ECCOESG.COM

STAY ALERT AND ON SCHEDULE

Your crew faces hazardous situations every day as you keep on schedule and meet tight deadlines. Minimize risk and stay on track with ECCO's advanced lighting, warning and safety solutions. Increase visibility on the roadway with lightbars, beacons and directional lighting devices to give drivers advanced warning to slow down and move over. Install back-up alarms and camera systems on fleet vehicles and equipment to protect workers on the job site.

Safety is our top priority, which is why we engineer our products to exceed industry standards. For more than 50 years, construction companies have relied on ECCO to get the job done in rugged, real-world environments. Our safety solutions are designed to mount on virtually any vehicle or application in the fleet, so explore your options and upfit with confidence.

MANTÉNGASE ALERTA Y A TIEMPO

Su equipo enfrenta situaciones peligrosas cada día a medida que se mantiene dentro del programa y cumple con los plazos estrictos. Minimice el riesgo y mantenga el rumbo con las soluciones avanzadas de iluminación, advertencia y seguridad de ECCO. Aumente la visibilidad en la carretera con las barras de luces, las balizas y los dispositivos de iluminación direccionales para brindar a los conductores una advertencia oportuna de reducción de velocidad o avance. Instale alarmas de respaldo y sistemas de cámaras en los vehículos y equipos de la flota para proteger a los trabajadores en el sitio de trabajo.

La seguridad es nuestra máxima prioridad, es por esto que diseñamos nuestros productos para superar los estándares de la industria. Durante más de 50 años, las empresas constructoras han confiado en ECCO para realizar el trabajo en entornos difíciles del mundo real. Nuestras soluciones de seguridad están diseñadas para montarse prácticamente en cualquier vehículo o aplicación de la flota, por lo que puede analizar sus opciones y modernizarse con confianza.

RESTEZ VIGILANT ET DANS LES DÉLAIS

Chaque jour, votre équipe est confrontée à des situations dangereuses tout en respectant des délais serrés. Minimisez les risques et gardez le cap grâce aux solutions d'éclairage, d'avertissement et de sécurité avancées d'ECCO. Augmentez la visibilité sur la chaussée grâce aux barres lumineuses, aux gyrophares et aux dispositifs d'éclairage directionnel, afin d'avertir les autres conducteurs en cas de ralentissement ou de déplacement. Installez des alarmes de secours et des systèmes de caméras sur les véhicules et l'équipement du parc afin de protéger les travailleurs sur le chantier.

La sécurité est notre priorité : c'est pourquoi nous concevons nos produits pour qu'ils dépassent les normes de l'industrie. Les entreprises de construction font confiance à ECCO depuis plus de 50 ans pour accomplir leur travail dans des conditions difficiles et réelles. Nos solutions de sécurité sont conçues pour être montées sur pratiquement tous les véhicules ou toutes les applications du parc. Explorez vos options et améliorez votre équipement en toute confiance.

FEATURED PRODUCT EB7185

DUAL-COLOR LED BEACON

The EB7185 LED beacons offer a long, maintenance free service life and low amp draw, this beacon is a high performance, cost effective choice for many applications. Dual-color amber/clear illumination models are available. Easily replace strobe or rotating beacons with the latest technology so no ongoing maintenance is required.

Las balizas LED EB7185 ofrecen una larga vida útil sin necesidad de mantenimiento y un bajo consumo de amperios. Esta baliza es una opción de alto rendimiento y rentable para diversas aplicaciones. Disponemos de modelos con iluminación bicolor ámbar/transparente. Reemplace fácilmente las balizas estroboscópicas o giratorias con la última tecnología, por lo que no requiere mantenimiento continuo.

Les gyrophares LED EB7185 offrent une longue durée de vie sans entretien et une faible consommation d'ampérage. Ce gyrophare est un choix performant et économique pour de nombreuses applications. Des modèles bicolores (ambre/clair) sont disponibles. Remplacez facilement les gyrophares stroboscopiques ou rotatifs grâce à la technologie la plus récente, sans entretien régulier.

FEATURED PRODUCT EW4012

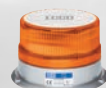

TWO 45-WATT LEDS

The EW4012 LED worklight is feature packed with cutting-edge technology and unparalleled brightness. Featuring low beam, high beam, running light, and turn indicators, this LED headlight is DOT certified for all vehicles making it ideal for any vehicle applications in all season. An automatic heated lens melts through snow and ice while a flush lens design prevents buildup to ensure optimal visibility in all weather conditions.

La luz de trabajo LED EW4012 incorpora tecnología de vanguardia y un brillo inigualable. Con luces bajas, luces altas, luces de posición e intermitentes, este faro LED cuenta con certificación DOT para todos los vehículos, lo que lo hace ideal para cualquier aplicación vehicular en cualquier época del año. Su lente calefactable automática derrite la nieve y el hielo, mientras que su diseño al ras evita la acumulación de hielo para garantizar una visibilidad óptima en cualquier condición climática.

Le phare de travail à LED EW4012 bénéficie d'une technologie de pointe et d'une luminosité inégalée. Doté de feux de croisement, de feux de route, de feux de position et de clignotants, ce phare à LED est certifié DOT pour tous les véhicules, ce qui le rend idéal pour toutes les applications en toute saison. Sa lentille chauffante automatique fait fondre la neige et la glace, tandis que sa conception affleurante prévient l'accumulation de neige pour une visibilité optimale par tous les temps.

BACKHOE SOLUTIONS

SOLUCIONES DE RETROEXCAVADORAS | SOLUTIONS POUR PELLES RÉTROCAVEUSES

FEATURED PRODUCT 7965 SERIES SINGLE-COLOR LED BEACON

The 7965 Series beacon combines all the major benefits of the latest LED technology with a traditional, strobe-style housing at a price point comparable to a strobe. Available in either 5" or 7" height profiles, the 7965 is suitable for a wide range of applications where a high-intensity SAE Class I light is required. The 7965 features 12-24VDC operation and 11 flash patterns that produce an attention-getting warning signal. Each unit is backed by a five-year warranty.

La baliza de la serie 7965 combina todas las ventajas más importantes de la tecnología LED más avanzada con una caja de estilo tradicional de luz estroboscópica a un precio comparable al de una luz estroboscópica. Disponible en perfiles de altura de 127 mm (5 in) o 178 mm (7 in), el modelo 7965 es adecuado para una amplia gama de aplicaciones en las que se requiere una luz SAE Clase I de gran intensidad. El modelo 7965 cuenta con un funcionamiento de 12 V CC a 24 V CC y 11 patrones de destello que producen una señal de advertencia que llama la atención. Cada unidad está respaldada por una garantía de cinco años.

Le gyrophare de la série 7965 combine tous les avantages de la plus récente technologie à DEL avec un boîtier de style stroboscopique traditionnel à un prix comparable à celui d'un stroboscope. Disponible en profils de hauteur de 12,7 cm (5 po) ou 17,78 cm (7 po), la 7965 convient à une multitude d'applications nécessitant un éclairage à haute puissance SAE de classe I. La série 7965 est dotée d'un fonctionnement de 12 à 24 V c. c. et de 11 schémas de clignotement qui produisent un signal d'avertissement bien visible. Chaque unité est couverte par une garantie de cinq ans.

BULLDOZER SOLUTIONS

SOLUCIONES DE TOPADORAS | SOLUTIONS POUR BOUTEURS

FEATURED PRODUCT W-WORKLIGHTS

LED WORKLIGHTS

ECCO's W LED worklights are a reliable and high-quality option for commercial vehicles. These are easy to install with a single bolt mount and can be placed behind the cab of a tow truck, on the headache rack of a work truck, or on the rear of a construction vehicle, among other applications. These worklights features a durable polycarbonate lens and a low amp draw, allowing it to work for a longer time without draining the battery.

Las luces de trabajo LED W de ECCO son una opción fiable y de alta calidad para vehículos comerciales. Son fáciles de instalar con un solo perno y pueden colocarse detrás de la cabina de una grúa, en el portaequipajes de un camión de trabajo o en la parte trasera de un vehículo de construcción, entre otras aplicaciones. Estas luces de trabajo cuentan con una lente de policarbonato resistente y un bajo consumo de amperios, lo que les permite funcionar durante más tiempo sin agotar la batería.

Les phares de travail à LED W d'ECCO constituent une option fiable et de haute qualité pour les véhicules utilitaires. Faciles à installer grâce à un seul boulon, ils peuvent être placés derrière la cabine d'une dépanneuse, sur le porte-bagages d'un camion de chantier ou à l'arrière d'un engin de chantier, entre autres. Dotés d'une lentille en polycarbonate durable et d'une faible consommation, ces phares de travail offrent une autonomie prolongée sans décharger la batterie.

FEATURED PRODUCT 5517 SERIES

SAE CLASS I LED MINIBAR

The 5517 Series 17" LED minibar is a compact and powerful warning solution with permanent, vacuum-magnet, and magnet mount options. This minibar, outfitted with high-intensity LEDs, provides full 360-degree lighting to attract the attention of drivers on the road. The 5517 Series 17" LED minibar features 37 single-color and 97 dual-color flash patterns, making it ideal for work trucks, snowplows, or any other vehicle applications.

El minibar LED de 17" Serie 5517 es una solución de advertencia compacta y potente con opciones permanentes, imán de vacío y montaje magnético. Este minibar, equipado con LED de alta intensidad de 60 (un solo color) y 108 (de dos colores) que proporcionan una iluminación completa de 360 grados para captar la atención de conductores en la carretera. El minibar LED de 17" Serie 5517 cuenta con 37 LED de un solo color y patrones de intermitencias de 97 de dos colores, lo que lo hace ideal para camiones de trabajo, quitanieves o cualquier otra aplicación en vehículos.

La minibarre à LED de 17 pouces de la série 5517 est une solution de détresse compacte et puissante avec des options de montage permanent, à aimants sous vide et à aimant. Cette minibarre, équipée de 60 (monocouleur) et 108 (bicolore) LED de haute intensité, fournit un éclairage complet sur 360 degrés pour attirer l'attention des conducteurs sur la route. Elle comporte 37 effets de clignotement unicolores et 97 effets de clignotement bicolores, ce qui la rend idéale pour les camions de travail, les chasse-neige ou toute autre application de véhicule.

FEATURED PRODUCT 5590 SERIES

SAE CLASS I LED MINI BAR

The 5590 Series LED minibar features an innovative design combining Reflective and ICE Optic LED modules to provide superior 360° warning. The ICE Optics produce an intense beam to the front and rear of the vehicle while the Reflective modules ensure optimum 360° coverage by producing a wide-angle beam to the sides and corners.

La minibarra LED de la serie 5590 presenta un diseño innovador que combina módulos LED reflectantes y ópticos ICE para proporcionar una advertencia superior de 360°. Los módulos ópticos ICE proyectan un haz intenso hacia la parte delantera y trasera del vehículo, mientras que los módulos reflectantes garantizan una cobertura óptima de 360° al proyectar un haz angular amplio hacia los laterales y las esquinas.

Le minibar à LED de la série 5590 présente un design innovant combinant des modules LED Reflective et ICE Optic pour fournir un avertissement supérieur à 360°. Les modules ICE Optic produisent un faisceau intense à l'avant et à l'arrière du véhicule, tandis que les modules Reflective assurent une couverture optimale à 360° en produisant un faisceau à grand angle sur les côtés et dans les coins.

FEATURED PRODUCT EW2530

SIX 10-WATT LEDS

The EW2530 worklight offers the latest technology and the very brightest white light for your application. EMC compliant and 130-degree beam pattern with extremely bright light in a compact design make this worklight perfect for a variety of applications. This LED model offers over 80,000 hours of maintenance-free life expectancy coupled with low amp draw and a built-in vent to prevent fogging.

La luz de trabajo EW2530 ofrece la última tecnología y la luz blanca más brillante para su aplicación. El cumplimiento de EMC y el patrón de haz de 130 grados con luz extremadamente brillante en un diseño compacto hacen que esta luz de trabajo sea perfecta para una variedad de aplicaciones. Este modelo LED ofrece más de 80.000 horas de vida útil sin mantenimiento junto con un bajo consumo de amperaje y una ventilación incorporada para evitar el empañamiento.

La lampe de travail EW2530 offre la dernière technologie et la lumière blanche la plus brillante pour votre application. La conformité CEM et le faisceau de 130 degrés avec une lumière extrêmement brillante dans un design compact rendent cette lampe de travail parfaite pour une variété d'applications. Ce modèle LED offre plus de 80 000 heures de durée de vie sans entretien, associée à une faible consommation d'ampérage et à un évent intégré pour éviter la formation de buée.

CONCRETE TRUCK SOLUTIONS

SOLUCIONES DE CAMIONES HORMIGONEROS | SOLUTIONS POUR CAMIONS-MALAXEURS

FEATURED PRODUCT ED3800 SERIES

SINGLE-, DUAL- OR TRI-COLOR, SURFACE MOUNT

The ED3801 and ED3802 directional LEDs are bright, versatile warning lights suitable for a wide variety of applications. Their ultra-low profile makes them easy to install virtually anywhere in a vehicle and they are 25% thinner than previous models. All models offer wide-angle optics and multiple flashing patterns, including synchronization with other units for simultaneous or alternating service. Each LED color can be controlled independently.

Los LED direccionales ED3801 y ED3802 son luces de advertencia brillantes y versátiles adecuadas a una amplia variedad de aplicaciones. Su perfil ultrabajo los hace fáciles de instalar prácticamente en cualquier lugar de un vehículo y son un 25 % más delgados que los modelos anteriores. Todos los modelos ofrecen óptica de gran angular y múltiples patrones de intermitencias, incluida la sincronización con otras unidades para servicio simultáneo o alterno. Cada color de LED puede ser controlado independientemente.

Les LED directionnelles ED3801 et ED3802 sont des feux de détresse lumineux et polyvalents adaptés à une grande variété d'applications. Grâce à leur taille extrêmement petite, ils peuvent être installés pratiquement n'importe où sur un véhicule et sont 25 % plus minces que les modèles précédents. Tous les modèles offrent une optique grand angle et de multiples effets de clignotement, y compris la synchronisation avec d'autres appareils pour un fonctionnement simultané ou alterné. Chaque couleur de LED peut être contrôlée indépendamment.

SERVICE BODY PICKUP SOLUTIONS

SOLUCIONES DE CAMIONETAS CON CARROCERÍA SERVICE-BODY
SOLUTIONS POUR CAMIONNETTES À CARROSSERIE-ATELIER

FEATURED PRODUCT 16 SERIES

COMPACT, LOW-PROFILE

The 16 Series lightbar provides exceptional warning and off-angle performance with its single- or dual-color LEDs. At only 1.6 inches high, this discreet lightbar compliments the vehicle's roof line while delivering intense output with dozens of flash patterns. Engineered for easy installation and customization, choose from multiple lengths and configurations to meet the fleet's requirements.

La barra de luz de la serie 16 proporciona un rendimiento excepcional de advertencia y en ángulo con sus LED de uno o dos colores. Esta discreta barra de luz, de tan solo 1,6 pulgadas (0,4 metros) de altura, complementa la forma del techo del vehículo y a su vez proporciona una luz intensa con docenas de patrones de destello. Está diseñada para facilitar la instalación y la personalización y puede elegir entre múltiples longitudes y configuraciones para satisfacer las necesidades de la flota.

La barre lumineuse de la série 16 offre des performances exceptionnelles en matière d'avertissement et d'éclairage hors angle grâce à ses LED unicolores ou bicolores. D'une hauteur de 1,6 pouce seulement, cette barre lumineuse discrète complète la ligne de toit du véhicule tout en offrant une sortie intense avec des douzaines de modèles de flash. Conçue pour une installation et une personnalisation faciles, elle est disponible en plusieurs longueurs et configurations pour répondre aux besoins de la flotte.

HIGHWAY PAVER SOLUTIONS

SOLUCIONES DE PAVIMENTADORAS DE CARRETERAS | SOLUTIONS POUR FINISSEUSES

FEATURED PRODUCT EW2700 CARBON™ SERIES

LED WORKLIGHTS

ECCO's EW2700 Carbon™ Series worklights are equipped with ultra bright, high intensity LED flood lights. Suitable for a variety of vehicles, including work trucks, snowplows and tow trucks. The aluminum heatsink housing and polycarbonate lens offer superior protection, while the flush mount lens design prevents snow and mud buildup.

Las luces de trabajo de la serie EW2700 Carbon™ de ECCO están equipadas con reflectores LED ultrabrillantes de alta intensidad. Son aptas para una variedad de vehículos, como camiones de trabajo, quitanieves y grúas. La carcasa de aluminio con disipador de calor y la lente de policarbonato ofrecen una protección superior, mientras que el diseño de montaje empotrado evita la acumulación de nieve y lodo.

Les projecteurs de travail ECCO de la série EW2700 Carbon™ sont équipés de projecteurs LED ultra-lumineux et haute intensité. Ils conviennent à une grande variété de véhicules, notamment les camions de travail, les chasse-neige et les dépanneuses. Leur boîtier en aluminium avec dissipateur thermique et leur lentille en polycarbonate offrent une protection supérieure, tandis que leur conception encastrée empêche l'accumulation de neige et de boue.

SKID STEER SOLUTIONS

SOLUCIONES PARA MINICARGADORAS | SOLUTIONS POUR CHARGEUSES À DIRECTION À GLISSEMENT

FEATURED PRODUCT H WORKLIGHTS

HEATED LED WORKLIGHTS

H Series LED worklights are built to perform in the harshest conditions. With up to 4,930 RAW lumens of powerful white light and an integrated heated lens that activates with power, these lights are purpose-built for snowplows, work trucks and service vehicles operating in cold, icy environments. The blacked-out lens design delivers a sleek, factory-finished look that blends seamlessly into modern fleet builds, while the flush-mount lens minimizes snow and ice buildup.

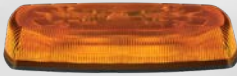

Las luces de trabajo LED de la Serie H están diseñadas para funcionar en las condiciones más adversas. Con hasta 4930 lúmenes RAW de potente luz blanca y una lente calefactable integrada que se activa con la energía, estas luces están diseñadas específicamente para quitanieves, camiones de trabajo y vehículos de servicio que operan en entornos fríos y helados. El diseño de la lente opaca ofrece una apariencia elegante y con acabado de fábrica que se integra a la perfección con las flotas modernas, mientras que la lente empotrada minimiza la acumulación de nieve y hielo.

Les projecteurs de travail à LED de la série H sont conçus pour fonctionner dans les conditions les plus difficiles. Avec une puissante lumière blanche jusqu'à 4 930 lumens bruts et une lentille chauffante intégrée qui s'active sous tension, ces projecteurs sont spécialement conçus pour les chasse-neige, les camions de travail et les véhicules de service opérant dans des environnements froids et verglacés. Leur lentille noire offre un look élégant et une finition d'usine qui s'intègre parfaitement aux flottes modernes, tandis que la lentille encastrée minimise l'accumulation de neige et de glace.
