OPTION FOR RIGHT-OF-WAY AGREEMENT AND/OR EASEMENT

PIPELINE

(OIL AND/OR GAS)

I, (We) Charles Grasby of the Rural Municipality
of Wallace in the Province of Manitoba

Farmer, hereunder called "THE GRANTOR," (as-joint-tenants) being or entitled to become registered as owner of an estate in fee simple in possession, subject, however, to such encumbrances, liens and interests as are notified by memorandum underwritten or endorsed hereon, in all that piece of land situate in the Province of Manitoba and described as follows:

North Half of Section Twenty-Six (26) in Township Ten (10) and Range Twenty-Six (26) West of the Principal Meridian in the Province of Manitoba, excepting thereout all Mines and Minerals as set out in Transrer 91114.

in consideration of the sum of Five (\$5.00) Dollars now paid to me, the receipt whereof is hereby acknowledged, do hereby offer and agree to sell, grant and convey to TRANS-FIELD DEVELOPMENTS LTD., hereinafter called "THE COMPANY," an unencumbered right-of-way and/or easement in the form and substance of the right-of-way agreement and/or easement attached hereto and marked "A" for the purposes of survey, construction and operation of one or more oil and/or gas pipe lines and/or one or more branches thereof together with appurtenances, being a right-of-way 30 feet in width on, over, under, across and/or through the said land for the sum of Thirty-five (\$35.00) Dollars, per acre of right-of-way. The location of the said right-of-way and/or easement upon the said land is to be selected by the Company.

This offer is to be irrevocable during the existence hereof. It is a term hereof and of any resulting agreement between the Grantor and the Company that the Company is hereby irrevocably granted the sole and exclusive option and/or right on, over, across, under and/or through the aforesaid lands or any portion thereof for the purposes herein or any one of such purposes during the existence of this option and during the existence of any agreement resulting herefrom.

This offer may be accepted at any time before the Thirty-first day of December, A.D. 1954, or before any extension date hereof by the said Company mailing or delivering to me a letter of acceptance signed by any one of its officials including its local superintendent or manager or by its solicitors or agent addressed to me at Virden

in the Province of Manitoba, or by the commencement of construction (excluding survey) of the said pipe line upon the aforesaid lands or any portion thereof, whichever event shall first occur.

The Company may by mailing or delivering to me, before any expiration date of this offer, a notice addressed as aforesaid to me together with a cheque for Five (\$5.00) Dollars, thereby extend the existence hereof and the time for acceptance of this offer for a further period of one year; provided no more than five such extensions of one year each can be so acquired.

This offer if accepted before midnight on the aforesaid date or any extension date shall thereupon constitute a binding and exclusive contract of purchase for the said right-of-way and/or easement and the sum of Five (\$5.00) Dollars paid at or before the execution of this option is to be applied on the said purchase price.

I, the Grantor, covenant and agree with the Company that I will in the event of the acceptance of this offer forthwith upon the request of the Company execute a right-of-way agreement and/or an easement in favor of the Company in the form attached hereto and further will execute such other and further documents of title in respect of the said right-of-way and/or easement as may be reasonably required by the Company.

I, the Grantor, further covenant and agree with the Company that in the event of the acceptance of this offer by the Company as hereinbefore provided, the Company shall forthwith upon such acceptance have immediate right to enter or continue upon the said land and place or continue to place its equipment thereon and to commence or continue construction, as the case may be, of its said pipe lines, branches and works in accordance with the terms of the form of right-of-way agreement and/or easement attached hereto.

It is further understood and agreed that in the event of this offer being accepted the amount payable herein in respect of the said right-of-way and/or easement shall be paid to me or to those otherwise interested in the said land by encumbrance or otherwise, conditional upon the said right-of-way and/or easement, or a caveat based on the said right-of-way and/or easement agreement, being registered or filed in the relative Land Titles Office, free of any encumbrance or charge, and free of any registration, registered against the above lands after the date hereof in respect to any right-of-way and/or easement.

It is further understood and agreed that the Company shall have the absolute right to assign this option and all rights, privileges and benefits accruing to it hereunder upon giving the Grantor 10 days' written notice of its intention so to do.

The Company appoints the offices of Messrs. Monk & Goodwin, Barristers, 426 Somerset Bldg., Winnipeg, Manitoba, as the place at which notices and proceedings relating hereto may be served.

This offer shall not nor shall its acceptance or anything herein contained or done hereunder affect or prejudice any right of the Company to acquire the said land or any other portion or portions of the lands of the Grantor under the provisions of any law. Such rights may be exercised at the Company's discretion in the event of the Grantor being unable or unwilling for any reason to carry out the terms of this option or any contract constituted as aforesaid or give to the Company a clear and unencumbered title to the right-of-way and/or easement.

This option and any such contract, including all rights, privileges and benefits hereunder and thereunder shall extend to and be binding upon and enure to the benefit of the heirs, executors, administrators, successors and assigns of the Grantor and the Company respectively; and wherever the singular or masculine is used, it shall be construed as if the plural or the feminine or the neuter, as the case may be, had been used, where the context or the party or parties hereto so require and the rest of the sentence shall be construed as if the grammatical and terminological changes thereby rendered necessary had been made.

In WITNESS WHEREOF I, the said Grantor, have hereunto set my hand and seal at Municipality of Wallace

NOW THEREFORE THIS SURFACE LEASE WITNESSETH THAT:

1. DEMISED PREMISES:

(a) The Lessor for the purposes and for the consideration hereinafter set forth does hereby lease unto the Lessee those parts of the said lands shown outlined in red on the Plan of Survey hereto annexed and marked "A" (hereinafter called "the demised premises") to be held by the Lessee, as tenant, for the term of three years from the date hereof, for the purpose of:

- i) Drilling for a mineral;
- ii) A wellsite, and;
- iii) A roadway.

IT IS UNDERSTOOD AND AGREED that the Lessee may use, maintain and operate the said wellsite and roadway and in addition, shall have the right, liberty and privilege in, on under or across the said lands to lay down, construct, maintain, inspect, remove, replace, reconstruct and repair service lines and flow lines together with all structures and equipment necessary for or incidental to that stated purpose of drilling for a mineral, a wellsite, and a roadway.

PAYMENT FOR THE FIRST YEAR BY LESSEE:

- i) For the first year of the term of this lease, the Lessee shall pay to the Lessor the sum of -----ONE THOUSAND ONE HUNDRED-----(\$1,100.00)-----DOLLARS for the site plus \$100.00 for the hydro poles and for the use of

the demised premises. This consideration is negotiated on the understanding that this is an existing wellsite which is being taken over by the Lessee herein and in order to assist the Lessee the Lessor hereby agrees to accept monthly post-dated cheques delivered by the Lessee to the Lessor for the year on or before the date hereof. The Lessee agrees that the post-dated cheques shall not be refundable nor shall the Lessee stop payment on them.

PAYMENT FOR SUBSEQUENT YEARS BY LESSEE:

ii) For each subsequent year of the terms of this Lease the Lessee shall pay to the Lessor, the total sum of \$1,100.00 for the site plus \$100.00 for the continued use of the demised premises and the said sum shall be referred to as "the annual rent".

iii) The Lessee may surrender from time to time and at any time, any portion of the wellsite located within the demised premises by giving to the Lessor written notice thereof, specifying the portion of the said wellsite being retained, and such portion, together with the roadway, shall thereafter compromise the demised premise. Provided however that the rental set out in paragraph (ii) immediately preceding shall not be reduced but shall, for all purposes, be and continue to be during the term hereof, the acreage originally selected.

2. RESTORATION OF SURRENDERED ACREAGES:

In the event that the Lessee shall surrender any portion of the demised premises as set out in paragraph (iii) immediately preceding then the Lessee shall forthwith and continuously take such steps as are necessary to restore the said surrendered portion to its original agricultural state or so near thereto as may be realistically possible.

3. TAXES PAYABLE BY LESSOR:

(a) The Lessor shall pay promptly and satisfy all taxes, rates and assessments that may be assessed or levied against the said lands during the continuance of this Lease.

(b) The Lessee shall promptly pay and satisfy all taxes, rates and assessments that may be assessed or levied in respect of machinery, equipment structures or works placed or carried on by the Lessee in, on or under the demised premises.

4. CONSTRUCTION OF DITCHES AND APPROACHES:

The Lessee shall construct roadways with shallow ditches, where ditches are required and, if required by the Lessor, with a reasonable number of approaches for the Lessor in order that the Lessor may cross the roadway with farm machinery.

5. DIGGING OF PITS AND DESTRUCTION OF WEED:

The Lessee shall dig pits or have adequate metal reservoirs and shall deposit therein the mud and sludge resulting from drilling operations and shall not permit the same to escape onto the Lessor's land including the demised premises, and the Lessee shall keep down and destroy in the proper season and from time to time all noxious weeds on the demised premises. In the event that the Lessee fails to control all noxious weeds on the demised premises the Lessor may be itself or through its agents, destroy the said weeds at the expense of the Lessee.

6. FENCING OF DEMISED PREMISES:

The Lessee shall, during the continuance of this lease erect upon the boundaries of the demised premises proper fences but only if required by the Lessor, enclose all openings or excavations with proper fences to prevent livestock from falling into such openings or excavations and, if required by the Lessor, the Lessee shall provide proper livestock guards, or gates at any point of entrance on the demised premises used by the Lessee and if gates are installed, cause the same to be closed after use by the Lessee or its servants or agents. In the event that the Lessee fails to construct or fails to maintain the said structures, the Lessor may do so by itself or through its agents at the expense of the Lessee and further in Texas gates are installed the said clearance below the gates shall be kept free of debris and dirt.

7. REPLACEMENT AND REPAIR OF FENCES:

The Lessee shall replace all fences damaged or destroyed and repair all fences as to maintain them in a manner proper and useful for the purposes of both parties.

8. INDEMNITY:

The Lessee shall indemnify and save harmless the Lessor of, from and against all action, suits, claims and demands by any person in respect to any loss, injury, damage or obligation arising out of or connected with the operations carried on by the Lessee, its servants, agents, or any person allowed or permitted to be on the premises by the Lessee, on or under the said lands.

9. RIGHT TO RENEW BY LESSEE:

If the Lessee is not in default in respect of any of the covenants and conditions contained in this Lease at the date of expiration of the initial term hereof, then the Lessee may give a written, not less than ninety (90) days before the expiration of the initial term, of its desire to renew the said lease. The parties hereto shall then negotiate a lease together with its terms and conditions as the circumstances require and permit.

10. QUIET ENJOYMENT BY LESSEE:

The Lessee shall have quiet enjoyment of the demised premises and the rights and privileges hereby granted during the term of this lease and any renewal thereof.

11. USE OF DEMISED PREMISES BY LESSOR:

Subject to the consent of the Lessee, the Lessor or their tenant may at their own cost, risk and expenses, cultivate such portions of the wellsite and/or roadway, being a portion of the demised premises, not actually and from time to time not being used by the Lessee. Provided, however, that the Lessee may occupy the said cultivated area at any time, without liability for damage to growing crops. The cultivation of a portion of the demised premises by the Lessor or his agents shall not imply an exclusion of the cultivated area from the demised premises nor shall it be cause to reduce the rental or shall it be excluded from any claim in respect to damage thereto by the Lessee, its servants or agents, or others permitted to enter upon the said lands.

12. RIGHT TO ASSIGN

Either party may delegate, assign or convey to other persons or corporations all or any of the powers, rights and interest obtained by or conferred upon the parties hereto. Provided, however, that such assignment, delegation or conveyance shall be for the entire interest of the party.

13. REVIEW OF RENTALS:

Notwithstanding anything contained in this lease, upon the request of either party, the annual rental payable hereunder in respect of the demised

premises shall be subject to review after three years have expired or such further time, whichever is the longer, for which a notice shall be given and each three years thereafter with such subsequent three years to date from the last rental review actually requested and completed. Such request shall be in writing and given to the other party at least thirty days prior to the commencement of the period in respect of which the review is sought.

14. ENCUMBRANCES:

The Lessor shall have the right to encumber its property in the ordinary course of its farming business and the Lessee shall postpone its encumbrances to those of the Lessor if required by the Lessor to do so.

15. ABANDONMENT AND RESTORATION:

Upon the abandonment of a wellsite, roadway or other installation or upon the partial abandonment of any well, roadway or other installation the Lessee shall cause its equipment, structures, and all other property (except as otherwise agreed in writing between the Lessor and Lessee) to be removed and the Lessee shall use its best efforts to restore the said land to its original agricultural condition insofar as it may be reasonable and practicable to do so and to negotiate and pay reasonable compensation to the Lessee for any damage to the surrenderer or abandoned areas which the Lessee is unable to restore, for whatever reason, to its original agricultural condition existing prior to the entry thereon by the Lessee. The normal rental provided herein, shall continue until the Lessee has advised the Lessor in writing that it has completed its restoration procedures.

16. SURRENDER:

The Lessee may at any time surrender the demised premises in the manner any upon the procedure set out in the paragraph immediately proceeding provided, however, that it shall first ensure that any work or structure erected on the said land shall be first removed whereupon this lease shall terminate at the next succeeding anniversary date. The said Notice of Surrender shall be given only upon all works and structures being so removed, the lands restored, and further that a written notice has been given to the Lessor at least thirty days in advance of the anniversary date of the said Lease.

17. NOTIFICATION OF CHANGE OF OWNERSHIP:

If a party disposes of its interest in this lease it shall give the other party notice of such disposition and the name and address of the new Lessor/Lessee, as the case may be.

18. CANCELLATION IN CASE OF DEFAULT:

If the Lessee defaults in payment of any sum payable hereunder or in the performance of any covenant or obligation of the Lessee herein contained this lease may be terminated by the Lessor at the expiration of forty-five (45) days after a notice of default has been given to the Lessee unless the Lessee has in the meantime remedied such default.

19. REMOVAL OF ENCUMBRANCES:

The Grantee shall exercise the rights, licenses and easements hereby granted in careful and workmanlike manner and shall minimize any damage or inconvenience to the Grantor, and the Grantee shall make good any such damage if such damage results from pipeline construction or maintenance activity. This includes crop damage, costs for reseeding, and restoration of the land.
5. The Grantee shall indemnify and save harmless the Grantor of and from all actions, suits, demands, costs and liabilities which may arise from or out of the granting of the within rights or the use of the right of way by the Grantee. The Grantee shall exercise general care so as not to damage the water pipeline, and shall not erect any structures above the water pipe line in such a manner as would cause problems accessing the water line.
6. The Grantor shall not impede or interfere with nor construct any structure which would have the effect of impeding or interfering with the said water pipe line or related structures or equipment, or the access of the Grantee thereto, or otherwise interfere with or restrict the exercise of the rights and licenses hereby granted.
7. The Grantee shall not at any time expand, alter, renovate or in any way modify the said water well and water pipeline in such manner as to expand or increase the size of the encroachment of the said water well and water pipeline over and upon the land.

8. All expenses for the upkeep, maintenance and improvements of the said water pipeline and related structures and equipment shall be borne by the Grantee.
9. The Grantor understands and agrees that the pipeline and any equipment or related material, is in its entirety, and shall remain, the sole property of the Grantee, and that the Grantor has acquired no proprietary interest therein by reason of the said pipeline. The Grantee shall be solely responsible for the cost of the repairs and maintenance of the pipeline.
10. The Grantor hereby grants to the Grantee the right to clear any debris on and on either side of the land which, in the opinion of the Grantee, interferes with or is likely to interfere with the function of the water line system.
11. The Grantor shall not, without prior consent in writing of the Grantee excavate, drill, place, install, erect or permit to be excavated, drilled, placed, installed or erected on, over or under the land any pit, well, foundation, pavement, material, fence, structure or thing which will interfere with the drainage system, but otherwise the Grantor shall have the right fully to use and enjoy the easement area, subject always to and so as not to interfere with the rights, licenses and easements hereby granted.
12. The rights, licenses and easements hereby granted shall be exercisable immediately and at all times hereafter by the Grantee, free and without charge; and shall extend to the agents or employees of the Grantee.
13. The Grantee performing and observing the covenants and conditions on its part to be performed and observed shall and may hold and enjoy the rights, licences and easements hereby granted without hindrance, molestation or interruption on the part of the Grantor or of any person claiming by, through, under or in trust for, the Grantor.
14. The Grantor acknowledges that a plan of easement with respect to the Easement granted under this Agreement shall be registered at the Land Titles Office by the Grantee. Upon registration of this plan of survey, the Grantor authorizes and directs the Town to insert in this Agreement, where there is a blank space left for that purpose, the registered plan number. The Grantor agrees that such insertion shall not affect this Agreement or the rights granted under this Agreement, and that this Agreement shall have the same force and effect as though the registered plan number had been included at the time of its execution, and The Town, following the insertion of the registered plan number, shall be entitled to register this Agreement by way of caveat. The Grantor agrees that notwithstanding that the plan number may be absent at the time of the execution of this Agreement. The Town shall be entitled to enter upon the Land to the extent and subject to the terms specified in this Agreement.
15. This Agreement shall run with the land and shall endure to the benefit of and be binding upon the parties hereto, their heirs, executors, successors, assigns, successors in title, and the owners and occupiers of the said lands for the time being.
16. The Grantee may, with the consent of the Grantor, assign all the Grantee's rights, licences and privileges under this Agreement provided however, that the consent of the Grantor shall not be unreasonably withheld.

17. The Grantee may, at any time and from time to time, release and quit claim to the then registered owner of the said lands, all or any part of the rights, licences, and privileges granted by the Grantor under this Agreement.
18. This Agreement may be executed in any number of counterparts with the same effect as if all parties hereto had signed the same document, notwithstanding the date of such signing are deemed to bear the date hereof. Signed counterparts may be delivered by facsimile transmission.
