

Ducati Apparel2025
Overlay Capsule

Overlay Capsule

The Ducati Overlay project constitutes a breakthrough in the motorcycle apparel industry. Developed exclusively by Spidi for Ducati, it stems from an idea by Drudi Performance to offer a unique and differentiated experience, redefining the concept of functionality and style in lifestyle apparel with the possibility of use for riding in an urban context as well.

Modularity, versatility, style, and functionality are the defining features of the Overlay line.

The novelty consists of a true modular system composed of several layers that can combine with each other or be used individually, resulting in different outfits that **should be interpreted for**

motorcycle use only if the vest with protectors is included.

Three lifestyle jackets with an exclusive and modern style for casual wear, a sweatshirt in sober and functional neoprene fabric, and a super-ventilated bodysuit with protections on the shoulders and elbows.

The garments can be combined with each other by connecting one or more items to a jacket via zipper or toggles: there are lots of solutions available for any occasion.

Ideal for indulging your Ducati passion in maximum freedom.

Protection, comfort, and style.

A three-layer modular system designed to meet every need: the lower layer offers protection, the upper adds style, and the central layer delivers technical comfort. When worn individually, the lifestyle garments provide freedom and versatility; when combined with the protective vest, they become a technical outfit suitable for motorcycling.

Ducati Overlay P01

Vest with integrated protectors

Created through the partnership between Ducati, Drudi Performance, and Spidi, the Overlay P01 vest is the main element of the Overlay capsule, making the garments in the line suitable for on-road motorcycle use. In addition to the certified protectors, it also stands out for its optimized ventilation and riding comfort: 70% of the surface is mesh to promote airflow, while 15% consists of super-stretch material to provide a snug fit and maximum freedom of movement. Stretch fabric on the inner sleeves and sides, internal mesh lining, and Lycra®-trimmed cuffs ensure excellent comfort and breathability. The cropped cut enhances mobility, while the back protector pocket increases protective capability.

The Overlay system offers multiple combinations depending on weather conditions: the vest can be worn on its own or zipped to other garments in the line. The toggles at the back of the neck and the cuffs enable simultaneous attachment for combining more than two Overlay garments. Its masculine fit is accentuated by red details and the Ducati logo, creating a clean yet dynamic look.

- Comfort**
 - 100% ventilated**Benefits**
 - Double stitching in the zones most exposed to abrasion
 - Central connection zipper to Overlay Yo, Overlay Y4T, Overlay YB fabric jacket, and Overlay L01 sweatshirt
 - Toggles on the back of the neck and cuffs allow for connection to all the Overlay models
 - YKK zipper
 - 2 outer pockets
 - Reflex prints

- Protectors**
 - Force-Tech protectors certified according to the EN 1621.1 standard
 - Compatible with the Warrior 2 back protector (sold separately, part no. 981027003)
 - Warrior Lite protectors certified according to the EN 1621.1 standard.

Ducati Overlay L01

Technical sweatshirt

Featuring a tailored cut and understated design, the Ducati Overlay L01 sweatshirt delivers both comfort and versatility. Crafted from a blend of polyester, viscose, and elastane, the double-knit stretch fabric offers ergonomic fit and ease of movement.

It can be worn either on its own or paired with the Overlay P01 protector vest and other Overlay items, using the internal zippers and neck toggles. The crater neck with high collar and Lycra®-lined cuffs enhance thermal insulation.

A tone-on-tone Ducati shield adds a subtle touch of style, ideal for casual wear with a refined edge.

- Benefits**
 - Double stitching in the zones most exposed to abrasion
 - Internal zippers on the connection flaps to the Overlay P01 protective vest
 - Toggles on the back of the neck and on cuffs to connect to all Overlay models
 - Overlock stitching
 - YKK zipper
 - 2 outer pockets

Notes

Please note, this garment doesn't feature motorcycle-specific protectors. It is only suitable for motorcycle riding when worn with the Overlay P01 protective vest.

Ducati Overlay YO

Fabric jacket

Born from the partnership between Drudi Performance and Spidi, the Ducati Overlay YO jacket offers the perfect balance of style and modularity. Water-repellent and windproof, it features a transparent polyurethane and two-layer polyester outer shell, while the 3D mesh lining (80% perforated) enhances breathability.

Large air intakes provide improved thermal comfort. Wearable on its own, it can be paired with the Overlay P01 vest for motorcycle use and the Overlay L01 thermal sweatshirt using zippers and toggles.

Notes
Please note, this garment doesn't feature motorcycle-specific protectors. It is only suitable for motorcycle riding when worn with the Overlay P01 protective vest.

- Comfort**
- Water-repellent and windproof garment
 - Mesh lining with 80% perforation to enhance breathability
 - Large air vents on the body and underarms
 - Elastic drawstring to adjust the jacket's fit at the bottom
 - Knitted cuffs
 - Fixed hood with size adjustment

- Benefits**
- Double stitching in the zones most exposed to abrasion
 - Central zipper for connection with Overlay P01 vest with protectors and toggles on the back of the neck and cuffs.
 - It can be combined with the Overlay L01 Sweatshirt via toggles on the back of the neck as well as the cuffs
 - YKK zipper
 - 2 outer pockets
 - Reflex prints

Ducati Overlay Y4T

Fabric jacket

The 4-pocket Overlay Y4T jacket offers comfort and modularity in an exclusive design. Water-repellent and windproof, it's crafted from transparent polyurethane and two-layer polyester, with an 80% perforated mesh lining for superior breathability.

Featuring an adjustable hood, 4 external pockets, double reinforced stitching, and an elastic drawstring at the bottom, it delivers excellent versatility under all conditions. Wearable either on its own or combined with the Overlay P01 vest and Overlay L01 thermal sweatshirt, it's ideal for both riding and leisure use.

Notes
Please note, this garment doesn't feature motorcycle-specific protectors. It is only suitable for motorcycle riding when worn with the Overlay P01 protective vest.

- Comfort**
- Water-repellent and windproof garment
 - Mesh lining with 80% perforated area to improve breathability
 - Large air vents on the body and underarms
 - Elastic drawstring to adjust the jacket's fit at the bottom
 - Knitted cuffs
 - Fixed hood with size adjustment
- Benefits**
- Double stitching in the zones most exposed to abrasion
 - Central zipper for connection with Overlay P01 vest with protectors and toggles on the back of the neck and cuffs.
 - It can be combined with L01 Overlay Sweatshirt via toggles on the back of the neck as well as the cuffs
 - YKK zipper
 - 4 outer pockets
 - Reflex prints

Ducati Overlay YB

Fabric jacket

The Overlay YB bomber jacket offers comfort and modularity in a clean, essential design. Water-repellent and windproof, it's made from transparent polyurethane and two-layer polyester, with an 80% perforated mesh lining to optimize breathability.

With two external pockets, double reinforced stitching, a YKK zipper, and large air vents on the body and under the sleeves, it ensures excellent versatility under any conditions. Wearable either on its own or combined with the Overlay P01 vest and Overlay L01 thermal sweatshirt, it's ideal for both riding and leisure use. Available in the men's version only.

Comfort

- Water-repellent and windproof garment
- Mesh lining with 80% perforated area to improve breathability
- Large air vents on the body and underarms
- Elastic drawstring to adjust the jacket's fit at the bottom
- Knitted cuffs

Benefits

- Double stitching in the zones most exposed to abrasion
- Central zipper for connection with Overlay P01 vest with protectors and toggles on the back of the neck and cuffs.
- It can be combined with the Overlay L01 Sweatshirt via toggles on the back of the neck as well as the cuffs

- YKK zipper
- 2 outer pockets
- Reflex prints
