Item Name	Date	Item Description	Price	Qty	Ext Price
Labor Hot Rod (7)	Kai 2/16	Correct hard throttle pedal: Remove cable from throttle body, remove bracket from intake and remove factory lever arm. Determine best way to adapt new lever assembly to factory pedal, make a backing plate to mount new pedal, cut aluminum to shape of pedal bracket, locate bolt holes, drill and tap bolt holes, then paint bracket.	\$110.00	1.5	\$165.00
Labor Hot Rod (7)	Kai 2/17	Install new gas pedal lever: Fit pedal to firewall, verify lower lever will contact pedal and that upper lever lines up to existing hole for cable. Drill mounting holes, remove rubber grommet and install new cable housing, route cable housing from firewall to throttle body, measure and mark housing, then remove from car to cut to length and re-install cable. Run throttle cable through housing and cut to length, attach cable to throttle body and pedal. Verify function, pedal has a slow return.	\$110.00	2.75	\$302.50
Labor Hot Rod (7)	Kai 2/17	Correct slow pedal return: Determine cause of slow return, no clear reasons. Remove cable from throttle body and verify cable moves freely, assess options of a return spring. Adjust lever arms to position lever in a better spot on pedal, with lever in a smoother spot, throttle does not open fully. Remove stop on backside of pedal and add grease, still has slow return. Install aluminum to backside of pedal for lever to slide on smoothly.	\$110.00	2.25	\$247.50
Labor Hot Rod (7)	Kai 2/18	Test drive: verify drivability with new pedal setup, customer states vehicle stalls, data log drive, car did not stall during drive, review data log.	\$110.00	0.5	\$55.00
Labor Hot Rod (7) LOK-XBAG-6165	Kai 2/21	Adjust IAC and test drive.	\$110.00	0.5	\$55.00

I hereby authorize the above repair work to be done along with the necessary materials. You and your employees may operate above vehicle for the purposes of testing, inspection, or delivery at my risk. An express mechanics lien is acknowledged on above vehicle to secure the amount of repairs thereto. It is also understood that you will not be held responsible for loss or damage to cars or articles left in cars in case of fire, theft or any other cause beyond your control.

### NOTICE TO CUSTOMER

1. Otherwise specified, labor time billed at material for each job performed by this shop.

2. Parts and labor are warranted for 90 days or 4000 miles, whichever occurs first.

3. Repairs performed and parts replaced were necessary to perform repairs.

4. Repairs are new unless otherwise specified.

**U = Used / R = Rebuilt**

I certify this vehicle has been tested or test drive needed, and that the mechanic's work performed satisfactorily.

### CUSTOMER'S RIGHTS

1. You are entitled to a written estimate upon request if repairs will exceed \$25.00. Do you want a written estimate? Yes  No

2. You may not be charged an amount more than 10% greater than an estimate without your consent.

3. You are entitled to the return of any replaced parts except those that must be returned to the manufacturer under warranty agreement. If you do not want the parts, initial here: **X**

4. Repairs not originally authorized by you will not be charged to you without your consent.
