

Dear Valued Client,

On behalf of the entire Honda Service Department we would like to thank you for choosing our team for your service needs.

You may receive a phone call from American Honda that will ask *FIVE* short questions about your recent visit. We review each and every response individually to aid in our efforts toward improving the services we provide. After you have answered these questions, you will be asked if you would like to fill out a more in depth survey via e-mail. Your responses to Honda surveys are very important to us and we value your time and opinions. Please help us in our mission to continuously improve our service department.

If you feel like your last visit wasn't the best it could be, please don't hesitate to call us right away. We want to insure that any concerns, no matter how small, are taken seriously and addressed right away.

Again, thank you for choosing Ralph Schomp Honda for the servicing and upkeep of your vehicle; we appreciate your trust and the privilege of having your continued patronage.

Sincerely,

## IF YOUR VEHICLE PASSED OR WAS ISSUED A WAIVER

Your vehicle inspection results are shown on this "VEHICLE INSPECTION REPORT". If you are renewing your registration by mail, follow the instructions regarding the renewal process located on the back side of your renewal notice. If you are renewing your registration in person, the Certificate of Emissions Control must accompany all supporting documents at the time of registration. If the Certificate of Emissions Control is lost, a new inspection is required at the owner's/operator's expense.

## IF YOUR VEHICLE FAILED THE INSPECTION

Your vehicle inspection results are shown on this "VEHICLE INSPECTION REPORT". If your vehicle failed its first inspection, you are entitled to one free reinspection within 10 calendar days if returned to the same independent inspection station. If the first inspection was performed at an Envirotec center, the reinspection can be performed at any one of Envirotec's centers. The information recorded on this "VEHICLE INSPECTION REPORT" is extremely valuable to a repair technician when having your vehicle repaired. The "VEHICLE REPAIR FORM", (VRF), located on the back **must** be completed by the person performing the repairs. The VRF **must also** accompany the vehicle at the time of reinspection. If your vehicle fails the reinspection, you may be entitled to a waiver. Waiver eligibility information is available at the inspection stations or by calling the Department of Revenue at (303) 205-5603.

# Costco Road Hazard Warranty

## TO QUALIFY FOR THIS WARRANTY:

1. You must be the original purchaser of the tires.
2. You must have purchased the tires from Costco Wholesale.
3. You must present the original purchase receipt and tire to a Costco Wholesale Tire Center.

## CONDITIONS OF THIS WARRANTY:

1. The Purchaser must rotate and balance their tires as outlined by the vehicle manufacturer.
2. The Purchaser must operate their tires at inflation pressures outlined by the vehicle manufacturer.
3. The Purchaser must keep all mechanical parts that effect tires in proper working condition.
4. The Purchaser will be required to sign a "Costco Wholesale Tire Adjustment Form".

## WHAT IS COVERED:

1. "Road Hazard Failure" is defined as a tire that becomes unserviceable due to cuts, non-repairable punctures or impact damage. Costco Wholesale will repair tires with tread-face injuries in accordance with established RMA(Rubber Manufacturers Association) standards.
2. This warranty covers road hazard failures in Passenger, Performance and Light Truck tires purchased from Costco Wholesale.
3. This warranty is valid for either sixty(60) months from the date of purchase or when the tire reaches 2/32 of an inch or less in remaining tread depth, (whichever comes first).
4. This warranty provides credit based upon remaining usable tread at the time of failure due to road hazard.
5. "Usable Tread" is defined as the original tread depth of a tire less 2/32 of an inch (tread wear indicators).
6. Credit is determined by multiplying the useable remaining tread by the current price of the tire.
7. This warranty is a promise under certain conditions to give credit on a pro-rated basis towards the purchase of a new tire. This warranty does not imply that tires sold by Costco Wholesale meet certain specifications or cannot fail. This warranty does not replace or modify any original tire manufacturers warranty on material and workmanship.

## WHAT IS NOT COVERED:

1. A tire that is damaged / failed due to vandalism.
2. A tire that is damaged / failed due to an accident.
3. Curb damage where other vehicle components were also damaged during impact.
4. A tire that is damaged / failed due to commercial use.
5. A tire that is damaged / failed due to racing.
6. A tire that is damaged / failed due to Off-Road use.
7. A tire that is damaged / failed due to snow chains or studs.
8. A tire that is damaged / failed due to rapid or irregular wear.
9. A tire that is damaged / failed due to wear from worn mechanical components on the vehicle.
10. Tires transferred from the vehicle on which they were originally installed.
11. Loss of time, inconvenience, loss of use of vehicle or consequential damage. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply.

## TIRE CARE RECOMMENDATIONS:

1. *Have the air pressure in your tires checked by a tire professional as least once a month. Serious injury may result from tire failure due to under inflation.*
2. *Always request that the inflation pressure in your tires be set to the tire or vehicle manufacturers specifications.*
3. *Do not overload your vehicle. Serious injury may result from overloading your vehicle.*
4. *Register your tires using the DOT (Department Of Transportation) card provided at the time of purchase.*
5. *Read and follow all tire maintenance requirements outlined in the Tire Manufacturers Warranty booklet provided at the time of purchase.*
6. *Always insist on an RMA (Rubber Manufacturers Association) approved two-piece tire repair if required.*
7. *Fix-a-flat products should not be used. These products void some manufacturer warranties. Costco will not perform tire repairs on tires where Fix-a-Flat has been used.*
8. *If you are purchasing less than four tires, mount the new tires on the rear of the vehicle.*
9. *It is recommended to have your lug nuts re-tightened 25 miles after your tires are serviced or replaced.*
10. *Request that your tire and rim assemblies are hand torqued with a calibrated torque wrench to the vehicle manufacturers specifications.*
11. *Have your tires inspected by a tire professional at least once a year.*

## LIMITED INSTALLATION WARRANTY

Best Buy® warrants the installation workmanship performed by Best Buy for the lifetime of the vehicle, including all mounting and wiring, provided that no additional installation work has taken place other than by an authorized Best Buy Mobile Electronics Installation Center. This workmanship warranty is transferable provided the original installation invoice is presented. To obtain warranty service, vehicles must be returned to the Best Buy Mobile Electronics Installation Center along with the original installation and product purchase receipts.

## EQUIPMENT WARRANTY COVERAGE

Should the equipment you purchase from and have installed by Best Buy fail under the manufacturer's warranty or the Best Buy Performance Service Plan, the equipment will be removed, repaired or replaced under the terms of the warranty, and then reinstalled in the original vehicle at no additional charge to you. You will be responsible for any additional installation work necessary for the installation of replacement equipment. To obtain warranty service, contact the nearest Best Buy Mobile Electronics Installation Center. It is advisable to keep all box and packaging material as some manufacturers require it as a provision of their warranty.

## FACTORY AUDIO EQUIPMENT REINSTALLATION

Should the need arise to sell your vehicle or return it at the end of a lease, Best Buy will reinstall the original factory audio equipment that were removed. In order to receive this service, the following criteria must be met:

- No modifications were made to the vehicle to install the after-market equipment.

Best Buy will pre-check any previously installed equipment prior to installation. Equipment that is non-functional will be assessed a bench check fee. If the equipment is functional, the normal installation charges will apply. In the event the equipment does not work, and you decide to purchase replacement equipment and have it installed, the bench check fee will be waived. Best Buy reserves the right to refuse installation of any equipment that does not have a legible serial number. (The pre-check of the previously installed equipment does not guarantee length of operation. It is merely performed to determine if the equipment is functional at the time of installation.)

## ENGINE/SYSTEM NOISE

Engine noise may occur in some installations and is not easily predictable. Should engine noise occur with your system, we will take commercially-reasonable steps to diagnose the source of the noise. Depending on the situation, Best Buy sells noise suppressors and filters that can be installed to correct the problem. There will be an additional charge for any installation labor and/or additional parts that are required to eliminate the noise.
