Today's Panel

Eyal Keren
Director of Engineering

Eduardo Pelegri-Llopart
Architect

Rafi Yagudin
Sr. Engineer

Nick Rendall
Moderator

Question #1:

Describe how you're using Feature
Flags at CloudBees Today?

Question #2:

How have Feature Flags changed the way you develop and release features?

Question #3:

How do you see feature flags impacting other CI/CD processes? How have you adapted these processes at CloudBees?

Question #4:

Has your team culture changed due to the use of Feature Flags?

Question #5:

For teams just getting started with Feature Flags, what advice do you have?

Thank You
