Are you part of this?

40 m+

developers on GitHub, including 10M new users in 2019.*

87 m+

pull requests merged in the last year—and 28% more developers opened their first pull request in 2019 than in 2018.*

44 m+

repositories created in the last year—and 44% more developers created their first repository in 2019 than in 2018.*

20 m+

issues closed in the last year. That's a lot of decisions made, bugs fixed, and boxes checked.*

It is about Collaboration, Community and Trust

It is about Continuous Learning

**FAIL EARLY
FAIL FAST
FAIL OFTEN.**

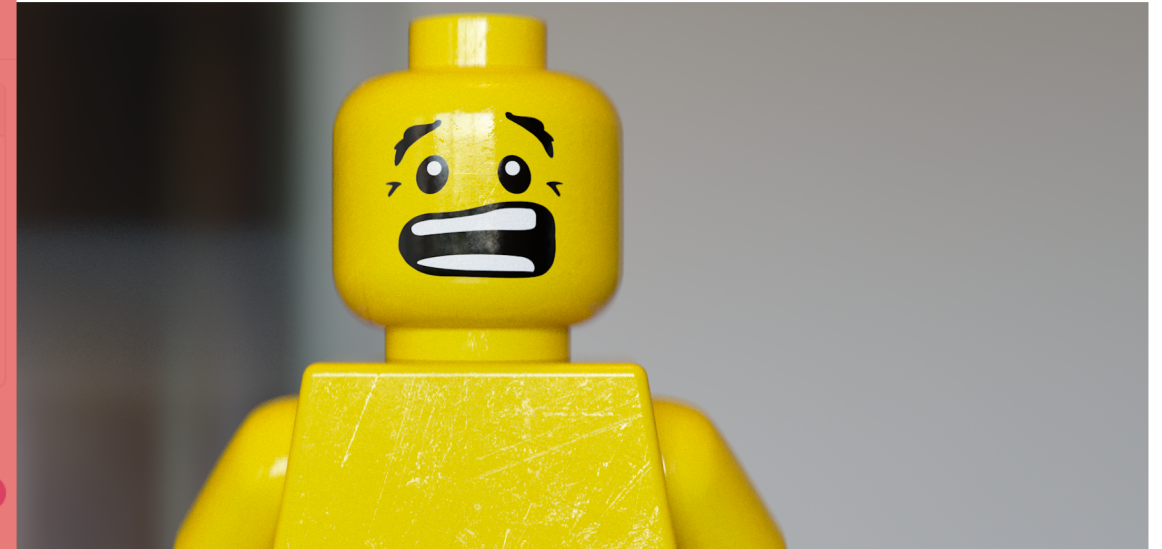

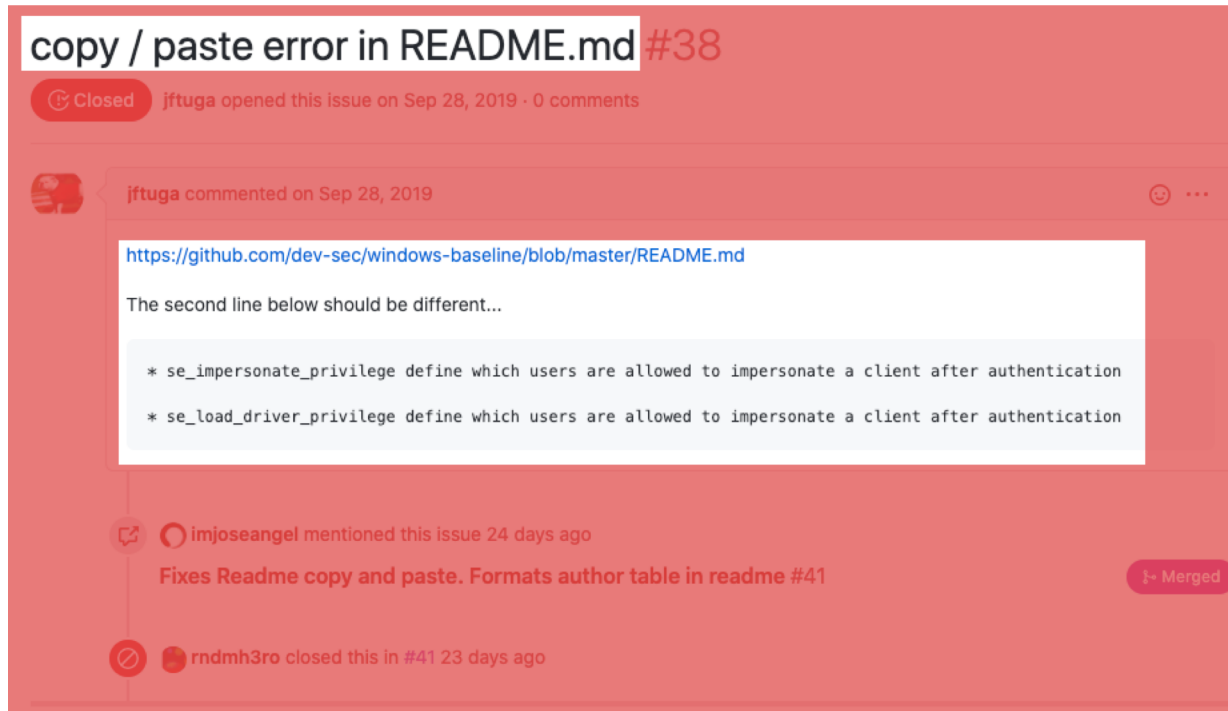

It is about Continuous Testing

Basically, it is about DevOps

Don't be afraid. Make the first move

Wrapping Up

- This is about collaboration and good practices
- It is easy to start, just try it. Go to <https://firstcontributions.github.io/>
- It is not limited to greenfield projects.

Thank you
