- Heritage-Style SS® Badge for Grille and Rear Panel

Congratulations on your purchase of a new Performance Race balancer. Your new Harmonic Balancer is part of the upgraded Black Series which feature forged steel hubs & rings for greater strength and improved dampening performance without increasing the overall weight.

The distinctive Black two stage finish offers far superior corrosion resistance to any clear coating and features easier to read laser etched timing marks.

This part meets SFI spec 18.1. In compliance with SFI requirements it has been engraved with a unique serial number. For your records the original SFI label is attached below.

Thanks for your support. We trust your new balancer will exceed all your performance expectations.
