

Biography Rebellion

Rising to the top of their Empire, Rebellion is a Scottish duo based in Holland. With a real 'bring it on attitude' they destroy any stage put in front of them. They have proved this with extremely huge bookings including Hard Bass, QAPITAL, Defqon.1, Reverze and Supremacy to name a few!

After two hugely successful albums and the official QAPITAL 2019 anthem, Rebellion has shown no signs of stopping their relentless progress and passion for the harder side of music. From tracks such as 'Bring it On' with Sub Sonik to the newly released HIT 'The Edge', they show that they are multi-dimensional artists who can cover the whole spectrum of intensity. This has proved to be a successful ingredient as they have built a massive army of dedicated fans with their 'RebelForever' slogan.

True showmen, they focus solely on creating the best atmosphere possible with track selection, smart DJ-ing & working their ass' of in the studio to provide the audience with an experience truly from the future.
