REDEFINING THE EVENT EXPERIENCE

Welcome to the future of meetings and events in one of the most dynamic cities in the U.S. The new Austin Convention Center is a state-of-the-art facility designed to integrate seamlessly into the vibrant urban fabric of downtown Austin. Conveniently located between Lady Bird Lake and historic Sixth Street, the center is surrounded by over 14,000 hotel rooms within a one-mile radius, making it an unbeatable destination for conferences, conventions, and special events.

Unmatched Event Space & Versatility

Reopening in 2028 just in time for the electrifying 2029 Spring Festivals, the all-new Austin Convention Center is set to redefine events with 620,000 square feet of dynamic, rentable space, including 70,000 square feet of breathtaking outdoor venues. Whether it’s an intimate gathering or a larger convention, this state-of-the-art hub sparks creativity and connection at every turn. From versatile exhibition halls and sleek meeting rooms to a show-stopping ballroom and stylish pre-function lobbies with stunning mass timber ceilings, every inch is designed to inspire.

The World’s Most Sustainable Convention Center

Setting a new benchmark for eco-conscious design, the Austin Convention Center is on track to become the world’s first ILFI Zero Carbon-certified convention center and to meet the goals of the Austin Climate Equity Plan.

A Landmark for the Future

The Austin Convention Center’s footprint spans six city blocks across 14.1 acres, covering a gross area of 1.4 million square feet. It is a striking five-story design, with two levels below grade and three levels above grade. The center connects seamlessly to Waterloo Greenway and Waller Creek, with retail, dining, and outdoor public spaces enhancing the cityscape.
