us make this new Rotary Year a beacon of unity, purpose, and lasting impact. Together, let us **Unite for Good**—and keep the Rotary flame burning brightly in Zamboanga City and beyond.

### **Saving mothers and children**

Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation. We expand access to quality care, so mothers and their children can live and grow stronger.

### **Supporting education**

More than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

### **Growing local economies**

We carry out service projects that enhance economic and community development and create opportunities for decent and productive work for young and old. We also strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

### **Protecting the environment**

Rotary members are tackling environmental issues the way they always do: coming up with projects, using their connections to change policy and planning for the future.

### **Ending polio forever**

Rotary has been working to eradicate polio for over 35 years, and our goal of ridding the earth of this disease is in sight. We started in 1979 with vaccinations for 6 million children in the Philippines. Today, Afghanistan and Pakistan are the only countries where polio remains endemic.

**Help us in the final push.**

# Agua Es Vida for RCZC West

## Rotary Club of Zamboanga City West Conducts Needs Assessment for “Agua Es Vida” Water Project

The Rotary Club of Zamboanga City West has been actively conducting a series of needs assessments across various elementary schools in the region as part of its “Agua Es Vida” water access project. The initiative aims to identify and address the urgent water needs of schools and surrounding communities, especially in remote and Indigenous areas.

### April 27, 2025:

Assessments were carried out at Datu Panguluhan Elementary School, Monte Central Indigenous People Elementary School, and Campo Uno Indigenous People Elementary School. The team braved challenging terrain and endured a “scary motorcycle ride” to reach the sites, demonstrating their commitment to improving access to safe and reliable water sources.

### April 16, 2025:

Needs assessments were conducted by local authorities and project volunteers at Camp Pilar Elementary School, Bagacay Elementary School, Sapa Dulian Elementary School, Muti Elementary School, and Buenavista Integrated Elementary School. Despite the lighthearted note about “foolish policemen,” the effort underscored a serious commitment to bringing clean water to underserved areas.

### April 9, 2025:

The team assessed Cansilayan Elementary School, Dita Elementary School, Lubigan Elementary School, and Panubigan Elementary School, focusing particularly on identifying sustainable water sources.

### Update 2 – April 1, 2025:

Rotarians visited the ongoing deepwell development at Marangan Elementary School. The project features a solar-powered water system designed to provide communal access to clean water for both the school and surrounding residents. Hydrotesting is scheduled next.

This flagship initiative is a collaboration between Rotary Club of Calgary, Canada D5360, Southern City Colleges, Sanson Benito Farm OPC, Rtn. Afdal Kunting, and PP Ding Camba.

## RCZC West supports the Anns Club of ZC West

May 24, 2025 | Rotarians—Rotary Anns

The Anns of the Rotary Club of Zamboanga City West held their regular meeting at Taza Coffee Shop in Canelar, where they welcomed a special guest — Club President Rey Ariño.

During the gathering, President Ariño was given the opportunity to address the Anns and present the club's comprehensive 3-Year Action Plan. With their support, the club hopes to enhance its reach and sustainability in creating lasting positive change in the community.

## Silently, Rotarian in Action: A Good Deed by PP Mike Muin

Among the quiet roads he so often drives, Past President Mike Muin—affectionately known as PP Amba—once again proved that true service needs no stage. A Rotarian at heart and in action, he came across a man by the roadside, walking with great difficulty. The man had only one leg; the other had been amputated below the knee. There was no crowd, no fanfare—just a moment of human need met by a heart ready to serve.

Without hesitation, PP Amba pulled over. He didn't pass by, nor did he turn a blind eye. He chose, instead, to engage. He chatted with the man, listened with compassion, and saw not just the struggle, but the strength. Then quietly, he took it upon himself to purchase a pair of crutches and returned to gift them to the man.

It was a simple act, yet profoundly powerful. No cameras, no speeches. Just one Rotarian, one man, and one moment of unexpected kindness.

PP Amba showed that being a Rotarian isn't about the title—it's about action. It's about showing up, even when no one's watching. In that single gesture, he became a blessing to someone who needed it most, and in doing so, reminded us all of the quiet power of good deeds.

Indeed, PP Amba, you rock this man's heart—and all of ours.

## April 12, 2025 | RCZC West Strategic Planning Session

The club successfully conducted its Strategic Planning Session on Saturday, April 12, 2025, at 3:00 PM in the Jade Room of Astoria Hotel. The session was attended by 23 club members, including the President-Elect, President-Nominee, current officers, past and present club leaders, and Rotaractors.

Modeled after a regular club meeting, the session was formally called to order, setting a structured and purposeful tone for the afternoon. Serving as the guest facilitator, Dr. Christine V. Yambao, Ph.D., opened the session by presenting the results of the Club Member Satisfaction Survey. The discussion emphasized how the member experience influences engagement and retention, and highlighted the importance of gathering feedback to ensure all members find value in their Rotary journey.

An engaging and interactive dialogue followed, allowing members to express their insights and suggest actionable steps to improve the overall club experience. Dr. Yambao led a series of activities aimed at identifying the club's strengths and weaknesses, as well as guiding the group through the first two phases of the Rotary Strategic Planning Process:

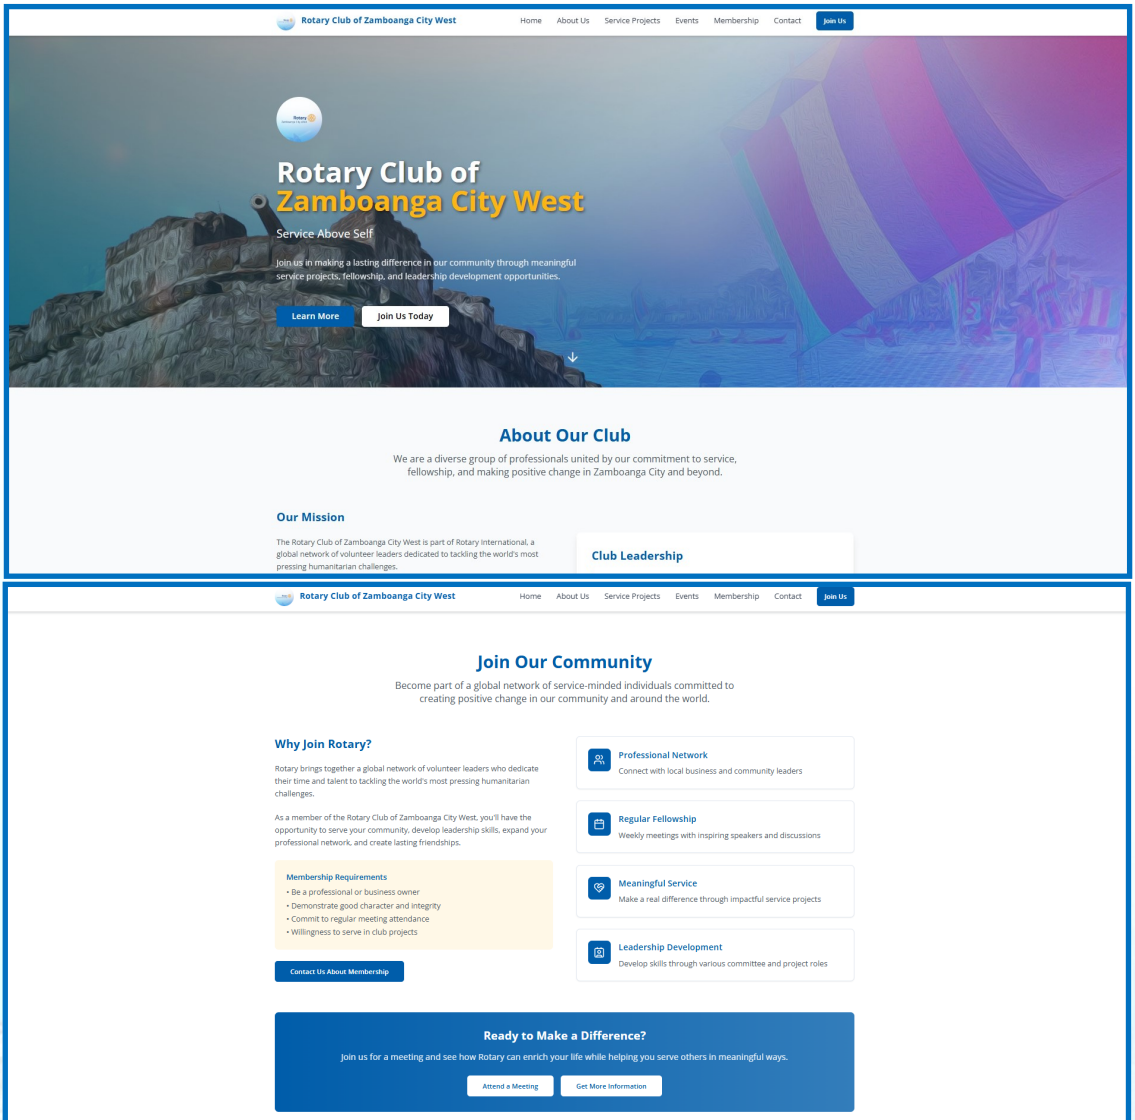

- Phase 1: How is your club doing?
- Phase 2: What do you want your club to be like?

Through these activities, members shared diverse perspectives and worked collaboratively to define a collective vision for the club's future. The session successfully fostered inclusivity, encouraged reflection, and empowered members to take part in shaping the direction of the club.

As a result of the data and insights gathered, the club will now begin formulating a Three-Year Action Plan, anchored on a vision statement that aligns with Rotary International's Strategic Plan.

The planning session concluded around 7:00 PM, marked by a sense of accomplishment and unity. Members then enjoyed a time of fellowship, strengthening bonds that are essential to the club's continued success.

Rotaract and Interact Clubs of District 3850 gathered over 150 delegates from across Panay, Negros, and Mindanao for DisCon 2025, held May 3–4 at Astoria Regency, Zamboanga City. **"Together, we empower communities through collaboration and service—uniting people for positive change, guided by integrity, leadership, and a shared commitment to inspire transformation within ourselves and beyond."**

# TAKING ACTION FOR CHANGE

We are at a defining moment in Rotary's history. We're implementing our Action Plan, a strategic road map that will help us better connect with each other, grow as an organization, and more effectively share our stories of how we are making a difference in communities.

At every level of Rotary, we have embraced opportunities to work together to achieve our goals. Over the coming four issues, you'll hear from Rotary members around the world who will offer their inspiration, encouragement, and guidance as we carry out the four priorities of the Action Plan.

## IMPACT

**We want to put our resources behind programs that will have the greatest impact and that align with our areas of focus.**

We're creating tools and guidelines for tracking and sharing our efforts. We're also developing an evaluation process that will help us make objective recommendations about what is working and what we should continue, start, or stop doing.

## REACH

**We're committed to exemplifying and embracing diversity, equity, and inclusion (DEI) in everything we do.**

We're testing new products and alternative models that will allow more people to connect and take action with us in ways that work best for them.

## ENGAGE

**We're tearing down the walls between "us" and "them" and focusing on participants.**

We're asking people how they want to participate, finding ways to meet them where they are, and making sure they know we value them.

## ADAPT

**We're streamlining operations so we can be more agile and responsive.**

We're simplifying the way we do things and helping members manage change so that our clubs, districts, and zones can more effectively communicate and work together.

*"Rotary was the first organization to push for a polio-free world, and so many Rotarians have been part of fundraising, vaccination, and advocacy efforts. The final steps to a polio-free world are the hardest — and we'll need the help of every Rotarian to get there. But I'm confident that we will end polio together."*

Bill Gates,  
co-chair of the Bill & Melinda Gates Foundation

Clubs are encouraged to give \$1,500 or more annually to support polio eradication, and districts are encouraged to allocate 20 percent or more of their District Designated Funds each Rotary year. Clubs and districts that meet these criteria will receive a certificate of appreciation.

# 5 REASONS WHY WE MUST ERADICATE POLIO

## 1 YOUR GIFT WILL IMPROVE LIVES.

Today, 20 million people who would otherwise be paralyzed by polio are walking, and 1.5 million people who would otherwise have died are alive.

## 2 YOUR GIFT WILL INVEST IN THE FUTURE.

If all eradication efforts stopped today, within 10 years, polio could paralyze as many as 200,000 children each year. A polio-free world will be a healthier world for children everywhere.

## 3 YOUR GIFT WILL IMPROVE CHILD HEALTH.

Polio surveillance networks and vaccination campaigns also monitor children for other health problems, like vitamin deficiency and measles, so we can address them sooner.

## 4 YOUR GIFT WILL LOWER HEALTH CARE COSTS.

The global effort to eradicate polio has already saved more than \$27 billion in health care costs since 1988, and expects to save \$14 billion more by 2050.

## 5 YOUR GIFT WILL MAKE HISTORY.

Polio eradication will be one of history's greatest public health achievements, with polio following smallpox to become only the second human disease eradicated from the world.

At the end of the 1980s, more than 350,000 children were paralyzed by polio every year. Today, Rotary and its partners have reduced the incidence of polio by 99.9%. However, until we see the last of the poliovirus, eradication efforts need additional funding to:

### IMMUNIZE

more than 400 million children against polio every year

### IMPROVE

disease surveillance systems to detect any poliovirus in a person or the environment

### HIRE

more than 150,000 health workers to go door to door to find every child
