

Say hello to Worldpay

Who are we?

Worldpay is a leading global merchant acquirer and payments company.

If you **take**, **make** or **manage** payments, we can help make it happen.

For every size of business, in any vertical market or industry – no matter whether you need your payments in store, online, embedded, omnichannel or cross-border.

174

We're in 174 countries
across the world

1m+

Trusted by over one million
merchants globally

55b

Transactions per year
(that's over 1 billion a week!)

\$2.5t

We process more than
\$2.5 trillion of payments annually

Our vision

To unleash the potential
of every business

What we do

Take

Your payments acceptance, no matter the channel — whether online, in-store, mobile, omni or embedded — should be powered by an industry leader. With truly global reach and wide range of local and alternative payment methods, Worldpay can ensure your business reaches its full payments potential.

Make

Our domestic and cross — border payout capabilities allow money movement to suppliers, customers and networks the way you want through real-time payments to bank accounts, push-to-card settlements.

Manage

All the tools to protect, optimize, understand and elevate the payments you take and make. Get optimal payments performance via fraud management, tokenization, FX, security, analysis, insights and much more. Additionally, take advantage of a wide variety of value-added services such as stored value and issuing.

How we do it

People

Our customer — centric approach sets us apart. With Worldpay, our clients not only gain a service, but a committed ally dedicated to unleashing their potential.

Technology

We make the complex simple and are agile in addressing the needs of our clients — innovating for impact, not just for innovation's sake.

Scale

We open a world of opportunity for each merchant — no matter their size — whether they want to expand or create exceptional customer experiences.
