## 1969 PONTIAC, TEMPEST AND FIREBIRD NEW VEHICLE PRE-DELIVERY SERVICE AND ADJUSTMENT CHECK SHEET

### 1. UNDERBODY—OPERATIONS WITH CAR RAISED

#### CHECK FOR PROPER ASSEMBLY:

- Steering gear and steering linkage
- Tie rod clamp bolt torque and clamp position
- Front and rear suspension assemblies
- Check differential and manual transmission fluid levels

#### CHECK FOR LEAKS:

- Engine and cooling system
- Transmission and cooler
- Brake System
- Steering gear
- Fuel System
- Differential
- Adjust tire inflation pressure to specifications
- Check wheel nuts (assembly and tightness)
- Install wheel covers and trim rings

### 2. OPERATIONS WITH CAR ON FLOOR

- Install antenna
  - Remove convertible top cover—check top operation and boot fit
- FUNCTIONALLY CHECK AND CORRECT AS NECESSARY:**
- Operation and alignment of hood, doors, windows, deck lid, and all locks and latches

#### LUBRICANTS AND FLUIDS, CHECK FOR LEAKS AND PROPER LEVELS, REPAIR AND REPLENISH AS NECESSARY:

- Power steering pump or steering gear
- Brake master cylinder
- Engine oil
- Energizer (level and state of charge)
- Engine coolant level and freeze protection
- Windshield washer (level and solvent)
- Check throttle linkage for freeness at wide open and closed throttle
- Properly tension all fan and accessory drive belts

#### START ENGINE (PARKING BRAKE SET)

#### LIGHTS

- Headlights
- Instrument panel lights
- Dome and courtesy lights
- Side marker lights
- License plate light
- Tail lights
- Back-up lights

- Parking lights
- Stop lights
- Directional signals
- Hazard warning lights
- Windshield washer and wiper
- All accessories
- Headlamp aim

### 3. UNDERHOOD FUNCTIONAL CHECKS (ADJUST AS REQUIRED) IMPORTANT EMISSION CONTROL CHECKS (DECAL SPECIFICATIONS)

- Set dwell and ignition timing
- Adjust carburetor fast and slow idle speed, mixture, and check for fuel leaks

- Automatic transmission fluid level
- Air conditioning sight glass

#### SHUT OFF ENGINE

- Check toe in and adjust if necessary

### 4. ROAD TEST

#### CHECK AND CORRECT AS NECESSARY:

- Steering column ignition lock
- Neutral switch
- Instruments and gauges
- Brakes (including parking brake and warning light)
- Throttle controls and engine performance
- Transmission performance (including down shift switch)
- Cruise control
- Steering, steering wheel center position and handling
- Squeaks and rattles
- Heater and/or air conditioner

### 5. APPEARANCE

#### INSPECT CONDITION AND CORRECT AS NECESSARY:

- Wash car
- Exterior trim and moldings
- Exterior finish—brush touch-up, spot paint repair, rub out, and detail clean-up as required
- Interior moldings and hard trim
- Interior trim—detail clean interior and remove protective covering

### 6. REMOVE KEY NUMBER SLUGS FROM DOOR AND IGNITION KEYS AND PLACE SPARE KEYS AND SLUGS IN ENVELOPE PROVIDED

### OWNER — DEALER — VEHICLE DATA

- Fill in owner and vehicle data on face of "Owner Identification and New Vehicle Warranty" folder provided with vehicle.

#### Explain Warranty Provisions:

- a. Maintenance requirements.

NOTE: Caution owner to save receipts.

- b. Validation requirements.

- Review Owner's Manual with owner.

- Demonstrate operation of all accessories.

NOTE: Refer to Service Manual for Correct Specifications

PONTIAC  
NEW  
VEHICLE  
WARRANTY  
and  
Owner Protection Plan

The Pontiac New Vehicle Warranty and Owner Protection Plan contained herein applies to the Pontiac vehicle identified by the Vehicle Identification Number shown on the back of this folder. Properly completed, this folder will serve as your identification for warranty work at any Pontiac Dealership for 60 days from the date of delivery of your Vehicle. Within 60 days, you will receive direct from Pontiac Motor Division a Protect-O-Plate as your permanent owner identification.

IMPORTANT

THIS FOLDER, ALONG WITH THE PROTECT-O-PLATE, MUST BE KEPT WITH THE VEHICLE AT ALL TIMES AND MADE AVAILABLE TO AN AUTHORIZED PONTIAC DEALER IF WARRANTY WORK BECOMES NECESSARY. THE FOLDER MUST REMAIN WITH THE VEHICLE AT TIME OF RESALE, HOWEVER, THE PROTECT-O-PLATE BEARING YOUR NAME SHOULD BE DESTROYED.

# 1969 PONTIAC TRANS AM

## Highlights:

- Only 697 Total Built
- 1 of 520 Ram Air III L-74 4-speeds
- Original, matching numbers WQ L-74 Ram Air III 400 10.75:1
- Rochester 4-bbl
- Muncie M-20 4-speed
- 3.90 Eaton Posi
- 335 (430) @ 5000 (5600) HP
- 430 (465) @ 3600 (4000) TQ
- Very rare 3 option T/A
- Tach & gauges
- AM radio
- PHS Documentation
- Same owner 36 years
- Original Owner's Manual
- Original Protect-0-Plate
- Original 14 x 7 XT-code steel rims
- Rebuilt by Pontiac Expert Dan Jensen
- Dyno'd & certified stock Ram Air III
- Complete nut & bolt restoration on 77,000 mile 2-owner car

Same owner 36 years – Current owner purchased this car from the original owner's son after he passed. This car was in **very good original condition** and **100% complete**. Then a **full rotisserie restoration** was done to make it "Concours quality".

This outstanding car was shown once at the 2008 Trans Am Nationals and **won 1<sup>st</sup> place**. From this, the car has been featured in 2 magazines – Pontiac Enthusiast, May/June '09 and High Performance Pontiac, April '09. Both magazines highlight the car's **exceptional quality**.

This **stunning, well-sorted and rare** 1969 Pontiac Trans Am is Concours ready. This amazing Pontiac pony car has been expertly restored and is in **100% as-original form**. This is truly a spectacular car.

While the first-generation Trans Am was a true performer and a musclecar in every sense, most enthusiasts also think of it as typically also well-optioned, which tended to take away some of the car's potential edge. While that may generally be true, this extremely purpose-built instance leaves no-one in doubt of its very singular mission: to rule the road.

One of only 697 Firebird Trans Ams built in 1969, this is an original, matching numbers Ram Air III 4-speed with only three options per the original PMD order sheet: gauges, including tach and clock, a Muncie M20 4-speed and push-button AM radio. The result is a no-frills driver's car in the grand Pontiac performance tradition. This Trans Am has been expertly restored by Pontiac specialist Dan Jensen and is in spectacular 100-percent as-original form, right down to the correct factory tags on the ignition lock and shifter boot. As part of the restoration, the engine was run on the dynamometer and certified as operating within the stock Ram Air III specifications for horsepower and torque.

This amazing Pontiac pony car is documented by the Pontiac Historical Society and comes complete with the original Owner's Manual, Protect-O-Plate, PDI report and Owner Protection Plan.

#### Highlights:
